The Brilliant Career of Dr. A. W. Chase

A noble and useful life crowned
with the laurel wreath of
gratitude by a million admirers

"The greatest good to the greatest number" is a motto which Dr. A. W. Chase kept before him throughout life, and in spite of strenuous opposition from fellow practitioners who desired, for the sake of greater financial gain, to keep the practice of medicine shrouded in mystery, he introduced his favorite prescriptions to the general public and published his now world famous Receipt Book in order that all may read and learn the nature and cause of their ailments and apply the most effective treatment.

The success which has crowned the efforts of Dr. Chase to alleviate the sufferings of humanity has been most extraordinary. His name is now spoken with reverence in hundreds and thousands of homes. His Receipt Book remains to-day the most useful household work that was ever published and has a circulation second only to that of the Bible. His great Family Remedies have won the confidence of the people the world over and have established a record of cures that is unparalleled in the history of medicine.

Gifted with unusual mental capacity, Dr. Chase made the best of his time and opportunities by graduating from the two leading medical schools of

America, the Eclectic College of Medicine, at Cincinnati, Ohio, and the University of Michigan, Ann Arbor. In the last named city he set up to practice his chosen profession and soon established an enviable reputation as an unusually successful and conscientious physician. In a few years he became known far beyond the bounds of his native state, and it was in response to appeals from friends and patients in various parts of the United States and Canada that the doctor first consented to prepare for sale some of his most successful prescriptions.

It would be difficult to imagine a more useful life than that of Dr. Chase. In this little book will be found a few tributes to his skill and ability in the treatment of disease. They seem to illustrate the fact that people in all walks of life, appreciate the superior value of Dr. Chase's Remedies and do not hesitate to recommend them to their friends and neighbors. Those who know Dr. Chase personally or through his famous Receipt Book realize that he put the energy and devotion of a life time into the perfecting of this medical work and his favorite prescriptions, in order that all humanity might obtain, at small cost, relief and cure for the ills that befall the race.

THE RECORD OF THE PAST, THE SECRETS OF THE PRESENT AND
THE MYSTERIES OF THE FUTURE ARE ALL
RECORDED IN YOUR PALM

Palmistry

A Fascinating Study and Delightful
... Recreation ...

The mystery that has long surrounded the subject of palmistry, or fortune telling by the lines on the hands, has given the impression that it is an intricate science, difficult to acquire, whereas it is in reality an easy and delightful recreation. No study could be more fascinating, no accomplishment more pleasing or useful. The knowledge that you possess the power to read the character as well as the past and future of those around you affords a satisfaction and delight beyond anything you had ever dreamed of.

By a careful and thorough study of this little book on palmistry and fortune telling you can acquire an accomplishment which enables you to entertain your friends in a most novel way, makes you much sought after at parties and social gatherings, and arouses in those around you the belief that you possess the mysterious and occult powers which are attributed to all who tell fortunes.

The Map of the Hand

On the back cover you will find a complete map of the hand, whereon is written the specific and technical names given to each part thereof, the Mounts being indicated in their proper position by the planetary signs for the sake of brevity and clearness.

The thumb is consecrated to Venus, and at its base will be found the Mount of Venus, surrounded by the Line of Life. The first finger (or index) is that of Jupiter, and at its base, *i.e.* immediately below it, at the top of the palm, will be found the Mount of Jupiter. The second finger (or middle finger) is that of Saturn, and the Mount which should be found immediately below it is the Mount of Saturn. The third finger (or ring finger) is termed the finger of Apollo, or of the sun, and the Mount of Apollo will be found, if present, at its base. The fourth finger (or little finger) is that of Mercury, whose Mount will in like manner be found immediately beneath it. Just below the Mount of Mercury, between the Line of Heart and the Line of Head, is the Mount of Mars. Underneath this last Mount and extending from it to the wrist is found the Mount of the Moon.

The Line of Life

This line should be long, completely encircling the ball of the thumb (Mount of Venus), strong, not too broad or too fine, without curvature, breakage, cross bars or irregularities of any description. Thus marked in a hand it denotes long life, good health, a good character and disposition.

Pale and broad it indicates ill health, bad instincts and a feeble and envious character. Thick and red it betrays violence and brutality of mind, chained it indicates delicacy of constitution, thin and meagre in the centre it indicates ill-health during a portion of the life, a spot terminating this thinness indicates a sudden death. If it is of various thicknesses throughout its course it indicates a capricious and fickle temper.

Perhaps the most important consideration connected with the line is the determination of age. The line is divided up into periods of five and ten years, in the manner shown in plate XI, and according as irregularities or breaks occur at any of these points, an illness or event of some kind threatens the life.

The shorter the line the shorter the life, and from the point at which the line terminates on both hands may be predicted accurately the time at which death will supervene.

A break in the line denotes always an illness. If the line is broken in both hands there is great danger of death, especially if the lower branch of the break turns in towards the Mount of Venus and the sign is repeated in both hands.

And here it is well to impress upon the readers a point of vital importance, that is, the absolute necessity to bear in mind that to be certain a sign must be repeated in both hands; and this applies particularly and especially to the indications of disease and accidents upon the life line. A break in one hand and not in the other betokens only a danger of illness, and in like manner if in one hand the line stops short at say 35, death cannot be predicted at that age unless it also stops short at the same point on the other.

If the lines of Life, Head and Heart are all joined together at the commencement, it is a terrible sign of misfortune and violent death.

The Line of Heart

The strength of affection is in proportion to the length of the line; if the line, instead of beginning at the Mount of Jupiter, begins at the Mount of Saturn, the subject will be more sensual than platonic in his affections.

Traced right across the hand (from side to side)

it indicates an excess of affection which produces jealousy and suffering in consequence thereof, especially if the Mount of the Moon is high.

If it is chained in its formation, the subject is an inveterate flirt, and unless the rest of the hand be very strong, will be much subject to palpitation of the heart.

Bright red in color, the line denotes violence in affairs of the heart, and, on the other hand, a pale line, broad and chained, betrays a cold-blooded r ou , if not a condition of heart utterly blas . A livid or yellow color betrays subjection to liver complaint.

The line should be close underneath, well up to the bases of the mounts, a line which lies close to that of the head throughout its length betrays evil instincts, avarice, envy, hypocrisy and duplicity.

A line of heart which begins quite suddenly without branches or rays beneath the Mount of Saturn, foreshadows a short life and a sudden death. If the line is very thin and runs right across the hand, it indicates cruelty even to murderous instincts.

If the line instead of terminating on the Mounts of Jupiter or Saturn, seems to disappear between the first and second fingers, it betokens a long life of unremitting labor.

If in the hand there be found no line of heart, it is an unfailing sign of treachery, hypocrisy, and the worst instincts, and unless the line of health be very good, the subject will be liable to heart disease, and runs a grave danger of a sudden and early death.

A line which is much broken up denotes inconstancy, and often these subjects are woman haters. A single break shows a feebleness of the heart, and the cause of that feebleness may always be found in some excess or evil development of a Mount, fatality shown by the development of the Mount of Saturn; foolishness shown by an equal development of the Mount of Saturn and Apollo; pride shown by the Mount of Apollo; folly or avarice shown by the Mount of Mercury.

The line dividing at the end and going in three branches to the Mount of Jupiter, is a most fortunate sign, indicating riches and good luck. Any forking of the line which sends a branch on to the Mount of Jupiter is good; even if the branch goes between the fingers of Jupiter and Saturn, this betokens still good fortune, but of a more quiet and undisturbing description. But a forking which sends one branch upon the Mount of Jupiter, and the other upon the Mount of Saturn, betrays errors and failures in the search after success, and fanaticism in religion.

If the line is quite bare under the finger of Jupiter at its commencement, there is great danger of poverty; a similar bareness at the percussion indicates sterility; the fork under Jupiter gives also to the subject energy and enthusiasm in love. A line quite bare of branches throughout its length indicates dryness of heart and want of affection.

If the line touch the base of the finger of Jupiter, the subject will be unsuccessful in all his undertakings, unless the line of fortune be exceptionally good.

The Line of Head

This line should be joined to the line of life at its immediate commencement, and leaving it directly should trace a strong ray across the hand to the base of the Mount of the Moon, clear and well colored without ramification or forking, uninterrupted

(Continued on page 6)

The Mystery of Nerve Cells

It is the peculiar mission of the nerve cells to take up from the blood stream certain nourishment which they in turn convert into nerve force, that subtle power which regulates and controls the organs of the body and enables man to live, move and have his being.

The nerve cells emptied by the activities of the brain or bodily organs must be replenished from the blood tide and hence the inseparable connection between blood and nerves and the inestimable importance of keeping the blood rich and pure.

In this age of advanced thought and keen rivalry in business, professional and social life, the nerve cells of the brain are emptied at an enormous rate. Civilized man, storing his memory with scientific knowledge or the details of business and the carrying out of intricate plans and lofty ambitions, demands that an excessive amount of blood rush to the brain to supply the cells with the all-important nerve force.

By an over exertion of the mental faculties, by worry, by unusual emotions and by disease, nerve force is wasted in such abnormal quantities that nature unassisted is incapable of making good the drain, and day by day the nervous system is undermined until nervous collapse, prostration or paralysis are inevitable.

The effect of nerve waste and nerve exhaustion may make itself apparent in a hundred different ways. With business and professional men it is very likely to take the form of NERVOUS DYSPEPSIA. Because of the enormous quantity of blood that is required to sustain the nerve cells of the brain, the stomach and other organs of digestion are denied the amount necessary to their life and activity.

Women who wear themselves out with worry, work, the cares of a family or the trying demands of society are most likely to feel the effects in irregularities and diseases of the organs peculiarly feminine. These organs are composed of a mass of nerves and blood vessels, and when denied the requisite amount of healthy blood and nerve force are sure to become irregular in action and cause endless pain and suffering.

The action of Dr. Chase's Nerve Food is directly on the blood. It supplies the vital principle that goes to form nerve force and

through the nerve cell regulates and invigorates the action of every organ of the human body. As a blood builder and creator of nerve force this great food cure is a wonder to all who have ever used it. In condensed pill form it contains the most potent nerve restoratives that are to be found in nature's realm.

Almost a Victim of Nervous Prostration

Run down by overwork and close confinement—Nerves weak and exhausted—Fully restored by Dr. Chase's Nerve Food.

In the stores and offices of every town and city there are scores of hundreds of young women who, like Miss Cronsberry, find the confinement and strain of monotonous work too much for them. In the youth of life they become nervous, weak and broken down. Their systems demand just such assistance as this young lady found in Dr. Chase's Nerve Food. She is now the picture of health and happiness, and cheerfully attributes her recovery to this great food cure.

MISS CRONSBERRY

Mrs. D. W. Cronsberry, 168 Richmond Street West, Toronto, Ont., states: "My daughter, who sews in a white goods manufactory, got completely run down by the steady confinement and close attention required at her work. Her nerves were so exhausted, and she was so weak and debilitated, that she had to give up work entirely, and was almost a victim of nervous prostration.

"Hearing of Dr. Chase's Nerve Food, she began to use it, and was benefitted from the very first. It proved an excellent remedy in restoring her to health and strength. After having used four boxes she is now at work again, healthy and happy, and attributes her recovery to the use of Dr. Chase's Nerve Food."

Dr. Chase's Nerve Food

Until recent times the usual treatments for nervous disorders was the deadening of the nerves by poisonous narcotics, or stimulation to new and exhausting exertion by use of harmful stimulants. Both these methods were bad, since they only afforded temporary relief and were decidedly injurious in after effects.

The discovery of Dr. Chase's Nerve Food by Dr. A. W. Chase, the author of the world-famous Receipt Book, revolutionized these old methods of treatment, and supplanted them by the new idea of building up the system, revitalizing the wasted nerve cells, creating new red corpuscles in the blood, and permanently curing diseases of the blood and nerves.

Dr. Chase's Nerve Food is prepared in condensed pill form, and is composed of the elements Nature has provided for enriching the blood, restoring the nerves, and filling the body with new vigor and vitality. Through the circulation of the blood and the nervous system Dr. Chase's Nerve Food reaches every organ of the body, and positively cures the following diseases and symptoms of disease:—

Nervous Exhaustion and Prostration, Nervous Headache and Dyspepsia, Brain Fag, Pale, Sallow Complexion, Cold Hands and Feet, Swelling of the Feet and Legs, Dark Circles under the Eyes, Palpitation of the Heart, Shortness of Breath, Dizziness and Fainting Spells, Partial Paralysis, Locomotor Ataxia, Spinal Weakness, Rickets, St. Vitus' Dance, Epilepsy, Irregularities and Weaknesses peculiar to Women, Painful, Suppressed or Profuse Menstruation, Leucorrhoea or "Whites," Chlorosis or "Green Sickness," General Debility and Loss of Vital Forces, Lack of Energy, Ambition and Appetite, and all the distressing accompaniments of exhausted nerves and thin, watery blood. For pale, weak, nervous men, women or children, whether made so by disease, overwork, or bad habits, Dr. Chase's Nerve Food is a restorative of inestimable value. It fills the shrivelled arteries with rich, red, life-sustaining blood, forms new healthy tissues, increases the weight and restores color to the cheeks of the pale, weak and emaciated.

PALMISTRY—Continued

and regular; such a formation indicates good sense, clear judgment, cleverness and strength of will.

Pale and broad it indicates feebleness or want of intellect, short—*i. e.*, reaching only to the plain of Mars—it betrays weak ideas and weak will. Stopping under the Mount of Saturn, it foreshadows an early, sudden death. Chained it betrays a want of fixity of ideas and vacillation of mind. Long and very thin it betrays treachery and infidelity. Of unequal thickness, twisted and badly colored, it betrays a feeble liver and want of spirit; such subjects are always avaricious.

Very long and straight—*i. e.*, cutting the entire hand in a straight line from the Line of Life to the percussation—it indicates excess in reasoning habits, over-calculation, and over-economy, denoting avarice and meanness.

If instead of joining the Line of Life at its commencement it only leaves it at the Mount of Saturn, it is a sure indication that the education has been acquired and the brain developed late in life; or, if the Line of Life is short, and the Line of Head also, it foreshadows a grave danger of sudden death. A like commencement the line reaching across to the Mount of Mars, the Line of Heart being thin and small, indicates struggles and misfortunes arising from infirmities of temper or errors of calculation, unless the line of fortune is exceptionally good. Such a subject will often appear benevolent, but his benevolence will generally be found to be only of a nature which gives pleasure to himself, and is usually more theoretical than practical.

The line must lie at a good regular distance from that of the heart; lying up close to it throughout its length it betrays weakness and palpitation of the organ.

Remember that an extremely good Line of Head may so influence the whole hand as to dominate over evil signs which may there be found, especially if the Mount of Mars be also high; such a combination gives to the subject energy, circumspection, constancy, coolness, and a power of resistance which goes a long way towards combating any evil or weak tendencies which may be found in his hand.

If the line stops abruptly under the Mount of Saturn, it forewarns of a cessation of the intelligence, or (with other signs) death in early youth; stopping similarly under the finger of Apollo, it betrays inconstancy in the idea or a want of order in the mind.

If, though visible, it appears joined to the Line of Life for some way before leaving it to go across the hand, it indicates timidity and want of confidence, which gives dullness and apathy to the life, and which are with difficulty overcome. When this sign appears in an otherwise clever hand, the most strenuous efforts should be made to counteract this want of self-reliance, which is so serious an obstacle to success. Joined to the Line of Life in a really strong and clever hand, the indication will be of caution and circumspection.

Thin in the centre for a short space, the line indicates a nervous illness, neuralgia, or some kindred disease.

Separated from the Line of Life at its commencement and going well across the hand, it indicates intelligence, self-reliance and spontaneity, and with a long thumb, ambition. Separate from the Line of Life, and short or weak, it betrays carelessness, ostentation, jealousy, and deceit; often these subjects

(Continued on page 8)

An Extreme Case of Nervous Collapse

**Shaking Spells, Weak Heart, Sleeplessness and Extreme Weakness
—A Remarkable Cure.**

Mrs. Chas. H. Jones, Pierceton, Quebec, writes: "For years I have been a great sufferer with my heart and nerves, I would take shaking spells and a dizzy, swimming feeling would come over me. Night after night I would never close my eyes, and my head would ache as though it would burst. At last I had to keep to my bed, and though my doctor attended me from fall to spring, his medicine did not help me.

"I have now taken five boxes of Dr. Chase's Nerve Food, and it has done me more good than I ever believed a medicine could do. Words fail to express my gratitude for the wonderful cure brought about by this treatment."

She Felt Tired and Listless

Mrs. Henry Clarke, Port Hope, Ont., states:—"I have used seven boxes of Dr. Chase's Nerve Food for nervousness and a completely run down system, and can heartily recommend it as a wonderfully effective treatment. Before using this remedy I had been in very poor health for some months. I seemed to have no energy or ambition, felt tired and listless most of the time, and could scarcely drag myself about the house. I was weak, irritable and nervous, could not sleep well, and felt discouraged about my health. Dr. Chase's Nerve Food has taken away these symptoms and given back my usual health and vigor, consequently I endorse it fully."

Change of Life

Mrs. Chas. Keeling, Sr., Owen Sound, Ont., writes:—"It is a pleasure to tell what benefit I have derived from Dr. Chase's Nerve Food. I am about 55 years old and for about five years my life was one of great suffering from nervousness, weakness and extreme physical exhaustion. I could not sleep and hot flushes would pass through my body from feet to head. I consulted my family physician and two other doctors, but they told me that about my time of life I was likely to be troubled that way. I continually grew worse and despaired of ever being cured. Dr. Chase's Nerve Food came to my notice and as we have Dr. Chase's Receipt Book I have confidence in the Doctor. I was so surprised at the help I received from the first box that I bought three more. They built me right up and made me feel healthy and young again. They have proven a great blessing to me and I hope this testimonial will be of help to some weak nervous women suffering as I did."

The body of man can be influenced in health or disease only through two channels—the blood and the nerves. It was the recognition of this fact that led to the formulating of the preparation known as Dr. Chase's Nerve Food—the concentrated food cure which instils into the blood the life giving principle which goes to form new nerve force. Through the nerves and the blood this treatment puts new vigor into every organ of the body,

VIGOROUS WOMANHOOD

STRENGTH OF BODY AND MIND THAT ENABLES
WOMAN TO OVERCOME THE ILLS AND WEAKNESSES
PECULIAR TO HER SEX . . .

There was a time when women delighted to be pale, weak and delicate. They shut themselves indoors and dosed with starch and arsenic. Times and ideas have changed, and in this case for the better. To-day the most intelligent, most graceful and most refined women are those who seek to cultivate health and vigor of mind and body. They strengthen the muscles and develop lung power by outdoor exercise, where the sunlight brings roses to the cheeks.

When the dark days of weakness and disease set in there is a hand-maid of nature—Dr. Chase's Nerve Food—which comes to the rescue, and through the blood and nervous system instils new life and vigor into the worn-out body. To women who desire to be strong and well this great food cure comes as a blessing of surpassing value. Gradually and naturally it builds new blood and creates new nerve force, permanently overcoming weakness, nervousness and the ills peculiar to the sex. It increases weight, adds solid flesh and firm muscular tissue, and restores to the weak and run down the energy and vitality of youth.

Nerves Unstrung, Weak and Languid

Mrs. E. McLaughlin, 65 Parliament Street, Toronto, states: "My daughter was pale, weak, languid and very nervous. Her appetite was poor and changeable. She could scarcely drag herself about the house, and her nerves were completely unstrung. She could not sleep for more than half an hour at a time without starting up and crying out in excitement.

"As she was growing weaker and weaker I became alarmed, and obtained a box of Dr. Chase's Nerve Food. She used this treatment for several weeks, and from the first we noticed a decided improvement. Her appetite became better, she gained in weight, the color returned to her face, and she gradually became strong and well. I cannot say too much in favor of this wonderful treatment, since it has proven such a blessing to my daughter."

Dr. Chase's Nerve Food

contains in condensed form the most potent restoratives to be found in nature's realm. It is different from any remedy you ever used, in that it builds up the system instead of tearing it down. It strengthens, invigorates and revitalizes the whole body. 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

PALMISTRY—Continued

have bad sight. Separated thus, but connected by branches or ramifications, it indicates evil temper and capriciousness; connected by a cross it betrays domestic troubles and discomforts.

If the line is forked at the ends with one of the forks descending upon the Mount of the Moon, we have a certain indication of lying, hypocrisy and deceit. Such a man, even with a good hand, will be a clever sophist, never off his guard, ready at all times, with, if necessary, an ingenious re-arrangement of facts to suit the needs of the immediate present. This forking has somewhat the effect of short nails, giving to the subject a love of controversy and argument.

Cut by a multitude of little lines, the Line of Head indicates a short life, with many illnesses and headaches. If the little cross lines are confined to the middle of the Line of Head it is a sign of dishonesty.

A cross in the middle of the line is a foreshadowing of approaching death, or of a mortal wound if the line is also broken at this point.

The Line of Saturn, or Fortune

The Line of Saturn, or Fortune, has three principal points of departure for its base; it may start from the Line of Life; from the rascette; or from the Mount of the Moon. Starting from the Line of Life it indicates that the luck in life is the result of one's own personal merit. If it start from the wrist or rascette the fortune will be very good, especially if it trace a fine small furrow on the Mount of Saturn; in the same direction, but commencing higher up from a point in the plain of Mars, we get an indication of the painful, troubled life, especially if the line penetrate as it often does, into the finger. If the line start from the Mount of the Moon, it shows (if it goes straight to the Mount of Saturn) that the fortune is to a great extent, derived from the caprice of the opposite sex. If from the Mount of the Moon, the line goes to that of the heart, and, confounding itself therein, goes on up to the Mount of Jupiter, it is an infallible sign of a rich and fortunate marriage.

Instead of going to the Mount of Saturn the line may go on to some other mount, in which case it will have special significations; thus, going to the Mount of Mercury, we get fortune in commerce, eloquence and science; going to the Mount of Apollo, we get fortune from art to wealth; going to the Mount of Jupiter we find satisfied pride, and the attainment of the objects of our ambition.

If the line instead of stopping on the Mount, go right up to the second joint of the finger, we have the indication of very great fortune, which will either be very good or very bad, according to the concomitant signs. Thus with a good hand, this is a first rate sign; but with a deep red line on the mount, and a star at the first phalanx of the finger, we have the indication of the worst possible fortune, ending in a violent death, probably on the scaffold. The line should just extend from the top of the rascette to the centre of the Mount of Saturn; reaching to the jointure of the finger and palm, or penetrating into the rascette is a bad sign, being a sure indication of misery. Starting at the rascette and stopped at the line of Heart, indicates a misfortune arising from a disappointment in love; or

(Continued on page 10)

How long will it take

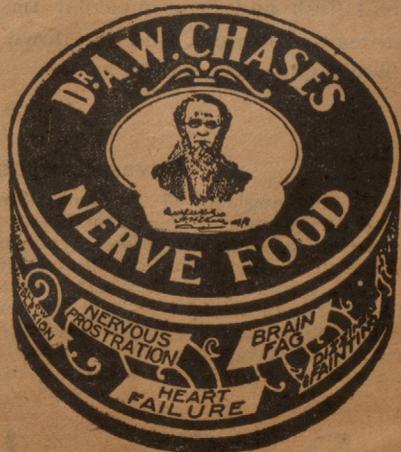

to cure me with

Dr. Chase's Nerve Food?

It is impossible to answer this question directly because this food cure is entirely different to ordinary medicines. Instead of acting as a stimulant to whip up the nerves to unwilling action it gradually and naturally puts new life and richness into the blood and new vitality into the nervous system. It works with nature and slowly but surely and certainly restores wasted vigor and strength. After a few weeks use of this preparation and when once the wasting process is stopped, you can feel the new life rekindled throughout your system, and by occasionally weighing yourself can see the indisputable evidence that your tissues are being rebuilt. It is to those who use it regularly and persistently that Dr. Chase's Nerve Food proves its remarkable influence. The cures it effects are not only thorough but lasting.

This is the Box

There are imitations of Dr. Chase's Nerve Food and to protect you against them we print herewith a cut of the box bearing portrait and signature of Dr. A. W. Chase.

Be careful when buying. Insist on having the genuine, and remember that imitators do not dare to use portrait and signature of Dr. A. W. Chase, the famous Receipt Book author and physician.

Nervous Debility

Mr. A. T. P. Lalame, railway agent at Clarenceville, Que., writes: "For twelve years I have been run down with nervous debility, I suffered much, and consulted doctors, and used medicines in vain. Some months ago I heard of Dr. Chase's Nerve Food, used two boxes, and my health improved so rapidly that I ordered twelve more.

"I can say frankly that this treatment has no equal in the medical world. While using Dr. Chase's Nerve Food I could feel my system being built up, until now I am strong and healthy. I cannot recommend it too highly for weak, nervous people."

Health for Old Age

Mrs. Margaret Iron, Tower Hill, N.B., writes:—"Dr. Chase's Nerve Food has done me a world of good. I was so weak that I could not walk twice the length of the house. My hands trembled so that I could not carry a pint of water. I was too nervous to sleep, and unable to do work of any kind.

"Since using Dr. Chase's Nerve Food I have been completely restored, I can walk a mile without any inconvenience. Though 76 years old, and quite fleshy, I do my own housework, and considerable sewing, knitting, and reading besides. Dr. Chase's Nerve Food has proved of inestimable value to me."

All Run Down and Out of Sorts

Mr. A. R. Fawcett, the well-known editor and proprietor of The Leader and Recorder, Toronto Junction, writes:—"It is very seldom I need medicine of any description, but this spring I got so badly run down and out of sorts generally, that I became somewhat alarmed. Chancing to read a testimonial about the results derived from Dr. Chase's Nerve Food, from a gentleman whose case seemed to be identical with my own, I purchased a box, and commenced using it.

"The result was simply marvellous. I was benefited from the first, and soon restored to my usual good health. I never felt better in my life than I do now. To tell the simple truth, I did not have very great faith in any medicine until I used Dr. Chase's Nerve Food, but now I have no hesitation in strongly recommending this great remedy to others, as a valuable and effective remedy."

Impossible to Rest or Sleep

Mrs. M. A. McCrae, Tory Hill, Ont., writes:—"My system was all run down when I began to use Dr. Chase's Nerve Food. I was weak and very nervous and felt so tired and worn out that I could scarcely drag myself about the house. It seemed impossible for me to get rest or sleep at night, and I felt that I was gradually growing weaker and more nervous and irritable. Since beginning the use of Dr. Chase's Nerve Food I feel altogether different. It has gradually strengthened my nerves and built up my system wonderfully. I sleep well now, and am being thoroughly restored to health and strength. I believe it is the best medicine to be had for the nerves."

There are about a million and a half people who possess copies of Dr. Chase's Receipt Book, and not one of the number would think of selling it for ten times its cost if they could not otherwise replace it. It contains more information of value in the home than any book that was ever published.

Loss of Flesh and Weight

An indication of wasting disease, of exhausting nerve force and declining strength and vitality.

Can you imagine a more severe test of any preparation than that of adding firm flesh and increasing the weight of the body? This is the test we ask you to make with Dr. Chase's Nerve Food. It is possible, of course, to add fat by the use of fish oils, but the tissues created by Dr. Chase's Nerve Food are firm and natural. The blood is thoroughly enriched and the nerve force replenished. Pallor and weakness give place to healthy complexion and strength of mind and body. Languor and discouragement are driven out to make way for new vigor, new hope and new confidence.

It might be worth your while to make a test of this great food cure as a builder of flesh and muscle. Note your weight when beginning to use Dr. Chase's Nerve Food and watch the gradual increase week by week as this flesh-forming tissue-building treatment acts on the system. The results will surprise you.

Consumption

If you have any reason to suspect that you are contracting Consumption there is no preparation which will be so likely to help you to outlive it as Dr. Chase's Nerve Food. This preparation supplies to the blood the elements of nature which go to create new nerve force—the vital principle of life. It is this principle in the blood and nerves that builds up wasted cells and makes good the ravages of disease. Hosts of people have beaten off consumption by the timely use of this great food cure, not in a day or a week but by months of regular and persistent use.

The movements, the functions and the very life of each and every organ are under the direct control of that great nervous organism—the brain. Hence the importance of keeping the brain supplied with an abundance of rich, healthy blood, from which it manufactures the all important nerve force—the vital fluid of life. Dr. Chase's Nerve Food makes the blood rich and pure and re-vitalizes the brain and nerves.

PALMISTRY—Continued

in a weak hand, heart disease. Similarly stopped at the line of head, the misfortune will arise from an error or calculation, or from an illness of the head.

If it only starts from the line of head it denotes labor, pain, and ill-health, unless the line of Head is very good, when it will be an indication of fortune acquired very late in life by the intelligence of the subject. Shorter still—*i.e.*, from the Quadrangle to the Mount of Saturn—the indications are still more unfortunate, being of great sorrows and even of imprisonment. The evil prognostications of a line which goes into the third phalanx of the finger of Saturn may be averted by the presence of a square on the mount.

A perfectly straight line with branches going upwards from its two sides, indicates a gradual progress from poverty to riches. Twisted at the base, and straight at the top, indicates early misfortunes, followed by good luck. Straightness and good color, from the line of Heart upward, always betoken good fortunes in old age, with invention in science, and talent for such pursuits as horticulture, agriculture, construction, and architecture. Split and twisted, the line of Saturn indicates ill-health from an abuse of pleasure. A twisted condition of the line always denotes quarrels, and a very good and well traced line of Saturn will annul the evil indications of a badly formed line of life.

A broken and ragged condition of the line betrays an inconstancy and changeability of fortune. Breaks in the line in the plain of Mars denote physical and moral struggles. Even, however, if it is broken up it may be replaced by a very good development of the Mount of Saturn, or a favorable aspect of the Mount of Mars; and to the worst luck a high Mount of the Moon will give a calm and resignation which robs it of much of its evil indication. A torn irregular line of fortune in a much rayed and lined hand betrays a constant irritability and a supersensitive condition of mind. A well-traced line of Saturn always gives a long life; broken up at the base is an indication of misery in early life, up to the age at which the breaking up ceases. If it ends in a star on the Mount, it foreshadows great misfortune, following great good luck; in a good hand this sign generally means that the misfortune is caused by the fault of others, generally of one's relations. For the Line of Saturn to be lucky, there must be explanatory points in the hand for the luck to come from and to find these is one of the most important tasks of the Palmist.

The Line of Apollo or Brilliancy

The Line of Brilliancy may start either from the Line of Life, the Plain of Mars, or the Mount of the Moon. Whenever it is present it denotes glory, celebrity, wealth, art, merit, or success; its best aspect is when it is neat and straight, making a clear cut upon the Mount of Apollo, signifying celebrity in art, and consequent riches, with a capacity of enjoying and making the best of them. Clearly marked, the line also denotes that the subject is under the favor or influence of the great; it gives him also the calmness of natural talent, and the contentment of self approbation.

(Continued on page 12)

Sympathy

There was formerly a custom among medical men—and unfortunately it still exists in some places—of making light of nervous ailments, such as nervous prostration, where the patient sometimes lingers for months apparently well but in reality weak and helpless. No patient of Dr. Chase ever felt that he lacked in sympathy, or failed to take a personal interest in the case in hand. It was this feeling of helplessness in the face of nervous diseases that led to the discovery of Dr. Chase's Nerve Food, the most remarkable nerve restorative that exists to-day. All who have ever made the acquaintance of Dr. Chase, either personally or through his Receipt Book and Family Remedies, realize that they are bound to the grand old doctor by ties of sympathy which time cannot sever.

The Pitiless Helplessness of Nervous Sufferers

Results of human maladies that impair and destroy brain, spinal cord and nerve cells.

Helplessness is far more to be dreaded than any amount of pain or suffering. It is helplessness that makes the approach of old age so much to be regretted. In the great majority of cases helplessness of body or mind is the result of a wrecked nervous system. You cannot meet a person having the first symptoms of nervous exhaustion, such as irritability, nervousness, neuralgic pains, loss of energy and vitality and inability to concentrate the mind without calling to mind many terrible examples of paralysis, locomotor ataxia, prostration, insanity, or some form of helplessness and suffering.

On account of their gradual and insidious approach, nervous diseases are most likely to be neglected, but they never wear away of themselves. The nerve force that has been wasted must be replaced. The most effective means of creating new nerve force is by the use of Dr. Chase's Nerve Food. Natural and gradual in its up-building effects and truly marvellous in its curative influence this great food cure promptly and certainly arrests nervous waste and sets in action the process of restoration. It makes pale, weak, nervous men, women and children strong and well.

Extreme Nervousness and Female Weakness

Months of Suffering—A painful operation—The physician's failure—Finally cured by Dr. Chase's Nerve Food.

Mrs. Benjamin Hatfield, Hillyard St., St. John, N.B., writes: "For three years I was a sufferer from extreme nervousness and female weakness, I was pale and weak, had no appetite, and would sometimes faint two or three times a day. I had three miscarriages and underwent a very painful operation. For seven weeks I was under the doctor's care, but he seemed unable to help me. Despairing of recovery, I took the advice of a friend, who told me that Dr. Chase's Nerve Food would build me up and make me strong and well

MRS. BENJAMIN HATFIELD

again. After four months' use of this preparation I found myself greatly improved, but continued the treatment for one year, using in all sixteen boxes. I have been blessed with a young daughter now, and believe that I am as strong and well as ever in my life. As a result, I cannot say too much in favor of Dr. Chase's Nerve Food. It has performed a complete and thorough cure in my case, and I am healthier and fleshier than I have been for years. *The testimonials I see are not half strong enough.* I tell my friends and neighbours about it, and many of them join me in pronouncing Dr. Chase's Nerve Food the most effective restorative obtainable. Desiring that other sufferers may benefit by my happy experience with Dr. Chase's Nerve Food, I willingly give you permission to use this testimonial."

Anæmia, or Poor Blood

When you cut a finger or get a scratch or tear on the skin, is the wound slow to heal? Are your gums, lips and eyelids pale, as though the blood had gone out of them? Then your blood is thin and watery. It is lacking in red corpuscles—the life giving, tissue building element of the blood. You cannot endure much exertion without feeling weak and tired out. Your appetite is deficient and digestion impaired; your breathing is short and quick and you become nervous and irritable. Irregularities and weaknesses of the reproductive organs also frequently result from poorness of blood or anæmia.

There is one way, and one only, in which anæmia can be cured, and that is by increasing the number of red corpuscles in the blood, or in other words, by instilling into the blood the vital energy which is required to build new cells, construct new tissues, and repair the waste of living. Dr. Chase's Nerve Food accomplishes this result as no other preparation, ancient or modern, has ever known to do. It is not claimed that this food cure will do any other thing than create new red corpuscles in the blood, but in doing this it is a positive, thorough and lasting cure for the most difficult diseases that have ever come to the attention of the physicians.

After all, it is the blood that carries life to the organs, repairs the waste and supplies the motive power for the machinery of the body, and when the blood gets pale, weak and watery, external assistance must be sought. The most potent restoratives of nature are happily combined in Dr. Chase's Nerve Food, so as to make it the greatest blood and nerve revitalizer that the world has ever known. You cannot possibly be disappointed in this great modern treatment. Gradually and thoroughly it replenishes the shrivelled arteries and restores vigor, energy and health to weak, worn and sick bodies.

The only source of all cell force and therefore of all nerve force is the food in the blood stream. When the blood is unable to meet the call for an extra supply of nerve food, nerve disorders set in. Then it is that Dr. Chase's Nerve Food supplies the very elements which go to form nerve force, prevents suffering and saves life.

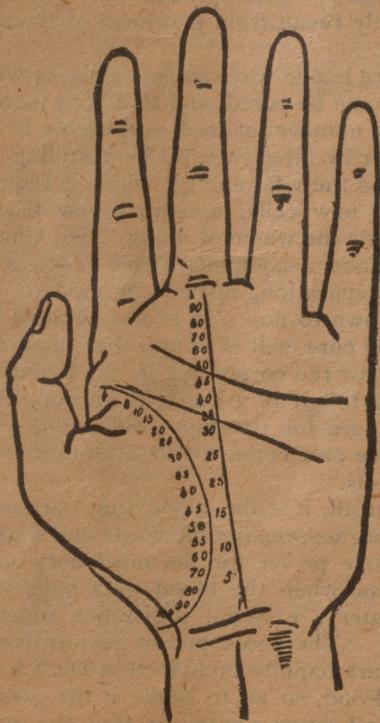

PALMISTRY—Continued

It is necessary that this line exist in a real lucky hand to make its good fortune absolute, a good line of Saturn will be seriously compromised by the absence of this line.

With the Mounts of Jupiter and Mercury developed, this line is a certain indication of wealth, and such a subject will become celebrated by his fortune, dignity, and merit, no less than by his talents and scientific capacities.

Twisted fingers or a hollow palm are very bad signs with this line, for they show that the influences of the line are guided in an evil direction, and that the talents betokened by it are used for the attainment of bad ends.

The line, to have all its highest artistic significations, should be well colored; pale, it denotes that the subject is not actively artistic, but has merely the instincts of art, loving the things that

Ages upon the Lines of Life and Fortune

PLATE XI.

are brilliant and beautiful. In these respects the indications are the same as those of a high Mount of Apollo without the line; such a formation also gives a love of the beautiful without production, the Mount giving the instincts and the line giving the talents of art.

Absence of the line from the hand indicates want of success in projects and undertakings which lead to glory and success.

Much broken up it indicates a Jack-of-all-trades and an eccentricity in art which renders it of little value to the subject.

(Continued on page 14)

Woman

In calling the attention of the gentler sex to the remarkable curative powers Dr. A. W. Chase's Nerve food has, and is showing every day in the many troubles only too common now-a-days to the organs of the pelvic region, we wish to say that the great value, so happily demonstrated in a multitude of cases, depends on its wonderful ability to give renewed tone and strength to the organs of that region. A strength that enables them, of their own volition, to perform the functions especially delegated to them. This is a radical and rational departure from the method of action of the multitude of so-called cures for such trouble, in that instead of acting as a stimulant only to the weakened organs, it gives to them new strength by a re-building, re-invigorating process. The application of a lash to a jaded animal may cause an increased effort, but not increased strength—the extra effort simply resulting in a more profound exhaustion.

This is the manner in which most of the widely advertised nostrums act, and is in direct contrast to the method of action of the Nerve Food in not stimulating or torturing into renewed effort, but replenishing that most vitally essential of all things to physical well-being, the active principle of life, Nerve Force. The variety and causes of ovarian and uterine trouble is so great as to preclude mention in this short article, yet it can be said with all truth that they are one and all dependent on an absence, or partial absence, of Nerve Force. Without this life-giving agent, the woman's organs become lax, lose tone, grow sluggish, and are unable to properly perform their several functions. This may be evident in many ways and depends largely upon the degree to which this nerve force is lacking.

For instance, it may show only in an occasional irregularity, or a slight or fearfully painful menstruation. Again, in the absence of a healthy flow, and the appearance of a discharge, pale, interrupted and fetid in character, stringy or otherwise abnormal. Again, in excess of flow, a veritable flooding as it were. In either case it demonstrates a complete lack of tone. In the first instance, an inertia or sluggishness, coupled with lack of blood, and in the second a complete relaxation and loss of power upon the part of the uterine organs to control the flow. Both conditions are associated with a mass and multitude of nervous symptoms, such as excessive weakness, nervousness,

verging at times on hysteria, dragging pains in the back and limbs, a feeling as if all the organs were dropping, pain at the base of the brain, or an intense heat and pressure in the top of the head, with a derangement of eye-sight, dizziness, and a long list of petty symptoms, some imaginary, together with an unhealthy, uncleanly, distressing discharge between periods. This general debility of the genitive organs is often associated with a sluggishness of the bowels and an inaction of the kidneys, which in turn only serves, by their close physical or physiological relationship to the diseased organs, to add to the general distress.

It is in such cases as these, and the troubles incident to change from childhood to womanhood, and again later in life, that the Dr. A. W. Chase Nerve Food shows its sterling qualities, and it does so, as before said, not by the furnishing of fictitious strength by stimulation, but in a rational common sense manner, by furnishing the element lacking—Nerve Force. Give these organs plenty of nerve power, and they of themselves begin to thrive, grow strong and perform their duties regularly and unasked, with the return to a healthy condition and action. The nervous phenomena disappear and the invalid finds a condition marked by settled gloom, melancholia and all their kindred and attendant ills change to one of health, strength, energy and brightness. Life is no longer a hideous nightmare but a thing to be looked forward to and enjoyed.

The two following descriptive cases show the great results produced by Dr. A. W. Chase's Nerve Food in severe afflictions peculiar to women.

Dizziness, Irritability and Fainting Spells

Mrs. W. H. says: "When I began the use of Dr. A. W. Chase Nerve Food I was in a very bad state, run away down in strength; nervous, irritable, dizzy, inclined to feel faint at times, heart action most irregular. Feet and hands cold and face pale, and seemed to have no ambition or energy. The monthly periods were marked by a heavy excessive flow of a bright color, the uterine organs seemed to drag, and felt as if I needed a bandage all the time to support them. I was told if I would take the Dr. A. W. Chase Nerve Food it would give me the muscular and nerve strength I needed, and in this way stop this heavy

weakening flooding. I got the medicine and took it faithfully, and it has done so. I feel to-day strong and vigorous. Nerves good and steady, heart action regular. Dizzy and faint spells all gone, the flow at the periods is natural, and the organs feel strong again. I am very grateful for this result, as no one except those who suffer as I did know the sense of relief and comfort it gives me."

In a Deplorable State from Nervous Exhaustion

Mrs. J. B. says: "I want to say that in my case Dr. A. W. Chase Nerve Food acted splendidly. I had been for some years in a deplorable state. Very nervous, inclined to cry at anything. Excitement of any kind, or any exertion completely unstrung me. The back and hips were the seat of a heavy staggering pain, and a heavy pressure on the top of the head. My sleep was full of trouble, and fitful. I was pale, lacked blood, and the feet, hands and limbs were cold most of the time. Each monthly period was ushered in by great pain, and the flow when it did come, was slight, interrupted and pale in character. It was evident that unless I got relief I would go into a decline. A friend who, in a similar case, had used Dr. A. W. Chase's Nerve Food persuaded me to use it, and I am very glad I did. After a short course of treatment I began to mend. I slept better and the nerves were steadier. The appetite improved as well as the general strength. By the time the first monthly period came about I was decidedly stronger and less nervous. The color was better, and as a result the pain that usually accompanied the flow was greatly reduced, and the flow of a better quality and quantity. This gave me great encouragement, and I continued to take the Food after each meal, and one at bed-time. The next period passed in comparative comfort. Since that time I have had no trouble. Do not dread the periods. The flow is proper in quantity and quality, a good color. My nerves are steady. My general strength good. I stand my household duties well. No sensation or pressure on the head, no more crying at little things. My weight has increased with the advent of a good appetite and digestion. I feel, in fact, as if life was worth the living again, and thank Dr. A. W. Chase's Nerve Food for the recovery. A distressing discharge between the periods has wholly disappeared."

PALMISTRY—Continued

The Line of Liver or Health

The position which the Liver Line (Line of Health or Hepatica) occupies in the hand may be seen by looking at the map of the hand, but it will strike the palmist, after very little experience, that this line fully developed in a hand is comparatively scarce, and the reason of this is the comparatively unhealthy lives which the majority of people live now-a-days.

Long, clearly traced and well colored and proportioned, the line denotes good health, gayety and clear conscience, and success in life. If it is lengthened up to the upper part of the palm it is a sign that the good health of the subject will last well into old age. A thoroughly good line of health will counteract the evil effects of a poor line of life, being an indication of good digestion, which will always prove a powerful agent in prolonging life.

The line should not be joined to that of the Life at its base, but just separated, this will indicate long life; joined at this point with the Line of Life, it is a sure indication of weakness of the heart.

If the line is thick and blunt, it is a sign of sickness in old age; if it is very straight and thin, it is a sign of rigidity of spirit and manner. Red at the upper end it betrays a tendency to headaches; thin and red in the centre, it is a sign of fever; red at the lower end, is a sign of a weak heart; thus it will be seen that any unevenness of color in this line is bad. Very red throughout its length indicates brutality and pride. A twisted and wavy Liver Line is a sure sign of biliousness and very often of dishonesty, of which it is at any rate a strong confirmatory indication. Much broken or cut into, the line will betray a weak digestion.

A coming sickness marks itself on this line by a little, deep cross line; a past sickness marks only the life or head lines, leaving merely a gap in the line of health.

The Girdle of Venus

This line, fortunately not universal, may be taken as a whole, to be a bad sign on any hand, indicating a tendency to debauchery which it is extremely difficult to conquer.

To a good hand however this line will expend itself by giving energy and ardor in every undertaking entered into by the subject, and this favorable influence of the line is the more certain if it is clear, neat, and going off upon the Mount of Mercury. To a good hand this will give merely love of pleasure and energy therein.

It generally makes a subject hysterical and nervous, with a great tendency towards spiritualism and sorcery, accompanied by a state of melancholy and depression.

The Finger Nails

If the nails are short and broad rather than long, with the skin growing far up them, the subject will be pugnacious, critical in disposition, and fond of domination in matters relating to himself and his surroundings; in fact he will be imbued with a spirit of meddlingness.

(Continued on page 16)

**Exhausted Nerves
at Four Years of Age**

Mr. E. H. Tilley, 15 Fortune St., Montreal, Que., writes:—"My four year old boy was troubled with weak nerves, could not rest or sleep and would start up and tremble at every slight noise. He became pale and weak and we feared a total collapse of the nervous system. Having heard some of my friends speak very highly of Dr. Chase's Nerve Food I decided to try it and am much pleased to say that the results are entirely satisfactory. My boy is now strong and hearty and his nervous troubles seem to be completely overcome."

Good Health Brought Back

Mr. Louis Larin, Kemptville, Ont., writes:—"I have used Dr. Chase's Nerve Food for my little girl as well as for my own use. She was very nervous and completely run down in health. We noticed a decided improvement when the first box was used, and continued the treatment, until now she is as healthy and strong as ever and entirely rid of the weakness and nervousness which threatened her young life. The success of Dr. Chase's Nerve Food in curing my child led me to use it for myself, as I was affected with nervousness and a debilitated system. It was not money wasted, for I obtained the best results I could wish for and am built up and in good health once more."

This Little Girl was Pale and Weak

Mrs. S. Dempsey, Albury, Ont., writes:—"My little granddaughter, nine years old, was pale and weak, she had no appetite and seemed to be gradually growing weaker. Dr. Chase's Nerve Food proved invaluable in her case, restoring health and color and making her strong and well."

The greatest Strengtheners

Mr. W. H. La Blance, Bonfield, Ont., writes:—"I was once a sufferer from catarrh, and while using Dr. Chase's Catarrh Cure I was recommended to use also Dr. Chase's Nerve Food to build up the system. I have found it the best preparation for strengthening the body that I ever used. My nerves were exhausted and I was too weak to do a day's work when I began using it, and now am strong and healthy, and feel real well. I am perfectly sure that anyone who uses Dr. Chase's Nerve Food will believe as I do, that it is the best strengthener and restorative obtainable."

Nervous Dyspepsia

Mr. Joseph Geroux, 22 Metcalf street, Ottawa, Ont., writes:—"I was nervous, had headache and brain fag. I was restless at night and could not sleep. My appetite was poor, and I suffered from nervous dyspepsia. Little business cares worried and irritated me. After having used Dr. Chase's Nerve Food for about two months, I can frankly say that I feel like a new man. My appetite is good, I rest and sleep well, and this treatment has strengthened me wonderfully. Dr. Chase's Nerve Food is certainly the best medicine I ever used, and I say so because I want to give full credit where it is due."

Alarming Prevalence of Brain and Nerve Diseases among Children

WEAK BODIES AND DEFECTIVE EYESIGHT CAUSED BY
CRAMMING FOR EXAMINATIONS—A WARNING TO PARENTS

In nearly every school in this country there are children who are being ruined in mind and body by the excessive exertion brought upon them in cramming for examinations. Early and late they are bending over their books, contracting their lungs, ruining their eyesight and consuming nervous energy at an enormous rate, and this is at the very period in life when, on account of important physiological changes, every resource of nature is taxed to the utmost to supply nutrition for the functional development.

Fond parents, anxious to see their children rank high at examinations, forget that the nerve force which is being so lavishly spent must sap the vitality of the body and ultimately result in nervous exhaustion, St. Vitus' dance, epilepsy, paralysis, brain congestion or some dreadful form of brain or nerve disease. What hosts of weak, puny, nervous children are to be seen everywhere these days. Unless prompt action arrests their declining health they cannot possibly develop into healthy, robust men and women.

If your boy or girl is weak, puny or nervous do not suppose for one moment that the trouble will wear away of itself. It will not. Nervous diseases do not get well of themselves. External assistance is necessary in order to overcome the constant waste of vital energy. Dr. Chase's Nerve food contains in concentrated form the very essence of the most effective nerve restoratives found in nature. Gradually and naturally it recreates nerve cells, forms new red corpuscles in the blood, rekindles the spark of life and builds up weak and wasted bodies.

Dr. Chase's Nerve Food

is peculiarly suited as a treatment for children on account of its mild and gentle action in upbuilding the system and restoring strength and vigor to the body. 50 cents a box, 6 boxes for \$2.50, at all dealers or Edmanson, Bates & Co., Toronto.

PALMISTRY—Continued

Short nails denote sharpness, quickness of intellect, and perspicacity—with a good line of Head, they indicate administrative talent, with a good line of Apollo they indicate irony and badinage.

Short nailed subjects make the best journalists, by reason of their love of criticism and readiness to engage in any dispute or contention. On a good natured and happy hand, or in a lazy hand, short nails denote a spirit of mockery and of good humored sarcasm, frivolity, criticism, and contradiction.

It goes almost without saying that when the nails are short from the habit of biting them, they indicate nervousness, abstraction, subject to fits of melancholy, a worrying disposition and continual irritation.

White and shining, soft in texture, with a tendency to pinkness by reason of their transparency and of a normal and well proportioned length, the nails indicate a good spirit, delicacy of mind, sensitiveness, tact and good taste.

Nails that are both short and pale betoken falsehood and cunning, and a weak physical and moral nature.

Long nailed subjects are calmer in temper and more gentle than those with short nails; they are less critical and more impressionable and are of an artistic nature.

Nails that are long and thin and very much curved across the finger show a tendency to throat and lung trouble, and this is more accentuated when the nail is heavily ribbed or fluted.

Nails that are very thick, long and bent, are indicative of a nature inclined to be cruel and unchaste.

Nails that are of medium length and width and have a bluish tint, denote the circulation of the blood to be at fault, and such subjects will be found to be extremely nervous.

A Confidential Talk

We do not believe that druggists are dishonest, on the contrary, they are, as a rule, intelligent and upright men, highly respected in the communities in which they live. In these days of keen competition, however, druggists as well as other business and professional men find it difficult to make a profit from their occupation, and are sometimes tempted to substitute cheaper preparations in place of those you ask for.

When you think of what it means to you, you can scarcely afford to accept substitutes or imitations. Be firm with your druggist and insist on getting what you ask for, and he will soon learn that you are not to be trifled with when it is a question of health or sickness, life or death. Look for the signature and portrait of Dr. Chase on the box you buy. That is proof positive that you are getting the original and genuine.

Neglected, nervous maladies derange every organ of the body; the brain is affected and mental powers weakened; the mind wanders, ideas are confused and concentration of thought is impossible. The action of the heart is weakened and circulation disturbed, producing cold hands and feet, flushed face, dizziness, dots and webs before the eyes, dejected spirits and tired languid feelings. Insanity is often the result and suicide contemplated.

**Physical Decline
and Sinking Spells**

Miss E. L. Harrison, Laurier, Man., writes:—"I want to say that I have been greatly benefited by the use of Dr. Chase's Nerve Food. About a year ago I was troubled with fainting, or as the doctor called it 'sinking spells.' At first they occurred once or twice a month and then became more frequent, until I grew so weak that I could not walk upstairs alone. I was at this time troubled with a cough and was so very nervous that a knock on the door or any sudden noise meant agony to me. The doctors called this nervous prostration, and some of them said I was in a decline. I have used five boxes of Dr. Chase's Nerve Food, am able to do my usual work and am almost as strong as I ever was. I have not had a fainting spell for six months, and consider myself cured."

Broken Down by Overwork

Mr. Harry Black, 81 Bleury St., Montreal, Que., states:—"I have tried Dr. Chase's Nerve Food on several occasions and found it a very valuable remedy. I was run down in health for some time occasioned by overwork and loss of sleep and after using a few boxes of Dr. Chase's Nerve Food I can say that I am greatly improved and can sleep and rest naturally. Hoping this valuable medicine will be given a trial by others suffering as I did I wish you every success."

Thin, Watery, Impure Blood

Mrs. I. Swain, Kemptville, Ont., states, "I have used six boxes of Dr. Chase's Nerve Food and have every reason for being thankful for doing so. I was completely run down, and very nervous. My blood was thin and watery and I could not sleep. For some time I had been failing in health until I was entirely used up. The use of six boxes of Dr. Chase's Nerve Food has made me feel myself again and restored my usual good health.

"As a result of weak and impure blood I was also troubled with boils and by using Dr. Chase's Ointment along with the Nerve Food succeeded in ridding myself of them. Thanks to Dr. Chase's Remedies I am now well and free from trouble and that at a cost which is trifling compared to what a doctor would have charged. I am sure that no doctor could have done better than Dr. Chase's Nerve Food and Ointment have done for me."

A Strong Guarantee

In every profession there are a few, and a few only, who are looked up to as leaders. People everywhere are quick to recognize unusual skill and ability, and to accord to it the honor due. High up among the leaders in the medical profession on this continent stands Dr. A. W. Chase, who is justly distinguished for integrity of character and earnestness of purpose as well as for marvellous success in the treatment of disease. Each and every one of Dr. Chase's family remedies are backed by the sterling character of this prince among physicians. On each box of his preparations will be found his portrait and signature. This is the doctor's guarantee that the contents are the genuine. Imitators do not dare to reproduce this portrait and signature.

The Kidneys

It is the function of the kidneys to filter from the blood certain waste products which are formed in the different organs of the body during the natural processes of life. These elements may be likened to the smoke and ashes resulting from the combustion of fuel under the boiler of the locomotive. If these waste products are not removed the fire dies out and the machinery comes to a standstill—the kidneys and liver are clogged and rendered useless, the digestive system impaired, and these poisonous waste matters thrown back into the blood stream to carry disease and death to all parts of the body.

It frequently happens that when the kidneys fail to do their duty this waste material is deposited in the kidneys and hardens into what is known as kidney stones. It is the passage of these hard substances through the ureters into the bladder that causes the most excruciating pains that one can well conceive of. As a matter of fact no one can afford to neglect the symptoms of kidney disease, for the disorders of these filtering organs give rise to the most painful and deadly complications known to mankind.

The Symptoms of Kidney Disease

Headache.

Fickle Appetite.

Gradual Loss of Flesh.

Frequent desire to urinate especially at night.

Deposits in the Urine.

Aching pains and burning in the small of the back.

Neuralgia and Sciatic Pains

Chronic Rheumatism.

Extreme Wakefulness.

Cramps in calf of legs.

Dropsical Swelling.

Constipation and fitful diarrhoea.

Scanty, dark colored urine.

Gradual failure of strength and extreme pallor of the face.

Persistent swelling of the ankles and legs.

Failure of perspiration and frequent chills and fevers.

Shortness of breath caused by lungs filling with water which kidneys fail to pass off.

Each and every one of these symptoms disappear with the use of Dr. Chase's Kidney-Liver Pills.

Dr. A. W. Chase's Kidney-Liver Pills

The original Kidney Pill and the only medicine extant having a direct and combined action on the Kidneys, Liver and Bowels.

Long years of study and experience proved conclusively to Dr. A. W. Chase that at least seven-tenths of human ills are due directly or indirectly to the inactivity or derangement of the filtering and excretory organs—the kidneys, the liver and the bowels. While pursuing his practice Dr. Chase worked out a formula which showed itself to be of most unusual merit. This he used with his own patients as opportunity offered and improved from time to time, until he considered it a perfect specific for deranged kidneys and liver and diseases arising therefrom.

Believing it to be to the best interests of mankind, this prescription was prepared in pill form and offered for public sale under the name of Dr. Chase's Kidney-Liver Pills. The sales were small at first, but after the first year, and as the merits of this preparation became better known, the demand increased by leaps and bounds until there is scarcely a family on this continent but knows of some one who has been cured of serious disease by Dr. Chase's Kidney-Liver Pills.

As a strengthener, invigorator, and regulator of the kidneys, liver and bowels, there has yet to be discovered a preparation which can in any way be compared to Dr. Chase's Kidney-Liver pills. They are purely vegetable in composition, natural and pleasant in action, and most useful and valuable as a family medicine.

Ailments Actually Cured by this Treatment

From scores of thousands of grateful testimonials received in commendation of Chase's Kidney-Liver Pills the following list is composed. It contains only such diseases as this prescription has actually cured, in a great many cases, frequently when physicians had given up in despair.

Kidney disease, backache, Bright's disease, dropsy, diabetes, rheumatism, lumbago, headaches, pains and aches in body and limbs, dyspepsia and stomach troubles, urinary and bladder ailments, stone in bladder, liver complaint, torpid sluggish liver, dizziness, pimples and blotches, constipation and irregularities of the bowels and biliousness.

To Tell Fortunes by the Cards

In the first place, take a pack of cards and shuffle them well three times over, and making your significator which queen you please (if the lady performs the operations for herself, or king if a gentleman), then proceed to lay them on the table, nine in a row; and wherever you find yourself placed, count nine cards every way, not forgetting your said significator, and then you will see what card your significator comes in company with; and whatever it is, so it will happen to you.

If two red tens come against your said significator, it is a sign of marriage or prosperity; the ace of diamonds is a ring, the ace of hearts is your house, the ace of clubs is a letter, the ace of spades is death, or some grievous affliction, spite or quarrelling (for that is the worst card in the pack). The ten of diamonds is a journey. The three of hearts is a salute, the three of spades is tears, the ten of spades is sickness, the nine of spades is a sad disappointment or trouble, the nine of clubs shows a jovial entertainment or revelling, the nine of hearts feasting, the ten of clubs traveling by water, the ten of hearts some place of amusement, the five of hearts a present, the five of clubs a bundle, the six of spades a child, the seven of spades a removal, the three of clubs fighting, the eight of clubs confusion, the eight of spades a roadway, the four of clubs a strange bed, the nine of diamonds business, the five of diamonds a settlement, the five of spades a surprise, the two red eights new clothes, the three of diamonds speaking with a friend, the four of spades a sick bed, the seven of clubs a prison, the two of spades a false friend, the four of hearts a marriage-bed. When several diamonds come together, it is a sign that you will soon receive some money; several hearts, love; several clubs, drink and noisy troublesome company; and several spades, trouble and vexation.

If a married lady doth lay the cards, she must then make her husband the king of same suit she is queen of, but if a single lady doth make use of this science, she must make her lover what king she may think proper; the knaves of same suit are the men's thoughts, so that they may know what they are thinking of, counting nine cards from where they are placed; and if any lady should wish to know whether she shall obtain her desires in any particular object, matter or thing whatsoever, let her shuffle the cards well, most seriously and earnestly wishing all the time for some one thing; she must then cut them once, particularly observing at the same time what card that is which she cuts, then shuffle them again, and deal them out into three parcels, which being done, looking carefully over every parcel, and if that said particular card which you have just cut doth come next yourself, or next the ace of hearts, you will have your wish; but, if the nine of spades is next to you, you must then judge the contrary, as that is a disappointment; however, you may try it three times, taking the major number of testimonies for a ground whereon to place your judgment.

This method of using the cards is both innocent and will afford you amusement, while that common, destructive and most pernicious habit of gaming, and otherwise tend to promote and complete the ruin of both your soul and body.

To Test the Kidneys

Pain or smarting when passing water is one indication of kidney disorders. To test the kidneys allow some urine to stand in a glass for twenty-four hours. If there is sediment in the bottom at the end of that time it means that your kidneys are diseased. Further neglect means pain, suffering, and a sudden and unexpected snapping of the cord of life. The prompt use of Dr. Chase's Kidney-Liver Pills will bring relief in a few hours, and will positively and thoroughly correct and regulate the action of the kidneys and make you well.

Kidney Disease and Backache

Mr. W. E. Berryman, Conductor on the C.P.R., St. Stephen, N.B., writes:—"I have been railroading for 23 years, and for 10 years suffered from a severe case of kidney disease and backache, a trouble common to railroad men. It used me all up to walk, and after walking up hill I would have to lie down to get relief, my back was so bad. I could not sleep more than half the night and then didn't seem to get any rest. I had used all sorts of medicines and was pretty badly discouraged when I heard of Dr. Chase's Kidney-Liver Pills. After using two boxes of this treatment I found it was helping me, and five boxes have made a complete cure. I now rest and sleep well, my back is strong and the old trouble has entirely disappeared. Many people to whom I have recommended these pills have been cured. Anyone wishing further particulars write me."

Sallow Complexion—Liver Complaint

Mrs. H. A. Smith, 132 Manning Avenue, Toronto, states: "My daughter has had a wretched time of it for quite a while with liver complaint, causing, among other troubles, weakness of the stomach, very sallow complexion, and a most miserable state of feeling generally. My husband had occasion to use Dr. Chase's Kidney-Liver Pills, and spoke so highly of their merit that I concluded to have her try them, and since beginning their use she has markedly improved in every way. I can with confidence, therefore, recommend Dr. Chase's Kidney-Liver Pills."

Severe Cold Settled on the Kidneys

Mr. Thomas A. Embree, general storekeeper, and a respected citizen of Springfield, N.S., writes:—"As the result of a severe cold settling on the kidneys I contracted kidney disease, which was accompanied by much suffering from pains in the back. For some time I was entirely unfit for work, and though I tried several physicians I could only obtain slight temporary relief.

Having heard of the merits of Dr. Chase's Kidney-Liver Pills in many similar cases I began to use them, and after using seven boxes was completely cured. The cure is due entirely to the use of this grand medicine, which has since cured several persons to whom I recommended them."

THE STRAINING OF FARM WORK

Most Trying on the Kidneys.

In his daily round of work the farmer is almost constantly subject to straining, lifting and reaching, as well as to exposure to cold and dampness. These circumstances account for the fact that, with the single exception of railroad men, farmers most frequently become victims of kidney derangements—the most dreadfully painful and fatal diseases from which humanity suffers.

When the back aches, when the urine becomes highly colored and shows deposits after standing for twenty-four hours, and there is loss of flesh as well as headaches, and bodily pains and derangements, you can be sure that you are contracting kidney disease. Prompt action will save you much pain and suffering, and it may be that your life is endangered.

Mr. S. E. Phelps, Bolton Centre, Que., says:—"My kidneys and back were so bad I was unable to work or sleep. My urine had sediment like brick dust. I was compelled to get up four or five times during the night. I saw Dr. Chase's Kidney-Liver Pills advertised, and concluded to give them a trial. One box has effected a complete cure. I can now saw wood or do any kind of work. My kidneys do not bother me. I can now enjoy a good sleep, and consider Dr. Chase's Kidney-Liver Pills a great boon. I was a great sufferer with kidney disease for 13 years."

There is no question about the efficiency of

Dr. Chase's Kidney-Liver Pills

as a prompt, thorough, and lasting cure for Kidney disease in every form. These pills have become famous because of their remarkable control over serious and chronic cases of kidney disease. There are few people in Canada but know personally of some one who has been cured by this great family remedy. In the majority of homes in this Dominion Dr. Chase's Kidney-Liver Pills are kept on hand all the time as the most effective treatment obtainable for kidney and liver derangements, constipation and stomach troubles. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Telling Fortunes Gravel, or Stone in the Tea Cup Bladder

by the

Tea Cup

Pour the grounds of coffee or tea into a white cup; shake them well about in it, so that their particles may cover the surface of the whole cup; then reverse it into the saucer, that all the superfluous parts may be drained off, and the figures required for fortune telling be formed.

It is not to be expected upon taking up the cup that the figures will be accurately represented as they are in the cards, but it is quite sufficient if they bear some resemblance to any of the nineteen emblems; and the more fertile the fancy shall be of the person who inspects the cup, the more he will discover in it.

THE ROADS indicate ways; if they are covered with clouds they are said to be infallible marks of many past or future reverses. But if they appear in the clear and serene, are the surest tokens of some fortunate change near at hand; encompassed with many points or dots, they signify an accidental gain of money; likewise long life.

THE RING signifies marriage; if a letter is near it, it denotes to the person that has his fortune told, the initial of the name of the party to be married. If the ring is in the clear, it portends happy and lucrative friendship. Surrounded with clouds, denotes that the party is to use precaution in the friendship he is about to contract, lest he should be insidiously deceived; but it is most inauspicious if the ring appears at the bottom of the cup, as it forebodes an entire separation from the beloved object.

THE LETTER.—By letters we communicate to our friends either pleasant or unpleasant news, and such is the case here; if this emblem is in the clear part, it denotes the speedy arrival of welcome news; surrounded with dots, it announces the arrival of a considerable remittance of money; but hemmed in by clouds, it is quite the contrary, and forebodes some melancholy or bad tidings, a loss, or some other sinister accident. If it be in the clear, and accompanied with a heart, lovers may expect a letter which secures to the party the possession of the beloved object; but in the thick it denotes a refusal.

THE COFFIN, the emblem of death, prognosticates the same thing here, or at least a long and tedious illness; if it be in the thick at the top of the cup, it signifies a considerable estate left by some rich relation; in the same manner at the bottom, shows that the deceased is not so nearly related to the consulting party.

THE STAR denotes happiness if in the clear, and at the top of the cup; clouded, or in the thick, it signifies long life, though exposed to various troubles. If dots are about it, it foretells great fortune, wealth, high respectability, honors, &c. Several stars denote some good and happy children, but surrounded with dashes, shows that the person's children will cause him or her grief and vexation in old age, and that you ought to prevent it by giving them a good education in time.

MOUNTAIN.—If it represents only one mountain, indicates the favor of people of high rank, but

(Continued on page 22)

The most excruciating pains which human beings are called upon to bear are usually the result of uric acid deposit in the kidneys. Small stones or calculi are formed, and the passage of these from the kidneys through the ureters to the bladder frequently cause such severe pains as to bring about unconsciousness or convulsions. The paroxysms may last for hours at a time, and the tortures produced cannot be imagined let alone described. The warning symptoms are pain in the back, pale and pinched features, irritability of the bladder and deposits in the urine, which also sometimes contains blood, and is passed drop by drop.

By timely attention to the health of the kidneys the blood is kept free from uric acid and other foul impurities, and gravel, as well as rheumatism and similar painful diseases are prevented. The moment there is pain, smarting or irregularities in urinating you should resort to the use of Dr. Chase's Kidney-Liver Pills. They have a direct and combined action on kidneys, liver and bowels, and insure perfect action and regularity of these filtering and excretory organs.

The Urine

Whatever other symptoms of kidney derangement may be present, the final test must be that of the urine. The normal quantity of water voided in twenty-four hours is two to two and one half pints. It is decreased by free perspiration and increased by chilling the skin. The normal color is a light amber; the color deepens as the quantity voided is decreased.

To test the urine allow a quantity to stand in a glass vessel for twenty-four hours, and if it contains an excess of uric acid "brickdust deposits" will be found in the bottom of the vessel. If the case is a severe one, or of long standing, the urine is highly colored, and only passed with much pain or smarting. The patient may be compelled to arise many times in the night only to be disappointed in the amount voided.

You can test the urine for yourself, and if there are deposits in it after standing you have unimpeachable evidence that you are contracting one of the most painful and deadly diseases that human flesh is heir to. You can assure yourself by evidence found

in this book that Dr. Chase's Kidney-Liver Pills do positively and certainly cure disorders of the kidneys and bladder promptly and thoroughly.

Do You Know?

That the kidneys are the natural blood purifiers.

That all the blood must go through the kidneys for purification, as it goes through the lungs for oxidation.

That if the blood be full of poison that poison must affect every organ.

That the blood is very liable to be filled with uric acid (kidney-poison) without your knowledge because the kidneys may be diseased and not give forth any pain.

That you cannot have good health and disordered kidneys.

That the majority of diseases are caused by unsuspected kidney poisoned blood.

That kidney disease is the most painful and most dreadfully fatal disease that is known to suffering man.

That Dr. Chase's Kidney-Liver Pills possess a remarkable power over disorders of the kidneys and has actually cured more cases of kidney disease than any medicine you can name.

That the sale of Dr. Chase's Kidney-Liver Pills is double that of any similar preparation and that this popularity has arisen because of their unusual virtue as a cure for kidney disease.

Kidney Disease for 20 Years

Mr. Isadore Major, Valleyfield, Quebec, writes: "After twenty years of suffering from kidney disease I believe that I owe my life to Dr. Chase. Remembering the advice of a friend, and seeing Dr. Chase's Kidney-Liver Pills very highly recommended in the papers, I made up my mind to try them. I did so, and can now say that I am completely cured. My body is as supple as a 20 year old man, though I am 47 years of age. My relatives and friends are surprised and pleased to see me well again, for I had spent hundreds of dollars in vain trying to get cured.

Before I began the use of Dr. Chase's Kidney-Liver Pills my back ached so much that I could not put on my shoes and I couldn't lift 20 lbs. My shoulders were sore and I was subject to headache, a bad taste in my mouth and indigestion. My eyes were bloodshot and dim, and reading caused my eyes and head to ache. These troubles are now gone, and what I tell you I am ready to prove, for I am ready to take my oath that what I say is the truth.

Dr. Jas. T. A. Gauthier certifies to this remarkable cure, and gives all credit to Dr. Chase's Kidney-Liver Pills.

Bright's Disease

Probably the most frequent outcome of neglected kidneys is Bright's disease or inflammation of the kidneys, and this dreaded malady claims its victim so insidiously that it often gets a firm hold before its presence is detected. Among the first indications are slight swelling of the feet at night and an unmistakable failure of the health and strength accompanied by unusual pallor, shortness of sight and impaired vision.

Later, the appetite fails, digestion is poor, gas forms in the stomach and intestines and there is peculiar, violent and sudden vomiting. Headache frequently recurs, also dizziness, impairment of sight and neuralgia in various parts of the body. The urine becomes diminished in quantity, contains deposits of a heavy sediment and is voided with pain and smarting. Sometimes stupor, convulsions and death come before these symptoms are manifest.

How to Cure Bright's Disease

Just as soon as the patient discovers that he has Bright's Disease he should avoid cold and dampness, should not undergo physical or mental fatigue and should beware of excesses at the table or otherwise. To renew the activity of the kidneys, to remove the causes of inflammation or Bright's Disease, and thoroughly cure it, there has never yet been compounded a treatment so effective as Dr. Chase's Kidney-Liver Pills. Of this fact you can be perfectly assured by the evidence you find in this book, as well as by the statements of persons with whom you come in contact, and who know from experience the value of this sterling remedy.

Unlike any other kidney medicine we know of, Dr. Chase's Kidney-Liver Pills have a combined action on the kidneys, liver and intestines, and by this means frequently cure complicated ailments which ordinary remedies fail to affect.

Dyspepsia and Kidney Disease

Mr. Patrick J. McLaughlin, Beauharnois, Que., states: "I was troubled with kidney disease and dyspepsia for 20 years, and have been so bad that I could not sleep at nights on account of pains in the back, but would walk the floor all night, and suffer terrible agony. I tried all sorts of medicines but got no relief until I began using Dr. Chase's Kidney-Liver Pills. They made a new man of me, and old troubles seem to be driven out of my system."

FORTUNE TELLING—Continued

several of them, especially in the thick, are signs of powerful enemies; if in the clear, denotes the contrary, or friends in high life, who are endeavoring to promote the consulting party.

TREE.—One tree only, if it be in the clear, or thick part, points out lasting good health; several trees denote that your wish will be accomplished. If they are encompassed with dashes it is a token that your fortune is in its blossom, and will require some time to bring it to maturity. If it is accompanied with dots, it is a sign that you will make a fortune at a distance off, where you will reside.

CHILD.—In the clear part, it bespeaks innocent intercourse between the consulter and another person; in the thick part, excess in love affairs, attended with great expenses; at the bottom of the cup, it denotes the consequences of libidinous amours.

WOMAN signifies much joy in general. If in the clear this emblem has a more favorable signification than in the thick; there it shows a very great happiness, here a great deal of jealousy. If dots surround the image, it explains the lady's fertility or her wealth. The different positions in the cup shows, at the top, and in the middle, that you will be in love with a virgin, but at the bottom it marks that she is a widow.

THE ROSE, OR ANY OTHER FLOWER, the greatest success in the arts and sciences; if the consulting party be married, he will have good children, and all the fruits to be expected from their good education in his old age.

THE HEART, if it be in the clear, signifies future pleasure. It promises joy at receiving some money if surrounded with dots. If a ring, or two hearts be together, it signifies that the party is about to be married or betrothed; if a letter be perceptibly near it, it shows the initial of a person's name; if a letter be in the clear, the party is a virgin; if in the thick a widow.

BIRDS IN GENERAL.—In the clear, it signifies that the disagreeables and troubles with which the person shall have to combat, will soon be over; in the thick, it is a sign of good living, and of a successful journey or voyage, which, if there are dashes, will be directed to a great distance.

FISH IN GENERAL, denotes successful events by water, if in the clear, which will either happen to the consulter, or improve the state of his affairs beyond the water. If they are in the thick, the consulter will fish in troubled water, and place his confidence upon that which others have lost before him. Surrounded with dots, denotes that his fate calls him to some distant place.

LION, OR ANY OTHER FEROCIOUS BEAST.—At the top, in the clear, it signifies all kinds of good luck with people of high rank; at the bottom, it warns the consulter to shun all such intercourse, as he will, at all events, find persons who will be envious of his fortune, and not see it with indifference.

THE DOG, being at all times the emblem of faithfulness or envy, has a two-fold meaning here. At the top, in the clear, it signifies true and faithful friends; but if his image be surrounded with clouds and dashes it shows that those whom you take for your friends are not to be depended on; but if the dog be at the bottom of the cup, you have to dread the effects of extreme envy or jealousy.

THE LILY.—If this emblem be at the top, or in the middle of the cup, it signifies that the consulting party either has, or will have, a virtuous spouse; if

(Continued on page 24)

Disorders of the Liver

No organ in the human body has a greater influence on the general health than the liver.

A torpid, sluggish liver leaves poisonous morbid bile in the blood, which upsets the action of the whole system.

There is indigestion, fullness, fermentation, flatulency and oppression in the stomach.

The tongue is coated, the head aches, and there is loss of sleep, depression of spirits and spells of weakness and dizziness.

The bowels are constipated and loose by turns.

The skin tells of the poisoned state of the blood by pimples, blotches and liver spots.

In sympathy with the liver, the kidneys become clogged and inactive, the water highly colored and there are pains in the back and under the shoulder blades.

Shortness of breath and palpitation of the heart and derangements of the menstrual functions are also symptoms of liver complaint.

You should not wait for all the symptoms to appear before beginning treatment. Prompt and determined action is necessary to relieve the body of the poisons left in the system by a sluggish liver.

The liver must have assistance.

The process of restoration will be hastened if the kidneys are also strengthened and invigorated.

Both these great filtering systems are acted on promptly and directly by Dr. Chase's Kidney-Liver Pills and hence their wonderful reputation as the most efficacious treatment for liver derangements that modern science affords.

Take one pill a dose at bed time. Eat plenty of wholesome, nutritious food. Breathe fresh air in order that the lungs may help to purify the system.

Scores of thousands of despondent men and suffering women have been cured of the most serious liver ailments by the use of Dr. Chase's Kidney-Liver Pills, the only remedy that has a combined action on both the liver and kidneys. Doctors prescribe it and cured ones recommend it as an absolute and thorough cure for derangements of the liver. Read for yourself the statements of the cured ones.

Complicated Ailments

Mr. Walter Booth, Consecon, Prince Edward Co., Ont., states: "I was troubled for some years with kidney and liver diseases, and pains in my back, and my stomach was so bad I could not eat hearty food, and had difficulty in keeping any food in my stomach. I was so nervous that I could scarcely take a drink of water without spilling much of it, my hand trembled so, and I had lost flesh until my weight fell from 155 to 138 pounds. Hearing of a similar case that was cured by Dr. Chase's remedies, I commenced by taking Dr. Chase's Kidney-Liver Pills, six boxes of which entirely cured my kidney and liver troubles. I then began Dr. Chase's Nerve Food for my nervousness. It strengthened my stomach and whole system, and I gained in flesh. I cannot speak in terms of too great praise for Dr. Chase's Kidney-Liver Pills and Nerve Food, for besides curing me they did my father, who is an old man, a great deal of good. I have every confidence in recommending these remedies."

"Mr. J. J. Ward, J. P., certifies that he knows Mr. Walter Booth, and that this statement of his cure is perfectly correct."

Sluggish Liver

Mr. R. B. Dixon, McGillivray, B.C., writes:—"I have found Dr. Chase's Kidney-Liver Pills to be exactly what I needed. Since 1897 I have been on the construction of the Crow's Nest Pass branch of the C.P.R., employed in all capacities and exposed to all kinds of weather. I contracted a severe cold, then pain across the back, and owing to the hard fare we sometimes had to live on, the liver got sluggish and out of working order. Dr. Chase's Kidney-Liver Pills seemed to be the very treatment I needed and they have made me well again. I also used Dr. Chase's Ointment for Eczema last summer. It cost sixty cents a box but was worth \$60. The cure was complete."

Bilious Headache

Mr. Luke Lawson, McAdam Jct., N.B., writes: "I have suffered for years with bilious headache caused by indigestion. One day when on the train with Conductor Berryman I was suffering severely with pain in the head and he recommended me to use Dr. Chase's Kidney-Liver Pills. Having some in his possession he gave me several doses, which proved to me their value. I found Dr. Chase's Kidney-Liver Pills to be the best remedy I have ever used, and can with confidence recommend them to all persons suffering from indigestion."

Very Sharp Pains in Back and Kidneys

Mr. Amos Carter, Melbourne, Ont., says: "I was for over six months troubled with very sharp pains in the back, in the region of my kidneys; the spasms lasted for half an hour at a time, and left me with great aching soreness and pain. I tried many remedies, but they did me no good. I commenced taking Dr. Chase's Kidney-Liver Pills according to directions. I had not much faith that they would cure me, but after taking but one box I noticed a change for the better. It may seem incredible, but after taking the second box, the pains left me entirely, and I have not had them since."

The Habit of being Sick

With some people sickness seems to have become more or less of a habit. At intervals of a few days or weeks they are attacked by biliousness, sick headache, indigestion, stomach troubles or intestinal derangements, and, instead of taking active steps to remove the cause of these distressing ills they patiently put up with them and come to consider the recurrence of sickness as a necessary evil. The habit of being sick is a bad habit. It is a habit which shortens life and tends to cause friction and discord between the members of a family or community.

It is an injustice to blame nature for sickness, pain and suffering which can be avoided, and you can avoid these ills by the use of Dr. Chase's Kidney-Liver Pills. They afford lasting as well as prompt relief because they have a direct and combined action on both the kidneys and liver. They cleanse, regulate and invigorate these filtering organs, and ensure healthy action of the bowels and intestines. After a single dose of Dr. Chase's Kidney-Liver Pills you will feel wonderfully improved, and their thorough and searching action makes radical and thorough cures of chronic biliousness, dyspepsia and stomach troubles. Break the chains of habit. Cast aside sickness and disease. Keep the system pure and healthy by the use of this famous prescription.

About Testimonials

Occasionally you meet a person who is inclined to look upon all medicine testimonials as purely fictitious or grossly exaggerated. Whatever maybe the practice of other firms we can repeat here what we have frequently stated before, viz: that so far as Dr. Chase's Remedies are concerned we have made it a hard and fast rule to never publish a testimonial for which we do not possess the written signature of the party giving it.

Furthermore we only use testimonials of persons whom we believe to be thoroughly upright and honorable and highly respected in the communities in which they reside. Investigate any case referred to for yourself, not forgetting to enclose a stamp for reply, and we feel certain that you will be convinced of the superior curative virtues of Dr. Chase's Remedies.

FORTUNE TELLING—Continued

it be at the bottom it denotes quite the reverse. In the clear the lily further betokens long and happy life; if clouded, or in the thick, it portends trouble and vexation, especially on the part of one's relations.

THE CROSS, be it one or more, generally predicts adversities; its position varies, and so do the circumstances. If it be at the top, and in the clear, it shows that the misfortunes of the party will soon be at an end, or that he will easily get over them; but if it appears in the middle or at the bottom of the thick, the party must expect some severe trials. If it appears with dots, either in the clear or the thick, it promises a speedy change in one's sorrow.

THE CLOUDS.—If they be more light than dark, the person will have a good result from wishing, but, if black, it must be given up. Surrounded with dots, they bring success in trade, and in all undertakings; but the brighter they are the greater will be the happiness.

THE SUN, an emblem of the greatest luck and happiness, if in the clear; but in the thick, it denotes a great deal of sadness; surrounded by dots and dashes, denotes an alteration will speedily take place.

Uric Acid in the Blood

The most dreadful result of indigestion is the overworking of the liver by crowding on to it the mass of undigested food. Failing to do its work under these conditions, there is left in the system more uric acid than the kidneys can possibly remove.

The outcome of this state of affairs is the forming of uric acid stones in the kidneys and bladder, a most excruciating and dreadfully fatal ailment.

An early and marked indication of the presence of uric acid in the blood is a deposit similar to brick dust in the urine. This is accompanied usually by pain or irregularity in urinating and weakness or aching in the small of the back.

The cause of uric acid is a deranged liver, which fails to convert undigested food into urea. Permanent cure can only be effected by a treatment such as Dr. Chase's Kidney-Liver Pills, which act on both the kidneys and the liver.

Mere kidney remedies only stimulate the kidneys to unusual effort and so help them to temporarily remove the excess of uric acid. Dr. Chase's Kidney-Liver Pills strengthen both the liver and the kidneys. By their invigorating effect on the liver they enable it to do its work perfectly, and so remove the cause of uric acid, at the same time they tone the kidneys and enliven them in their task of removing this poison from the body.

Constipation of the Bowels

As a cause of serious and complicated ailments—The way to cure constipation thoroughly and permanently.

So frequently is constipation the cause of disease that almost the first question the doctor asks you when summoned is in regard to the regularity of the bowels. Once the action of the bowels is impeded the intestines are clogged, the kidneys obstructed and the liver sluggish. Digestion is interrupted, poisonous wastes are thrown back into the blood stream and deadly germs of disease find lodgment in some weak spot in the system. This neglect to keep the bowels prompt and regular in action is undoubtedly the cause of a very large proportion of sickness and suffering.

There should be a movement of the bowels once each day, and just as soon as there is an interruption in this state of affairs it is time to pay attention to this important part of bodily action. Not by taking salts—a most harmful, dangerous and weakening custom—but the use of Dr. Chase's Kidney-Liver Pills restoring strength, vigor and activity to the irregular organs. Dr. Chase's Kidney-Liver Pills are a thorough cure for constipation and its evil effects, because they act on the kidneys and liver at the same time that they quicken the action of the bowels and thus insure a prompt correction of these filtering and excretory organs.

It is to this remarkably quick action of Dr. Chase's Kidney-Liver Pills on the bowels that they owe much of their popularity. There is needed in every family a medicine of this kind and it is conceded throughout the length and breadth of this continent that there has yet to be discovered a treatment equal to Dr. Chase's Kidney-Liver Pills. A single twenty-five cent box will convince you of this fact and remember the directions, one pill a dose at bed time.

Brick Dust Deposits

Mr. S. E. Phelps, Bolton Centre, Que., says: "My kidneys and back were so bad I was unable to work or sleep. My urine had sediment like brick dust. I was compelled to get up four or five times during the night. I saw Dr. Chase's kidney-Liver Pills advertised, and concluded to give them a trial. One box has effected a complete cure. I can now saw wood or do any kind of work. My kidneys do not bother me. I can now enjoy a good sleep, and consider Dr. Chase's Kidney-Liver Pills a great boon. I was a great sufferer with kidney disease for 18 years."

Recognition of the Merits of DR. CHASE'S KIDNEY-LIVER PILLS

By People Who Have Used Them

Constipation and Liver Troubles

Rev. J. J. Johnston, Evangelist, of Wiarnton, Ont., writes:—"I must say that in my opinion Dr. Chase's Kidney-Liver Pills are an Al preparation for constipation and kindred ills. I used this remedy for liver derangements and stomach troubles and found it highly satisfactory."

Pains in the Back, Hips and Spine

Mr. James Clark, Consecon, Prince Edward Co., Ont., states: "Eleven years ago I was taken with pains in my back, settling in my hips and extending up my spine. The pain was very severe and at times almost unendurable, and many days I was not able to do an hour's work. My weight was reduced from 190 to 160 pounds, and though I had consulted many first-class physicians and tried several advertised medicines I could get no relief.

"At this time my father-in-law told me to try Dr. Chase's Kidney-Liver Pills, and said he knew they would cure me. I secured a box, and great was my surprise when I began to feel better after using only the one box. I continued their use until I had taken about four boxes, which made me a sound man, and I also regained my usual weight, 190 pounds. I cannot say too much in favor of Dr. Chase's Kidney-Liver Pills, which have done so much for me. I have recommended them to a number of my friends and have never met with one case where they did not meet with good success. My daughter, Mrs. Chas. Philips, has also been cured of a severe stomach trouble by the use of these pills."

Urinary Troubles

Mr. Wm. Giles, carpenter, Sault Ste. Marie, Ont., states: "Unsolicited I write to tell you of the good qualities of Dr. Chase's Kidney-Liver Pills in curing urinary troubles. I do not write for your especial profit, but for the good of those afflicted as I have been. I have used eight boxes and do not now feel the old trouble in the least.

"I felt relief one hour after taking the first pill. It is a great source of comfort to me to know that there is a medicine to help my weak kidneys. Those wishing further particulars may address me as above."

Railroad Kidney

Mr. Geo. Cummings, Barrie, Ont., one of the best known engineers on the G.T.R., and whose run is between Toronto and Barrie, writes:—"For years I have suffered from kidney disease brought on by railroad life. The doctors called it "railroad kidney," but could give me no permanent relief. A friend recommended Dr. Chase's Kidney-Liver Pills, saying they had cured him. A few boxes of this grand medicine completely cured me, putting an end to the dreadful pains in the back and greatly strengthening the kidneys. I am a well man to-day, thanks to Dr. Chase."

Terrible Kidney Pains

Mr. Mortimer Chase, Consecon, Ont., states:—"This is to certify that I was troubled with kidney disease so badly that life was a burden to me. I could find no ease either night or day as the pains in my back were almost unendurable and to stoop over would almost set me crazy, I lost flesh to such an extent that I was reduced to 125 pounds, my general weight being 140 pounds. I could not sleep or rest no matter what position I was in.

For about four years I was in this dreadful position. My father and brother told me about Dr. Chase's Kidney-Liver Pills which had benefited them and I began using them. After taking part of a box I began to feel somewhat better. I have taken in all seven boxes and am now as sound and well as ever I was, able to do a man's work and with no recurrence of my former complaint."

Mr. J. J. Ward, J.P., certifies that he knows Mr. Chase to be a man of truthfulness and integrity and believes this statement of his cure to be perfectly correct.

Suffered Terribly with his Stomach

Mr. Joseph Blackwell, Holmesville, Ont., says:—"I derived more benefit from the use of Dr. Chase's Kidney-Liver Pills than from any other medicine I ever took, and can highly recommend them for stomach troubles. I was in a terrible state and could hardly work at my trade, I tried most every kind of medicine and doctors, until I was tired of doctoring, and before I used one box of Dr. Chase's Kidney-Liver Pills, I could see that they were helping me, and after taking a box and a half, found that I was cured."

Constipation and Stomach Troubles

Mr. Henry Moore, Pickering, Ont., states:—"In the fall of 1895 I used three or four boxes of Dr. Chase's Kidney-Liver Pills for constipation and stomach troubles and never found anything to compare with them. I had suffered from these complaints for many years and taken many kinds of medicine, but it remained for Dr. Chase's Kidney-Liver Pills to cure me, am now well and strong, but continue to take one or two pills a week to counteract the uric acid condition in the blood and to keep the bowels perfectly regular."

A Family Medicine

Mr. James Baird, post master, Consecon, Ont., states:—"It gives me and my wife much pleasure to recommend Dr. Chase's Kidney-Liver Pills as a family medicine of superior value. We use them in preference to all other pills in our family, and might here state that they cured me when suffering from biliousness, and also cured my wife of a headache, from which she suffered severely."

The Real Cause of Rheumatism

Like gravel or stone—the most dreadfully painful disease which has ever afflicted the human kind—rheumatism is the direct result of deranged kidneys, and the twanging pains of rheumatism are caused by the formation of small particles in the joints and muscles of the body. Whenever uric acid is left in the blood by inaction of the kidneys, deposits of uric acid are made in the kidneys and bladder, or in the joints and muscles. In the former case the disease is called gravel or stone, and in the latter rheumatism.

In acute or muscular rheumatism these deposits are usually in the muscles. In chronic rheumatism, in the joints, and hence the swollen knuckles of the hand and enlarged knee joints. The difficulty in treating rheumatism is to eradicate the uric acid from the blood and so remove the cause of the disease. Doctors usually try to bring relief and do not make an effort towards securing a permanent cure.

An Actual Cure for Rheumatism

To begin with, patient and persevering treatment is absolutely necessary for the cure of rheumatism. Hosts of people fly from one remedy to another and do not give any medicine half a chance to bring about beneficial and lasting results. While Dr. Chase's Kidney-Liver Pills are not claimed to be an absolute cure for every case of chronic rheumatism, it is a positive fact that they have cured scores of hundreds of people of this affliction, and will, we believe, cure any ordinary case whenever given a thorough test.

Dr. Chase's Kidney-Liver Pills do not act as a mere relief for rheumatism. Their action is thorough and far-reaching. They begin by setting the kidneys right and cleansing the blood of uric acid and other impurities which bring pain and disease. Gradually the uric acid is eliminated, the deposits are softened and dissolved and cure is not only thorough but lasting.

Relief from Pain

Though liniment alone can never cure rheumatism, still it is a great help in relieving pain and moving soreness and stiffness of joints. For this Dr. Chase recommends the following lini-

ment, known as Dr. Chase's Golden Oil, to be used in conjunction with Dr. Chase's Kidney-Liver Pills. While the pills are removing the uric acid from the system, the liniment, if well rubbed in, drives away the pain, soreness and stiffness. The prescription for Dr. Chase's Golden Oil is as follows: Gum Camphor, 2 ozs.; Oil of Organum, Hemlock, Sassafras and Tincture of Cayenne, each 1 oz.; Oil of Cajeput, Spirits of Turpentine, Chloroform and Sulphuric Ether, each $\frac{1}{2}$ oz.; best Alcohol, 1 pint. Mix and keep corked. In his Receipt Book Dr. Chase says: "I consider this liniment the best for general purposes (rheumatism, severe pains, etc.), that was ever made, and it is very strong."

Had Rheumatism, Not a Trace Left

Mr. S. Mann, Stittsville, Carleton Co., Ont., writes:—"I was afflicted with rheumatism, had severe pains in the knees, hip joints and across the back. Rheumatism remedies did not help me and I began using Dr. Chase's Kidney-Liver Pills, which have since completely cured me. There is not the least trace of rheumatism left, and I am no longer subject to biliousness, headache and stomach sickness which formerly attacked me frequently."

All Crippled Up with Rheumatism

Mrs. H. Wills, Chesley, Ont., says:—"My boy was all crippled up with rheumatism. Although we doctored, he was in this way for about one year; and the pain was terrible. Reading of many cases where Dr. Chase's Kidney-Liver Pills had cured rheumatism, we got a box. Before they were half gone he began to improve, and is now quite well. I am very glad to recommend them to others."

Our Consulting Physician

Mrs. Pursley, 130 Lippincott St., Toronto, says:—"I may say that Dr. Chase's Receipt Book has been the consulting physician in our house for years, as I have always been able to control any sickness amongst our children by using the receipts given in its pages. For the past few years I have suffered much with my kidneys, accompanied with severe pains in the back, almost unbearable at times. After using Dr. Chase's Kidney-Liver Pills for a time I am entirely restored to health, the pains in my back have left, and I feel better in every respect. It is a pleasure for me to add one more testimony to the grand reputation of Dr. Chase's remedies."

Severe Dyspepsia

Mr. Henry Robertson, St. Peters, Cape Breton, writes:—"My wife has been using Dr. Chase's Kidney-Liver Pills for dyspepsia, and though her case was a very severe one she has been entirely cured. For some months she was so bad that she could not eat anything that would agree with her stomach and experienced much distress after meals. She could not rest or sleep and suffered almost continually. Since being cured by Dr. Chase's Kidney-Liver Pills she can eat what she likes without harm and her digestive system seems to be in perfect working order. We consider this preparation the best medicine ever was for dyspepsia."

Itching, Burning, Stinging Eczema

And all the torturing and disfiguring Itching Skin Diseases are compelled to yield to the extraordinary antiseptic, soothing, healing influence of Dr. Chase's Ointment.

With the single exception of itching piles there is no form of itching skin disease so extremely painful and distressing as eczema, or salt rheum as it is sometimes called. A little poison from a sock or other garment is sufficient to give this disease a beginning, and its fires burn and rage with such fury as to almost drive one crazy. Only persons who have experienced the frightful itching, burning, stinging sensations of eczema can realize the miseries which it brings and the disappointment which comes with trying in vain to find a cure.

Mrs. Ann McDonald, Kingsville, Ont., states :—
“For about three years I was a great sufferer from eczema. At times the patches of raw, flaming flesh would extend from my waist to my neck and from the knees to the ankles. The intense itching almost drove me crazy, and though I tried all the local physicians, they could not even relieve the suffering. The flesh would crack open and I don't believe anyone ever suffered more than I did. I was told of Dr. Chase's Ointment but did not believe that it could help me. After the fifth application of this preparation I began to feel the benefit of its soothing, healing effects and now attribute a cure to the persistent use of this wonderful remedy. It is truly worth its weight in gold and I never tire of recommending it to other sufferers.”

Dr. Chase's Ointment

There is enough evidence in these offices to convince the most skeptical and prejudiced that Dr. Chase's Ointment is a positive and thorough cure for eczema. When the disease becomes chronic and set it is sometimes necessary to use ten or a dozen boxes, but cure is certain if the treatment is regular and persistent. There is no experimenting when you use Dr. Chase's Ointment. It has been tested and proven in thousands of cases of the most severe form. You can depend on it absolutely. Sixty cents a box, all dealers, or Edmanson, Bates & Co., Toronto.

The True Interpretation of Dreams

ABSENCE.—To see absent persons in your dreams is a certain sign of their return.

ACTRESS.—To see one play, misfortune; if you talk with her you will have success in what you undertake; if you make love to her your life will be joyful. If you dream that you enjoy her you will meet great troubles.

ALTAR.—To dream that you see an altar betokens your speedy marriage.

ANTS.—To dream of them shows covetousness. If they are winged, you will make a dangerous voyage or meet with an accident. The dream is good for farmers, ploughmen and public servants.

ANGEL.—To dream of an angel brings joyous tidings.

APPLES.—If you take them from the tree it signifies that you will be persecuted. If they are ripe and ruddy, and you eat them, it will bring much happiness. If they are sour, you will shortly quarrel with some one.

ARMY.—If victorious, good tidings; but if routed, you must prepare for misfortune.

ASHES.—Are significant of mourning.

BALLOON.—To dream of it shows that you will engage in many chimerical plans.

BALL.—To dream that you are at a ball, denotes that money will be left to you.

BANKRUPT.—A bad dream; your business is in a dangerous position, and without great care you will be forced to stop.

BANQUET.—To dream that you are at a banquet is a caution to avoid pleasures which may cost you dear.

BARN.—Filled with grain, a rich marriage; you will gain a lawsuit; it also signifies that you will live a happy life.

BARRELS.—Signify wealth if they appear full; if empty, poverty.

BASIN.—If you dream that it is full, money; if empty, you will make many debts.

BATS.—If black, you will quarrel; white, bring pleasure and happiness.

BATH.—To dream that you bathe in clear water is a sign that you will enjoy good health; if muddy, the death of relatives or friends.

BEAR.—If you are attacked by it, you will be persecuted by enemies; but if it is running, happiness is in store for you.

BED.—To dream that you are lying in bed, signifies that you are in danger; being in bed and not able to sleep, sickness; to see a stranger in your bed, brings quarrels in married life; a well-made bed, shows that you will become established in life.

BEDBUGS.—Bring strife.

BEER.—To drink it, trouble.

BEES.—They signify wealth and success in business; if they sting you, a friend will betray you.

BEGGAR.—To be a beggar, you may hope for wealth; to see many, sickness.

BELL.—Misfortunes for the person who hears it ring.

BET.—To dream that you bet with any one shows that you will suffer from your own imprudence.

(Continued on page 30)

My Head a Solid Mass of Sores

Mrs. James Bradley, Amberly, Huron Co., Ont., states: "I was afflicted with Eczema for over six months, and it was so bad that my head was a solid mass of scabs, and would ulcerate when scratched. The itching was intense. I could not stand it. I had doctored for four months, and it did not do me any good. I had to give up housework and go home to my mother. I tried nearly everything, but could get no relief. Seeing your advertisement in one of the Toronto papers, I decided to try Dr. Chase's Ointment.

"I got relief from the first application, and it only required one box and part of another to cure me. I am sure that Dr. Chase's Ointment is worth its weight in gold."

Chronic Eczema

Mrs. R. Stoddard, Delhi, Ont., writes:—"I was troubled with psoriasis or chronic eczema for twelve years; used many remedies during that time, but got no relief. Doctored with four or five doctors, but found no cure. I decided to try a box of Dr. Chase's Ointment, and before using half of the box, found great relief. I have used about three boxes, and am now completely cured, and have recommended it to many others. It is the best I have ever used, and it is worth its weight in gold."

Chafing, Burning, Itching Skin

Mr. M. A. Smith, Brockville, Ont., writes:—"I suffered many years with chafing, burning and itching of the skin, and never found anything to do me good or even give relief until I used Dr. Chase's Ointment. I would advise all sufferers, and especially bicycle riders, to always have it on hand."

Perfectly Raw from Toe to Knee

Mrs. Knight, 17 Hanover Place, Toronto, states:—"My mother, Mrs. Wright, of Norval, suffered for a summer and winter with eczema on her foot. She could neither walk nor sleep, and it became so bad that she was perfectly raw from her toes to her knees. After trying every available remedy without success, and almost hopeless of relief, she began using Dr. Chase's Ointment. She has altogether used eight or nine boxes, with the happy result that she is now completely cured. Anyone wishing further particulars can communicate with Mrs. Wright, Norval, Ont."

Baby Eczema

Mr. Andrew Aiton, Hartland, N.B., writes:—"My little daughter, Grace Ella Aiton, three and a half years old, has been a dreadful sufferer from eczema for three years. We tried many remedies, and several doctors were unable to help her. Her case was indeed a bad one. Her little body was covered with the itching rash, and she was getting worse, when our druggist, W. E. Thistle, of this town, recommended Dr. Chase's Ointment. Four boxes have entirely cured and saved our child. Her skin is now clear, and there is not a sign of the eczema which tortured her so long."

"I, Wm. E. Thistle, do hereby certify that I sold Andrew Aiton four boxes of Dr. Chase's Ointment which cured his daughter Grace Ella of eczema. (Signed) WM. E. THISTLE."

What Are Piles ?

Piles, or hemorrhoids, are small tumors which form in and about the orifice of the rectum. They are caused by an enlarged and inflamed condition of the veins, which are very numerous in this portion of the body. Internal piles are situated along the veins which carry blood from the intestines to the liver; External piles, on the veins which surround the mouth of the rectum.

Piles are of frequent occurrence among people who have a predisposition to rheumatism or gout. Such persons are subject to constipation, and to obstruction in the passage of blood from the intestines, the most common cause of piles. Congestion of the rectum, bladder and uterine organs, ovarian tumors, and nearly all diseases of the liver are followed by piles, and they are very common during pregnancy and immediately after child-birth.

Piles may be acute or chronic, and once they reach the latter stage are likely to last through life, unless they receive active and effective treatment.

In bleeding piles the hemorrhage is sometimes so profuse as to cause death.

Protruding piles are probably most dreaded, because it is commonly believed that a surgical operation is the only means of cure. As a rule piles become at times acutely inflamed and intensely painful. The itching and burning usually increase at night, and the misery which many people endure is beyond description.

The Cure of Piles

In directing your attention to Dr. Chase's Ointment as a cure for piles, we can do so knowing of a certainty that it is a thorough and perfect cure, which has been tried in the crucible of time and won the endorsement of the medical profession as well as that of the public generally. Judging from the unqualified commendation which it receives from the best people in the land, there can be no doubt whatever that it possesses most extraordinary merit and stands pre-eminent as the only actual and absolute cure for this wretched disease.

Dr. Chase's Ointment has a wonderfully soothing and healing effect, and wherever applied to burning, itching and inflamed skin it affords almost instant relief, cooling the fires of disease and healing the raw, ulcerous skin. It is antiseptic and cleansing,

and these features, combined with its marvellous curative qualities, go to make it the most successful ointment that the world has ever known.

The magical power which Dr. Chase's Ointment has over each and every kind of piles gives it mastery over this disease even in its chronic form, and it is not at all unusual to hear of this preparation curing where cruel, expensive and dangerous operations have failed. Words completely fail to express the admiration which scores of thousands of people feel for Dr. Chase's Ointment. Read the testimonials in this book, then try Dr. Chase's Ointment, and you will be certain to find yourself enthusiastic in its praises.

Cured of Itching Piles

Mr. John Harvey, Mayor of Arnprior, Ont., states:—"Only persons who have experienced the torture of itching piles can form any idea of what I suffered from this horrible disease. I was advised to try Dr. Chase's Ointment and can positively say that it has completely cured me. I had tried very many so-called cures for piles and can truthfully say that there is no remedy on the face of the earth like Dr. Chase's Ointment for this purpose. I would not be without it for any amount of money and can heartily recommend it to all sufferers, as it is the best thing I ever used."

15 Years of Agony from Itching Piles

Mr. Amos P. Fisher, of Somerset, Kings Co., N.S., a commercial traveller, well known throughout the Province, writes:—"It is a great pleasure to inform you that I have been cured of itching piles by using Dr. Chase's Ointment. I was bothered with the above malady for twelve years and suffered extreme agony at times. Thanks to Dr. Chase's Ointment I am completely cured, and would recommend it with fullest confidence to all suffering the torture of this terrible disease."

Bleeding Piles

Mr. F. G. Harding, retired farmer, living at Nilestown, Middlesex County, Ont., writes as follows:—"I have been troubled with bleeding and itching piles for four or five years, and suffered intense agony at times. I had tried almost everything, but could get nothing that would give relief. On hearing of Dr. Chase's Ointment I procured a box, and it only required part of it to completely cure me. I am recommending it to all afflicted as I was."

Constant Itching

Mr. F. Stokes, 116 Dunlop St., Barrie, Ont., writes:—"I was troubled with blind, itching piles for years and could get nothing to stop the constant itching. I was always in pain until a friend of mine told me of the wonderful cures Dr. Chase's Ointment had made among his acquaintances.

"I only used one box and am entirely cured. In gratitude for this marvellous cure and for the benefit of others suffering as I did, I send you record of my case."

DREAMS—Continued

BILL.—If presented to you, and you settle it, good luck; if you cannot pay, it signifies that you will be slandered.

BIRDS.—Are a good sign; they bring friends and fortune; to catch them, speedy marriage; to kill them, bad fortune.

BITE.—To dream that you are bitten foretells much jealousy and sorrow.

BLOOD.—To dream that you see blood, is a good sign; you will fall heir to an estate.

BOAT.—Seen in a clear stream, happiness; in muddy water, disgrace; if it is in danger of capsizing, trouble.

BOOKS.—To be reading serious books, shows honor and station in life; to read lascivious books, shame and disgrace.

BOOTS.—If they are new, success in love and business; if they are old, quarrelling and failure.

BOTTLES.—To dream of bottles is a good sign; to a man, success in business; to a maid, speedy marriage.

BOUQUET.—To receive one, much pleasure; to give one, signifies that your lover is constant.

BOY.—If a lady dreams that she is delivered of a boy, her life will be a pleasant one.

BREAD.—To eat wheat bread gives great gain to the rich, but loss to the poor; to eat rye bread is the reverse.

BRIDGE.—To pass one, shows success in life through industry; to fall from one, loss of business and disappointment in love.

BURNING.—To see, in your dream, one or more houses burning, but not wholly destroyed, signifies, for the poor, that they will become rich; and for the rich man, that his riches will be augmented.

BUSINESS.—To dream of being full of business is significant of some unexpected good fortune; to finish it marriage; if the business appears to be bad it is a good sign.

CAGE.—Without a bird, means imprisonment; with bird, liberty.

CAKES.—To see them made treachery; to eat them, for women, disappointment and loss of lovers and property.

CANDY.—To dream that you are eating candy, signifies that you will be a victim to falsehood and flattery.

CANDLE.—If it burns brightly, happiness; if the light be dim, misfortune; if you light it, success in what you undertake.

CANNON-BALL.—To see one, misfortune.

CART.—Its appearance indicates sickness; if you go upon it or move from it public disgrace and shame.

CARRIAGE.—To ride in one, success in love and riches; if it breaks down you will lose your lover.

CAT.—Signifies treachery of friends and disappointment in affairs of love.

CELLAR.—Signifies sickness and misery.

CHAINS.—To wear them, melancholy; to break them gives future happiness.

CHEESE.—Anger; to eat it, gain.

CHICKEN.—Its cooking is the sign of coming good news.

CHILD.—To see a child at its mother's breast, signifies severe sickness; but if the wife of the dreamer be pregnant, the child will be sickly. To see many children, and to talk with them, shows great losses for the dreamer.

(Continued on page 32)

Saved From a Painful Operation

Rev. S. A. Duprau, Methodist Minister, Consecration, Prince Edward County, Ont., states:—"I was troubled with itching and bleeding piles for years, and they ultimately attained to a very violent form. Large lumps or abscesses formed so that it was with great difficulty and considerable pain that I was able to stool. At this severe crisis I purchased a box of Dr. Chase's Ointment, but I had little or no faith in it, as I had tried various remedies before and to no purpose.

"Now, imagine how great and joyous was my surprise to find that just the one box cured me, so that the lumps disappeared and also the external swelling. I feel like a different man to-day and have not the least doubt that Dr. Chase's Ointment saved me from a very dangerous and painful operation and many years of suffering. It is with the greatest pleasure and with a thankful heart that I give this testimonial, knowing that Dr. Chase's Ointment has done so much for me. You are at perfect liberty to use this testimonial as you see fit for the benefit of others similarly afflicted."

Had Itching Piles, Could Scarcely Walk

Mr. George Thompson, a leading merchant of Blenheim, Ont., states:—"I was troubled with itching piles for fifteen years, and at times they were so bad I could scarcely walk. I tried a great many remedies, but never found anything like Dr. Chase's Ointment.

"After the third application I obtained relief, and was completely cured by using one box."

Bleeding Piles

Mr. Jas. Jackson, of the Laurie Spool Company, St. Alexis de Monts, Que., writes:—"You may put my name to any praise you can give to Dr. Chase's Ointment, for it has done me more good than any medicine I ever used.

"I was troubled for two years with that cruel disease, bleeding piles, and after using Dr. Chase's Ointment, I can say I am entirely rid of it. It is a treasure to all suffering from piles."

Mr. G. S. Breidford, Churchbridge, Assa., states:—"For some time I was a sufferer from bleeding piles, and besides the annoyance suffered much from the pain and itching. My doctor did everything in his power but utterly failed to cure me. I saw Dr. Chase's Ointment advertised as a cure for piles and began to use it. I can now say that it has entirely cured me, as every symptom of this terrible disease has disappeared."

Mr. James A. Bowles, painter and paper hanger, a member of the Council of Embro, Ont., states:—"For over fifteen years I was a victim of bleeding, protruding piles, and was so bad at times that I was forced to give up work. I suffered untold agony from the terrible itching, and they would protrude, causing the greatest misery.

In spite of all the remedies I used I could get no relief. At last I was advised to try Dr. Chase's Ointment. The first application gave relief, and after the third day the bleeding stopped. Two boxes cured me completely. I would not begrudge \$5 for a box. I have recommended it to all who suffer as I did."

Doctors Operated But Failed to Cure.

Tarbotvale, N.S., May 15, 1900.

DR. CHASE MEDICINE CO., Toronto, Ont.

Dear Sirs,—I received the sample box of Dr. Chase's Ointment, and it has done me a considerable amount of good. I am now enclosing payment for a large box of Dr. Chase's Ointment, which you will please send to my address.

I have had itching piles for four years and did not know of any medicine that would relieve me until last fall when I received a letter from my son in Winnipeg, who said that three doctors treated him and operated for piles, but failed to cure him. He now thanks God and Dr. Chase's Ointment for a perfect cure. He had piles in the worst form, and suffered terribly. He is now working hard every day, and does not feel any symptoms of piles returning. You are at liberty to use this letter for the benefit of others.

I am, yours truly,

DONALD MCLEOD.

Perfectly Cured of Piles

Mr. J. Wolfe, Arnprior, Ont., states:—"I have used Dr. Chase's Ointment for piles and can assure the public that there was never anything on the market to equal it. I was disappointed time and again when trying remedies for this ailment, and you can scarcely imagine my gratitude when I found that Dr. Chase's Ointment was an effective and thorough cure for this ailment. From the first application this magical ointment gave me relief and a few boxes perfectly cured me. Since being cured of piles I always keep Dr. Chase's Ointment in the house and find it useful in scores of ways as a treatment for every form of itching skin, chafing and skin irritation."

I Knew the Misery of Piles

W. E. Talbot, of Talbot Bros., tobacco merchants, 382 George St., Peterboro, Ont., states:—"It is from a desire to help other sufferers that I offer a statement of my experience with Dr. Chase's Ointment as a cure for itching piles. I was for a long time troubled with this unpleasant and torturing disease, and though I tried very many treatments, remained uncured until I came across Dr. Chase's Ointment. It was highly recommended to me and I find that every word of praise that is given to it is true. I can truthfully say that I am completely cured, and knowing the misery that this ailment produces, I am anxious for others to know of the surprising virtues of Dr. Chase's Ointment."

Suffered More than I Can Tell

Mr. W. D. Thornton, blacksmith, Calgary, N.W.T., states:—"For fifteen years I suffered untold agony from blind, itching piles, and can honestly say that I have spent \$1,000 trying different so-called cures, and have been under treatment with well known physicians in Orillia, Peterboro and Lakefield. I had 15 tumors removed, but obtained no positive cure.

"I have suffered more than I can tell, but can now say that, thanks to Dr. Chase's Ointment, I am positively cured, and by one and a half boxes. I consider this standard ointment worth its weight in gold."

Constipation a Cause of Piles

As there is nothing so conducive to piles as a sluggish and inactive condition of the liver and intestines, it is in most cases found desirable to use Dr. Chase's Kidney-Liver Pills along with Dr. Chase's Ointment in treating this torturing disease. The Ointment alone will cure the piles, and often permanently, but you can readily understand that if the veins are obstructed by constipation or a sluggish liver the result may be another attack of the piles.

When cured of a cold you do not expect to be proof against the evil results of sitting in a draft or getting your feet wet, and it is much the same with piles when they are caused by constipation and obstructed veins. To be certain of a permanent as well as a thorough cure, combine Dr. Chase's Ointment and Dr. Chase's Kidney-Liver Pills. You will then remove the cause of suffering as well as the suffering itself.

The Knife for Piles

In this age of marvellous advancement in surgical science and skill, doctors seem to have a mania for using the knife. Their interest in science and sometimes, possibly, in the profits it yields, leads them to recommend an operation time and again when more pacific and less expensive and dangerous methods could be employed. It is surprising how frequently operations for piles are advocated even at the present day, when doctors must know that any form of piles can be cured painlessly and at small expense by the use of Dr. Chase's Ointment.

Take for example the case of Rev. S. A. Duprau, of Consecon, Ont., whose testimonial you will find in another column. He was cured when doctors considered that nothing but a surgical operation would ever cure him. There are hosts of such cases in all parts of the country. Probably some of your own friends or neighbors have had similar experience. Ask them. Nine persons out of every ten can tell you of some case in which Dr. Chase's Ointment has worked wonders.

Mr. T. P. Whitman, Hawkestone, Simcoe Co., Ont., writes:—"I was a sufferer with piles for over two years, and tried several remedies, all of which failed. Seeing Dr. Chase's Ointment advertised I purchased a box and am now completely cured. It is now twelve months since I have had a symptom of piles."

DREAMS—Continued

CHOCOLATE.—To drink it foretells good health and a happy life.

CHURCH.—To dream of building a church, is a good sign to the dreamer; to enter one, you will receive a kindness from some one; to play in one, success and marriage.

CHURCHYARD.—Makes a happy life.

CIGAR.—To the man who smokes it, success; if it be not lit it signifies misfortune; if he light it he may hope.

CLIMBING.—If you climb a tree, you will rise to honor.

CLOUDS.—Signify disunion; light clouds, happiness; black clouds, misfortune.

CLOTHING.—Clothed in rags signifies mourning and trouble; to wear good clothes, a happy life; dirty clothes, disgrace; to steal clothing gives success in love and business. To wear clothing of many colors foretells disappointed hopes.

COFFIN.—To dream of a coffin, signifies that you will soon be married, and own a house of your own.

CONCERT.—To dream of being at a concert foretells the enjoyment of good health: to the sick, recovery.

CORN.—To see it blooming shows an increase of your family.

CORPSE.—A good sign you will soon be married.

CRADLE.—A child's cradle, many children; if the cradle be of green leaves, loss and sorrow.

CRAZY.—If a person dreams that he is crazy he will receive presents, and become rich and live many years.

DANCE.—To be at a dance shows success in love and friendship.

DANGER.—To dream of being in danger, shows success in life; to shun it, misfortune.

DISPUTE.—A bad sign, if you are in the wrong.

DOG.—To dream of a dog shows your friends are faithful.

DROWNING.—For a man to dream of drowning, brings happiness to him; for a female, a lover and happy marriage.

EARTHQUAKE.—To dream of, foretells sickness.

EGGS.—Mean happiness; to see many broken eggs is a sign of quarrelling and lawsuits; fresh eggs, good news.

ELOPEMENT.—Signifies an offer of marriage.

FAINING.—To dream of fainting shows you are wanton.

FALLING.—If you dream that you fall down, but rise again quickly, you will attain to much honor; but if, on the contrary, you remain where you fell, you will live obscure and in poverty.

FEAR.—To feel fear, signifies that you will be courageous in your waking moments; to dream of frightening others shows that your courage is weak.

FIGHT.—To see women fighting, signifies jealousy; men, sorrow.

FINGER.—A scalded finger signifies envy; a cut finger, grief; to see more fingers than five, shows new relatives.

FIRE.—If it is blazing furiously, danger and separation of friends; if it is extinguished, poverty. If a female makes a fire without much trouble, she will have fine healthy children; if she has much difficulty in kindling it, she will meet with shame and dishonor. If you burn yourself you will have a fever. A sparkling fire denotes money in abundance.

(Continued on page 34)

Painful Skin Eruptions

Mr. D. Lacasse, Arnprior, Ont., states:—"My little eight year old girl was troubled for some time with skin eruptions which were accompanied by frightful itching and burning. It was impossible to keep her from scratching the eruptions, they would bleed and get sore and painful and she suffered all sorts of misery. I heard about Dr. Chase's Ointment and am glad to say that this brought relief from the very first application. It stopped the itching at once, took away the soreness and quickly healed up the sores. I really think Dr. Chase's Ointment a wonderful remedy and hope that others will profit by this statement of my daughter's cure."

Severe Attack of Eczema

Mr. John S. Van Allan, Shirley, B.C., writes:—"I came here from Ottawa about ten years ago, and have made it a point to keep Dr. Chase's Remedies in the house. Dr. Chase's Ointment has proven of constant value, and two boxes of it have entirely cured me of a severe attack of eczema. I consider this Ointment a wonderful preparation."

His Face a Mass of Scabs

Mr. J. H. Stevens, harness maker, Seaforth, Ont., states:—"At the age of three months my son Arnold was attacked by baby eczema on his face, and in spite of all the doctors could do he kept getting worse until his face was a mass of scabs and would ulcerate when he would scratch. It was terrible to see him suffer, but we tried everything until we were discouraged. Hearing of Dr. Chase's Ointment we got a box and applied it, at once the child was relieved and went to sleep. The first box helped him so much that we got two, which completely cured him. At nine months his face was as well as could be. He is now fourteen months old and has a clear, clean skin and not a trace of eczema."

Itching Skin Eruptions

Mr. John A. Creech, Postmaster, Randwick, Simcoe Co., Ont., writes:—"I was a great sufferer from eczema or salt rheum. My hands and face were covered with itching skin eruptions, and though I used many different remedies I could get no relief. Finally I was recommended to try Dr. Chase's Ointment and am thankful to say that it has completely cured me. You may publish this for the benefit of others suffering as I did."

Poisoned Skin

Mrs. E. Tucker, 92 Pearl street, Hamilton, Ont., states:—"My husband suffered from a kind of skin disease on his leg and thinks he got it poisoned about three years ago. It was continually itching. He tried different remedies, but none did him any good. He procured a box of Dr. Chase's Ointment, and he experienced immediate relief and a speedy cure. He speaks most highly of the Ointment, and considers it a great remedy for all kinds of sores."

Mr. E. G. Langley, proprietor Central Hotel, Bridgewater, N.S., writes:—"I was a victim of itching piles for two years, and frequently had to leave my work as the itching tortured me so. I used six boxes of Dr. Chase's Ointment and though my case was a serious one it made a perfect cure."

Skin Tortures of the Little Ones

Baby Eczema, Scald Head, Salt Rheum, Prickly Heat, and all the Skin Rashes and Irritations of childhood are soothed and healed by Dr. Chase's Ointment.

Child life is in many instances rendered miserable because of itching skin diseases which usually have their beginnings during the nursing and teething period. If neglected they cling to the victim in later years, become chronic and defy all ordinary treatment. Dr. Chase's Ointment is so cleansing, soothing and healing that it is an ideal remedy for all such ailments. Mothers who have used it can scarcely speak too highly of its virtues.

Mrs. H. E. Probyn, of Georgeville, Que., writes as follows: "Eczema came out on my little boy's face when he was about two month's old, and lasted for about one year, when it was entirely cured by Dr. Chase's Ointment. Though we tried doctors and ointments of every description, it grew worse and spread into his hair and on his body. Then we saw Dr. Chase's Ointment advertised, and resolved to try it. After using one box and a half the Eczema entirely disappeared, leaving his skin free from scars and entirely smooth."

Mr. James Scott, 136 Wright avenue, Toronto, states:—"My boy Tom, aged ten, was for nearly three years afflicted with a bad form of Eczema of the scalp, which was very unsightly, and resisted all kinds of remedies and doctor's treatment. His head was in a terrible state. We had to keep him from school, and at times his head would bleed, and the child would scream with agony. For two and a half years we battled with it in vain, but at last found a cure in Dr. Chase's Ointment. About five boxes were used. The original sores dried up, leaving the skin in its normal condition. To say it is a pleasure to testify to the wonderful merits of Dr. Chase's Ointment is putting it very mildly."

Dr. Chase's Ointment

possesses a control over itching skin diseases which is not found in any other ointment. It relieves at once, gradually and naturally heals and makes the skin soft, smooth and velvety. For sale by all dealers or Edmanson, Bates & Co., Toronto.

DREAMS—Continued

FLAG.—If you see it waving, it signifies danger; if you bear it, honor and glory.

FLOUR.—Death in your neighborhood.

FLOWERS.—To see them in season, and of bright colors, signifies a pleasant and amorous life, to receive flowers success in love.

FORK.—Beware of flattery.

FRIENDS.—To dream of being among friends, to young persons signifies union; to laugh with them, quarrels.

FROG.—A frog is a sign of immodesty; frogs, flatterers.

FUNERAL.—If a person dream that he is buried alive, he will meet with much misery; if he follows a funeral it is a sign that he will be present at some grand entertainment or marriage.

GARTER.—Signifies weakness.

GARDEN.—Your fortune will be enlarged. To walk in one, joy.

GIFT.—To dream of receiving gifts, denotes good luck; you will marry the girl of your choice, and prosper in what you undertake.

GLOVES.—To dream of wearing good gloves, brings happiness; if the gloves are torn, many disappointments.

GOAT.—A white goat foretells unexpected gain; a black one misfortune.

GRAVE.—To dream of seeing one, signifies disappointment and sorrow; to a lover, loss of his mistress; to a maid, her sweetheart will forsake her.

HAIR.—Black hair, cut short, signifies misfortune; hair glossy, new friends; brown hair, solicitude and despondency.

HAND.—To dream of having white, handsome hands augurs good success in business, and the affection of relatives.

HAT.—If it is torn, shows that the dreamer's life is vicious.

HAY.—Accidents of a dangerous kind.

HIPS.—Strong hips signify healthy and handsome children.

HONEY.—Pleasure and a happy life.

HORSE.—To see horses in your dreams is systematic of good. If a woman dreams that she is mounted on a strong, handsome horse, it shows that she will marry a rich person, who will love her. To fall from a horse denotes misfortune and disappointment.

HUNGRY.—To be very hungry in your dreams, denotes that you will become rich and honored through your genius and industry.

INK.—Denotes that your expectations will be realized.

JEALOUSY.—To be jealous shows that you are betrayed.

JEWELS.—To dream of possessing jewels, shows that you will lose something you highly value. If you see jewels, and are tempted to take them, you are in danger of committing some disgraceful action.

JOY.—To be joyful in sleep is a forerunner of bad tidings.

KISS.—To kiss the earth shows sorrow and care; to kiss the hands of a lady, good luck; if you kiss her face, you will be successful in love and trade, through courage. To be kissed, signifies disagreeable visitors.

KNIFE.—To dream of knives foretells dispute and anger; to cut anyone with a knife shows disappointment in love; to be sharpening a knife signifies success in life.

(Continued on page 36)

An Ailment of Women

Of all the forms of itching skin there is probably none which causes more acute anguish than that which torments women at certain times. Especially during the expectant period there are few women who escape much suffering from itching piles and itching of the parts peculiarly feminine. At these times there is no greater friend of women than Dr. Chase's Ointment, for besides affording instant relief to the itching and smarting of the skin, it cures chafing and scalding and makes the skin soft, pliable and elastic.

Though we do not care to publish names of ladies who have written us regarding the incalculable value of Dr. Chase's Ointment as a treatment for itching peculiar to women we quote the following extracts from letters received and can assure you that they represent the opinions of thousands of women in Canada who have learned to prize Dr. Chase's Ointment and to keep it constantly in the house for the use of themselves and children.

Itching Peculiar to Women

Mrs. S., 16 Clinton St., Toronto, writes:—"Dr. Chase's Ointment has proved a wonderful remedy for me. It is the very best Ointment ever brought before the public for piles and the itching peculiar to women."

Suffered Intensely

Mrs. A. T. W., London, Ont., states:—"When suffering intensely from the itching peculiar to women a neighbor acted the part of a good Samaritan and gave me part of a box of Dr. Chase's Ointment. I must say that it gave me relief in a remarkably short time. Since that time I have never been without Dr. Chase's Ointment and find it of almost daily use for myself or children. As a food for the skin to keep it soft and smooth as well as a cure for itching skin Dr. Chase's Ointment is, I believe, without a rival."

A Very Bad Case of Baby Eczema

Mrs. A. McKnight, Kirkwall, Wellington County, Ont., writes:—"I feel it my duty to let you know what Dr. Chase's Ointment has done in a very bad case of eczema on our baby. We had tried any number of cures without any permanent relief, but from the hour we commenced using Dr. Chase's Ointment there was great relief, and the improvement continued until there was complete cure. We think it the greatest of family ointments."

Dr. Chase's Syrup of Linseed and Tur- pentine

Most mothers recognize the remarkable medicinal virtues of common turpentine and have proven its value in a dozen different ways. When all other treatments fail to cure throat and lung troubles the family doctor recommends his patient to go south to the turpentine forests in order to breathe the air which is impregnated with the fumes of turpentine.

Dr. Chase has succeeded in so combining turpentine with linseed, or flaxseed, and half a dozen other ingredients of especial value in the treatment of the throat and lungs, as to produce a cure for these ailments which has never been equalled or approached. While the turpentine is sharp and cutting and promptly loosens the cold, clears the throat and air passages, and aids expectoration, the linseed is soothing and healing, and the two combine with other ingredients to form the ideal medicine for diseases of the throat and lungs.

Dr. Chase's Syrup of Linseed and Turpentine has been so thoroughly tested in severe and chronic cases of asthma as well as for bronchitis, chest colds, whooping cough, etc., that it seems unnecessary to dwell on its merits. Throughout Canada it is recognized as one of the indispensable remedies in every home. It has indeed won its way to the hearts of the people and added to the admiration with which Dr. Chase is looked upon by all who have tested his remedies.

In a word let us warn you to be sure that Dr. Chase's portrait and signature are on the bottle you buy. There are other preparations of linseed put up in imitation of Dr. Chase's Syrup of Linseed and Turpentine. Druggists are in the habit of substituting their own preparations in place of Dr. Chase's. Be on your guard and insist on getting Dr. Chase's Syrup of Linseed and Turpentine, the tried and proven medicine.

Bronchitis

Mr. Wm. Davidson, St. Andrews, Que., states: "Dr. Chase's Syrup of Linseed and Turpentine has cured me of bronchitis. I have, without success, tried many remedies for the past six years. Last winter when I had a severe attack and was unable to work, I procured a bottle of Dr. Chase's Syrup of Linseed and Turpentine and am happy to state that the third bottle made me a well man."

Severe Bronchitis

Mr. W. R. Alger, insurance agent, Halifax, N.S., says:—"I used Dr. Chase's Syrup of Linseed and Turpentine for a severe attack of Bronchitis. Permit me to testify to its splendid curative properties. I got better from the time of taking the first dose. Having a family of young children, my doctors' bills have annually come to a considerable sum. I believe a bottle of Dr. Chase's Syrup occasionally will aid me in reducing them very materially."

Pains in the Chest

Aggravated by a Tight, Hacking Tearing Cough, Point to Bron- chitis, a Forerunner of Consump- tion—Dr. Chase's Treatment.

When it hurts to cough and when each long breath brings pain and a tearing, burn-ins sensation to the chest, you may be sure there is a deep-seated cold creeping along the bronchial tubes, towards the lungs. It is a common practice to neglect a cold until it is beyond the reach of medicine. It is on this account that consumption claims so many victims.

If you are anxious to obtain prompt and thorough relief for a cough, cold or any form of throat or lung irritation you should lose no time in procuring Dr. Chase's Syrup of Linseed and Turpentine, which is undoubtedly the most effectual treatment obtainable. While aiding expectoration, and clearing the throat and bronchial tubes, this preparation also heals the torn linings and allays the inflammation. Scores of thousands of families in Canada would not think of being without Dr. Chase's Syrup of Linseed and Turpentine in the house.

The approach of consumption is marked by loss of weight and general weakening of the system, and in order to fight off disease the body needs assistance such as is best afforded by Dr. Chase's Nerve Food, the great blood builder, and nerve restorative. Weakness and debility, from whatever cause they may be, are overcome by the wonderful upbuilding effects of this great food cure.

Many a case of consumption has been cured by this combined treatment. While the Linseed and Turpentine heals the inflamed parts the Nerve Food revitalizes and reinforces the constitution. You can rely on this combined treatment as most efficient in the cure of la grippe and as a preventative and cure for pneumonia and consumption.

DREAMS—Continued

KEY.—To lose it signifies hate and anger; to find a key, brings fortune and love.

LAMP.—To light one, signifies suffering and sorrow; if it be soon extinguished you will die young.

LAWSUIT.—To dream of being engaged in a lawsuit signifies the acquisition of solid friendship.

LAUGHTER.—Is a sign of tears.

LETTERS.—To write or receive them, good news.

LOOKING GLASS.—The sign of treachery.

MOON.—To see the moon foretells delay in receiving money due; if its light be dim and clouded, trouble; if it be dark, misfortune; bright, high honor.

LOVE.—To dream that you are enslaved by the love of a woman, shows a sorrowful life; not to return the love of a woman, success; to love a young girl, joy; a handsome woman, wantonness; to love an old woman, misery.

MARRIAGE.—To dream of being married, predicts much pleasure. To marry your sister, danger; a virgin, honor; a widow, losses.

MEDICINE.—To take medicine, foretells poverty; to give anyone medicine, gain.

MONEY.—To find money, mourning and loss; to lose money, good business; to see it without taking it, anger and disappointment; to count it, gain.

MOUNTAIN.—To see a mountain shows that you will travel to distant lands.

MOUTH.—A large mouth denotes riches; a small one, poverty; an open mouth, generosity; a mouth closed tightly, sickness.

NAILS.—Signify an attack on your character.

ORGAN.—To play it, the death of a relative.

OWL.—An owl is the sign of crosses and grief.

OYSTERS.—A good sign.

PEARL.—Solitude and tears.

PIGS.—Signify that there are sluggards who wish to live at your expense.

PIPE.—To break one, a quarrel; to smoke one, success.

PLOUGH.—To dream of a plough coming towards you denotes success in your enterprises; if going from you, embarrassments in business.

PORTRAIT.—Long life to one who dreams of his own portrait; but treachery to one who receives his portrait.

PRESENTS.—To receive them from a distinguished person denotes change of fortune for the better; a present from a man, signifies good advice; from a female, love; from a boy, trouble; to give a present shows ingratitude.

RAIN.—If it rains lightly and unaccompanied by wind, it is a good dream for workingmen. To dream of a storm, is bad for men of business. For the poor man it is a sign of better fortune.

RATS.—Secret enemies.

RICE.—Denotes abundance and increased happiness.

RING.—To receive one, friendship; to give a ring, confidence.

ROBBERS.—To dream of being attacked by robbers, shows loss of money or friends.

ROSES.—To see them, or to hold them in the hand, in their season, is an excellent dream; out of season, it is a bad sign.

RUN.—It is a good sign to dream of running, to run naked denotes infidelity in marriage; to run after an enemy, victory; to see many people running signifies quarrels.

(Continued on page 38)

Throat Consumption

The Beginning of the Deadly Malady Which Eventually Reaches the Lungs—How to Overcome this Insidious Disease While it is Amenable to Medical Treatment.

Inflammation of the throat and bronchial tubes, cough, weakness of voice, continual hawking and spitting, pain and difficulty in expectoration, loss of flesh, sleeplessness and general weakness of the system are indications of throat consumption, which is in most cases the starting point of what leads to consumption of the lungs and death.

It is the old story of catching cold after cold, one upon the other, until the system is weakened and depressed and the germs of consumption find an easy entrance. General as well as local treatment is absolutely imperative for diseases of this nature which attack the constitution and aim at the vital organs of the body.

To clear the throat, ease and loosen the cough and make expectoration easy, Dr. Chase's Syrup of Linseed and Turpentine is of incalculable value. It positively checks disease, and affords relief from the distressing symptoms which fasten themselves on the victim of our national malady.

Then it is that Dr. Chase's Nerve Food should be regularly and persistently taken to restore vitality to the system and prevent emaciation, loss of appetite, fever and the terrible night sweats which sap the life from the weakening body. You can fight off consumption by this combined treatment, and thousands of persons to-day are living witnesses of the wonderful efficiency of this treatment.

But the best way by far is to prevent the necessity of a deadly combat with consumption. Call a quick halt to the cough and cold by the prompt use of Dr. Chase's Syrup of Linseed and Turpentine. It is beyond all odds the most thorough and far reaching remedy ever prescribed for diseases of the throat and lungs.

Also remember as a positive fact that neither consumption, pneumonia nor any other constitutional disease can find its way to a system that is kept in full vigor and vitality by such a preparation as Dr. Chase's Nerve Food. By enriching the blood and rekindling wasted nerves it sends new life to every part of the body. It is the greatest preventative of disease that man has ever known, and is worthy of a trial.

Have a Care What You Give Baby

**For the Croup, Coughs and Colds—
Most Remedies contain Morphia—
—Why Morphia is Injurious.**

This note of warning is for parents who have been induced to use cough medicines containing morphia for the children, and who may not know the alarming injuries done by this poisonous drug.

Morphia soothes because it deadens the nerves. It not only deadens the nerves of the inflamed parts but acts directly and injuriously on the nerves of the stomach. If taken regularly for some time morphia absolutely ruins the stomach and the whole digestive system.

Nearly all cough medicines contain a large amount of morphia and are consequently decidedly injurious to babies and small children. They ruin the stomach and nerves.

There is only one remedy which can be strongly recommended for every one in the family, and that is Dr. Chase's Syrup of Linseed and Turpentine. It does not contain a single injurious ingredient, but is successful above all rivals as a prompt and absolute cure for croup, bronchitis, whooping cough, asthma and all coughs and colds.

Every mother knows of the wonderful medicinal value of turpentine and linseed, or flaxseed, along with half a dozen other ingredients just as simple and just as effective. These elements are so compounded as to make the most effective remedy ever discovered for cold weather ills.

Pleasant to the taste, prompt in action and simple, but effective beyond compare, Dr. Chase's Syrup of Linseed and Turpentine is of inestimable value in every household. It is to be found in the vast majority of homes in Canada and the United States, where it stands guard against pneumonia and consumption.

Severe Chest Cold

Mrs. J. Provost, Renfrew, Ont., states:—"My fourteen-year-old boy had a very severe cold in the chest last winter and I really thought he was going to die. He coughed nearly all the time and sometimes would spit up blood. We had about given up all hopes of his recovery when I heard of Dr. Chase's Syrup of Linseed and Turpentine. After using one bottle there was a great change in his condition, and I can positively say that he was completely cured by two bottles and has not been troubled since. I never saw medicine take such quick effect and can sincerely recommend it."

Nasty, Hacking Cough

Mr. W. A. Wylie, 57 Seaton Street, Toronto, states:—"My little grandchild had suffered with a nasty, hacking cough for about eight weeks when we procured a bottle of Dr. Chase's Syrup of Linseed and Turpentine. After the first dose she called it "honey" and was eager for medicine time to come around. I can simply state that part of one bottle cured her and she is now well and as bright as a cricket."

Bronchial Pneumonia

Mrs. F. Dwyer, of Chesterville, says:—"My little girl, of three years, had an attack of bronchial pneumonia. My husband and I thought she was going to leave the world as her case resisted the doctor's treatment. I bought a bottle of Dr. Chase's Syrup of Linseed and Turpentine from our popular druggist, W. G. Bolster. After the first two or three doses the child began to get better, and we are thankful to say is all right to-day after seven weeks' sickness."

Whooping Cough

Mr. E. Hill, fireman, Berkeley St. Fire Hall, Toronto, says:—"I desire to say in favor of Dr. Chase's Syrup of Linseed and Turpentine that one of my children was promptly relieved of whooping cough, and as long as obtainable will not be without it in the house, nor use any other medicine."

Coughs and Colds

Mrs. Gould, 279 Euclid Ave., Toronto, states:—"I can speak with confidence of at least two of Dr. Chase's remedies. I refer to Dr. Chase's Syrup of Linseed and Turpentine and Dr. Chase's Catarrh Cure. The first named I believe to be the finest medicine for coughs and colds that can be had, and particularly for children.

My husband with a few treatments of Dr. Chase's Catarrh Cure has entirely rid himself of an irritating cold in the head. I shall be pleased to recommend these remedies to my friends and to any one requiring."

DREAMS—Continued

SCHOOL.—To dream of being in one, an increase of knowledge; to go into one modestly; to bring your children into school, shows that you will set them a good example.

SCISSORS.—Signify quarrels between lovers, disputes of married couples and trouble in business.

SHEEP.—To see them is a sign of consolation; if you see them sleeping or dead, you will have sorrow.

SHIP.—To dream you are sailing in a ship, in fair weather, pleasure and security in business; if it be stormy, bad fortune. To be in danger of shipwreck, shows insecurity of property; but to a prisoner, it indicates speedy release. The tackle and sails of a ship, foretell heavy losses from debtors and agents.

SHIRT.—To dream of wearing a clean shirt foretells happiness; if the shirt be torn, your hopes will be disappointed.

SHOES.—To dream of new shoes, fortune; to lose your shoes, poverty.

SICKNESS.—Loneliness and imprisonment.

SINGING.—For a man to dream of singing brings hope; to a woman, sorrow.

SLEEPLESSNESS.—To dream that you cannot sleep is a sign of mourning.

SNAKE.—A snake signifies injury by act of a man, or treachery from a woman.

SNOW.—To see it fall, obstacles.

SOAP.—Signifies trouble in business, but it will soon depart.

SORROW.—To feel much sorrow in a dream means unexpected joy.

STARS.—Brightly shining, show happy success; dim, trouble; seen over a house, danger of death in the family; a star falling from heaven, quarrels with a friend.

STOCKINGS.—To dream of cotton stockings foretells moderate happiness; of silk, poverty.

STORM.—Great danger.

STOVE.—A sign of wealth if there be a fire in it; but if cold, a sign of poverty.

TALKING.—If you dream that you talk much you will be exposed to some malicious plans; if you hear much talking around you, be careful of your neighbors.

TEARS.—Consolation.

TRAVEL.—On foot, denotes embarrassments and delays in what you undertake or hope for; on horseback, good fortune; in a wagon, change of fortune for the better.

TWINS.—To dream of having twins brings good news.

UMBRELLA.—Momentary good fortune.

VEIL.—Pretended modesty.

WAGON.—To dream of a wagon you will surely have some good fortune.

WALKING.—To be fatigued in walking denotes much trouble; to be walking in dirty places shows infidelity in the married state.

WANT.—To dream you are in want signifies riches.

WAR.—Signifies trouble and danger. To dream you go to war foretells good news.

WASHING.—To be washing signifies a happy event.

WATCH.—To dream of having a watch is a warning to be careful how you spend your time.

WAVES.—Signify to a maiden you will receive the attentions of a dishonest lover.

(Continued on page 40)

You Can Outlive Consumption

Carefully prepared statistics show that consumption is curable in about 60 per cent. of all cases. It is not the mere fact that the lungs are touched by consumption that causes death. It is the amount of lung tissue that is diseased and destroyed that is of serious moment. If the forces of life are reinforced before it is too late, the process of waste and decay will be conquered and the patient will get well.

In his Receipt Book, Dr. Chase tells of Professor Day, of Yale College, being cured by the use of iron, when a young man. He used iron for two years, was entirely cured, and lived to be ninety-five years old. As iron and several of the most valuable tonics to be found in nature are combined in Dr. Chase's Nerve Food, it is undoubtedly the most effective body strengthener available. It does not cure in any magical way, but gradually and certainly builds up the system until it has vigor to overcome consumption and all wasting disease. It takes time and persistent treatment to cure consumption, but life is worth saving and the regular use of this preparation will finally cure the majority of cases of consumption.

Almost Consumption

No remedy of avail until Dr. Chase's Syrup of Linseed and Turpentine effected a complete Cure.

The common beginning of consumption is a neglected or uncontrollable cold. Here is the example of a cold which ran on and on because no remedy would reach the spot to effect a cure. Fortunately Dr. Chase's Syrup of Linseed and Turpentine was used, and promptly effected a complete cure.

Mr. J. J. Dodds, of Pleasant Ave., Deer Park, Ont., writes:—"I have suffered in my head and throat and all over my body since last summer from a very heavy cold, which I could not get rid of. I have tried several of what are considered good remedies, but none seemed to be of any avail. I began to think that my cold was developing into consumption, as very many have to my knowledge. I am thankful now to say that Dr. Chase's Syrup of Linseed and Turpentine has worked a complete cure, as I am now entirely free of the cold."

Mr. Thomas Davis, Portland Street Fire Hall, Toronto, says:—"One of my children is subject every winter to a croupy cough, and on recommendation of a friend we used Dr. Chase's Syrup of Linseed and Turpentine. The result was relief after the first dose and a cure by one bottle."

• TORONTO ONT

However careful people are in other medicines there is a tendency to accept any remedy for coughs and colds. And yet, when you come to think of it, there are no diseases more fatal than those which develop from simple colds. It is now well known throughout this continent that there is no preparation quite so prompt and thorough in the cure of coughs, colds, bronchitis, whooping cough, asthma and similar ailments as Dr. Chase's Syrup of Linseed and Turpentine.

There are other preparations of linseed put up in imitation of Dr. Chase's Syrup of Linseed and Turpentine, and consequently it is necessary for you to be careful in buying. To protect you we show here a cut of wrapper bearing portrait and signature of Dr. A. W. Chase. Be certain that these appear on the bottle you buy, and do not let any druggist persuade you to take a substitute or imitation. You can be certain of beneficial results from Dr. Chase's Syrup of Linseed and Turpentine, the tried and proven medicine. With other remedies it is a matter of experiment.

Dr. Chase's Syrup of Linseed and Turpentine has for years had by far the largest sale of any remedy for throat and lung troubles. Nearly every dealer has it for sale. 25 cents a bottle, size of wrapper shown here. Family size, three times as much, 60 cents. It cannot be sent by mail. Edmanson, Bates & Co., Toronto.

INSIST ON GETTING
Dr. Chase's

DREAMS—Continued

WEEPING.—To dream one weeps and grieves is a sure sign of pleasure.

WEDDING.—A sign of a funeral; to dance at a wedding, sickness.

WHALE.—Some danger threatens you.

WIND.—To dream you hear the wind blow denotes sickness. To be caught in a gust of wind denotes fright. To dream of a windmill you will experience some loss.

WOODS.—To dream of hiding yourself in the woods shows you are in danger.

WRITE.—To dream of writing a letter foretells good news; a bill, an accusation.

YACHT.—Signifies distress; to the sailor a stormy voyage.

YOUNG MAN.—Augurs but little good to the dreamer.

Bronchitis and Asthma

Mrs. [G. H. Reid, North Augusta, Ont., says:—“The greatest seller in my store to-day is Dr. Chase's Syrup of Linseed and Turpentine. To the virtues and results of it I can truthfully say the following: Being troubled with bronchitis and asthma for a long time, have tried several remedies, but all failed to touch the spot until I tried Dr. Chase's Syrup of Linseed and Turpentine. I got relief from the first bottle. I can highly recommend it to all humanity suffering from throat or lung troubles. And you are at liberty to use this testimony as you see fit.”

Croup Absolutely Cured

Mr. J. R. Robinson, 37 Bishop Street, Toronto, says:—“Dr. Chase's Syrup of Linseed and Turpentine absolutely cured two of my children of croup. Both my wife and myself have utmost confidence in it. This remedy is no stranger in our home, having frequently been used before with the greatest success.”

A Hacking Cough

Mrs. Carkiff, 743 Gerrard Street East, Toronto, states:—“It affords me much pleasure to testify to the excellence of Dr. Chase's Syrup of Linseed and Turpentine and Catarrh Cure. About a month ago I was attacked by a hacking cough, which was so distressing that I was almost racked to pieces by its violence. I saw Dr. Chase's Syrup of Linseed and Turpentine highly recommended for coughs like mine, purchased a bottle, and since using it have been entirely cured of the cough and its distressing effects. We have found Dr. Chase's Catarrh Cure equally beneficial for colds in the head and any obstruction of the nasal passages. They are both splendid preparations and too much cannot be said in their favor.”

Croup and Cough

Mrs. F. W. Bond, 20 Macdonald Street, Barrie, Ont., says:—“Having tried your medicine, my faith is very high in its powers of curing cough and croup. My little girl has been subject to the croup for a long time, and I found nothing to cure it until I gave Dr. Chase's Syrup of Linseed and Turpentine. I cannot speak too highly of it.”

Have You Asthma?

A Severe Case of Chronic Asthma Which Would Yield to no other Treatment—cured by Dr. Chase's Syrup of Linseed and Turpentine.

The symptoms of Asthma are keenly distressing and are not easily confused with those of any other ailment. The victim is suddenly aroused by an intense anguish in the chest, the breathing is accompanied with a loud wheezing, the face becomes flushed and bathed in perspiration, he gasps for air, believing for hours that each moment may be his last, the patient usually falls asleep to arise next day, weak, languid and debilitated.

Dr. Chase's Treatment for Asthma consists in the combined use of two of his remedies, Dr. Chase's Syrup of Linseed and Turpentine and Dr. Chase's Nerve Food. Asthma is a nervous disease and the attacks are brought on by some irritation of the nerves along the air passages. These nerves are soothed and quieted and immediate relief afforded to the patient by the use of Dr. Chase's Syrup of Linseed and Turpentine. In fact Asthma is frequently thoroughly cured by the use of this treatment alone as is evidenced by the testimonial quoted below.

In most cases however it is found advisable to combine the two remedies, Dr. Chase's Syrup of Linseed and Turpentine and Dr. Chase's Nerve Food. The former is a local treatment acting directly on the bronchial tubes and air passages, and the latter is a nerve restorative to build up and strengthen the whole nervous system. It is confidently believed that there is no treatment extant that is so perfectly successful in the cure of Asthma as the combined use of these two great remedies.

Mrs. George Budden, Putnamville, Ont., says:—“I feel it my duty to recommend Dr. Chase's Syrup of Linseed and Turpentine, as I had the asthma very bad; could get nothing to do me any good. A friend of mine persuaded me to try this remedy, as he had tried it and it proved successful. I tried it and it cured me. I am thankful to-day to say I am a well woman through the use of this remedy. I keep it in the house all the time and would not be without it.”

Sore Throat

Mr. J. Starr, 26 Scollard Street, Toronto, says:—“To my mind, as a cure for sore throat, Dr. Chase's Syrup of Linseed and Turpentine cannot be beat. Both my wife and self had bad sore throats when I procured a bottle of the Syrup. It cured us both. It has wonderful healing power.”

Dr. Chase's Catarrh Cure

There are two important points in which Dr. Chase's Catarrh Cure differs from all other treatments for this insidious and treacherous disease. In the first place it is wonderfully quick in clearing the air passages of the head and relieving the pressure that causes headache and a stuffed up feeling. Secondly, Dr. Chase's Catarrh Cure is perfectly free from cocaine and all other dangerous and harmful drugs as is proven by the certificate of Dominion Analyst Thomas Hayes which appears in another column.

Not only is the action of Dr. Chase's Catarrh Cure cleansing and antiseptic but also healing and curative in a remarkable degree. By means of the improved blower the remedy is sent directly to the seat of the disease in such a way as it is impossible to send liquid preparations. It heals the ulcers on the membranous linings of the nose and throat, stops droppings into the throat and gradually and certainly cures catarrh.

You need not fear to use Dr. Chase's Catarrh Cure just as often as you feel the need of it. At first it may seem a little strong and burning but it will not injure the most tender linings of the internal organs. It can be used for children as well as grown people and is certain to prove beneficial whether for cold in the head or chronic catarrh. If you are skeptical and not inclined to believe even after reading these grateful letters from cured ones, the first application of Dr. Chase's Catarrh Cure will convince you that it possesses most remarkable curative value.

The Cocaine Habit Worse than Death

As a destroyer of mind and body there is probably no drug more effective than cocaine. When morphine and opium have ceased to have any influence on the brain and nervous system cocaine is resorted to and in all large cities are found dens and drug stores where cocaine fiends are supplied with the drug that eats out their life and makes them wrecks—mental, moral and physical wrecks.

Strange to say the cocaine habit is most frequently formed by using catarrh remedies containing this deadly drug. Gradually the

desire for cocaine grows on a person until he can scarcely live without it and would sacrifice family, home and friends to obtain it. On account of the frightful effects of this ingredient nine-tenths of the catarrh remedies are prohibited from entering Ohio and several other States of the Union.

Dr. Chase's Catarrh Cure is the most successful remedy for catarrh ever offered for sale, but it does not contain a single grain of Cocaine or any injurious drug, as is evidenced by the following certificate of purity from Dominion Analyst Hayes, of Toronto:—

"I have made an examination of Dr. A. W. Chase's Catarrh Cure for Cocaine and any of its compounds, from samples purchased in the open market, and find none present."

(Signed) THOMAS HAYES,
Analytical Chemist, Toronto.

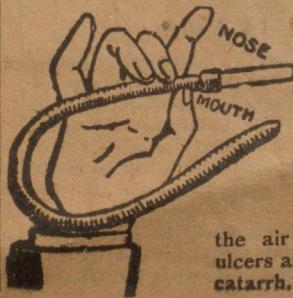

Droppings in the Throat

Mr. James Kennedy, an old and esteemed resident at 101 Nassau St., Toronto, states:—"I have been troubled with catarrh of the nose and throat for several years, which would not yield to any of the many treatments I have tried. I heard Dr. Chase's Catarrh Cure highly spoken of and began to use it. I can now testify to its great merits as 'the only remedy,' for, since using it, the distressing hacking has left me, the running at the nose has ceased, and I am not now troubled with any droppings in the throat as formerly. I feel better in every way, and can, without the slightest hesitation, recommend Dr. Chase's Catarrh Cure to be what its name implies—a cure.

Catarrh Specialist

Mr. James Spence, Clachan, Ont., says:—"I have been a sufferer from catarrh for fifteen years, which became chronic. I have spent a lot of money and consulted several doctors, among others a specialist in London. I have tried everything I could hear of or see advertised, without doing me any good. But, thanks to Dr. Chase's Catarrh Cure, I am completely cured after using three boxes of it. I recommend it to anyone suffering from catarrh."

The Blower

This cut represents the improved blower which is given free with every box of Dr. Chase's Catarrh Cure. It sends the medicine with its cleansing, healing and soothing influence to the very seat of disease, clears

the air passages, heals the ulcers and absolutely cures the catarrh.

Catarrh

The scourge of our cold climate and the forerunner of deadly consumption to which it inevitably leads.

Catarrh is in reality an inflammation. The blood vessels of the part affected increase in size, there is an unusual flow of liquid and a casting off of some part of the membrane itself, causing a thick, ropy discharge. The cause of catarrh is usually exposure to cold or sudden change of temperature and the inflammation set up may attack the membranous lining of any part of the body. With some it is the nose or throat and with others it is the lungs, stomach, liver or kidneys that become diseased. On account of being more readily exposed to cold, the nose and throat are usually the points where catarrh has its beginnings. The inflammation set up in these organs follows the membranous lining into the lungs or stomach, where it becomes known as consumption and catarrh of the stomach or it may continue its course until the liver, kidneys and intestines are inflamed and diseased.

If people could but realize the proportion of cases of catarrh that eventually lead to consumption, there would be less neglect of this insidious and treacherous disease. True, it begins with a mere cold in the head, and although frightfully common in this cold, Northern climate, is undoubtedly the cause of a surprising number of deaths. It is folly to talk of reducing the death rate from consumption, so long as catarrh, the starting point of consumption, is neglected. Any case of catarrh can be cured if taken early enough by the regular use of Dr. Chase's Catarrh Cure. When the disease becomes chronic, has permeated the whole system, and weakened and debilitated the body, this preparation used along with Dr. Chase's Nerve Food, forms a treatment of unparalleled merit.

Catarrh for 14 Years

Mr. Fred. Ivey, specialist in boots for cripples, 170 Bay Street, Toronto, writes:—"I commenced doctoring for catarrh 14 years ago, and during that time have spent hundreds of dollars unavailingly. I feel bound to say in justice to Dr. Chase's Catarrh Cure that I have received more benefit from it in the short time I have been using it than in all other treatments combined. I am being rapidly cured and am confident that the cure will be permanent. One time I agreed to pay a specialist \$100 if he could cure me, but he failed to do what Dr. Chase's Catarrh Cure has done."

System Ravaged by Catarrh

Mr. W. H. La Blance, Bonfield, Ont., writes:—"I was a sufferer from catarrh for fifteen years and could not get cured. The disease had so ravaged my system that I was nervous and very weak. I am now thankful to say that I believe I am thoroughly cured by the use of Dr. Chase's remedies. The Catarrh Cure cleared out my head and healed the catarrh, while the Nerve Food built up and strengthened my body. This is in my opinion the ideal treatment for catarrh, and I shall willingly answer any enquiries as to my cure."

Catarrh and Deafness

Mr. Henry A. Pancott, 1 Wellington Avenue, Toronto, states:—"I have been seriously afflicted with catarrh of the nose and throat the whole of the fifteen years I have lived in Toronto, and in fact was doctoring for it before I left the old country. The disease developed deafness in the left ear, and I had almost entirely lost the sense of smell.

Notwithstanding the use of many remedies and repeated hospital treatment, I can truthfully say I was never really benefited until I used Dr. Chase's Catarrh Cure. It is the only remedy that enabled me to clear my nostrils of the hard and offensive mucus that gathered there.

My case was a bad one, and it required six boxes of Dr. Chase's Catarrh Cure to conquer it. After many disappointing failures it is gratifying to find so grand a remedy. I believe it will cure any case of catarrh in the country."

Catarrh

Mr. B. A. Bastien, of Bastien Bros., real estate agents, 60 St. James Street, Montreal, Que., says: "I have used Dr. Chase's Catarrh Cure, and am happy to be able to certify that I found it to be excellent. After having followed the directions for several weeks, I am completely cured."

Entirely Cured

Mrs. Brown, 39 Vanauley Street, Toronto, says: "My son, James, aged 19, had every symptom of catarrh rapidly developing. He complained of a choked-up feeling, his nose frequently bled, and was stopped up, besides which he had a lump growing on the side of his nostril. I fortunately saw Dr. Chase's Catarrh Cure advertised, and got some for him." Speaking for himself, the son said: "I have only used part of one box, and all the symptoms have entirely disappeared. I am as well as ever. The swelling has gone down and I can breathe properly. I believe I am entirely cured, and shall recommend Dr. Chase's Catarrh Cure to my friends and acquaintances."

Bad Breath and Headache

Miss Angeline Banffard, teacher, St. Joseph de Beauce, Que., writes:—"Dr. Chase's Catarrh Cure has proved of great benefit to me. I had bad breath and my head was choked and frequently ached. These distressing symptoms of catarrh have disappeared, and I can fully recommend Dr. Chase's Catarrh Cure as an excellent remedy."

Catarrhal Consumption

Catarrhal Consumption is of local origin from neglected catarrh, bronchitis and severe colds. It is not inherited, can always be prevented and frequently cured by prompt and persistent treatment. As a local treatment to cure the catarrhal ulcers on the mucous membrane which leads from the nose and throat to the lungs, Dr. Chase's Catarrh Cure should be used regularly at least twice a day until the ulcers are healed and the catarrhal symptoms disappear.

If it is bronchitis or severe chest cold that is developing into Consumption the local treatment should be Dr. Chase's Syrup of Linseed and Turpentine, which loosens the tightness in the chest, allays inflammation and aids expectoration. As a preventative to Consumption and as a relief for the cough which invariably accompanies Consumption Dr. Chase's Syrup of Linseed and Turpentine is simply invaluable. It is far superior to many remedies that are said to be absolute cures for Consumption.

As a general treatment to put the system into possession of such vigor as to war successfully against disease, Dr. Chase's Nerve Food should be taken regularly and persistently for many months, until every trace of weakness has left.

Catarrh of Nose, Throat and Stomach

Mr. Oswald Burkhardt, shoemaker, 159 Portland Street, Toronto, says:—"I can add a few words of praise to Dr. Chase's Catarrh Cure for personal benefits received, and gladly do so. For nine years I have been a sufferer from Catarrh in the nose, throat and stomach, with little hope of even temporary relief. I tried remedies of all kinds, and doctored until I became a poor man. I was recommended to try Dr. Chase's Catarrh Cure, and since doing so, conditions have much changed with me, and I can declare right here that Dr. Chase's Catarrh Cure is the only remedy that has ever been able to reach my disease and do me good. Before using it I was in a state of misery, but now I can work with some pleasure and am wonderfully improved. I recommend it, fearless of contradiction, as the best catarrh remedy before the public."

Burnt His Throat For Catarrh

Mr. Thomas Squirrell, 214 Bay Street, Ottawa, Ont., states:—"I was afflicted with a very severe form of catarrh for nine years, and was so bad that the doctors gave me up to die of consumption. A careful, systematic use of Dr. Chase's Catarrh Cure brought about a complete change. I no longer have any hacking and spitting, and am perfectly cured. The doctors burnt out my throat three times for this disease."

Children Have Catarrh

As they grow older it leads to Consumption and an Early Death.

For the beginning of consumption, which claims as its victims the young men and women, we must go back to childhood, when the careless boy or girl contracted a "cold in the head" as the result of wet feet or exposure to cold and dampness.

A cold in the head very soon develops into chronic catarrh, and neglected catarrh just as readily becomes consumption.

Mothers are learning to save their dear ones by using Dr. Chase's Catarrh Cure, the only catarrh remedy which can be used successfully for children.

The improved blower which is given with each box of Dr. Chase's Catarrh Cure is so simple that a child can use it, and so effective in sending the preparation to the diseased parts that relief is prompt, and permanent cure is effected in a short time.

The right time to use Dr. Chase's Catarrh Cure is when there is a cold in the head. A small quantity will soon cure a cold in the head, clear the air passages and prevent further trouble and danger.

If the child is too small to use the blower the mother should blow the remedy into the nostril. The result cannot possibly be otherwise than beneficial. Relief will be prompt and lasting.

Heed the warning of mothers who have neglected "cold in the head" in their children, and afterwards followed them to consumptive graves. Save the children while it can be so easily done by this popular treatment.

Mrs. R. Gillis, wife of the headmaster of the public school, Havelock, Ont., says:—"Our little boy has had catarrh in the head so badly as to make breathing difficult. We have tried a number of remedies, but found nothing satisfactory until we tried Dr. Chase's Catarrh Cure, one box of which gave immediate relief, and we intend using another box to make a permanent cure."

Domino Fortune Teller

New Method by means of which the Future may be read

Dominoes are used, and shuffled face downwards. Then five are drawn, and the fortune reads after the following rules:—

- Double-six denotes receipt of money, will be very rich.
- Six-five denotes amusement and success.
- Six-four denotes early marriage and much happiness.
- Six-three denotes constancy and affection.
- Six-two denotes orderly, economical and industrious.
- Six-one denotes will marry twice, rich in old age.
- Six-blank denotes will learn of death of a dear friend.
- Double-five denotes will be very lucky in everything.
- Five-four denotes will marry poor.
- Five-three denotes ample means and eventual wealth.
- Five-two denotes unfortunate love affair.
- Five-one denotes an invitation to an enjoyable affair.
- Five-blank denotes avoid gambling and games of chance.
- Double-four denotes lucky to lovers, farmers and laborers.
- Four-three denotes neither riches nor poverty.
- Four-two denotes a change in your circumstances.
- Four-one denotes you will be childless but rich.
- Four-blank denotes quarrels and separations, never marry.
- Double-three denotes immense riches.
- Three-two denotes fortunate in love, marriage and business.
- Three-one denotes not favorable.
- Three-blank denotes your sweetheart is deceitful.
- Double-two denotes thrifty and successful, moderately rich.
- Two-one denotes a life of luxury, but never marry.
- Two-blank denotes poverty and bad luck.
- Double-ace denotes constancy in love and marriage.
- Ace-blank denotes travel in great luxury.
- Double-blank denotes selfish, miserly and heartless.

Ideal Treatment for Catarrh

Though we firmly believe that there is no preparation extant which affords such prompt relief and cure for the distressing symptoms of catarrh as Dr. Chase's Catarrh Cure, we recognize the necessity in the majority of cases of a general treatment to rebuild the wasted tissues, and consequently desire to emphasize the importance of using Dr. Chase's Nerve Food along with Dr. Chase's Catarrh Cure. This is the ideal treatment for catarrh, because while

the Catarrh Cure clears and purifies the choked up air passages, relieves the pressure which causes headache, and heals the catarrhal ulcers on the membranous linings, the Nerve Food enriches the blood, tones up the system and enables the constitution to entirely throw off the disease.

This combined treatment has proven so remarkably successful in scores of hundreds of chronic cases that we can, with unusual confidence, recommend it to all sufferers from catarrh. In this country more people are subject to catarrh than to any other disease. It is the easiest thing in the world to call catarrh "cold in the head" and to neglect treatment with the fond hope that the disease will gradually wear away. Unfortunately such is not the case. Each fresh cold adds new impetus to the disease, and slowly, but certainly, it fastens itself on the system until it becomes chronic and gradually eats out the life of its victim.

In the combined use of Dr. Chase's Catarrh Cure and Nerve Food you will find the most thorough and effective treatment that was ever devised for catarrh. Relief is prompt and thorough and the cure lasting.

Stealthy as a Snake's Bite

Scores of thousands of people on this North American continent are helpless, hopeless victims of Catarrh. Slowly, stealthily, insidiously it fastens itself upon one like a deadly, poisonous serpent and is just as fatal in its results. If people who stand aghast at the very name of consumption would but remember that consumption is but a further development of catarrh—catarrh of the lungs—there would be fewer neglecting to rid themselves of catarrh, a disease which can be readily cured in its earlier stages by Dr. Chase's Catarrh Cure.

You don't need to wait long to see the benefits of Dr. Chase's Catarrh Cure. Almost as soon as used it clears the choked up air passages of the head, relieves the pressure on the brain which causes headache, cleans out the eustacheon tube which produces deafness, and when used regularly it cures Catarrh thoroughly and well. Its cleansing, antiseptic healing qualities have never been equalled and it is without doubt the most satisfactory treatment for Catarrh that the world has ever known.

When the Liver ... Goes Wrong

Upon the liver more than upon any other organ of the body depends the general health. Physicians are accustomed to call the liver the governor of the body so important is its controlling influence. Once the liver fails to filter the poisonous bile from the blood there is a clogging and poisoning of the whole systems of circulation and digestion. The more fully you realize the importance of the liver the more you will appreciate the far reaching effects of Dr. Chase's Liver Cure.

Dr. Chase's Liver Cure is not recommended as a cure for any disease that is not the direct result of a disordered liver. If, however, your liver is sluggish or defective, if you have a yellow complexion, pain in the shoulder, oppression about the stomach, bitter taste in the mouth, sick headache, liver spots, cold hands or feet, irregular bowels, or depressed spirits, Dr. Chase's Liver Cure will perfectly regulate the liver and thoroughly cure you.

From thousands of testimonials on file the following are selected as examples of what people say about Dr. Chase's Liver Cure.

Torpid Liver

Miss. Mary D. Tapley, Lakeville, N.B., states :—" For about eighteen years I suffered with torpid liver which resulted in general debility and extreme weakness. My doctor said I could not live for six months. I was advised to try Dr. Chase's Liver Cure, and did so because it is one of the few medicines which is advertised that is not claimed to be a cure for everything. Several bottles taken during the last few months have restored me to health and strength, and I take great pleasure in testifying to its sterling character. People around here consider my case a miracle, as when I took bad I would lie like a corpse for days at a time.

Biliousness

Mrs. H. S. Moar, Montague Bridge, P. E. Island writes :—" I have used Dr. Chase's Liver Cure and five or six boxes of his Kidney-Liver Pills, and can say that this is the only treatment that I ever got to do me any good. For eight or ten years I was a terrible sufferer from biliousness and liver trouble, and though I went to a doctor until I was tired and discouraged he could not do me any good. I can truthfully say that I believe Dr. Chase's Liver Cure has saved my life. I found it a little strong at first but was very glad to get a cure."

Dr. Chase's Liver Cure

Is sold in a large bottle containing 100 doses for 50 cents. As an invigorating and regulating medicine for the liver it is unapproached. At all dealers, or Edmanson, Bates & Co., Toronto. Owing to the large size of this bottle Dr. Chase's Liver Cure cannot be sent by mail. It will be sent by express, at your expense, or your dealer will get for you if you insist,

UNCAT
Almonacs.

Write our Doctor

His advice is free to all who send for Symptom Blank and fill it out

If you are not well and desire to find out exactly what your ailment is, send to us for symptom blank, fill it out and get our doctor's opinion. He will tell you plainly the nature of your disease and the treatment which he believes to be the best suited to your case. There is no charge whatever for advice and you are cordially invited to take this opportunity of consulting our doctor.

All correspondence is treated as strictly confidential and your case will have just as thorough consideration as though you were paying a doctor ten or fifteen dollars for an examination.

How to Order by Mail

When you cannot procure DR. CHASE'S REMEDIES from your Dealer

Dr. Chase's Remedies are so thoroughly well known in every district of Canada and the United States that nearly every dealer keeps them in stock. If you cannot get them from your dealer or live at a distance from town, write direct to these offices, enclosing the price for the remedies you want, and they will be forwarded post-paid to your address.

If you live in Canada, address Edmanson, Bates & Co., Toronto, Ont.; if in the United States, the Dr. A. W. Chase Medicine Co., Buffalo, N. Y.; if in Europe, the Dr. A. W. Chase Medicine Co., 21 Cockspur St., London, Eng. To avoid all mistakes sign your name plainly and state the name of the Province or State in which you live.

Dr. Chase's Remedies and What They Cost

- Dr. A. W. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, 5 boxes for \$1.00.
 Dr. A. W. Chase's Ointment, 60 cents a box.
 Dr. A. W. Chase's Nerve Food (Pills), 50 cents a box, 6 boxes for \$2.50.
 Dr. A. W. Chase's Catarrh Cure, 25 cents a box, blower free.
 Dr. A. W. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle. Family size, three times as much, 60 cents. *Can only be sent by express at buyer's cost.*
 Dr. A. W. Chase's Liver Cure, 50 cents. *Can only be sent by express at buyer's cost.*

We Can Help You to Make Money

Are you out of work? We have men and women from all classes in our employ as agents: lawyers, physicians, ministers, teachers, farmers and mechanics—some of them college graduates, some of them very wealthy men. No one can find employment in which he can, without capital, make more money for himself, or do more good for his fellow men. No one is so clumsy that he cannot earn three or four dollars per day if he be diligent. We want to sell more books this year than ever before and agents will be encouraged to the utmost that we can offer. Order your sample book, study it, make yourself familiar with it, go at the work in earnest and you will make money to your satisfaction; and when you have learned all there is in this book you will be better qualified to practice medicine than half the physicians who are practicing to-day.

"I have been a canvasser for a number of years, and during that time I have handled quite a number of good works, and among them all I have found no book as a seller, or that gives such general satisfaction as Dr. Chase's Last and Complete Receipt Book and Household Physician. It is quite a common thing to hear people who have used it for some time say, 'I would not part with it for anything,' 'I would not like to keep house without it,' '\$10.00 would not purchase it if I could not get another copy,' etc., etc. I have sold some 4,260 copies and expect to sell many more."

JOHN MORTON, Belleville, Ont.

"Mr. GEO. NIGER, of Niagara Falls, Ont., writes:—Dr. Chase's Receipt Book is the only book to sell as a money-maker."

"I think Dr. Chase's Book is one of the fastest selling books I ever handled. When in Winnipeg, on some streets I took an order for it in almost every house."

J. W. DEMOREST, Keewatin, Ont.

Dr. Chase's Receipt Book and Household Physician

is the latest, most reliable, most valuable Family Physician and General Receipt book which has ever been published. It gives in plain, simple, common language, first, the cause, next, the symptoms, and next the cure, for every disease which affects suffering humanity.

AGENTS' OUTFIT

Including Prospectus, book entitled "Laws of Success," and full directions as to the most successful methods of selling books will be sent post-paid for 50 cents to any one who mentions where this advertisement was seen. To others the charge is 75 cents.

DR. CHASE'S RECEIPT BOOK BY MAIL

This book is not sold at book stores and can only be obtained from our agents, or will be sent post-paid on receipt of price, \$2.75. Full particulars free.

Edmanson, Bates Publishing Co.

32 Colborne Street, TORONTO, ONT.

REMEMBER we will refund the money paid for this book if after using it the purchaser do not find it the most useful book ever purchased.
