To the Public.

IN issuing this little handbook the publishers have two ends in view. The first, to make more widely known the undoubted merits of NASAL BALM as an almost instantaneous relief for incipient Catarrh, commonly called Cold in the Head,—and a *positive cure* for Catarrh in any of its stages, if the directions given are carefully observed. As a proof that NASAL BALM is all we claim for it we reproduce a number of testimonials, selected from among hundreds similar in our possession. These testimonials fully substantiate all we claim for NASAL BALM, and we ask the reader to give them a careful perusal, feeling convinced that if any have been sceptical as to the marvellous curative properties of NASAL BALM for Catarrhal affections, this feeling must give way to one of confidence and belief before the overwhelming mass of evidence from all parts of our wide Dominion.

Our second object is to place in the hands of the readers of this little book a collection of useful knowledge and valuable recipes, not easily obtainable otherwise, and which will be found of great practical value in every day life. The information conveyed in this little book is gathered from an hundred sources that do not usually come within the reach of the general reader, and there is no information conveyed that is not thoroughly reliable and practical in its character. The publishers intend, from time to time, to issue books similar in style and character, but with an entirely new collection of information, and these, if carefully preserved, will furnish an encyclopædia of knowledge, which could not otherwise be obtained except by a large expenditure of time and money. It will therefore repay all into whose hands this handbook may fall to carefully preserve it for future use.

NASAL BALM AS A CURE FOR CATARRH.

Among all the ills to which flesh is heir there is none more widespread in its character, or more disastrous in its effects than that terrible and disgusting disease CATARRH. All are alike subject to it; the rich and the poor, the high and the low, the young, the old; from the cradle to the grave its terrible and blighting effects are felt. We think we are within the mark when we assert that fully seven-tenths of our population are afflicted with Catarrh in some of its many stages. The climate of this continent is peculiarly favorable to the spread of this terrible affliction; the sudden changes from heat to cold, from dryness to moisture of atmosphere are the great sources of nasal catarrh, and there are few who may hope to escape its terrible effects. Catarrh is the inevitable result of COLD IN THE HEAD; from this the whole trouble arises. A cold in the head is followed by a thickening of the membranous lining of the nasal passages, and a discharge from the head which speedily develops into Catarrh. The passages of the nose become stopped up; the breathing becomes difficult, and the patient is continually hawking and spitting up disagreeable and offensive matter. If a prompt treatment with NASAL Balm is resorted to relief will be had almost instantly, and a few days will entirely remove the trouble. If, on the other hand, the disease is neglected, each day makes it become more firmly seated and the ultimate cure more difficult. When neglected, Catarrh gradually extends to the bronchial tubes, the droppings fall into the lungs and this, coupled with the fact that every breath inhaled passes over the poisonous secretions, leads to consumption. Statistics of the most reliable nature

2 Nasal Balm has many Imitators but no Equals.

prove that on this continent more than 100,000 die annually of consumption, and a careful classification reveals the startling fact that fully *one-half* of these cases had their origin in Catarrh, which, neglected, developed into consumption in its incurable form, thus leading to a premature grave.

CAN CATARRH BE CURED?

Yes, beyond a doubt, if the patient will only use NASAL BALM persistently, according to directions. Elsewhere we give in a brief form the various symptoms of Catarrh. the reader is afflicted with any of these symptoms no time should be lost in procuring a bottle of NASAL BALM and using it according to directions. For cold in the head this wonderful remedy furnishes almost instant relief, cleansing the nasal passages, allaying the irritation and inflammation of the mucous membrane, and thus effecting a rapid cure. All ordinary cases of Catarrh speedily yield to a treatment of NASAL BALM, and relief is had from its first use. When Catarrh has reached its worst stages, or when the case is of long standing, the sufferer must not expect a cure as the result of the use of a single bottle, but the relief which will be noticeable even from its first application is convincing evidence that by a steady and persistent use of NASAL BALM a complete cure is sure to follow.

THE ORIGIN OF NASAL BALM.

Our Mr. Fulford, from whose formula NASAL BALM is compounded, was for years a sufferer from Catarrh in its most disagreeable forms. He tried nearly every remedy advertised for the cure of Catarrh but without the slightest avail, instead of gaining relief his case gradually grew worse. Medical advice was then resorted to, but with little effect; brief, temporary relief was sometimes had, but it was only temporary; specialists in New York, Chicago and other places were consulted, and their advice carefully followed, but without any radical change or improvement. Mr. Fulford almost despaired of obtaining a cure, but being an experienced chemist of twenty-three years' standing, and an adept in the business, he determined as a last resort to take matters in his own hands. He carefully studied the origin and cause of the disease, investigated it in all its phases, and experimented in his own case with carefully compounded remedies, based upon the treatment he had had at the hands of specialists. Brief investigation convinced him that any remedy requiring a douche or instrument for its use, while it might afford momentary relief only aggravated the disease, and left the patient in a worst state than before. Fumigants and inhalents were found still more deleterious in their effects. The experience thus acquired taught him that only by some simple form of application, which would avoid all the irritating effects of other treatments, could a cure be hoped for. An extensive research in this direction led to the discovery of NASAL BALM, and to a complete and radical cure in his own case, in the treatment of which the best of specialists failed. Mr. Fulford, in his business as a dispensing chemist, then began to prescribe Nasal Balm for Cold in the Head, and the more aggravated cases of Catarrh, carefully watching the symptoms and effects in each case, and making such slight changes in his original formula as experience taught him were needed to meet the disease in all its varied forms and stages. The years thus spent in study and experiment have resulted in the discovery of the only certain cure for Catarrh ever offered the public. This remedy Messrs. Fulford & Co. offer the public under the name of NASAL BALM, with a confidence that there is no case of Catarrh, no matter how long standing, that will not yield to it if the treatment is persistent and the directions faithfully followed.

SYMPTOMS OF CATARRH.

Some signs by which the reader may detect the presence of a disease which will probably lead to consumption.

Do you have hot flashes over your body?

Do you have frequent fits of mental depression?

Do you experience ringing or buzzing noises in your ears?

Is your cough ever so violent as to cause vomiting?

Do you feel as though you must suffocate when lying down?

Are you troubled with a hacking cough and general debility?

Are your eyes generally weak and watery and frequently inflamed?

Does your voice have a husky, thick sound and nasal sort of twang?

Do you generally look pale and frequently have a slight fever?

Is your breath frequently offensive from some unaccountable cause?

Have you a dull oppressive headache, generally located over the eyes?

Do you notice a wheezing or crackling sound in your chest when breathing?

Do you have to hawk and cough frequently in the effort to clear your throat?

Are you losing your sense of smell and is your sense of taste becoming dull?

Are you generally short of breath, and do you breathe with labor and difficulty?

Does your nose always feel stopped up, forcing you to breathe through your mouth?

Do you frequently feel dizzy, particularly when stooping to pick anything off the floor?

Does every little draught of air and every slight change of temperature give you a cold?

Are you annoyed by a constant desire to hawk and spit out an endless quantity of phlegm?

Is there a dull pain in your chest behind the breast-bone, or under your shoulder-blade?

Are you always tired and indisposed to exertion, whether of business, work or amusement?

Is great effort required to keep your thoughts fixed upon matters that formerly were easily performed?

Do you rise from bed as tired and weak as you were the night before and feel as though you wanted to lie there forever?

Is your throat filled with phlegm in the morning, which can only be discharged after violent coughing and hawking and spitting?

Do you find the attempt to dislodge the accumulations result in coughing, hawking and spitting, followed by nausea, and often vomiting, especially in the morning?

Do you occasionally wake from a troubled sleep with a start and feel as if you had just escaped a horrible death by choking?

Have you lost all interest in your calling or business or former pleasures, all ambition gone, and do you feel indifferent whether to-morrow finds you alive or dead?

Are you troubled with a discharge from the head into the throat, sometimes watery and excessive, sometimes mucous, thick, sticking to whatever it touches, sometimes bloody, and nearly always putrid and offensive?

The above are some of the many symptoms by which Catarrh may be known.

Probably not one case in a hundred will have them all, but every case will show more or less of these symptoms. The more of them you have the more serious your trouble, and the more urgent the necessity for a speedy treatment with NASAL BALM, and a constant use of it until a complete cure is effected.

4 Nasal Balm requires no Instrument or Douche.

OUR TESTIMONIALS

are worthy of a very careful perusal. They tell of cures effected in many of the worst forms of Catarrh, and they represent the universal sentiment of all who have given NASAL BALM a trial. Among them will be found the names of many prominent men whose testimony as to the wonderful cures of NASAL BALM in their own cases proves beyond a doubt that the remedy is all we claim for it. If you are suffering from Catarrh or cold in the head, we ask you to give NASAL BALM a fair trial. What has cured others will cure you.

DEMPSEY CORNERS, AYLESFORD,
KINGS CO., N.S., Oct. 20th, 1887.

MR. C. F. COHRAN, *Druggist*, KENTVILLE, N. S.

I enclose you \$1.12 to cover postage and price of two small bottles Nasal Balm, which you will please send by first mail. On Sept. 21 I got two bottles from you, and it has done me more good for catarrh than all the other numerous and costly remedies and treatment I had tried. I feel better now than I have for years, and have every reason to believe the two bottles I am now sending will completely cure me. I consider Nasal Balm worth its weight in gold to any person suffering from catarrh.

WM. L. LUCAS.

Expresses Great Delight.

GANANOQUE, March 31st, 1887.
MESSRS. FULFORD & Co., BROCKVILLE,
ONT.

GENTS.—A prominent citizen of our town expresses great delight over the miraculous healing properties of your Nasal Balm. He had suffered for a long time from a severe headache over the eyes, and his head was so stopped up that he was in great distress. One application gave instant relief, and in two days he was entirely cured.

W. B. FULLERTON.

Care of the Sick.

Typhoid Fever.—This Fever is due to the ulceration of certain glands in the small bowels; it is important, therefore, that the patient should be kept in bed, as any exertion may cause bleeding from them, and the bowel itself be torn through with fatal result. For this reason he should always use the bed-pan and urinal; and when the bowels are moved, the room should be immediately aired, and the bed-pan taken away at once, as it is from these discharges of the bowels that the disease is sometimes communicated to others. In the disposal of these discharges care should be taken that they be not emptied in any place where they could possibly contaminate drinking water, as whole neighbourhoods have often been infected in that way. After cleansing the bed-pan, use some of the following disinfectants, and also pour some of it down the water-closet:—Carbolic acid, 4 ounces; coppers, 4 ounces, and water, 10 quarts. The mouth of the patient may be washed three or four times daily, with a solution made by dissolving a teaspoonful of chlorate of potassa in a tumblerful of water. If the patient complains of faintness, chilliness, or shows signs of exhaustion, it is usual to give a little brandy in a wineglass of hot water, putting extra blankets on the bed, and bottles of hot water on the limbs. The patient may be allowed cold water, unless otherwise ordered; and if too ill to ask for it, give it as frequently as may be deemed necessary. Should delirium occur, the patient must not be left alone, or irritated by contradiction, and, as far as possible, be kept free from excitement. The greatest caution should be exercised in giving food to the typhoid patient, as fatal results oftentimes follow mistakes or imprudence in this respect, and therefore the directions of the doctor as to the kind and quantity of nourishment should be implicitly followed. Also, when the patient is convalescing, under no circumstances, permit him to eat solid food, or to sit up, or leave the room until distinctly permitted by the physician to do so; otherwise, as before stated, rupture of the bowel may ensue, and death follow.

For Coughs, Colds, Throat and Lung Troubles.—Tamarac Elixir is a certain and speedy remedy. It instantly relieves coughs, removes hoarseness, and allays all irritation and inflammation of the bronchial tubes, and lungs. It is nature's own remedy, and is prepared from the formula of an experienced physician who for twenty-five years used it in his daily practice with unparalleled success. No household should be without a bottle of Tamarac Elixir.

Nasal Balm is Easy and Pleasant to Use.

5

The Wonderful Virtue of Balm.

34 DALY STREET, OTAWA,

May 3rd, 1887.

I am pleased to state that the Nasal Balm has already relieved my catarrh to a very great extent. I have not used one bottle, but the nauseous droppings from the head into the throat have almost ceased. I breathe easy now; get better sleep, and altogether feel and appreciate the wonderful virtue of the "Balm." Its merits cannot possibly be exaggerated for catarrhal troubles, and as a CURE I believe it to be GENUINE.

Yours, &c.,

James P. Terment

Unequalled for Catarrh.

PETERBORO', May 14th, 1887.

Nasal Balm gives the most general satisfaction to consumers of any preparation I ever handled. My sales are large and the reports from those who use it fully substantiate your claims for the medicine as an unequalled remedy for catarrh and cold in the head.

J. McKEE, Mfg. & Dis. Chemist.

Suffered for Three Years.

DEPT. OF RAILWAYS AND CANALS,

OTTAWA, May 7th, 1887.

Messrs. Fulford & Co., Brockville, Ont.,—Gents, I am very glad to give you to-day the testimony that Nasal Balm has completely cured my catarrh, from which I suffered for nearly three years. Yours very truly,

L. D. Dion

Beneficial in Every Case.

FROM W. B. THOMPSON, Druggist,
CORNWALL, ONT.

GENTS,—Nasal Balm has a good sale and proved beneficial in every case I have heard of.

Chicken-Pox.—A harmless but annoying disease. As it resembles modified Smallpox, or Varioloid, the doctor should be called upon to decide which it is. Keep the patient in the house, and other children away from him.

Rupture.—An irregular swelling of any kind in the lower part of the abdomen may possibly be a rupture. If so, there will be pain, constipation, and often vomiting. Give no purgative medicines; but send at once for a physician, for the sooner the rupture is reduced the better for the patient.

Measles.—The room should be kept dark to protect the inflamed eyes. As long as the fever remains, the patient should be kept in bed. Exposure may cause Pneumonia, which, in other words, is acute inflammation of the lungs. Keep in the room as long as the cough lasts.

Fainting Fits.—Fainting is caused by the blood leaving the brain. Place the patient flat, and allow the head to be lower than the body. Sprinkle cold water in the face. Harts-horn may be held near the nose, not to it. A half teaspoonful of aromatic spirits of ammonia, in a wineglass of water, will tend to revive the patient and prevent a return. Do not allow persons to crowd around the patient. If the symptoms recur, send for a physician.

Scarlet Fever.—Keep all who have never had the disease away from the house. If possible send other children away. Do not kiss the patient, and keep others from doing so. Rubbing the body with Vaseline, or oil, will allay the itching. The patient should be kept in bed until the skin has done peeling, and in his room for two weeks longer. Keep him away from other members of the family for a month from the beginning of the disease. Avoid exposure to cold, and carefully obey the physician's orders.

Diphtheria is the result of blood poisoning. It begins like a cold, and is attended with a slight difficulty in swallowing, and a feeling of stiffness in the neck, with a very offensive breath. The glands about the throat swell, and white patches may be seen on the tonsils and on the back part of the throat. Send for the doctor as soon as these symptoms are noticed, and follow his directions implicitly. Put the patient in a room by himself, and allow no one to go near him but the nurse—keeping the other children from him, and from school. Catch the discharge from the nose and mouth on soft rags, which should be burned at once. Do not kiss the patient, and avoid inhaling his breath. During convalescence do not allow the patient to leave the bed until so advised by the physician. Sudden death sometimes occurs in convalescence from Diphtheria, owing to paralysis of the heart.

Take no remedy said to be just as good.

A Priceless Medicine.

431 SEIGNEURS ST., MONTREAL,
May 2nd, 1887.

After ineffectually trying many of the so-called remedies for catarrh, I made a trial of Nasal Balm, which gave me instant relief, and since commencing its use I daily note the beneficial changes it is producing after a few applications. It changes the unpleasant odor of the virus in the throat and the poisonous secretions over which every breath must pass. To any thus troubled it is a priceless medicine. E. A. CARDINAL.

The Best Remedy in the World.

TOTTENHAM, ONT., May 3rd, 1887.

I have been troubled with nasal catarrh for the last five years. Seeing Nasal Balm advertised, I procured a bottle, and although I have only used part of it, I do not hesitate to pronounce it the best remedy in the world for that loathsome disease, catarrh. It is easy and pleasant to use, soothing and healing in its action, instant in giving relief, removes and changes the poisonous secretions to a healthy state, stops the droppings from the head into the throat, and removes all symptoms of catarrh and cold in the head. In fact, if the directions are faithfully followed nothing but a sure and permanent cure can be the result. Yours truly,

John S. George

Cured in Less Than Twenty-Four Hours.

CAPT. D. H. LYON, MANAGER AND PROPRIETOR OF THE C.P.R. AND R.W. AND O.R. CAR FERRY, PRESCOTT, ONT., AND OGDENSBURG, N. Y. says:—I used Nasal Balm for a prolonged case of cold in the head. Two applications effected a complete and thorough cure in less than twenty-four hours. I would not take \$100 for my bottle of Nasal Balm if I could not replace it.

For Corns—HANSON'S MAGIC CORN CURE is the only certain, harmless and painless remedy. It removes corns, root seed and branch after a few applications.

Small-pox—As vaccination, properly performed, will either prevent Smallpox entirely, or modify it so as to render it a comparatively harmless affection (Varioloid), every person should be vaccinated, and at every reappearance of the disease in the vicinity the vaccination should be repeated, as the protection may wear off in time. Better have a dozen "sore arms" than Smallpox once. Some persons claim to "not believe in vaccination." This is criminal folly, for there is nothing in medical science more firmly established than the fact that vaccination has the power of protecting against Smallpox, and it is all that physicians depend upon for self-protection in visiting Smallpox patients.

When Small-pox occurs in the household let all persons in it be immediately vaccinated, and the patient be put in the highest room in the house that can be properly ventilated, keeping it dark to protect the inflamed eyes, and the temperature from 60° to 65° in winter, and as cool as possible in the summer. All unnecessary articles of clothing and furniture should be removed from the room, and only old clothing and bedding used, as they must be destroyed when no longer needed. The bed covering should be warm and light, and those in charge of the patient should not come in contact with other persons or members of the family. When changes of either the bedding or clothing are necessary, the soiled articles should be thrown into the following disinfecting solution, made by dissolving 2½ ounces of sulphate of zinc and 1 ounce of carbolic acid in four quarts of hot water. This solution should cover the clothes completely, and they be allowed to remain in it for twelve hours, stirring them occasionally, and then be washed by the nurse only, who should also wash all the utensils used in the room.

Articles required by the patient and nurse may be written for on a slate hung outside the room, and whatever is wanted may be left in a place agreed upon, to be carried in by the nurse. Articles used by the patient should be handled only by those waiting on him. After recovery, let him wash, put on fresh clothing and remove to another room. The sick room should be well cleaned and left open to the sun and air for two weeks. If walls are papered, remove before cleaning the room. If not papered, whitewash thoroughly.

Varioloid is a modified form of Smallpox. It is a mild disease, but requires the same general care as the severe form, because unprotected persons may take the worst sort of Smallpox from it.

Rev. Father Prud'homme,

Parish Priest, St. Ann's, of Ottawa writes as follows: My Catarrh is cured, thanks to Nasal Balm. I recommend it to all my friends.

Thoroughly Cured.

OSNABRUCK, DIXON'S P. O.,

May 11th, 1887.

My wife suffered for five years with that distressing disease, catarrh. Her case was the worst known in these parts. She tried all the catarrh remedies I ever saw advertised, but they were of no use. I finally procured a bottle of Nasal Balm. She has used only one half of it and is thoroughly cured, and now feels like a new person. I feel it my duty to say that Nasal Balm cannot be too highly recommended for catarrhal troubles, and am pleased to have all such sufferers know through its use they will receive instant relief and cure.

CHAS. MCGILL. Farmer

Catarrh vs. 50 Cents.

MR. JOHN MCSWAIN, MODEL SCHOOL TEACHER, CHARLOTTETOWN, P.E.I., says:—I enclose you fifty cents for which please send me a package of Nasal Balm. The package I received some time ago has done me a great deal of good, so much that I think it will cure me.

John MacSwain

The Only Positive Remedy.

MR. HORATIO COLLIER, WOOLEN MANUFACTURER, CAMERONTOWN, ONT., states:—Nasal Balm is the only positive remedy for catarrh that I ever used.

Horatio Collier

For Catarrh and Cold in Head—A prompt use of Nasal Balm should be resorted to in all cases of Catarrh and Cold in the head and a speedy cure is sure to follow. For "snuffles" and stoppages of the Nasal passages in infants and children there is no remedy on earth to equal Nasal Balm, and as a precautionary measure it should be kept in every household. If you cannot obtain Nasal Balm from your dealer it will be sent post paid on receipt of price (50 cents per small bottle, or \$1.00 per large bottle) on addressing FULFORD & Co., Brockville, Ont.

For Sizes of Boxes Different Measures.

- A box 24 inches long by 16 inches wide and 28 inches deep will contain a barrel, or three bushels.
- A box 24 inches long by 16 inches wide and 14 inches deep will contain half-a-barrel.
- A box 16 inches square and 8 2-5 inches deep will contain one bushel.
- A box 16 inches by 8 2-5 inches wide and 8 inches deep will contain half-a-bushel.
- A box 8 inches by 8 2-5 inches square and 8 inches deep will contain one peck.
- A box 8 inches by 8 inches square and 4 1-5 inches deep will contain one gallon.
- A box 7 inches by 4 inches square and 4 4-5 inches deep will contain half-a-gallon.
- A box 4 inches by 4 inches square and 4 1-5 inches deep will contain one quart.
- A box 4 feet long, 8 feet 5 inches wide and 2 feet 8 inches deep will contain one ton of coal.

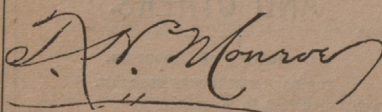

8 Time is money, lose no time, begin treatment now.

Beats the World.

D. DERBYSHIRE, PRESIDENT OF THE ONTARIO CREAMERY ASSOCIATION says:—Nasal Balm, beats the world for catarrh and cold in the head. In my own case it effected relief from the first application.

Speedy and Effective.

T. H. MUNROE, PARRY SOUND says: Nasal Balm, has no equal as a remedy for cold in the head. It is both speedy and effective in its results.

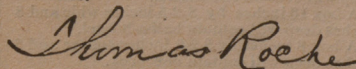

Evidence from the North-West.

MR. J. DUNCAN, MAPLE CREEK, N.-W. T. says:—Nasal Balm has done my catarrh good, more than all the numerous remedies I had previously tried combined. I have improved so much that I believe one more bottle will completely cure me.

This Wonderful Medicine.

MR. THOMAS ROCHE, ROCHEFORT, ONT., says:—I have suffered severely from catarrh, and never got any relief until I used Nasal Balm. I never thought I could find so sure a cure. It is a pity all afflicted with catarrh do not know of and use this wonderful medicine.

What Everyone says Must be True.

LEWIS ROEBUCK, WYVALE, ONT. says:—I recommend Nasal Balm highly to all who suffer from catarrh.

Relative Value of Different Foods for Stock.

100 POUNDS OF GOOD HAY FOR STOCK ARE EQUAL TO :

ARTICLES.	POUNDS.
Beets, white silesia.....	669
Turnips.....	469

Small Amounts of Money.

The following shows how easy it is to accumulate a fortune, providing proper steps are taken. The table shows what would be the result at the end of fifty years by saving a certain amount each day and putting it at interest at the rate of six per cent.:

DAILY SAVINGS.	THE RESULT.
One cent.....	\$ 950
Ten cents.....	9,504
Twenty cents.....	19,006
Thirty cents.....	28,512
Forty cents.....	38,015
Fifty cents.....	47,520
Sixty cents.....	57,024
Seventy cents.....	66,528
Eighty cents.....	76,032
Ninety cents.....	85,537
One dollar.....	95,041
Five dollars.....	475,208

Nearly every person wastes enough in twenty or thirty years, which, if saved and carefully invested, would make a family quite independent; but the principle of small savings has been lost sight of in the general desire to become wealthy.

A Life Saved.

MISS JENNIE A. MCNAIR, OF LIONS HEAD, BRUCE CO., ONT, tells the following remarkable experience:—I called upon a poor woman who was very sick. She had not left her bed for weeks. Her friends said she was dying of consumption; indeed she was so low it seemed that it would be but a very short time until she would pass away. I looked around on her little children and resolved if possible to cure her, but how to do it was the question. I was well used to the different forms of consumption and knew her trouble all came from the "head" and that her lungs were being destroyed by breathing the poisonous secretions into them. I came home praying that God would give me what was wanted to cure her—and he did in a strange way. A little boy came into the room where I was and wanted me to look at a star on a piece of paper. It proved to be an advertisement of Nasal Balm. I ordered it at once and it proved to be just what I wanted as to-day the woman's head is all right. She is able to do her own work and is getting strong very fast. This remarkable change was effected by one bottle of Nasal Balm. Enclose 50 cents for another bottle which is for a young lady here who has had catarrh for a long time. Please send at once and I will try and make its worth known in this place. It is a pleasure for me to work for the suffering and praise the medicine that deserves it.

LYTON, B. C., May 10, 1888.

MESSES. FULFORD & Co.

SIRS:—Your Nasal Balm has already helped me wonderfully. I am satisfied it is a good thing and all you claim for it.

Yours truly,

J. W. Trickey

How to Measure Corn in Crib, Hay in a Mow, Etc.

This rule will apply to a crib of any size or kind. Two cubic feet of good sound, dry corn in the ear will make a bushel of shelled corn. To get, then, the quantity of shelled corn in a crib of corn in the ear, measure the length, breadth and height of the crib, inside of the rail; multiply the length by the breadth, and the product by the height; then divide the product by two, and you have the number of bushels of shelled corn in the crib.

To find the number of bushels of apples, potatoes, etc., in a bin, multiply the length, breadth and thickness together, and this product by 8, and point off one figure in the product for decimals.

To find the amount of hay in a mow, allow 512 cubic feet for a ton, and it will come out very generally correct.

A Valuable Table for Cooks, etc.

1 pound of Wheat Flour is equal to:	1 quart
1 pound and 2 ounces of India Meal make.....	1 quart
1 pound of Soft Butter is equal to..	1 quart
1 pound and 2 ounces of Best Brown Sugar make.....	1 quart
1 pound and 1 ounce of powdered white Sugar [make.....	1 quart

HOW TO HARMONIZE COLOURS.

The lady who would dress with taste, must have a knowledge of the harmony of colours. How often have we all seen richly dressed people who presented a *loud*, vulgar appearance, and simply because they had no taste for colours, and had chosen those which, while they looked well alone, were utterly in-harmonious. Colours may form a combination either by contrast or analogy. When two remote shades of one colour are associated, such as a very light and a very dark blue, they harmonize by contrast, although the harmony may be neither striking nor yet perfect. When two colours which are similar to each other are grouped, such as orange and crimson they harmonize by analogy. A harmony of contrast is characterized by brilliancy and decision, and a harmony of analogy

10 We guarantee every testimonial we publish.

Satisfactory Results.

ALPENA, MICH., *April 28, 1888.*

SIRS:—I am more than satisfied with your Nasal Balm. It is all you claim for it and the results in my case have been exceedingly gratifying. I recommend all my acquaintances suffering from catarrh to use Nasal Balm, and I do so with a feeling of confidence in the result.

Respectfully yours,

Gregoire Bleau

Hasn't felt so well in Nine Years.

MR. JOHN KELLY, COMBERMERE, says:—Nasal Balm has helped me more than I expected it would. I have not felt so well in nine years. I am sure it will make a permanent cure.

A Great Help.

JEFFERSON, DAK. *May 7, 1888.*

MESSRS. FULFORD & Co,

GENTS:—Your Nasal Balm was a great help to me. It is the best medicine in the world for catarrh. I send you a dollar for a bottle for an afflicted friend.

M. M. LOISELLE.

Only One Bottle.

PORT ARTHUR, ONT., *April 26, 1888.*

GENTS:—I have been using your Nasal Balm for catarrh and find myself cured with only one bottle. To call it the best preparation made for catarrh is scarcely strong enough.

Yours etc.,

E. S. CHASE.

MILLINGHAM, QUE., *April, 1888.*

GENTLEMEN:—I am satisfied your Nasal Balm is all you claim for it. My case is a bad one but I have only used one bottle, but with better results than any other remedy I ever tried. I am certain it will cure me and I am thankful to you for your great medicine.

FERDINAND COTE.

by a quiet and pleasing association of colours. We append a list of colours which will harmonize, and form agreeable combinations, which will prove of great value to our lady readers.

Black harmonizes with the following colours: pink, lilac, scarlet, maize, slate colour, orange (a rich harmony), white (a perfect harmony), brown (a dull harmony), drab or buff, white or yellow and crimson, orange, blue and scarlet, chocolate brown, shaded cardinal, cardinal, yellow, bronze and light blue, cardinal, blue and old gold.

Blue harmonizes with: brown, black, gold, (a rich harmony), orange (a perfect harmony), chestnut (or chocolate), maize, straw colour, white, fawn colour (weak harmony), stone colour, drab, lilac, (weak harmony), crimson (imperfectly), pink (poor harmony), salmon colour, scarlet and purple (or lilac), orange and black, orange and green, brown, crimson and gold (or yellow) orange, black and white, pink and bronze green, cardinal, and old gold, yellow, chocolate-brown, and gold, mulberry and yellow.

Bronze harmonizes with: old gold, pink and light blue, black, blue, pink and gold, cardinal and peacock blue.

Brown harmonizes with: blue, green cardinal and yellow, cardinal and peacock blue.

Crimson harmonizes with: gold (a rich harmony), brown (dull harmony), black (dull harmony), drab, maize, purple, old gold, brown and black, and navy blue.

Chocolate with: blue, pink and gold.

Claret with old gold.

Dark green, white and cardinal.

Ecrue, bronze and peacock and light blue.

Garnet with bronze, pink.

Gensd'arme with cardinal, bronze, myrtle, old gold, yellow and cardinal, pink, cardinal and lavender.

Green with gold, or old gold colour, scarlet, orange, yellow, crimson, blue and gold or yellow, blue and scarlet, gold and mulberry, and cardinal.

Lilac with white (poor), maize, gray (poor) cherry, gold, or gold colour, scarlet, crimson, scarlet and white or black, gold colour, and crimson, yellow or gold, scarlet and white.

Light drab, pink, yellow, and white.

Light pink and garnet.

Myrtle with: old gold, bronze, red, blue, and yellow.

Mulberry and old gold, cardinal and light green.

Mulberry and old gold, gold, bronze, pearl.

Mode, pearl and mulberry.

Maroon, yellow, silvery gray, and light green.

Navy blue, light blue and gold, gensd'arme, pearl, maize, cardinal and yellow.

Orange with bronze (agreeable), chestnut, lilac and crimson, red and green, purple and scarlet, blue, scarlet and purple, blue, scarlet

HENSALL, ONT., *May 7, 1888.*

DEAR SIR:—Your Nasal Balm has done me more good than all the other remedies I ever tried. My case is one of the worst kind but Balm has helped me from the start. It has stopped my cough and relieved me of all the unpleasant sensations accompanying the disease. I am confident of a thorough cure, and I know a number of others in this section who have all been cured of catarrh by Nasal Balm.

HADLEY DOWN.

Saved Himself.

W. B. JACKSON, HAWKESBURY, says:—I cannot speak too highly of Nasal Balm as less than one half bottle CURED me of a severe case of catarrh. I had tried several other advertised remedies without receiving any relief. I am perfectly willing that you should use my name as a reference, as I consider the medicine worthy of all praise. It cures catarrh and is very pleasant and easy to take.

The Best Investment.

10 ONTARIO STREET,

TORONTO, *June 11th, 1888.*

MESSRS. FULFORD & Co.

GENTS,—I had a bad attack of catarrh last winter, and like many other foolish people, thought it would wear away. But it did not; instead it was wearing me away, and at last I made up my mind to try something. I got a prescription made up, a powder, and snuffed it up and up until I grew weary but got no benefit. I then looked over the papers and saw your advertisement in the *Mail*. I seemed to have confidence in it right away and got a bottle of Nasal Balm and I can honestly say it was the best investment I ever made, and I strongly recommend it to all sufferers from catarrh and cold in the head. It helped me from the first, and has thoroughly cured me. Every sufferer from catarrh should use Nasal Balm, and leave snuff, powders, and douches alone.

Yours truly,

WM. SAWYER.

and claret, blue, scarlet, white and green, blue and crimson.

Pearl, light blue, and peacock blue.

Peacock blue and light gold, old gold, cardinal, pearl, gold and cardinal.

Purple with maize, blue, gold, or gold colour (rich), orange (rich), black (heavy), white (cold), scarlet and white, scarlet, blue and orange, scarlet, blue, yellow and black.

Red and white or gray, gold or gold colour, orange, green, yellow, or gold colour, and black, gold colour, black and white.

Seal brown, gold and cardinal.

Sapphire with bronze, old gold, cardinal, light blue, light pink, corn, garnet and mulberry.

Shaded blue and black.

Scarlet and blue, slate colour, orange, blue and white, blue and yellow, black and white, blue, black, and yellow.

Shaded blue and shaded garnet, shaded gold and black.

White with cherry, crimson, brown, pink, scarlet, gold colour (poor), yellow with black, red, chestnut, or chocolate, white (poor), purple (agreeable), violet, lilac (weak), blue (cold), cardinal and peacock blue, crimson, purple and crimson, purple, scarlet and blue, pink, maroon and light blue.

Toilet Recipes.

TO SOFTEN THE SKIN.—Mix half an ounce of glycerine with half an ounce of alcohol, and add four ounces of rose-water. Shake well together and it is ready for use. This is a splendid remedy for chapped hands.

PIMPLES ON THE FACE.—Wash the face in a solution composed of one teaspoonful of carbolic acid to a pint of water. This is an excellent purifying lotion, and may be used on the most delicate skin. Be careful not to get any of it in the eyes as it will weaken them.

CLEANING GOLD JEWELLERY.—Gold ornaments may be kept bright and clean with soap and warm water, scrubbing them well with a soft nail brush. They may be dried in sawdust of box-wood. Imitation jewellery may be treated the same way.

TO REMOVE FRECKLES.—Bruise and squeeze the juice out of common chick-weed, and to this juice add three times its quantity of soft water. Bathe the skin with this for five or ten minutes morning and evening, and wash afterwards with clean water. Elder flowers treated and applied exactly in the same manner as above. When the flowers are not to be had, the distilled water from them, which may be procured from any druggist, will answer the purpose.

12 Refuse all substitutes, take only the genuine.

A COMPLETE CURE IN A FEW HOURS.

PETROLIA, ONT.

MESSRS. FULFORD & Co., BROCKVILLE.

GENTS:—Nasal Balm gave me the most perfect satisfaction of any medicine I ever used for cold in the head. I found it easy to use, quick in giving relief and effect a complete cure in a few hours.

ISAAC WATERMAN,

Imperial Oil Co'y.

Worth Recommending.

W. H. GABEL, BERVIE, ONT., says:—I feel it my duty to write to you and report the result of my using Nasal Balm. I have been a severe sufferer from that loathsome disease, catarrh, and tried several remedies, but got no relief till I purchased a bottle of Nasal Balm. I used it according to directions and it has completely cured me. I take great pleasure in recommending it to all suffering from catarrh who come into my shop.

General Satisfaction.

TWEED, ONT., *March, 1887.*

MESSRS. FULFORD & Co.,

GENTS:—I have sold Nasal Balm for the last two months. It has given general satisfaction, by its use a number were immediately relieved of cold in the head. Several cases of catarrh received very much relief and the parties are confident of a cure. In no case have I had a single complaint.

P. K. NEWTON, Druggist.

Worth Trying.

Do not be discouraged because other remedies have failed you. MR. HUGH RYAN says. For Cold in the Head and Catarrh, Nasal Balm is the best remedy I ever tried, and I have tried many.

Wonderful.

MR. JAS. H. LOVE, SUMMERBERRY, N.-W.T., says:—Your Nasal Balm has done me a wonderful amount of good. I believe another bottle will cure me. Enclosed find \$1.00 for same.

TO BEAUTIFY THE HAIR.—Take two ounces of olive oil, four ounces of good bay rum, and one dram of the oil of almonds: mix and shake well. This will darken the hair.

TO PREVENT HAIR FALLING OUT.—Ammonia one ounce, rosemary one ounce, cantharides four drams, rose-water four ounces, glycerine one ounce. Just wet the head with cold water, then apply the mixture, rubbing briskly.

CLEANING SILVER.—For cleaning silver, either articles of personal wear or those pertaining to the toilet-table or dressing-case, there is nothing better than a spoonful of common whiting, carefully pounded so as to be without lumps, reduced to a paste with gin.

CHAPPED HANDS.—As cold weather is the usual cause for chapped hands, so the winter season brings with it a cure for them. A thorough washing in snow and soap will cure the worst case of chapped hands, and leave them beautifully soft.

WHITE AND DELICATE HANDS.—Should you wish to make your hands white and delicate, you might wash them in milk and water for a day or two. On retiring to rest, rub them well over with some palm oil and put on a pair of woollen gloves.

PROTECTION AGAINST MOTHS.—Dissolve two ounces of camphor in half a pint each of alcohol and spirits of turpentine; keep in a stone bottle and shake before using. Dip blotting paper in the liquid, and place in a box with the articles to be preserved.

WASH FOR COMPLEXION.—A teaspoonful of the flower of sulphur and a wineglassful of lime-water, well shaken and mixed; half a wineglass of glycerine and a wineglass of rose water. Rub it on the face every night before going to bed. Shake well before using.

SKIN DISEASES.—Boric acid has been used with great success as an external application in the treatment of vegetable parasitic diseases of the skin. A solution of a dram of the acid to an ounce of water, or as much of the acid as the water will take up, is found to meet the requirements of the case satisfactorily. The affected parts should be well bathed in the solution twice a day and well rubbed.

TO CLEAN KIDD BOOTS.—Mix a little white of egg and ink in a bottle, so that the composition may be well shaken up when required for use. Apply to the kid with a piece of sponge and rub dry. The best thing to rub dry with is the palm of the hand. When the kid shows symptoms of cracking, rub in a few drops of sweet oil. The soles and heels should be polished with common blacking.

Popular People

are invariably pleasant people. Popular remedies are also as invariably pleasant to use and certain in their results. Mr. John McConnell, of Chesley, Ont. says:—Nasal Balm is a good medicine for cold in the head. It is a popular remedy.

In the Cause of Humanity.

MONTREAL, QUE.

MESSRS. FULFORD & Co., BROCKVILLE.

GENTS:—In the interest and cause of humanity I consider it my duty to testify to the excellent results I obtained by the use of your Nasal Balm. After suffering several years with that loathsome and distressing disease, catarrh, a friend of mine whom I placed a great deal of confidence in, persuaded me to try a bottle of Nasal Balm, which I did, with such happy results that I am now pleased to have all such sufferers know it, and you are at liberty to use this testimonial in any manner you wish, hoping that it will be of as much benefit to some poor sufferer as it has been to me.

P. GAUTHIER.

The Wonders of Science.

O. L. POTTER, MANUFACTURER OF WOODENWARE, McINTOSH'S MILLS, ONT. says:—Nasal Balm completely cured me of a case of catarrh from which I had suffered for over ten years. It cannot be too highly recommended, and should be used by anyone troubled with catarrh. It is one of the wonders of science.

All That is Claimed for It.

MORRISBURGH, ONT., May 30th, 1888.

MESSRS. FULFORD & Co.,

GENTS,—I have used Nasal Balm for cold in the head with the most satisfactory results. It is all you claim for it, and its merit cannot too widely be made known. Yours, etc.,

D. A. BRECKENRIDGE,

General Agent Canada Life for Eastern Ontario.

To REMOVE SUNBURN.—Take two drams of borax, one dram of alum, one dram of camphor, half-an-ounce of sugar-candy, and a pound of ox-gall. Mix and stir well for ten minutes, and stir it three or four times a fortnight. When clear and transparent, strain through a blotting paper and bottle for use.

DRY SHAMPOO.—Take a pint of alcohol, half a pint of bay rum, and half an ounce of spirits of ammonia, and one dram of salts tartar. Shake well together, and it is ready for use. Pour a quantity on the head, rub well with the palm of the hand. It will produce a thick foam, and will cleanse the scalp. This is used generally by first-class barbers.

To MAKE THE HAIR GROW.—If the head be perfectly bald, nothing will ever cause the hair to grow again. If the scalp be glossy, and no small hairs of discernible, the roots or follicles are dead, and cannot be resuscitated. However if small hairs are to be seen, there is hope. Brush well, and bathe the bald spot three or four times a week with cold, soft water: carbonate of ammonia one dram, tincture of cantharides four drams, bay rum four ounces, castor oil two ounces. Mix well and use every day.

Miscellaneous Recipes.

Camphor Ice—For Chapped Hands or Lips
—Spermaceti tallow 1½ ozs.; oil of sweet almonds 4 teaspoons; gum camphor, ½ oz.; made fine. Set on the stove until dissolved, constantly stirring. Use only just sufficient heat to melt them.

Salve for Burns, Frost-Bites, Cracked Nipples, etc.—Equal parts of turpentine, sweet oil and bees-wax, melt the oil and wax together, and when a little cool, add the turpentine, and stir until cold, which keeps them evenly mixed.

To Cure Chilblains—Mutton tallow and lard of each ½ lb.; melt in an iron vessel and add hydrated oxide of iron, 2 ozs.; stirring continually with an iron spoon, until the mass is of an uniform black color; then let it cool and add Venice turpentine, 2 ozs.; and Armenian bole, 1 oz.; oil of bergamot, 1 dr.; rub up the bole with a little olive oil before putting it in.

Felons—If Recent, to Cure in Six Hours—Venice turpentine, 1 oz., and put into it half a teaspoon of water, and stir with a rough stick until the mass looks like candied honey, then spread a good coat on a cloth and wrap around the finger. If the case is only recent, it will remove the pain in six hours.

14 It is not a liquid, snuff, or cauterizing powder.

A Clergyman Speaks.

REV. ELI WOODCOCK, BROCKVILLE, ONT., says:—I have been severely troubled with catarrh for 15 years. On the recommendation of a friend I tried Nasal Balm. I have used part of a small bottle, which has given me great relief.

Cured a Case of 12 years' Standing.

HOME WOOD BREEDING FARM,
RIDGEWAY, OHIO, May 27th, 1888.

MESSRS. FULFORD & Co.,

GENTS.—I have used Nasal Balm and find it all you claim for it in the cure of catarrh. In my case I had been troubled for twelve years, but every trace has disappeared since I began using Nasal Balm. Respectfully yours,

E. S. BUTLER.

Relief Every Time.

MR. G. T. GORELL, Mail Clerk on C.P.R., says:—Nasal Balm is a boon to all suffering from cold in the head. It gives relief rapidly and never fails to effect a speedy cure.

Worth its Weight in Gold.

C. McDONALD, SERPENT RIVER, ALGOMA, says:—I have used Nasal Balm for a bad case of catarrh, and it has done me more good than all the remedies I ever tried before. It is worth its weight in gold.

A Traveller's Experience.

MR. WILLIAM LEAVITT, representing Messrs. Ames Holden & Co., Montreal, states:—Nasal Balm is the best preparation on earth for catarrh, my own case being of the worst kind; and after trying every remedy offered without relief, I was induced to try Nasal Balm, which afforded immediate relief. The rapid manner it relieves stoppage and clogging of the nasal passages, stops the droppings of poisonous secretion from the head into the throat, is truly wonderful, and should be known to every sufferer from catarrh or cold in the head.

Itch Ointment—Unsalted butter, 1 lb.; Burgundy pitch, 2 ozs.; spirits of turpentine, 2 ozs.; red precipitate, pulverized, 1½ ozs.; melt the pitch and add the butter, stirring well together; then remove from the fire, and when a little cool add the spirits of turpentine, and lastly the precipitate, and stir until cold.

Simple Cure for Piles—Mix one tablespoon of sulphur with half a pint of milk, to be taken every day until favorable symptoms appear, and then occasionally, as the case may require. The above is a cheap, simple, and most infallible cure for that most painful and unpleasant disorder. It has been used with complete success in old and inveterate cases where individuals have spent scores of dollars in medical advice. It will injure none, and only requires a trial.

Eye Water—Table salt and white vitriol, of each, 1 tablespoon; heat them upon copper or earthen until dry; the heating drives off the acid or biting water, called the water of crystallization, making them much milder in their action; now add them to soft water, ½ pint; putting in white sugar, 1 tablespoon; blue vitriol, a piece the size of a common pea. If it should prove too strong in any case, add a little more soft water to a vial of it. Apply it to the eyes 3 or 4 times daily.

Green Mountain Salve—Resin, 5 lbs.; Burgundy pitch, bees-wax and Mutton tallow, of each, ¼ lb.; oil of hemlock, balsam of fir, oil of organum, oil of red cedar, and Venice turpentine, of each, 1 oz.; oil of wormwood, ½ oz.; verdigris, very finely pulverized, 1 oz.; melt the first articles together and add the oils, having rubbed the verdigris up with a little of the oils, and put it in with the other articles, stirring well; then pour into cold water and work as wax until cold enough to roll.

This salve has no equal for Rheumatic pains, or weakness in the side, back, shoulders, or any place where pain may locate itself.

Adhesive Plaster or Salve, for Deep Wounds, Cuts, etc., in Place of Stitches—White resin 7 ozs., bees-wax and mutton tallow, of each, ½ oz.; melt altogether, then pour into cold water and work as wax until thoroughly mixed, then roll out into suitable sticks for use.

It may be spread upon firm cloth and cut into narrow strips. In case of deep wounds, or cuts, it will be found to firmly hold them together; by first pressing one end of a strip upon one side of the wound until it adheres, then draw the edges of the wound closely together, and press down the other end of the strip until it adheres also. The strips should reach three or four inches upon each side of the cut, and run in different directions across each other, to draw every part of the wound firmly in contact. It will crack easily after

Acts Like a Charm.

PORT HOPE, ONT.

MESSRS. FULFORD & CO.

DEAR SIRS,—I was a sufferer from a long standing case of catarrh, and being well up in years (72) hardly expected to ever obtain anything that would give me material or permanent relief. At the time of receiving Nasal Balm I was very bad with catarrh, but take great pleasure in stating that on the second application I obtained wonderful relief, and its effect was pleasant, soothing and healing. It acted like magic and is worth ten times its cost for the immediate relief it gives. I feel confident the second bottle will effect a permanent cure. I have recommended Nasal Balm for cold in the head, and in every case it acts like a charm. Yours truly,

A Modern Charm.

MR. JOHN FOSTER, RAYMOND, ONT., writes:—Nasal Balm acts like a charm for my catarrh. I have only used it a short time and now feel better than at any period during the last seven years. In fact I am sure of a cure and at very small expense.

A Great Sufferer Relieved.

There is no case of catarrh that Nasal Balm will not cure. Charles Gilker, Grover Point, says:—I have been a great sufferer from catarrh and have used other remedies for years, but one bottle of Nasal Balm did me more good than all other remedies. I feel confident of a permanent cure.

The Opinion of an Insurance Man.

W. A. BOYLE, manager and secretary of the Miniota Farmers' Mutual Insurance Co., Beulah, Man., says:—My wife and myself have commenced the use of Nasal Balm for catarrh, and the benefit and comfort derived from it warrants a continuance of its use. It is superior to any other remedy we have tried.

being spread until applied to the warm flesh, yet if made any softer it cannot be depended upon for any length of time, but as it is, it has been worn as a strengthening plaster, and remained on over a year.

Tomato Ketchup.—Take perfectly ripe tomatoes, $\frac{1}{2}$ bushel; wash them clean and break to pieces; then put over the fire and let them come to a boil, and remove from the fire; when they are sufficiently cool to allow your hands in them, rub through a wire sieve; and to what goes through, add salt, two tea-cups; allspice and cloves, of each ground, one tea-cup; best vinegar, 1 quart. Put onto the fire again and cook one hour, stirring with great care to avoid burning. Bottle, and seal for use. If too thick when used, put in a little vinegar. If they were very juicy they may need boiling over an hour.

Common Black Ink.—Logwood chips, 1 lb.; boil in $1\frac{1}{2}$ gals. of water till reduced to 2 qts.; pour off and repeat the boiling again as before; mix the two waters, 1 gal. in all; then add bichromate of potash; $\frac{1}{2}$ oz.; prussiate of potash, $\frac{1}{2}$ oz.; prussiate of iron (prussian blue), $\frac{1}{2}$ oz.; boil again about five minutes, and strain and bottle for use.

You will find none of the gumminess about this ink that is found in that made from the extract of logwood; yet it is not presumed that this will be as durable as the gall inks, for deeds, records, etc., but for schools and common use it is as good as the most costly inks.

Red Ink—The Very Best.—Take an ounce vial and put into it a teaspoonful of aqua ammonia, gum arabic the size of 2 peas, and 6 grs. No. 40 carmine, and 5 grs. No. 6 or 8 carmine also; fill up with soft water and it is soon ready for use.

Indelible Ink.—Nitrate of silver, 11 grs.; dissolve in in 30 grs. (or about a teaspoon) of water of ammonia; in 85 grs. (or $2\frac{1}{2}$ teaspoons) of rainwater, dissolve 20 grs. of gum arabic. When the gum is dissolved put into the same vial also 22 grs. of carbonate of soda (sal soda). When all is well dissolved, mix both vials, or their contents, and place the vial containing the mixture in a basin of water and boil for several minutes, or until a black compound is the result. When cold it is ready for use. Have the linen or other goods starched and ironed, and perfectly dry; then write with a quill pen.

Molasses Candy and Pop-Corn Balls.—Candy—Equal quantities of brown sugar and molasses, and put them into a suitable kettle (copper is the best) and when it begins to boil, skim it well, and strain it, or else pour it through a fine wire sieve to free it of slivers and sticks which are often found in the sugar; then return it to the kettle and continue to

Nasal Balm never fails to cure.

Immediate Relief.

EX-MAYOR ROBERT BOWIE, BROCKVILLE, ONT., says:—I used Nasal Balm for a bad case of catarrh, and it cured me after having ineffectually tried many other remedies. It never fails to give immediate relief for cold in the head.

Better than Medical Treatment.

MALLORYTOWN, ONT.
MESSRS. FULFORD & Co.
GENTS:—My daughter suffered for years from a most distressing and annoying catarrh. Her case was under the treatment of eminent physicians in the United States and Canada. Two months' use of Nasal Balm has had more beneficial effects than all former treatments combined.

A. W. MALLORY.

Other Remedies Fail.

MR. JOHN R. WRIGHT, representing Messrs. Evans, Sons & Mason, wholesale druggists, Montreal, says:—Nasal Balm cured me of a long standing case of catarrh after many other remedies failing.

A Railway Man's Verdict.

G. T. R. FREIGHT DEPT.,
BROCKVILLE, ONT., Dec., 1887.
MESSRS. FULFORD & Co.

GENTS:—A short treatment with Nasal Balm radically removed all symptoms of my catarrh. The preparation is pleasant and easy to use, and gives immediate and permanent relief.

J. D. KENNEDY, Agent.

A Feeling of Confidence.

5 BEAVER HALL SQUARE, MONTREAL,
QUE.
MESSRS. FULFORD & Co.

GENTS:—Please send me two bottles of Nasal Balm. I have nearly finished the small bottle sent. It has done my catarrh more good than all the remedies I ever used, and I feel confident of a permanent cure.

W. R. BARBER.

boil, until, when you have dipped your hand in cold water and passed one or two fingers through the boiling candy and immediately back to the cold water, what adheres, when cold, will crush like dry egg-shells, and does not adhere to the teeth when bitten. When done, pour it on a stone or platter which has been greased, and as it gets cool begin to throw up the edges and work it by pulling on a hook or by the hand, until bright and glistening like gold; the hands should have a little flour on them occasionally; now keep the mass by a warm stove (if much is made at one time) and draw it into stick size, occasionally rolling them to keep round, until all is pulled out and cold, then with shears clip a little upon them, at proper lengths for the sticks, and then will snap quickly while yet stick will bend; no color, no butter, no lard or flavor is used or need be, yet any oil can be used for flavoring, if desired, when poured out to cool.

Candy Perfectly White—If it is desired to have candy that is perfectly white, proceed as follows:

Best coffee sugar, 2½ lbs.; the nicest syrup, 1½ pts.; boil very carefully, until when tried as above, it crisps like egg-shells, or flies like glass; then draw and work upon the hook until very white.

Ice Cream—Fresh cream, ½ gal.; rich milk, ½ gal.; white sugar, 1 lb.; some do use as much as 2 lbs. of sugar to the gallon, yet it leaves an unpleasant astringency in the throat after eating the cream.

Dissolve the sugar in the mixture, flavor with extract to suit your taste, or take the peel from a fresh lemon and steep one-half of it in as little water as you can, and add this—it makes the lemon flavor better than the extract—and no flavor will so universally please as the lemon; keep the same proportion for any amount desired. The juice of strawberries or raspberries gives a beautiful color and flavor to ice cream; or about ½ oz. of essence or extracts to a gallon, or to suit the taste. Have your ice well broken; 1 qt. salt to a bucket of ice. About half an hour's constant stirring and occasional scraping down and beating together will freeze it.

Night Sweats—To Relieve—After Agues, Fevers, etc., and in Consumption many persons are troubled with "Night Sweats." They are caused by weakness or general debility. For their relief: take ess. of tansy, ½ oz.; alcohol, ½ oz.; water, ½ oz.; quinine, 15 grs.; muriatic acid, 30 drops; mix. Dose—1 teaspoon in a gill of cold sage tea.

It should be taken two or three times during the day, and at bed time; and the cold sage tea should be used freely as a drink, also, until cured. It will even cure Ague, also, by repeating the above dose every hour, beginning twelve to fifteen hours before the chill.

How to Save Money.

MR. E. H. McCREA, of the Hudson Bay Co., West Lynne, Manitoba, says:—I suffered from catarrh for a number of years, and expended upwards of \$200 employing physicians and catarrh specialists, buying different remedies, inhalants, douches, etc., without obtaining relief. Your advertisement in *Toronto Mail* induced me to invest fifty cents in Nasal Balm. I sent for a package, and must say it was the best investment I ever made. It gave me immediate relief, and in less than two weeks the droppings from the nasal passages into my throat entirely ceased. I would urgently advise all afflicted with catarrh to use Nasal Balm.

Feel Like Another Person.

WM. CLARK, baggage master, W. & A. Railway, Annapolis, N. S., writes:—Please send me another bottle of Nasal Balm as my first bottle is gone, and I believe, had I used it according to instructions, it would have cured me; as it is I am very much better, in fact feel like another person.

Embarrassing.

Why suffer the embarrassments arising from catarrh when Nasal Balm will cure you? A. H. DERRY, Bannockburn, Ont., says:—I received one package of Nasal Balm, and from its use can highly recommend it for cold in the head and catarrh. It will effect a cure very quickly.

Perfectly Cured.

BLOOMFIELD, N. B.

MESSRS. FULFORD & Co.

GENTS:—I wish to inform you that I have been a sufferer from catarrh for a long time, and have continually tried so-called remedies and catarrh cures, but all to no purpose. At last I heard of Nasal Balm and was induced to try that. To my astonishment I found relief from first application, and now after two weeks' use feel myself PERFECTLY and THOROUGHLY cured. Yours truly,

Rayford W. W. W. W.

Imitation of Spalding's Glue.—First, soak in cold water all the glue you wish to make at one time, using only glass, earthen or porcelain dishes; then by gentle heat dissolve the glue in the same water, and pour in a little nitric acid, sufficient to give the glue a sour taste, like vinegar, or from $\frac{1}{2}$ oz. to 1 oz. to each pound of glue. The acid keeps it in a liquid state, and prevents it from spoiling; as nice as Spalding's or any other, for a very trifling expense. If iron dishes are used, the acid corrodes them and turns the glue black.

Headache Drops.—Castor, gentian, and valerian roots, bruised, $\frac{1}{2}$ oz.; laudanum, 1 oz.; sulphuric ether, $1\frac{1}{2}$ ozs.; alcohol, $\frac{1}{2}$ pt.; water, $\frac{1}{2}$ pt.; put all into a bottle and let stand about 10 days. Dose—A teaspoon as often as required, or 2 or 3 times daily.

In-Growing Toe Nail.—We take the following remedy for a very common and very painful affliction, from the *Boston Medical and Surgical Journal*:

"The patient on whom I first tried this plan was a young lady who had been unable to put on a shoe for several months, and decidedly the worst I have ever seen. The edge of the nail was deeply undermined, the granulations formed a high ridge, partly covered with the skin; and pus constantly oozed from the root of the nail. The whole toe was swollen and extremely painful and tender. My mode of proceeding was this:

"I put a very small piece of tallow in a spoon, and heated it until it become very hot, and poured it on the granulations. The effect was almost magical. Pain and tenderness were at once relieved, and in a few days the granulations were all gone, the diseased parts dry and destitute of all feeling, and the edge of the nail exposed so as to admit of being pared away without any inconvenience. The cure was complete, and the trouble never returned.

"I have tried the plan repeatedly since, with the same satisfactory results. The operation causes but little pain, if the tallow is properly heated. A repetition in some cases might be necessary, although I have never met with a case that did not yield to one application."

Egyptian Cure for Cholera.—Best Jamaica ginger root, bruised, 1 oz.; cayenne, 2 teaspoons; boil all in 1 qt. of water to $\frac{1}{2}$ pt., and add loaf sugar to form a thick syrup. Dose—One tablespoon every 15 minutes, until vomiting and purging ceases, then follow up with a blackberry tea.

Nature's Cholera Medicine.—Laudanum, spirits of camphor, and tincture of rhubarb, equal parts of each. Dose—One tablespoon every 15 to 30 minutes, until relieved.

Letter, Ringworm, and Barber's Itch.—To Cure.—Take the best Cuba cigars, smoke one a

Feels Like a New Man.

BELLVILLE, ONT.

GENTS:—I take great pleasure in recommending your Nasal Balm to any one troubled with that dreadful disease, catarrh. I have been troubled with it for the past fifteen years, and can say candidly that I never had anything that gave me half so much relief as your Nasal Balm. I have only used two bottles and I feel like a new man.

Yours, etc., A. E. FISH.

A Nova Scotian's Opinion.

ROBERT C. WOODMAN, Digby, N. S., writes as follows:—Enclosed find \$1 for another large bottle of Nasal Balm which you will please send me by first mail. The bottle I sent for some time ago benefited me very much more than any other preparation I ever tried.

All You Claim for It.

TREBENE, MAN., Dec. 30, 1887.

GENTS:—I am delighted to be in a position to say that Nasal Balm is helping me wonderfully, although I have been using it but a very short time. It speedily cleared out the head and stopped the disagreeable droppings into the throat. For some time I have suffered severely from catarrhal headache, Nasal Balm has removed every trace of it. I have every confidence in its completely curing me. It is deserving of all you claim for it: "A Positive Cure for Catarrh. Easy and Pleasant to use." I hope it will soon be for sale in every town and village in Manitoba.

WM. H. SHARP.

An Old Man's Advice.

MR. ALEX. MOORE, Mechanics' Settlement, New Brunswick, says:—I am going on 75 years of age, and had very little hopes of anything to relieve my catarrh. Seeing Nasal Balm advertised, I sent to you for a package. It has done me a great deal of good. I enclose you \$2 for a further supply, part of which I intend giving to an afflicted friend. I advise all sufferers from catarrh to use Nasal Balm.

sufficient length of time to accumulate one-fourth or one-half inch of ashes upon the end of the cigar; now wet the whole surface of the sore with the saliva from the mouth, then rub the ashes from the end of the cigar thoroughly into, and all over the sore; do this three times a day, and inside of a week all will be smooth and well.

Water-Proof Oil Paste Blacking.—Take camphene, 1 pt., and put into it all the India rubber it will dissolve, add currier's oil, 1 pt.; tallow, 6 lbs.; lamp-black, 2 ozs.; mix thoroughly by heat.

This is a nice thing for old harness or carriage tops, as well as for boots and shoes. Or you can dissolve the rubber in the oil by setting them in rather a hot place for a day or two; and save the expense of camphene, as that is of no use only as a solvent to the rubber. There are those however, who do not like to use the *rubber*, thinking it rots the leather; then use the following:

Take tallow, 1 lb.; bees-wax, $\frac{1}{2}$ lb.; castor or neat's foot oil, $\frac{1}{2}$ pt.; and lamp-black, $\frac{1}{2}$ oz.; mix by heat.

Fire-Proof Paint for Roofs, etc.—Slack stone-lime by putting it into a tub, to be covered, to keep in the steam. When slacked, pass the powder through a fine sieve; and to each 6 qts. of it add 1 qt. of rock salt, and water, 1 gal.; then boil and skim clean. To each 5 gals. of this add pulverized alum, 1 lb.; pulverized copperas, $\frac{1}{2}$ lb.; and still slowly add powdered potash, $\frac{3}{4}$ lb.; then fine sand, or hickory ashes, 4 lbs.

Now add any desired color, and apply with a brush; looks better than paint, and is as durable as slate. It stops small leaks in roofs, prevents moss, and makes it incombustible; and brick impervious to wet.

Directions for Making Various Shades, or Compound Colors.—Proportion them about as follows: For green, 1-5 blue, 4-5 yellow; purple, 1-6 blue, 5-6 crimson; orange, $\frac{1}{2}$ crimson, $\frac{3}{4}$ yellow; wine-color' 1-12 blue, 11-12 crimson; pink, add a little crimson to white-zinc; brown, mix a dark purple, and add yellow according to the shade desired; black, add crimson to dark green until the shade suits you; to make the compound colors lighter, add the lightest color in it, and make darker by using more of the darkest color in the compound. For backgrounds: White, white-zinc, or pink white and turpentine and boiled linseed-oil and Damar-varnish; black, lamp-black, with asphaltum-varnish and boiled linseed-oil and turpentine in equal quantities; flesh-color, white-zinc with a small portion of crimson and chrome-yellow, to suit. For sketching out the figures on the groundwork, use a little lamp-black with asphaltum-varnish, turpentine, and boiled linseed-oil, to make it flow freely.

The medical profession endorse Nasal Balm. 19

Out on the Plains

the wonderful virtues of Nasal Balm are known and appreciated. W. M. ARMSTRONG, of the mounted police, Fort Saskatchewan, writes:—I have been using Nasal Balm as directed and find it to be all you claim for it—"A Sure Cure for Catarrh, Easy to Use, Pleasant and Agreeable." It gave me relief from the first application. Everybody suffering from cold in the head or catarrh should use Nasal Balm.

A Wonderful Relief.

EDMUND KERR, CHESTERTON, ONT., says:—I can truthfully say your Nasal Balm is giving me great relief, and I feel satisfied that another bottle will make a complete cure. I could not expect one bottle to cure me as my case was a very bad one.

The Best Remedy.

D. S. McDONALD, MABOU, B.C., writes:—Nasal Balm has helped my catarrh very much. It is the best remedy I ever used.

Great Satisfaction.

QUEBEC, May 4th, 1888.

MESSRS. FULFORD & Co.

GENTS,—I beg to inform you that your Nasal Balm has given me the greatest satisfaction. I am satisfied it is all you claim it to be.

Yours truly,

S. Emoch Lepage

A Long Standing Case.

QUEBEC, May, 1888.

GENTLEMEN,—My case of catarrh was one of long standing (10 or 12 years), and up to date I feel a wonderful improvement from the use of Nasal Balm. I never met a remedy like yours for catarrh, and I may say I expect a complete cure. Yours truly,

J. N. PROULE.

Starch Polish.—White-wax 1 oz.; spermaceti 2 oz.; melt them together with a gentle heat. When you have prepared a sufficient amount of starch, in the usual way, for a dozen pieces—put into it a piece of the polish the size of a large pea; more or less, according to the large or small washings. Or, thick gum solution (made by pouring boiling water upon gum arabic), one tablespoon to a pint of starch, gives clothes a beautiful gloss.

Polish for Reviving Old Furniture.—Take alcohol, $1\frac{1}{2}$ ozs.; spirits of salts (muriatic acid), $\frac{1}{2}$ oz.; linseed-oil, 8 ozs.; best vinegar, $\frac{1}{2}$ pt.; and butter of antimony, $1\frac{1}{2}$ ozs.; mix, putting in the vinegar last.

It is an excellent reviver, making furniture look nearly equal to new, and really giving a polish to new work, always shaking it as used. But if you cannot get the butter of antimony, the following will be the next best thing: Take of 98 per cent, alcohol, $\frac{1}{2}$ pt.; pulverized resin and gum shellac, of each $\frac{1}{4}$ oz. Let these cut in the alcohol; then add linseed-oil, $\frac{1}{2}$ pt.; shake well, and apply with a sponge, brush, or cotton flannel, or any old newspaper, rubbing it well after the application, which gives a nice polish.

Faded and Worn Garments.—To Renew the Color.—To alcohol 1 qt., add extract of log-wood, $\frac{1}{2}$ lb.; loaf sugar, 2 ozs.; blue vitriol, $\frac{1}{2}$ oz.; heat gently until all are dissolved; bottle for use.

Directions—To one pint of boiling water put three or four teaspoons of the mixture, and apply it to the garment with a clean brush; wetting the fabric thoroughly; let dry; then suds out well and dry again to prevent crocking; brush with the nap to give the polish. This may be applied to silks and woolen goods having colors; but is most applicable to gentlemen's apparel.

Balm of a Thousand Flowers.—As strange as it may seem, some of the most astonishingly named articles, are the most simple in their composition. Although thousands of dollars have been made out of the above named article, it is both cheap and simple:

Deodorized alcohol, 1 pt.; nice white bar soap, 4 ozs.; shave the soap when put in; stand in a warm place until dissolved; then add oil of citronella, 1 dr.; and oils of neroli and rosemary, of each, $\frac{1}{2}$ dr.

It is recommended as a general perfume; but it is more particularly valuable to put a little of it into warm water, with which to cleanse the teeth.

Razor-Strop Paste.—Take the very finest superfine flour of emery and moisten it with sweet oil; or you may moisten the surface of the strop with the oil, then dust the flour of emery upon it, which is perhaps the best way.

Cold in the head is incipient Catarrh.

One Bottle Cured.

RENFREW, ONT., *May 7th, 1888.*

FULFORD & CO., BROCKVILLE.

GENTS.—I am glad to be able to testify to the excellent results of your Nasal Balm in my case. I used it for catarrh and cold in the head, and find it far superior to other remedies. One bottle cured me and I am very grateful for having heard of your preparation, and I urge all afflicted with catarrh to give it a fair trial, and I am confident it will cure them. Yours truly,

EDWARD SMITH.

Cured Deafness.

CALDWELL MILLS, ONT., *May 7th, 1888.*

MESSRS. FULFORD & CO.

GENTS.—It gives me great pleasure to testify to the great merit of Nasal Balm. I tried other remedies but got no relief. The disease had brought on partial deafness. Yet two applications of Nasal Balm gave me great relief and before the bottle was finished I was completely cured. Yours gratefully,

SAMUEL BOLTON.

The Best Thing in the Market.

RIVERSIDE, CAL., *April 30th, 1888.*

GENTS.—I must say that Nasal Balm has done what you claim for it in my case. I got a terrible cold coming here in December last which settled in my head and nose, and I could not get anything to do me good until I got your Nasal Balm. It has done its work quickly and well, and I have no hesitation in saying it is the best thing in the market for catarrh or cold in the head.

Yours, etc.,

Maurice Ahern.

Nasal Balm Unequaled.

P. B. MACNAMARA merchant tailor, Brockville, Ont., says:—As an instant relief for Cold in the Head and Catarrh, Nasal Balm is unequalled. The effect is noticed as soon as it is used.

Nothing else is needed. You must not take any of the coarse food, nothing but the finest will do. It is often mixed with a little oil and much other stuff which is of no use.

Washing Fluid—Saving Half The Wash-Board Labor—Sal-soda, 1 lb.; stone lime, $\frac{1}{2}$ lb.; water, 5 qts.; boil a short time, stirring occasionally; then let it settle and pour off the clear fluid into a stone jug and cork for use; soak your white clothes over night, in simple water, wring out, and soap wristbands, collars, and dirty or stained places; have your boiler half filled with water, and when at scalding heat, put in one common teacup of the fluid, stir and put in your clothes, and boil for half an hour; then rub lightly through one suds only, rinsing well in the bluing water, as usual, and all is complete.

Liquid Bluing—For Clothes—Most of the bluing sold is poor stuff, leaving specks in the clothes. To avoid this:

Take best Prussian-blue, pulverized, 1 oz.; oxalic acid, also pulverized, $\frac{1}{2}$ oz.; soft water, 1 qt. Mix. The acid dissolves the blue and holds it evenly in the water, so that specking will never take place. One or two tablespoons of it is sufficient for a tub of water, according to the size of the tub.

German Erasive, or Yellow Soap—Tallow and sal-soda, of each, 112 lbs.; resin, 56 lbs.; stone lime, 28 lbs.; palm-oil, 8 lbs.; soft water, 28 gals.; or for small quantities, tallow and sal-soda, of each, 1 lb.; resin, 7 oz.; stone lime, 4 oz.; palm-oil, 1 ox.; soft water, 1 qt.

Put soda, lime, and water in a kettle and boil, stirring well; then let it settle and pour off the lye. In another kettle, melt the tallow, resin and palm-oil; having it hot, the lye being boiling hot; mix altogether stirring well, and the work is done.

Transparent Soap—Take nice yellow bar soap, 6 lbs.; cut it thin and put into a brass, tin, or copper kettle, with alcohol, $\frac{1}{2}$ gal.; heating gradually over a slow fire, stirring until all is dissolved; then add an ounce of sassafras essence, and stir until well mixed; now pour into pans about $\frac{1}{4}$ inches deep and then cold, cut into square bars, the length or width of the pan, as desired.

This gives you a nice toilet soap for a trifling expense, and when fully dry it is very transparent.

Windsor, or Toilet Soap—Cut some new, white bar soap into thin slices, melt it over a slow fire, and scent it with oil of caraway; when perfectly dissolved, pour it into a mould and let it remain a week, then cut it into such sized squares as you may require.

Cold in the head is incipient Catarrh.

21

A Twenty Years' Case.

Mr. JOHN B. BARRY, New Dublin, Ont., says:—I have suffered severely from Catarrh for twenty (20) years, at the request of a friend I tried Nasal Balm, one small bottle gave me more relief than all the numerous remedies I had tried. I now feel like a new man and have every reason to believe the second bottle I am now using will completely cure me.

Cured in Twelve Hours.

Mr. J. CLANCY SMART, late of the James Smart Manufacturing Co., Brockville, says:—Nasal Balm cannot be too highly recommended for Cold in the Head, in my case it gave immediate relief, and in twelve (12) hours completely cured me. I would recommend any one suffering from cold in the head to try Nasal Balm.

All Speak Well of it.

BRANTFORD, *May 16th, 1887.*

MESSRS. FULFORD & Co.

GENTS,—Your Nasal Balm sells more rapidly than any other preparation on the market, for catarrh and cold in the head. My customers all speak of it in the highest terms. Yours truly,

FRED. H. YAPP.

Chemist and Druggist.

The Best I Ever Used.

HARTINGTON, *June 5th, 1887.*

DEAR SIR,—I received the bottle of Nasal Balm I sent for and have been using it according to directions. It is beyond doubt the best remedy I ever used. It helped me from the very first application and acts like a charm. I feel grateful for having my attention called to your Nasal Balm.

Yours respectfully,

J. W. Wood

Magic Age Table.

To ascertain any person's age with the aid of this table, request him to inform you in which column or columns his age is contained; add together the figures at the top of the columns in which his age is to be found, and you have the secret. Thus, supposing his age to be seventeen, you find that number in the first and fifth columns; add the first figures of these two columns. Here is the magic table.

1	2	4	8	16	32

Business Law.

It is not legally necessary to say on a note "for value received."

A note drawn on Sunday is void.

A note obtained by fraud, or from a person in a state of intoxication, cannot be collected.

If a note be lost or stolen, it does not release the maker; he must pay it.

A note given by a minor is void.

Notes bear interest only when so stated.

Principals are responsible for the acts of their agents.

Each individual in a partnership is responsible for the whole amount of the debts of the firm.

Ignorance of the law excuses no one.

It is a fraud to conceal a fraud.

The law compels no one to do impossibilities.

Nothing on earth equals Nasal Balm.

Recommend it Strongly.

OTTAWA, *June 3rd, 1887.*

GENTLEMEN,—I have used your NASAL BALM for cold in the head and *find it all you have claimed for it.* I take pleasure in strongly recommending it to all persons suffering from catarrh, cold in the head, etc. Respectfully yours,

CHAS. WALSH.

It Will Cure.

ST. PIERRE, *March 1st, 1880.*

GENTS,—I got two bottles of your Nasal Balm through a friend, and it has benefited me wonderfully, so much so that I think the last bottle will entirely cure me. Yours, &c.,

DONALD McDONALD.

Had Instant Relief.

BROCKVILLE, *May 21st, 1888.*

MESSRS. FULFORD & Co.

GENTS,—It gives me pleasure to testify to the great worth of Nasal Balm as an instantaneous relief and certain cure for cold in the head. I confess that before using it I was somewhat sceptical, but one trial convinced me that it is all you claim for it. I had a severe cold in the head, accompanied by a dull, heavy headache. I was persuaded to try Nasal Balm, and to my astonishment I found relief and could breathe more freely within ten minutes after the first application, and within twenty-four hours every vestige of the cold had disappeared. I found it easy to use, pleasant and agreeable, and I feel confident there is no case of cold in the head that Nasal Balm will not rapidly cure.

Yours very truly,

John A. McKenzie

An agreement without consideration is void. Signatures made with a lead pencil are good in law.

A receipt for money paid is not legally conclusive.

The acts of one partner bind all the others. Contracts made on Sunday cannot be enforced.

A contract made with a minor is void.

A contract made with a lunatic is void.

Stubborn Cases promptly yield to Nasal Balm. 23

A Long Standing Case Cured.

BROCKVILLE, *Feb. 20th, 1887.*

MESSRS. FULFORD & Co.

GENTS.—For some years I was troubled with a severe case of catarrh, and was seldom free from catarrhal headache. I tried many remedies but without avail. I procured a bottle of Nasal Balm, and in less than a week my headaches had disappeared together with all other symptoms of catarrh. I believe Nasal Balm is a boon to all sufferers from this terrible malady.

Yours truly,

GORDON A. STARR,
Agent C. P. Railway.

The Universal Verdict.

THORNBURY, ONT., *June 10th, 1887.*

MESSRS. FULFORD & Co.

DEAR SIR,—I have received much benefit from the use one small bottle of Nasal Balm, and believe that with a careful application a permanent cure may be expected for catarrh.

Yours truly,

J. E. HUTTON.

The Best Remedy.

ARKELL, ONT., *Dec. 31st, 1887.*

I have had catarrh for two years, and was getting very bad with it when I was induced to try a bottle of Nasal Balm. The effect of its use has been truly wonderful. It stopped the droppings into the throat and allayed the pain across my forehead. I think it the best remedy for cold in the head and catarrh ever offered to the public.

Yours truly,

A. Phillips

The Best Cure.

KAGAWONY, ALGOMA DIST.
June 4th, 1888.

MESSRS FULFORD & Co.

GENTS.—I have used your Nasal Balm and have no hesitation in saying that it is the best remedy on earth for catarrh, I have only used one half a bottle, and it has fully cured my catarrh. I have no hesitation in giving my name as an endorsement of Nasal Balm, as the greatest remedy yet discovered for catarrh and cold in head.

Yours truly,

JOHN BROWN.

Beneficial Results.

WHITE, ONT., *May 29th, 1887.*

FULFORD & Co., BROCKVILLE.

SIRS,—This is to testify that the bottle of Nasal Balm received by me for my wife has been used with the most beneficial results. I wish you every success, for Nasal Balm is the best remedy for catarrh I know of.

Yours truly,

ROBERT JORDAN.

A Perfect Remedy.

SPILLMACHEEN, B. C.
Feb. 8th, 1888.

MESSRS. FULFORD & Co.

GENTS.—I have been using your Nasal Balm for some time with the most gratifying results. My case of catarrh was a very bad one, but the Nasal Balm has cleared my head, stopped the droppings into my throat; in fact has made me feel smarter and better in every way. I look upon Nasal Balm as a perfect remedy. Yours truly,

J. R. A. SMITH.

Every Mother should read this page.

WHAT NASAL BALM HAS DONE FOR LADIES AND CHILDREN!

CATARRH spares neither age nor sex in its blighting effects, and ladies afflicted with it, from their finer feeling and more sensitive nature, feel the evil effects much more keenly than men. In Nasal Balm we offer an unparalleled remedy for the radical cure of catarrh and cold in the head. In the case of children it is peculiarly effective, and may be as safely used for a child a few weeks old as for an adult. It will almost instantly cure colds in children, and for what is known as "snuffles" it gives immediate relief. Ladies, we ask you to give the following testimonials from your own sex a careful perusal and you will be convinced.

MR. W. L. MALEY, dealer in boots and shoes, Brockville, Ont. Mrs. Maley has been a sufferer from catarrh for several years, and has tried numerous so-called catarrh remedies, but none of them approach Nasal Balm in giving quick and permanent relief. The effect from using one bottle indicates that it will produce a permanent and entire cure.

Used For Children.

CANSO, N.S., *May 16th, 1887.*

FULFORD & CO., BROCKVILLE.

GENTS:—I have used Nasal Balm on several occasions with the children for cold in the head, and always find it effects a rapid cure.

Yours, truly,

M. RAY.

The Usual Result.

MILLBANK, *December 13th, 1887.*

GENTS:—Enclosed find one dollar for which send me a package of your Nasal Balm. I have used one bottle and it has done me a great deal of good.

MRS. P. M. GILCHRIST.

Feel a New Person.

MUSCOTAH, KANSAS, *Jan. 12th, '88.*

MESSRS. FULFORD & CO.

GENTS,—I am pleased to say your Nasal Balm has wonderfully helped me although I have not yet used one bottle. The numerous droppings from the head into the throat have ceased, I breathe easier, sleep better, and altogether feel a new person. I am glad to offer my testimony for the benefit of others afflicted with catarrh.

Yours respectfully,

MARY J. LITTLE.

Interesting to Parents.

MR. ROBERT LAIDLAW, EDITOR OF THE KINGSTON *News* says:—Our babe was so choked up she could hardly breathe. In fact at one time we feared that she would choke to death. Respiration became more difficult every minute, for which we could get no relief by the usual remedies formerly used. Having a bottle of Nasal Balm in the house my wife suggested trying it, and in twenty minutes from the first application the child was sleeping and breathing easily, and in twenty-four hours not a sign of the trouble remained. It is an invaluable remedy for children as well as grown people.

Nasal Balm is speedy in its effects.

25

Three Days' Use.

PORT HOPE, Dec. 17th, 1888.

SIRS,—My son, a lad of 16 years, has been troubled with catarrh for three years. He has taken fourteen bottles of two other catarrh remedies, besides doctor's medicine, without any good being done. We heard of your Nasal Balm and thought we would try it, and after three days' use the result was astonishing. I think, under God's blessing, it is the greatest catarrh remedy in the world. Yours respectfully,

M. H. PHILIP.

A Friend in Need.

MISS ADDIE HOWISON, BROCKVILLE, ONT., says:—I had catarrh for years, my head was stopped up, I could not breathe through my nostrils. My breath was very impure and continually so. Nothing I could get gave me any relief until using Nasal Balm. From the very first it gave me relief, and in a very short time had removed the accumulations so that I could breathe freely through the nostrils. Its effect on my breath was truly wonderful, purifying and removing every vestige of the unpleasant odor, which has never returned.

Cured Deafness.

DELHI, ONT., July 8th, 1887.

MESSRS. FULFORD & Co.,

GENTS:—I have been troubled with catarrh and catarrhal deafness for the past seven years, and obtained no relief from other remedies I used. I was advised to try Nasal Balm, and have only used one small bottle, and have experienced the most beneficial results. I am sure it will effect a radical cure as it has entirely cured my deafness, and I would strongly recommend all who may be afflicted with any form of catarrh to use Nasal Balm.

Yours truly,

MRS. SIMPSON,

Instantaneous Relief.

ST. THOMAS, ONT., May 8, 1888.

SIRS:—I am happy to say I have found your Nasal Balm all I could wish and all you recommend it. I had been suffering for several months with cold in the head and thought I was getting catarrh, but after using your Nasal Balm I had instantaneous relief, and in a few days was quite cured.

I also wish to say my little girl has found the greatest relief in Nasal Balm, as whenever she takes cold she has great difficulty in breathing through her nostrils. But now she flies at once to Balm and gets rapid relief. It is such a pleasant remedy and so easy to use I shall always recommend it, and think every mother should keep it in the house for use for the little ones when they take cold in the head.

Respectfully yours,

MRS. WADSWORTH.

A Sufferer Made Well.

MISS JENNIE A. MCNAIR, who devotes much of her time to relieving suffering humanity, and from whom there appears elsewhere a statement of a remarkable cure of catarrh, developing into consumption, writes as follows concerning another case:—

LION'S HEAD, September 20th, 1887.

GENTS:—I would have written you sooner but was waiting to see the effects of the last bottle of Nasal Balm on the patient for whom I procured it. I am happy to say the girl is thoroughly cured, and she had been a sufferer for ten years or more.

Nasal Balm also cured a bad cold for me. I would like that every sufferer from catarrh should know of your great remedy.

Jennie McNa.

Consumption is often neglected Catarrh.

Headache All Gone.

SERPENT RIVER, N.S. April, 1888.

GENTS:—After using your Nasal Balm only three times I experienced great relief. It effectually removed the obstructions in the Nasal passages, made breathing easier, and my headache is all gone. There is nothing like Nasal Balm for catarrh.

Yours truly,
CHARLOTTE McDONALD.

Gave Instant Relief.

MR. E. G. HART, OF GANANOQUE, says:—My child was suffering severely from cold in the head, indeed to such an extent that breathing was difficult. One application of Nasal Balm gave instant relief, and in a short time made a perfect cure.

For a Little Girl.

CLOVER HILL, March 2nd, 1888.

GENTS:—I have much pleasure in saying that your Nasal Balm has done more good for my little girl than any remedy I have ever used. I believe Nasal Balm to be unequalled for catarrh.

MRS. KENNEDY.

Really Wonderful.

SERPENT RIVER, April 20th, 1888.

DEAR SIR:—The relief I received from your Nasal Balm was wonderful. I had a severe cold in the head and nothing helped me till I took your Nasal Balm, which cured me at once. It is really wonderful and I cannot praise it too highly.

Yours respectfully,

Annice McDonald

So Much Good.

COHOES, N.Y., April 28th, 1888.

SIRS:—I am happy to inform you that Nasal Balm has already afforded me vast relief. I have tried many other remedies but never found any that helped me until I tried Nasal Balm. I am delighted to have found a remedy at last that has done me so much good.

Yours faithfully,
ALEXANDRINA LUCIER.

A Feeling of Confidence.

HAMPDEN, May 31st, 1887.

MESSRS. FULFORD & Co.,

SIRS:—I have used one small bottle of Nasal Balm which my father got from you some time ago and feel that I am rapidly improving by its use. I enclose fifty cents for another bottle, as I have confidence that it will effect a perfect cure.

Yours truly,

Mary J. Byers

It Always Cures.

MRS. MARY HICKEY, MATWORTH, says:—I have used a fifty-cent bottle of Nasal Balm which has done me great good, I am now starting a second bottle which I am sure will cure me.

Beneficial Results.

LITTLE METIS, QUE., Jan., 1887.

FULFORD & Co., BROCKVILLE.

I have used two bottles of your Nasal Balm for catarrh with the most beneficial results. To anyone suffering with this most disagreeable disease I can heartily recommend it as a radical cure. I cheerfully give you permission to use this if you desire it.

Respectfully yours,

Bara. Dr. Inconder

The medical profession endorse Nasal Balm. 27

The Best Catarrh Cure on Earth.

BROCKVILLE, Jan. 10th, 1888.

MESSRS. FULFORD & Co.

GENTLEMEN,—I have had chronic catarrh for twenty years, and have in that time tried all the remedies I have heard of, but none of them appeared to do me any good. I used one 50c. bottle of your Nasal Balm which helped me wonderfully, and I believe if used a sufficient length of time it would effect a permanent cure. I believe Nasal Balm to be the best catarrh cure on earth.

M. Marshall

Good For Babies.

DUNVILLE May 10th, 1888.

GENTS :—I use your Nasal Balm in my own family, and find it by far the best remedy we can get. When baby gets cold we rub his forehead and nose well at night, and in the morning he is all right. Yours truly,

R. A. Harrison

A Cure in the Worst Case.

SUDBURY, ONT., May 5th, 1888.

MESSRS. FULFORD & Co.

GENTS,—I may state that I have been affected with catarrh for seven or eight years, and it was attended by consequent symptoms such as foul breath, constant dropping into the throat, hawking and spitting, partial deafness, ringing in the ears, and sickening pain in the head directly over either eye. I have used powders and douches, but all to no effect, the only result arising from the use of such was temporary relief followed by the usual symptoms in a more aggravated form. The results arising from the use of Nasal Balm are sweet breath, stoppage of the droppings into the throat (consequently less hawking and spitting), clearness of hearing, and not once since I began its use have I had pain in the head. In fact it is my opinion that a careful and persistent use of the "Balm" will effect a cure in the worst case of catarrh.

Yours truly,

Alex. Burns

MISCELLANEOUS.

INTEREST RULES.

To find the Interest at Six per cent. for Months.

RULE—Multiply the principal by one-half the number of months, and point off two figures.

ILLUSTRATION—What is the interest on \$200 for four months? 200×2 (half the number of months) = 400; pointing off two figures gives \$4, the interest.

To find the Interest for Months and Days at Six per cent.

RULE—Multiply the principal by the number of days; divide the product by 6, and point off one figure.

ILLUSTRATION—What is the interest on \$200 for 3 months and 12 days? 3 months = 90 days? add the 12 days = 102 days. $200 \times 102 = 20,400$

$20,400 \div 6 = 3,400$. Pointing off one figure gives \$3.40, the interest.

To find the Interest at any other Rate than Six per cent.

RULE—First find the interest at 6 per cent., then multiply this interest by the required rate and divide by 6, which will be the interest required.

WHEN accepting a draft, always state on the face of it where you wish it payable, and provide funds to meet it the day before due. If for any reason you cannot raise money sufficient, write to the maker of the draft a couple of days before due, stating the amount you can pay and how you wish the balance arranged. In this way you will save your credit and a great deal of trouble and annoyance to yourself and the maker of the draft.

28 Tamarac, Nature's remedy for Coughs and Colds.

TAMARAC ELIXIR.

A CERTAIN CURE

FOR COUGHS, COLDS, AND ALL FORMS OF
THROAT AND LUNG COMPLAINTS.

MEDICAL science has demonstrated that among the exudations from the different pines and spruces, Tamarac Gum stands pre-eminently at the head for the relief of Coughs, Colds and all Throat and Lung Complaints. There are cases on record where consumptive patients have been ordered by their physicians to the pine woods, and to sleep on a bed made of Tamarac boughs. Taken into consideration with the fact that the Indians have long known the curative properties of this Gum and that they are almost entirely free from pulmonary complaints, prompted the proprietors of Tamarac Elixir to a full investigation of this valuable natural gum, having the assistance of an experienced practising physician, who had for years used preparations of Tamarac successfully. They set to work with a view to perfecting a compound best suited for the immediate relief and cure of Coughs, Colds and Throat and Lung Complaints, and also one that would reach an extreme as well as an ordinary case.

This careful research resulted in the discovery of what is now known as "Tamarac Elixir," which has in connection with Tamarac Gum, several valuable ingredients for the relief of all pulmonary complaints. In preparing this medicine the proprietors did not reach after the unattainable, by attempting to formulate something that would apply to a long list of complaints and diseases, but kept in view only the throat and lungs, and a pleasant remedy that could be used by old and young, weak and strong without harmful results following its use. In concentrating the combined efforts on this particular, though prevalent line of complaints, may be attributed much of the now acknowledged success of "Tamarac Elixir," no medicine known equalling it for Throat and Lung Complaints. It is so prepared that the Tamarac Gum separates from the other ingredients, when taken into the throat, and forms a coating over the inflamed and irritated parts. This coating being permeated with the medicinal and healing properties of the other ingredients, relief is immediate in cases of Hoarseness, Sore Throat, Coughs, etc.

Price, 25 and 50 Cents. Sold by all druggists.

ULFORD & Co., Proprietors,

BROCKVILLE, ONT.

The proprietors of Tamarac Elixir having unbounded confidence in the merits of their Great Nature's Remedy, ask all who are afflicted with Coughs, Colds, or pulmonary troubles to give it a careful trial, feeling convinced that none but beneficial results will ensue, a careful perusal of the following testimonials is also requested. We might have given many more equally as strong, but our space is limited, and the following are sufficient to demonstrate that Tamarac Elixir is all that is claimed for it.

OUR TESTIMONIALS.

When All Else Failed.

Captain Ambrose Dessauliers, of Coteau du Lac, Que., says:—Gentlemen, it is impossible for me to speak too highly of your TAMARAC ELIXIR, I contracted a terrible cold, which settled on my lungs and could get nothing to relieve it though I tried many remedies. The doctors told me I was going into consumption, and my condition was so bad I despaired of getting better; when I heard of TAMARAC ELIXIR I got one bottle, and had relief from the first, and now thanks to its use I am again a well man, I hope my testimony will induce others to try your wonderful medicine.

Unbounded Satisfaction.

M. C. Dickson, General Passenger Agent for the Erie and Huron R. R., says:—TAMARAC ELIXIR is the best preparation I ever saw for Coughs and Colds. In my own case it relieved a very troublesome cough and hoarseness from the first dose, and one bottle completely cured me. Being pleasant to take, with its medicinal qualities, it will give unbounded satisfaction to any one using it.

A Wonderful Medicine.

Mr. Grover Howard, manager of C. P. R. transfer, Prescott, Ont., says:—TAMARAC ELIXIR is a wonderful medicine for Coughs and Hoarseness.

Sensible Advice.

Hoard's Station, Ont., Oct 28th, 1887.

Having suffered for a long time from a very severe cold, from which I had lost my voice, being for several days choked up, for which I could get nothing to relieve me, I decided to try TAMARAC ELIXIR. The first dose gave me immediate relief and one bottle completely cured me. I would advise any one suffering from coughs, colds, throat and lung complaints to use TAMARAC ELIXIR.

MRS. D. N. McNAUGHTON.

Greatly Pleased.

Wm. H. Harrison, Belgrave, says:—I have used TAMARAC ELIXIR, and am greatly pleased at the way it cured me of a bad cough, the first dose gave relief, and before I had used the bottle I was entirely cured.

Gladly Recommend it.

Belleville, Ont., July 23rd, 1887.

DEAR SIR:—Having used your TAMARAC ELIXIR, I beg to say it cured me of a very troublesome cough when all other remedies failed, and I gladly recommend it to all sufferers.

Yours respectfully,
MRS. SARAH HINDS.

The Universal Verdict.

Mr. John G. Edy, Maple Grove, Ont., says:—I highly recommend your TAMARAC ELIXIR to all suffering from colds or bronchial affections, having successfully used it in my own case.

Highly Recommends it.

Wm. Moore, Grand Union Hotel, Clinton, Ont., says:—I have used your TAMARAC ELIXIR and it gave me great satisfaction, I can highly recommend it.

All Right Now.

Mr. N. Landry, engraver, Montreal, says:—I have used TAMARAC ELIXIR for sore throat, lung complaints and coughs, I was so bad I could hardly speak, and am all right now, I can say honestly your TAMARAC is the best preparation I ever used.

Completely Restored.

Geo. E. Golding, Milford, St. John N. B., says:—I was so hoarse for four weeks that I could not speak above a whisper, one 25 cent bottle of TAMARAC ELIXIR completely restored my voice, and I am as well as ever. I have recommended it to others, always with the most favorable results.

Completely Cured.

Easton's Corners, Ont., Aug. 5th, 1887.

DEAR SIR:—I have used your TAMARAC ELIXIR for coughs and colds, and I find it the best cough medicine I ever used, one bottle completely cured me of a very bad cough, I have also used your Nasal Balm for Catarrh and believe it to be the best medicine now before the public.

Yours etc.,
M. K. EVERETS.

Deeply Grateful.*Mansenville, Que., Jan. 27th, 1888.*

Although I am as a rule strangely prejudiced against "Patent Medicines," I have, on the recommendation of the resident clergyman here, commenced taking your TAMARAC ELIXIR for a very distressing cough, with which I have been afflicted for a long period, accompanied by a nasal difficulty, and I am deeply grateful at being able to state that before using one bottle my cough has been greatly relieved and I now entertain hopes of a complete recovery. Nothing that I have taken has had the same effect on me, and I have great pleasure in recommending it to others.

JANE M. BARRY.

Physicians Failed.

Mr. J. G. Steacy, general merchant, of Escott, Ont., says:—I take great pleasure in recommending "TAMARAC ELIXIR," I suffered from a severe cough for several months, although I tried numerous remedies, and was under the care of a physician for some time, nothing relieved me until I used "TAMARAC." The first dose of "TAMARAC" seemed to do me more good than all the medicine I had previously taken. Three bottles effected a perfect cure.

Cannot be too Highly Recommended.*Bayfield, Ont., Feb. 3rd, 1888.*

Your TAMARAC ELIXIR being of such great benefit to me, I thought it my duty to let you know its effect in my case. I had a very bad cold and was so hoarse I could scarcely speak; when I got a bottle of TAMARAC, one dose gave me great relief, and when I had finished the bottle I was completely cured. For colds, coughs and hoarseness it cannot be too highly recommended.

ELIZABETH A. JOHNSON.

Cured a Severe Cough.

Jas. H. Gilmour of T. Gilmour & Co., wholesale grocers, Brockville, says:—I have used TAMARAC ELIXIR for a severe Cold and Cough, which it immediately relieved and cured.

The Effect Marvellous.*West Sheffield, Que., Jan. 16th, 1888.*

I have been suffering from a severe cold and cough for some time, I tried several remedies including "Red Spruce Gum," when I was induced to try your TAMARAC, I may as well be candid and say at the time I bought a bottle I had no faith in it, but after I had taken only two doses the effect was marvellous. I can conscientiously say I would have given ten dollars (\$10) for a bottle sooner than have been without it. You are entire strangers to me, but allow me to offer you my sincere thanks for the good your TAMARAC has done me. My employment compels me to be out from early morn till late at night and if it had not been for your TAMARAC I honestly believe I should have had to give up my employment.

R. POLE GIBSON.

The Best Cough Medicine on Earth.

Alderman R. E. Ellbeck, Kingston, Ont., says:—TAMARAC ELIXIR is the best medicine on earth for Coughs and Colds. In my own case it produced rapid and gratifying results. I caught a severe cold which it seemed impossible to break up, but continually became more thoroughly seated. Finally a hacking cough set in which troubled me day and night, causing soreness of the Lungs. Hearing your "TAMARAC" highly recommended I procured a bottle; the first dose eased the Cough and one bottle cured me. It is a splendid preparation, pleasant to the taste and should be kept in every house.

What One Dose Did.

Mr. Charles H. French, Brockville, Ont., states:—I was so hoarse I could not speak above a whisper. The first dose restored my voice. For Hoarseness, Coughs and Colds it cannot be to highly recommended.

A Household Necessity.

Hiram Buker, lumber and cheese dealer, North Augusta, Ont., says:—TAMARAC ELIXIR is a wonderful medicine for Coughs and Colds, Throat and Lung Complaints. It is without doubt the best medicine I ever used and never fails to give immediate relief. We consider it a household necessity.

Magic Corn Salve cures, Corns, Bunions, Warts. 31

HANSON'S MAGIC CORN SALVE.

A CERTAIN, SAFE, AND PAINLESS REMEDY FOR
THE REMOVAL OF CORNS.

All dealers are authorized to refund money for every box of Hanson's Magic Corn Salve which does not give Satisfaction, when used according to directions.

THERE are hundreds of preparations for Corns, some that will relieve for a time, others that in ninety-nine cases out of a hundred are utterly worthless. Persons have been known to spend from \$1 to \$25 with corn specialties and not receive permanent relief. Temporary relief from a corn seems good, but what has been looked for is something that would TAKE THEM OUT ROOT, SEED AND BRANCH, "never to come again." Hanson's Magic Corn Salve will do it every time, in from two to four days without causing any pain, discomfort or injury to the tenderest foot. Having the largest patronage of any corn medicine in the world with the least advertising is the best proof of this. Sold everywhere at 15 and 25 cents per box. If not obtainable at your dealers sent by mail on receipt of price by addressing

FULFORD & CO., Brockville,

SOLE AGENTS FOR CANADA.

READ WHAT THE PEOPLE SAY.

We publish in a condensed form a few of the thousands of unsolicited testimonials we are continually receiving concerning Magic Corn Salve.

J. M. STEVENS, general merchant, Harvey, N. B., says:—HANSON'S MAGIC CORN SALVE gives general satisfaction. It is an unequalled remedy for removing corns.

J. J. HANNA, boot and shoe dealer, Uxbridge, Ont., says:—In my own case I have proved HANSON'S MAGIC CORN SALVE to be worthy of my strongest recommendation, and would urge all afflicted with corns to give it a trial, feeling convinced it will not fail them.

SAMUEL GIBERSON, Wicklow, N.B., writes:—HANSON'S MAGIC CORN SALVE cured my wife of corns which had kept her at home for years, and which other remedies failed to remove. No one need suffer from corns when there is such a remedy as this to be had.

REV. E. ALWARD, pastor of the Baptist church, Petitediac, N. B., writes as follows:—I pronounce the MAGIC CORN SALVE the best remedy for corns I have ever used and I have used many. I had three bad corns on my toes, one of fifteen years standing and they have all been removed by this grand salve.

JONATHAN VARCOE, Laurel, P.O., says:—HANSON'S MAGIC CORN SALVE is all it is recommended to be. The first box cured the corns on the person I bought it for, and the second cured another, and is wonderfully helping me; and my corns are of many years' standing. I would highly recommend it to any one afflicted with corns, as a sure cure.

Magic Corn Salve removes all Corns.

D. P. RIOPEL, Montreal, says:—I cannot recommend HANSON'S MAGIC CORN SALVE too highly. It is the best thing I ever used. A friend of mine also used it with the same good results.

THOMAS CHAPMAN, Portland, Ont., writes:—I had some of the worst corns imaginable, but a few applications of HANSON'S MAGIC CORN SALVE entirely removed them, and that without a trace of pain. It cannot be excelled and I gladly recommend it.

CLINTON MOSS, Niagara Falls, Ont., says:—HANSON'S MAGIC CORN SALVE cured my corns of many years' standing. It also removed a mole from my face as large as a five cent piece without leaving a scar or trace. It is a grand remedy.

J. HARRIS, Belleville, Ont., says:—I have been troubled with corns since a boy, and tried all sorts of remedies without avail, until I used HANSON'S MAGIC CORN SALVE, which completely removed them in a few days.

M. A. McLEAN, Postmaster, Spring Hill, P. Que., says:—HANSON'S MAGIC CORN SALVE has delighted everybody here who has used it. I have tried it myself, and found it all you claim. It removed my corns after all other remedies failed.

JOHN WALKER, Walker's Point, Ont., says:—I suffered for more than twenty years with corns on one of my toes, and for the past ten years have been lame with it, and not able to put my foot to the ground without pain. I have tried all the corn cures advertised, but got no good from them. I then tried HANSON'S MAGIC CORN SALVE, and in five days after trying it, not only the corn, but all the superfluous callous skin came away, without pain or trouble, and I have no hesitation in saying that your Corn Salve is the grandest remedy on earth for the removal of corns. This is no idle assertion but a truth which can easily be proved.

W. J. MELLISH, Carville, Ont., says:—HANSON'S MAGIC CORN SALVE is the best remedy I know of. It will remove the most troublesome warts as well as corns.

JOHN K. WEIR, Easton's Corners, Ont., says:—HANSON'S MAGIC CORN SALVE fills the bill every time, and never fails to remove the most troublesome corns. It is worth ten times its price. I can recommend it as all you claim for it.

JAS BOWMAN, Postmaster, Almira, Ont., says:—I know nothing that equals HANSON'S MAGIC CORN SALVE for corns. I have sold considerable, and it removes the worst corns every time. In the case of a lady who had tried many other remedies, your salve was the only thing that would remove her corns.

MRS. M. PATUANDE, Stockwell, Que., says:—Two applications of HANSON'S MAGIC CORN SALVE completely removed my corns, and now I can wear my shoes with comfort once more. I will recommend it on every possible occasion.

SAMUEL McCORD, Barkway, says:—HANSON'S MAGIC CORN SALVE is all that is claimed for it, and a fifteen cent box will remove the most troublesome corns.

P. S. KILBORNE, Postmaster, Winterburne, Ont., says:—HANSON'S MAGIC CORN SALVE gives general satisfaction, and is the best remedy of the kind I know of.

D. B. SHAW, shoe dealer, Wolfish, N. S., states:—HANSON'S MAGIC CORN SALVE does all that is claimed for it. Tried it myself with the best results.

Westville, N. B. Aug. 17, 1887.

HANSON'S MAGIC CORN SALVE has effected cures in every case tried.

M. McKAY.

MR. LUKE WHITE, postmaster, Margaree, Forks, N. S. writes:—I have used HANSON'S CORN SALVE and find it just as recommended, in fact the like of it has never been known in this country.

I have used HANSON'S MAGIC CORN SALVE and I find it a splendid corn killer.

GEORGE THOMSON, Clyde.

Kingston Village, King's Co., N. S.

GENTS.—Your Corn Salve duly received, and I have been waiting to hear the result from different persons using it and one and all pronounce it "Death on Corns," there is not a single exception, and I believe it to be superior to any and all corn preparations in the market.

J. W. GRAVES, Postmaster.

W. J. MILLS, Mono Mills, Ont., says:—HANSON'S MAGIC CORN SALVE, removed a troublesome corn for me.

THOS. ZAIERT, boot and shoe dealer, Strathroy, Ont., says:—I have tried HANSON'S MAGIC CORN SALVE and in my own case it thoroughly removed the corn.

AMELIA McDONALD, Cookstown, Ont., says:—Your MAGIC CORN SALVE has helped me more than anything I have ever used. I will sound its praises abroad.

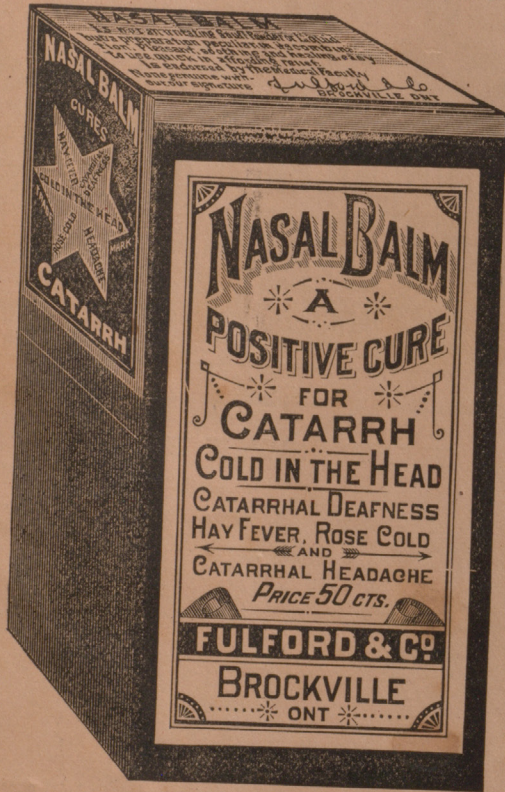

E. GELAINAS, Montreal, says:—I can recommend HANSON'S MAGIC CORN SALVE as the best in the world.

F. X. PAQUETTE, Grocer, Montreal, states:—I was troubled for a long time with bad corns, and after using your HANSON'S MAGIC CORN SALVE for three days it entirely removed them, and I am glad to be able to certify to its general excellence.

A WARNING NOTE.

The great reputation enjoyed by *NASAL BALM* as a positive cure for *COLD IN THE HEAD AND CATARRH*, has induced some unscrupulous persons, to place upon the market spurious imitations, following the general style and appearance of our package as closely as the counterfeiters dare, and are given names similar in sound to *NASAL BALM*. Imitation is said to be the

This cut is an exact representation, both in size and appearance, of our 50 cent package of *NASAL BALM*. It also represents the \$1.00 size, except that the latter is larger, and contains three times as much *NASAL BALM*.

If you cannot procure *NASAL BALM* from your dealer it will be sent, post paid, on receipt of price, by addressing

FULFORD & CO., Brockville, Ont., or Morristown, N.Y.

sincerest flattery, but when it takes the form of putting up a worthless preparation for the purpose of deceiving the public it becomes a positive danger and menace to public health, and too great caution cannot be exercised by those troubled with Catarrh in seeing that they get the genuine *NASAL BALM*. Do NOT BE DECEIVED INTO TAKING OTHER PREPARATIONS which some dealers will tell you are "just as good," and which may be somewhat cheaper. ALL FRAUDULENT IMITATIONS ARE DANGEROUS!
