a Joker in the
"CHEAP" paint can

The argument on behalf of "Cheap" paint is "applesauce". True, you pay more for S.W.P. by the gallon, but VERY MUCH LESS by the job and by the year, BECAUSE—S.W.P. lasts longer, covers more surface and covers it better, giving a much smoother finish.

Style!

The little distinction that lifts Alexandor furs above those of lesser origin—the reflection of all the painstaking attention to detail and all the furriery skill used in the blending and matching of the pelts. Alexandor Furs have a style that is all their own—an originality that proclaims them the finest you can choose.
