FINALE

You, too, are an Industry!

OF great importance to the economic prosperity of the Province of Quebec are the many great industries which create jobs, bring millions of dollars of revenue into the Province, and through export trade make known the name "Quebec" in the most distant corners of the earth.

But just as important to the welfare of this Province are the people of Quebec—the farmers who plough the land and feed the millions—the workers who bring skill and precision to a thousand varied, necessary jobs—the housewives who look after the

welfare of homes and children and menfolk—all of these people add up to one of the finest and greatest "industries" in this Province. In their hands lies the future.

"Shawinigan" is proud of the fact that by its development and transmission of low-cost electrical power the buying strength of Quebec's citizens has greatly increased. This electrical power has drawn to "Production Valley" many great industries so vital to progress and the welfare of each individual.

PRODUCTION VALLEY

Industry must eventually locate in a district where it can operate most profitably. In "Production Valley", the 25,000 square miles served by The Shawinigan Water and Power Company, manufacturers have found not only the average unit selling price of hydro-electric power the lowest on the continent, but governmental co-operation and encouragement, sound civic administration, low taxes and contented and dependable workers. These factors, and its ideal location, have made "Production Valley" one of the most prosperous and attractive industrial areas in all Canada.

A Consistent Winner

An athlete knows that to win every time in sports requires perfect form and follow-through. The consistent winner is the one who has the patience to practice until he has made perfect. For more than 75 years Simpson's has been bringing to Montrealers the kind of quality that welcomes comparison and invites competition. Form the habit of shopping at Simpson's. It is one of those good habits that you will never regret.

Dinty Moore's

NIGHT-OWLS with hunger pangs seem to be discovering **Dinty Moore's** in ever increasing numbers. This goes for the newspaper fraternity, who are old customers, show folk, and almost anyone else who is up and abroad in the small hours. If you happen to be doing some night-prowling yourself, drop into **Dinty's** for a heaping bowl of corned beef hash with poached eggs; or if that sounds too hearty for such an advanced hour, just have the eggs, fluffily scrambled, with toast and coffee. **Dinty's**, on St. Catherine Street between Drummond and Mountain, is a good choice for any meal, for that matter. Convenient to the shopping and theatre district, you'll enjoy the limitless menu for luncheon and dinner as well.
