And they shall live to achieve the goals
of our democracy

And their health shall insure a sound
people for the future

And as men and women they shall be
equal to the work of the world

And their self-reliance shall strengthen
our free society

And their knowledge and skill shall build
a finer Nation

And they shall learn to pull together for
the common welfare

And they shall help bring about equal
opportunity for all youth

And they shall have the character to
guard our way of life

And they shall respect freedom as the
