SHEET 91/570 EGYPT - SCALE 1:25,000.

صفت الملوك

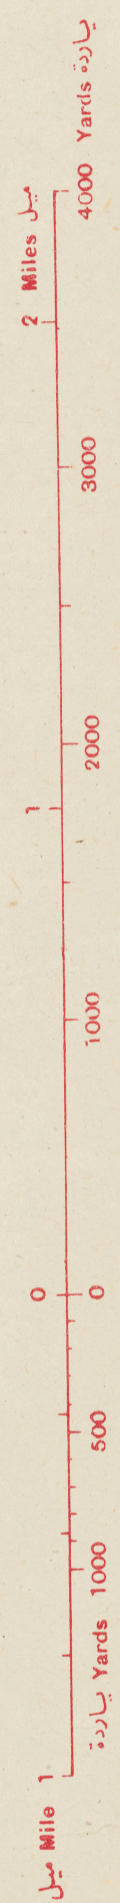

صفت الملوك

لوحة 91/570 مصر - مقاييسها 1:25,000

The grid numbers of every fifth grid line only are printed in the margin of this map. Fill in by hand the missing number in bold figures. Eight figure grid references will be given in the margin of the map. Estimated tenths of a square to appropriate grid line numbers.

RELATION BETWEEN GRID NORTH AND TRUE NORTH. Take the latitude (L) and the longitude (G) from the 1:100,000 scale map of the district. From the grid north (GN) and the true north (TN) the magnetic variation (M) is approximately 30' 50" East of True North where L is measured in degrees and decimals. Annual increase 4". GRID NORTH, TRUE NORTH AND MAGNETIC NORTH are within 1' of each other in this area, and, except for precise work, may be taken as identical.
