# HAMLIN'S WIZARD OIL.

FOR INTERNAL AND  
EXTERNAL USE :: ::

**T**HROUGHOUT this country, from Alaska to Florida and also in Mexico, Canada and South America, **Hamlin's Wizard Oil** is known and it is liked. It is appreciated most by those who know it best, and in thousands upon thousands of families it has become a household necessity. The large number of **remarkable cures** which have been performed through the instrumentality of this great remedy is unparalleled in the history of medicine. Hundreds of supposed cripples for life, and sufferers who have languished upon beds of sickness, receiving no aid from other sources, testify to its wonderful healing properties. When once **Hamlin's Wizard Oil** is introduced into any section of the country, **it never dies out.** Its sale is constantly increasing, and at the present time has assumed such proportions as to justify us in the assertion that **it has never been equalled by any other remedy.** Forty years record of success, is proof of its merits. Many analytical chemists pronounce it one of the most valuable medical combinations ever produced. Innumerable physicians constantly endorse and recommend Wizard Oil; they use it in their practice. Every wholesale druggist carries Wizard Oil in stock, and it is quoted in their price-lists as a staple article of the drug trade. You need have no trouble in getting it.

**Cures** Rheumatism, Lame Back, Stiff Joints, Contracted Cords and Muscles, Neuralgia, Headache, Toothache, Earache, Deafness, Cuts, Wounds, Sprains, Bruises, Burns, Scalds, Bites of Dogs and other Animals, Stings of Insects and Reptiles, Sore Throat, Quinsy, Croup, Diphtheria, Dyspepsia, Indigestion, Gastralgia, Stomach and Bowel Complaints, Cramps, Colic, Cholera Morbus, Ulcers, Fever Sores, Sore and Bleeding Gums, and all Inflammation or Pain from whatever cause :: :: :: :: :: ::

PRICE, 50C AND \$1 PER BOTTLE

**HAMLIN'S WIZARD OIL** is sold by nearly every dealer in Drugs and Medicines in the United States and Canada. If your druggist does not keep it, or will not get it for you, send us 50 cents for small bottle, or \$1.00 for large bottle, by registered letter, giving your name, post-office, county, and Province plainly, and we will send a bottle by mail or express, charges prepaid. Address,

**HAMLIN'S WIZARD OIL CO.,**  
TORONTO, ONT.

IF one could read the testimony of grateful users of **Hamlin's Wizard Oil** which pour into us from all parts of the country, telling of the remarkable range of usefulness which it has in the relief of suffering; you would know that what we say, only half told the story of its marvelous action. They come to us from the counting house and the cabin, from city and from camp, from rich and poor alike.

It is indeed a *universal* remedy, universal in its application to diseased conditions; to be used both internally and externally; and universal in its reputation as an all around family medicine. It is a medicine chest in itself. No other remedy on earth has a record of so many cures. No family, shop, camp, ship or individual should be without a bottle of **Wizard Oil** at hand for emergency. Hardly a day will pass but is found a use for it; and it is folly to suffer the many forms of bodily distress, with a remedy so good accessible. To fail to get it is like a drowning man refusing a life preserver when it is thrown him. *It is an insurance policy against suffering* from Aches, Pains, Soreness, Swellings and Inflammations from whatever cause.

Do not think of **Wizard Oil** as simply a good liniment, it is this and very, very much more. It is an internal remedy of the greatest possible value. Its composition is of such a nature that it is equally as good for internal use as for external use. It cures Stomach and Bowel Troubles, Cholera Morbus, Colic, Cramps, Indigestion, etc. Pains in all forms are banished by it.

**IT IS TIME TRIED AND TRUE.**

## Help in Case of Accidents.

**Drowning.**—1, loosen clothing if any. 2, empty lungs of water by laying body on its stomach and lifting it by the middle so that the head hangs down. Jerk the body a few times. 3, pull tongue forward, using handkerchief, or pin with string, if necessary. 4, imitate motion of respiration by alternately compressing and expanding the lower ribs, about twenty times a minute. Alternately raising and lowering the arms from the sides above the head will stimulate the action of the lungs. Let it be done gently but persistently. 4, apply warmth and friction to extremities. 6, by holding tongue forward, closing the nostrils and pressing the "Adams Apple" back (so as to close entrance to stomach), direct inflation can be tried. Take a deep breath and breathe it forcibly into the mouth of patient, compress the chest to expel the air and repeat the operation. 7. DON'T GIVE UP! People have been saved after HOURS of patient, vigorous effort. 8, when breathing begins, get patient into warm bed, give WARM drinks, or spirits in teaspoonfuls, fresh air and quiet.

**Burns and Scalds.**—Cover with Cooking Soda and lay wet cloths over it. Whites of Eggs and Olive Oil. Olive or Linseed Oil, plain, or mixed with Chalk and Whiting, or better, use Wizard Oil.

**Lightning.**—Dash cold water over a person struck.

**Sunstroke.**—Loosen clothing. Get patient into shade, and apply ice-cold water to head.

**Mad Dog or Snake Bite.**—Tie cord tight above wound. Suck the wound and cauterize with caustic or white hot iron at once, or cut out adjoining parts with a sharp knife, or better, use Wizard Oil.

**Venomous Insect Stings, Etc.**—Apply weak Ammonia, Oil, Salt Water, Iodine, or better, Wizard Oil.

**Fainting.**—Place flat on back; allow fresh air, and sprinkle with water.

**Tests of Death.**—Hold mirror to mouth. If living, moisture will gather. Push pin into flesh. If dead the hole will remain, if alive it will close up.

**Cinders in the Eye.**—Roll soft paper up like a lamp lighter and wet the tip to remove, or use a medicine dropper to draw it out. Rub the other eye.

## Antidotes for Poisons.

**First.**—Send for a physician.

**Second.**—Induce vomiting, by tickling throat with feather or finger; drinking hot water or strong mustard and water. Swallow sweet oil or whites of eggs.

Acids are antidotes for Alkalies, and Vice versa.

## Special Poisons and Antidotes.

**Acids.**—Muriatic, Oxalic, Acetic, Sulphuric (Oil of Vitriol), Nitric (Aqua Fortis). { Soap-suds, magnesia, lime water.

**Prussic Acid.** { Ammonia in water. Dash water in face.

**Carbolic Acid.** { Flour and water, mucilaginous drinks.

**Alkalies.**—Potash, Lye, Hartshorn, Ammonia. { Vinegar or lemon juice in water.

**Arsenic.**—Rat Poison, Paris Green. { Milk, raw eggs, sweet oil, lime-water, flour and water.

**Bug Poison.**—Lead, Saltpetre, Corrosive Sublimate, Sugar of Lead, Blue Vitriol. { Whites of eggs, or milk in large doses.

**Chloroform.**— { Dash cold water on Chloral, Ether. { head and chest. Artificial respiration.

**Carbonte of Soda.**— { Soap-suds and Coperas, Cobalt. { mucilaginous drinks.

**Iodine.**—Antimony, Tartar Emetic. { Starch and water astringent, infusions. Strong tea.

**Mercury.**— { Whites of eggs, milk, and its Salts. { mucilage.

**Opium.**—Morphine Laudanum, Paregoric, Soothing Powders or Syrups. { Strong coffee, hot bath. Keep awake and moving at any cost

## GET A BOTTLE TO-DAY.

Do not wait until the accident happens, until you have sprained your ankle, scalded your hand, bruised yourself, or have a sudden attack of neuralgia, colic, or in fact any of the unlooked for, but certain-to-come afflictions. But buy a bottle now; keep it on hand as you would any household necessity, and do not suffer pain incident to delay in securing it when every moment seems an hour. **Wizard Oil** will relieve your pain at once,

# RHEUMATISM

**ACUTE. CAUSE**—There are several theories as to the cause of rheumatism; the one most generally accepted being the formation of poisonous acid (*lactic*) which passes into the system by absorption and produces effects which combined cause a condition known as acute rheumatism or rheumatic fever.

**SYMPTOMS**—The onset is usually abrupt, but may appear gradually, with irregular pains in joints, accompanied by swelling, inflammation, and chilliness. In a few hours high fever appears, with rapid pulse, coated tongue, thirst, and in most cases, by acid sweats. The parts most generally affected are the ankles, knees, wrists, and elbows, the joints becoming swollen, hot, red, and painful. As the symptoms decline in one part, they appear in others.

**TREATMENT** — Give **Wizard Oil** four times a day. The dose for an adult being a teaspoonful in half a teacupful of warm milk or tea. The remedy neutralizing and eliminating the

Wilson, N. C.  
I had an acute attack of *Rheumatism* and for three weeks could get no relief from the pain except by using morphine. I commenced using **Wizard Oil** and within a half-hour was entirely free from pain. I want to add a testimonial for the great benefit I have received.  
MRS. LELIA COBB.

blood poison cures, the disease by internal use. **Wizard Oil** should be used freely, externally. The swollen, inflamed parts bathed frequently and the medicine rubbed on freely. The friction opens the pores of the skin, permitting the soothing effects of the remedy to act upon the irritated parts, thus reducing the swelling and causing the pain to cease. Soft beds are important. Flannels should be worn next to the skin, and great care taken to keep the patient removed from danger of sudden draft or chilling effects. The disease being peculiarly sensitive to cold, warmth is in an important feature.

Rockport, Mo.  
I had acute *Rheumatism* for ten weeks, and was compelled to walk on crutches. I heard of **Wizard Oil**, sent to St. Louis for some, used it according to directions, and it cured me entirely. I sent back to the city and procured a dozen bottles more, with which I have effected cures in more than a dozen different cases.

S. G. NORRIS.

**MUSCULAR RHEUMATISM** Also effects the general muscles of the body and sometimes of the heart. Sudden death results from the latter. **SCIATICA** is still another form; attacking the person suddenly, at times in the hips and legs. Rheumatism in all its forms, yields to the persistent use of **Wizard Oil**, which acting as it does upon the elements which produce the affection, and relieving the pain resulting therefrom, is beyond a doubt the most remarkable remedy on the market, if the experience of the thousands who have been cured during the past 40 years counts for anything.

Russellville, Ky.  
My wife had been suffering with *Rheumatism* for three years; a part of the time could not move without help. I commenced using **Wizard Oil** for it and within four days she was able to go about the house without any assistance, or even using a cane. **Wizard Oil** is the only remedy that has done her any good.  
I. B. HOBACK.

### Miscellaneous Table of Things, Distances, Books, Etc.

A book composed of sheets folded into 2 leaves is a folio.  
 A book composed of sheets folded into 4 leaves is a quarto.  
 A book composed of sheets folded into 8 leaves is an octavo (8vo.).  
 A book composed of sheets folded into 12 leaves is a duodecimo (12mo.).  
 A book composed of sheets folded into 16 leaves is a 16mo.  
 12 things make 1 dozen.  
 12 dozens make 1 gross.  
 12 gross (144 dozens) make 1 great gross.  
 20 things make 1 score.  
 56 pounds of butter make 1 firkin.  
 100 pounds of fish make 1 quintal.  
 196 pounds of flour make 1 barrel.  
 200 pounds of beef, pork, shad, or salmon make 1 barrel.  
 24 sheets of paper make 1 quire.  
 20 quires make 1 ream.  
 2 reams make 1 bundle.  
 5 bundles make 1 bale.  
 3 barley corns make 1 inch.  
 13 inches make 1 cubic.  
 22 inches make 1 sacred cubic.  
 9 gallons make 1 English firkin  
 2 firkins make 1 kilderkin.  
 2 kilderkins make 1 barrel.  
 25 pounds make 1 keg (powder).  
 100 pounds make 1 cental (grain measure).  
 100 pounds make 1 cask (raisin measure).  
 256 pounds make 1 barrel of soap.  
 280 pounds make 1 barrel of salt.  
 31½ gallons make 1 barrel (wine measure).  
 42 gallons make 1 tierce (wine measure).  
 63 gallons make 1 hogshead (wine measure).  
 84 gallons make 1 puncheon (wine measure).  
 126 gallons make 1 pipe (wine measure).  
 252 gallons make 1 tun (wine measure).  
 8 bushels of wheat (of 70 pounds each) make 1 quarter (European measure).  
 8 bushels of salt make 1 hogshead.  
 36 bushels of coal make 1 chaldron (English).  
 32 bushels make 1 chaldron (American).  
 14 pounds make 1 stone.  
 21½ stone make 1 pig (iron).  
 2 pigs make a fother.  
 24¾ cubic feet (masonry) make 1 perch.

100 square feet (carpentry) make 1 square.  
 1760 yards (5280 feet) make 1 statute mile.  
 2028.63 yards (6085.9 feet) make 1 nautical mile.  
 3 miles make 1 league.  
 69½ statute miles make 1 degree (of latitude).  
 60 geographical miles make 1 degree (of latitude).  
 360 degrees make 1 circle.  
 9 inches make 1 quarter (of a yard).  
 3 quarters make 1 ell (Flemish).  
 5 quarters make 1 ell (English).  
 6 quarters make 1 ell (French).  
 4 inches make 1 hand (measuring horses).  
 6 feet make 1 fathom (dept of water).  
 120 fathoms make 1 cable-length.  
 7¼ cable-lengths make 1 mile.  
 640 acres make 1 square mile.  
 36 square miles make 1 township.  
 4 farthings make 1 penny (marked *d*)  
 12 pence make 1 shilling (marked *s*).  
 20 shillings make 1 pound (marked *£*).  
 21 shillings make 1 guinea.  
 5 shillings make 1 crown.

### Capacity of Cisterns.

A cistern 10 feet in diameter holds 11-20 barrels for every inch in depth.  
 A cistern 9 feet in diameter holds 13-50 barrels for every inch in depth.  
 A cistern 8 feet in diameter holds nearly 1 barrel for every inch in depth.  
 A cistern 7 feet in diameter holds a little over ¾ barrel for every inch in depth.  
 A cistern 6 feet in diameter holds 1 barrel for every 1 7-9 inches in depth.  
 A cistern 5 feet in diameter holds 1 barrel for every 2½ inches in depth.

### Strength of Ice at Different Thicknesses.

Two inches thick—Will support a man.  
 Four inches thick—Will support a man on horseback.  
 Five inches thick—Will support an eighty-pounder cannon.  
 Eight inches thick—Will support a battery of artillery, with carriages and horses.  
 Ten inches thick—Will support an army; an innumerable multitude.

# Hamlin's Wizard Oil

Is Unquestionably

The Greatest Pain Remedy  
 on Earth.

# NEURALGIA

THIS painful affection, formerly known as "Tic Doreux," attacks principally women and those with debilitated nerves. The pain arising from its existence is most severe, and its continuation for any extended period leads to a general breaking down of the nervous system. So acute is the sympathy existing between the nerves of the body, that what affects one in time affects all, leading to serious results. The disease robs night of the opportunity for needed rest and fills the day with agony. Many have had recourse to the use of morphine, principally by means of a hypodermic syringe, to relieve their sufferings and in many instances the enslaving opium habit has been the outcome. **Beware of Morphine.**

**SYMPTOMS**—Neuralgia generally affects the face, neck, chest, feet or abdominal organs. It often occurs after exposure to cold drafts, or sudden changes in temperature, and may be sudden and severe or appear gradually with uneasy, tingling sensations. The pain comes at close intervals and is usually shooting or darting in character. The affected parts may be swollen and inflamed at times and very tender and sensitive to the touch. It is often mistaken for toothache when located in the face, and when in the abdomen, stomach or heart is on the order of severe cramps and muscular convulsions.

**TREATMENT**—Hot applications afford temporary relief. In facial neuralgia always ascertain if the teeth are decayed; if so, have them attended to immediately. Decaying teeth often superinduce neuralgia. The bowels should be acted upon gently by using some mild cathartic, (**Hamlin's Blood and Liver Pills** are the best we know of for this purpose) and the seat of pain bathed with clear **Wizard Oil** until relief is obtained; a teaspoonful of **Wizard Oil** should be taken internally in half a teacupful of milk or water twice a day, and this dose and the external application repeated until the cure is effected. Usually from one to three doses taken internally, together with as many external applications of **Wizard Oil**, freely made, will effect an entire cure, but in stubborn cases it must be persevered in until the desired relief is obtained.

Wills Point, Texas.

Wizard Oil cured me of *Facial Neuralgia* from which I had suffered for a year without being able to get relief from it. My husband had *Rheumatism* so that for two years he could not walk and Wizard Oil has cured him. It is surely a wonderful medicine.

MRS. IDA LAWRENCE.

**To Keep Out Mosquitoes.**—If a bottle of the oil of pennyroyal is kept uncorked in a room at night, not a mosquito, nor any other blood-sucker will be found there in the morning.

**Bedbug Poison.**—Tobacco, crude naphthalin, each one ounce; oil of melissa, enough; benzine, ten ounces. Extract the tobacco by macerating for five days in the benzine and dissolve the other ingredients in the filtrate.

**Cleaning Hair Brushes.**—Put a teaspoonful or dessertspoonful of aqua ammonia into a basin half full of water, comb the loose hairs out of the brush, then agitate the water briskly with the brush, and rinse it well with clear water.

**To Preserve Brooms.**—Dip them for a minute or two in a kettle of boiling suds once a week and they last much longer, making them tough and pliable. A carpet wears much longer swept with a broom cared for in this manner.

**Tricopherous for the Hair.**—Castor oil, alcohol, each one pint; tincture cantharides, one ounce; oil bergamot, half an ounce; alkanet coloring, to color as wished. Mix and let it stand forty-eight hours, with occasional shaking, then filter.

**Hair Invigorator.**—Bay rum, two pints; alcohol, one pint; castor oil, one ounce; carb. ammonia, half an ounce; tincture of cantharides, one ounce. Mix them well. This compound will promote the growth of the hair and prevent it from falling out.

**To Kill Cockroaches.**—A teacupful of powdered plaster of Paris, mixed with double the quantity of oatmeal, to which a little sugar may be added, although this last named ingredient is not essential. Strew it on the floor, or into the chinks where they frequent.

**To Destroy Ants.**—Drop some quicklime on the mouth of their nest, and wash it in with boiling water, or dissolve some camphor in spirits of wine, then mix with water and pour into their haunts, or tobacco water, which has been found effectual. They are averse to strong scents. Camphor or a sponge saturated with creosote, will prevent their infesting a cupboard. To prevent their climbing up trees, place a ring of tar about the trunk, or a circle of rags moistened occasionally with creosote.

**Mixture for Destroying Flies.**—Infusion of quassia, one pint; brown sugar, four ounces; ground pepper, two ounces. To be well mixed together, and put in small, shallow dishes when required.

**To Clean Brassware.**—Mix one ounce of oxalic acid, six ounces of rotten stone, all in powder; one ounce of sweet oil, and sufficient water to make a paste. Apply a small proportion, and rub dry with a flannel or leather. The liquid dip most generally used consists of nitric and sulphuric acids, but this is more corrosive.

**Bed Bugs.**—Benzine rubbed with a small painter's brush into every part of the beadstead is a certain way of getting rid of bugs. The mattress and binding of the bed should be examined, and the same process attended to as they generally harbor more in these parts than in the bedstead. One pint of benzine is sufficient for one bed.

**To get a Broken Cork out of a Bottle.**—If in drawing a cork, it breaks, and the lower part falls down into the liquid, tie a long loop in a bit of twine, or small cord, and put it in, holding the bottle so as to bring the piece of cork near to the lower part of the neck. Catch it in the loop, so as to hold it stationary. You can then easily extract it with a corkscrew.

**To Brighten Carpets.**—Carpets after the dust has been beaten out may be brightened by scattering upon them cornmeal mixed with salt and then sweeping it off. Mix salt and meal in equal proportions. Carpets should be thoroughly beaten on the wrong side first and then on the right side, after which spots may be removed by the use of ox-gall or ammonia and water.

**To Get Rid of Moths.**—1. Procure shavings of cedar wood, and inclose in muslin bags, which can be distributed freely among the clothes.

2. Procure shavings of camphor wood, and inclose in bags.

3. Sprinkle pimento (allspice) berries among the clothes.

4. Sprinkle the clothes with the seeds of the musk plant.

5. To destroy the eggs, when deposited in woolen clothes, etc., use a solution of acetate of potash in spirits of rosemary, fifteen grains to the pint.

# Hamlin's Wizard Oil

«» CURES «»

Ulcers, Fever Sores, Tumors, Swellings, Piles,  
Bites of Dogs and other Animals, Counter-  
acts the Poison of Rusty Nails and  
Prevents Lockjaw.

# DIPHTHERIA

This terrible scourge is pre-eminently a disease of childhood, but often attacks adults, and in such cases is usually fatal. The mention of the name strikes terror to the mother's heart, for death often follows in the wake of the monster. **A little forethought may save the life of your child. Have such remedies close at hand as will check the disease in its incipency.**

**SYMPTOMS**—Chilliness, fever, pains in the back, head and limbs, loss of appetite, sore throat, a **stinging sensation when an effort is made to swallow.** The membrane of the throat is of a scarlet red, the breath comes in gasps and there is a hoarse cough. If not immediately attended to, gray, white or yellow patches appear on the tonsils and throat; these spread to the palate and back of throat; and in time to the wind pipe. The strength rapidly fails; the air passages close and the patient dies from exhaustion or suffocation.

**TREATMENT**—It is obviously necessary to destroy the *bacteria parasites*; **Hamlin's Wizard Oil** does this effectually; being a powerful antiseptic renders it impossible for the parasites to live. The tonsils and throat must be thoroughly swabbed out with **Hamlin's Wizard Oil**, applied with a small, fine sponge tied on a stick, a camel's hair brush or a soft goose-quill

Martinsville, Mo.  
*Gentlemen*.—I take pleasure in telling you what Wizard Oil has done for me and my family. It cured my little boy of Diphtheria in twenty-four hour's time. I would not be without it: Yours truly, SUSAN J. CLARK.

feather, removing all the white patches in sight, and repeating the application every hour; give five or ten drops of **Wizard Oil** in a table-spoonful of warm water every two hours, and also mix equal parts of **Wizard Oil** and sweet oil or glycerine (should you have no glycerine or sweet oil in the house, use the same quantity of melted lard or goose grease) and apply externally, rubbing it on the throat and chest gently; apply a linen rag saturated with this mixture to the throat, covering with a flannel bandage, and renew this frequently. Keep the patient isolated.

Freeport, Ill.  
*Gentlemen*.—I am happy to tell you that we have been greatly benefited by the use of Wizard Oil in our family. We have used it for different diseases and found it very successful in every case. A relative of mine told me some weeks ago that had it not been for the aid of your medicine they would have lost the youngest child with Diphtheria. They used the oil immediately, both internally and externally, which checked the disease and, as they believe, saved the life of the child.  
Yours truly, EMANUEL BEST.

## Hamlin's Cough Balsam

An Unequaled Remedy for Coughs, Colds, Bronchitis, and All Pulmonary Complaints.

Pleasant to Take, and  
Magical in its Effects.

Price, 25c. and 50c. per bottle.

## Useful Recipes.

**To Clean Stovepipe.**—A piece of zinc put on the live coals in the stove will clean out the stovepipe.

**Razor Strop Paste.**—Wet the strop with some sweet oil, and apply a little flour of emery evenly over the surface.

**To Remove Red Stains of Fruit from Linen.**—Moisten the cloth and hold it over a piece of burning sulphur, then wash thoroughly, or else the spots may reappear.

**To Cure Intoxication.**—Half a teaspoonful of chloride of ammonia in a goblet of water will almost immediately restore the faculties to a man who is hopelessly intoxicated.

**For Dandruff.**—Take glycerine, four ounces; tincture of cantharides, five ounces; bay rum; four ounces; water, two ounces. Mix, and apply once a day, and rub well into the scalp.

**Fine Lavender Water.**—Mix together, in a clean bottle, a pint of inodorous spirit of wine, an ounce of oil of lavender, a teaspoonful of oil of bergamot, and a tablespoonful of oil of ambergris.

**Paste for Scrap Books.**—Take half a teaspoonful of starch, same of flour, pour on a little boiling water, let it stand a minute, add more water, stir and cook it until it is thick enough to starch a shirt bosom. It spreads smooth, sticks well and will not mold or discolor paper. Starch alone will make a very good paste.

**To Remove Stains, Spots, and Mildew from Furniture.**—Take half a pint of ninety-eight per cent. alcohol, a quarter of an ounce each of pulverized resin and gum shellac, add half a pint of linseed oil, shake well and apply with a brush or sponge. Sweet oil will remove finger marks from varnished furniture, and kerosene from oiled furniture.

**To Fill Cracks in Plaster.**—Use vinegar instead of water, to mix your plaster of Paris. The resultant mass will be like putty, and will not set for twenty or thirty minutes, whereas if you use water the plaster will become hard almost immediately, before you have time to use it. Push it into the cracks and smooth it off nicely with a table-knife.

**Iron Stains** may be removed by the salts of lemon. Many stains may be removed by dipping the linen in sour buttermilk, and then drying it in a hot sun; wash it in cold water, repeat this three or four times.

**Japanese Cleaning Cream.**—For an all around cleaning fluid the following is perhaps as good as any: Castile soap, 3 ounces; ammonia, 6 ounces; alcohol, ether, each 3 ounces; glycerine, 2 ounces; oil of citronella or mybrane, 10 drops.

**How to Get Rid of Rats.**—Get a piece of lead pipe and use it as a funnel to introduce about 1½ ounces of sulphide of potassium into any outside holes tenanted by rats, not to be used in dwellings. To get rid of mice use tartar emetic mingled with any favorite food; they will eat, sicken and take their leave.

**SECOND METHOD.**—When a house is infested with rats which refuse to be caught by cheese and other baits, a few drops of highly scented oil of Rodium poured on the bottom of the cage will be an attraction which they cannot refuse.

**THIRD METHOD.**—Place on the floor near their supposed holes a thin layer of moist Caustic Potash. When the rats travel on this, it causes their feet to become sore, they lick their feet and causing their tongues also to become sore. They will soon shun that locality.

**Hand Grenades.**—Take chloride of calcium, crude, 20 parts; common salt, 5 parts, and water, 75 parts. Mix and put in thin bottles. In case of fire, a bottle so thrown that it will break in or very near the fire will put it out. This mixture is better and cheaper than many of the high-priced grenades sold for the purpose of fire protection.

**A Wash for Cleaning Silver.**—Mix together half an ounce of fine salt, half an ounce of powdered alum, and half an ounce of cream of tartar. Put them into a white-ware pitcher, and pour on two quarts of water, and stir them frequently, till entirely dissolved. Then transfer the mixture to clean bottles, and cork them closely. Before using it, shake the bottles well. Pour some of the liquid into a bowl, and wash the silver all over with it, using an old, soft, fine linen cloth. Let it stand about ten minutes, and then rub it dry, with a buckskin. It will make the silver look like new.

## SOME PEOPLE GET WHAT THEY WANT.

Others get what some people see fit to give them. If you have any difficulty in getting any medicine advertised in this book, and your regular dealer will not get it for you, do not accept a substitute, but write to us direct, giving us the particulars and we will see that you get just what you do want, and from a retail druggist. See that the bottle of Wizard Oil has the signature of Hamlin Bros. like this autograph upon it.

There is no genuine, but that made by Hamlins Wizard Oil Co.

*Hamlin Bros*

## ====CROUP====

IS a disease very common in children; it is a disease to be feared; its approach is so insidious, its advancement so rapid, its results so disastrous, that it threatens the safety of the infant. It is a dangerous disease to trifle with. Be prepared for it—**have a bottle of Hamlin's Wizard Oil in the house.**

**SYMPTOMS**—The little one goes to bed apparently well; in a short time he awakes struggling for breath; the face is red or blue, muscles contracting, threatening strangulation. Suddenly the spasm passes away; air is drawn into the lungs, accompanied by a cough—a crowing sound which gives the disease its name. In some cases there may be convulsions; the eyes become glassy and staring, the pupils dilated and evidences of great distress appear. The child gradually sinks, exhausted by slow strangulation.

**TREATMENT**—Mix five or ten drops of **Wizard Oil** with one or two tablespoonfuls of warm water and let the child drink it, repeating the dose every twenty minutes until relief is obtained. Place the child in a **warm bath** for a few minutes and have ready a mixture of equal parts of **Wizard Oil** and sweet oil or glycerine, which must be applied externally to the throat and chest and rubbed in with the hand and a flannel bandage placed over it and the child put into bed. The room must be kept warm and a kettle of boiling water constantly on the stove in order that the air may not become too dry.

Hale, Neb.

*Gentlemen* :—I have used your Wizard Oil in my family for four years and find it one of the best medicines I have used. I know by experience that it is a sure cure for Croup and Sore Throat.

Yours truly, HENRY TIETZENS.

## Whooping Cough

IT is erroneously believed by the general public that this disease is not a serious one and should be left to "run its course." On the contrary, it is classed by latest and most eminent authorities as the third most fatal affection peculiar to children, and should receive proper treatment. It is a dangerous epidemic—always contagious (catching), and is probably due to microbes. It is most common in children, although it sometimes affects adults.

**SYMPTOMS**—The stage of development from time of exposure to time of onset is about one week. It begins as an ordinary cold with sneezing, occasional cough, cold in the head, red eyes, slight fever, and general feeling of illness. In the course of a week or more the cough increases and develops the characteristic features of whooping cough—a series of short coughs, as many as twenty at times, followed by a deep breath drawn in with a loud sound, which is termed the "whoop" and gives the disease its name. During the attack great distress is evidenced by the sufferer. The face becomes red, the eyes protrude, the veins become swollen and suffocation seems imminent; when at this point the breath is drawn and the patient is relieved. At times vomiting will occur. The disease usually lasts six weeks or two months.

**TREATMENT**—Consists first in preventive measures. **Keep the children from exposure to contact; do not send them to school when the epidemic is raging. Affected children should be isolated.** Administer **Hamlin's Cough Balsam** to relieve the paroxysms of coughing. **Hamlin's Wizard Oil** should be freely applied over the throat and breast night and morning and well rubbed in; also give internally according to directions accompanying each bottle. **Be persistent and good results will follow!**

## HEADACHE

**REMARKS**—Headache from any cause can be promptly and harmlessly cured by the use of **Hamlin's Remedies**.

**TREATMENT**—Regulate the bowels by the use of **Hamlin's Blood and Liver Pills**. Bathe the painful part freely with **Wizard Oil** for five minutes. In severe cases take a dose of the oil. Teaspoonful in half a teacupful of milk or water.

**NOTE**—Take plenty of exercise, keep the skin clear, give the kidneys pure water and the lungs pure air.

Hamlin's Wizard Oil

## TOOTHACHE

**REMARKS**—This painful affection results from a decayed tooth, which causes the nerve to be exposed to heat and cold.

**TREATMENT**—Apply **Wizard Oil** to the gum at the root of the aching tooth, using it freely. If the tooth is hollow fill it with a wad of cotton or wool wet with **Wizard Oil**; also bathe outside of face with **Wizard Oil**. **Sore and bleeding gums and scurvy of the mouth** can be remedied by mixing a teaspoonful of **Wizard Oil** with half a teacupful of water, and using same to rinse the mouth with, or apply with a tooth-brush every night before retiring.

**NOTE**—Take proper care of your teeth. Have them examined by a dentist once a year *at least*.

**Practice Proves More Than Theory! Use Hamlin's Wizard Oil.**

## ==EARACHE==

**REMARKS**—Earache results from cold. Sometimes poisonous humors in the blood lead up to it. Abscesses form in the ear and break.

**TREATMENT**—Equal parts of **Wizard Oil** and sweet oil or glycerine mixed and three or four drops poured into the ear from a warm teaspoon and the ear stopped with cotton. Bathe the external ear and jaw with clear **Wizard Oil** and apply a bandage over all.

**NOTE**—Continued inflammation and discharges from the ear lead to deafness. Use **Wizard Oil** freely, and the danger can be averted. **MOTHERS**, look to your children's ears.

**ALL DRUGGISTS SELL HAMLIN'S WIZARD OIL. TRY IT.**

## == DEAFNESS ==

**REMARKS**—Permanent deafness results from fracture or thickening of the drum of the ear. Partial deafness comes from a hardening of the wax in the ear, and also often follows scarlet fever, diphtheria, catarrh and other diseases.

**TREATMENT**—Apply **Wizard Oil** as directed for earache three times a day. Bathe the external ear briskly with the pure oil and loosen the wax by the insertion of the little finger, and quick withdrawal of same. **Hamlin's Wizard Oil** has cured deafness of many years' standing. Persist in its use, and, if the drum of the ear is not seriously affected, it will cure you.

## SORE THROAT

**REMARKS**—Sore throat, if neglected, often leads to inflammatory sore throat and quinsy. Attend to it at once upon the appearance of the symptoms and avert the danger.

**TREATMENT**—Bathing the throat with pure **Wizard Oil**, and gargling with a mixture of the oil and water will cure the affection within a short time. Mix a tea spoonful of **Hamlin's Wizard Oil** with two teaspoonfuls of syrup or molasses and swallow the mixture. Then bathe the throat externally with pure **Wizard Oil** for ten minutes, rubbing it in with the hand. Repeat the dose and external application every three hours until cured; also, in severe cases, wet a flannel bandage with **Wizard Oil** and tie around the throat, and gargle the throat every few minutes with equal parts of **Wizard Oil** and water. When ulcers appear, dip a small camel's hair brush or goose quill feather into a mixture of **Wizard Oil** and water, and swab the throat out three times a day. Never be without **Hamlin's Wizard Oil** in the house. Delay is dangerous, and it is of vital importance to have this remedy at hand in the early stages of these throat affections, as it will often save life, if used in time.

**READ OUR TESTIMONIALS.** — They Speak for Themselves !

## HOARSENESS

**REMARKS**—Hoarseness results from cold, excessive use of voice or injury to the larynx. There is a tickling sensation in the throat, a dry, parched feeling, and at times a husky, irritating cough.

**TREATMENT**—Rest the voice. Treat the cough with **Hamlin's Cough Balsam**. Gargle often with **Hamlin's Wizard Oil**, mixed with water; apply cloths wet with the oil at night.

**NOTE**—Continued hoarseness may lead to entire loss of voice. Give it immediate treatment.

**Hamlin's Cough Balsam** CURES COUGHS AND COLDS.

## TWO PARODIES.

Here is what our friend Mr. Dan Guiles, of Tacoma Wash., writes us. It shows that Mr. Guiles, who is a locomotive engineer, not only has excellent chances of becoming the Poet Laureate of the Pacific Coast, but that he has found a new use for **Wizard Oil**.

### HOW HOOLIHAN GOT WORK.

Tune: Mrs. Clancey's Daughter.

There was a man from Ireland, a glazier, he by trade,  
And all he had to live on, was the money that he made.  
His family were hungry, not a bite had they to eat.  
So Hoolihan was thinking how he'd make both ends meet:  
A scheme soon came which put his face behind a happy smole.  
He went and bought a bottle that was filled with Wizard Oil,  
Then waiting very patiently until the sun went down,  
He started out to make himself some work there in the town.

He rubbed a hundred windows with the Wizard Oil he had,  
Says he, "tomorrow I'll have work, my family will be glad."  
And sure enough, next day the orders came in thick and fast,  
When everyone discovered that their windows had no glass.  
He made a little fortune on the windows that were out,  
The people asked him if he knew how all this came about,  
"Why certainly," said Hoolihan, then to them he explains  
"With Wizard Oil I rubbed them, and it took away the panes.

DAN GUILLES, Tacoma, Wash.

### THE MAN WAS A STRANGER IN TOWN.

Tune: The Church Across the Way.

It was one summer evening, when the sun had just gone down,  
And good folks went to hear a stranger speaking in the town.  
He talked just as a brother to those honest sons of toil,  
He said life would be brighter, by the use of Wizard Oil.  
A poor old man lay suffering in a cottage o'er the way,  
With eager ears he drank in what the stranger had to say,  
He heard these words of comfort ringing out so clear and plain.  
If you'll take Hamlin's Wizard Oil, then that will take the pain.

Chorus— It was a revelation, how those of every Nation,  
From many an ache and pain set free.  
His words had scarce ceased ringing, the old man started singing,  
Give Wizard Oil to me.

The stranger gave attention to the old man's plaintive voice,  
He went and knelt beside him, and he said, "you'll soon rejoice;  
When he applied the Wizard Oil the old man rose and said,  
"This is the first for many months that I could leave my bed."  
It made him feel so happy that he started in to sing;  
How he surprised his neighbors when he danced the Highland Fling.  
The men laughed long and hearty, and for joy the women cried.  
Before the Oil man left the town they all were well supplied: (Chorus).

DAN GUILLES, Tacoma, Wash.

# HAMLIN'S COUGH BALSAM.

AN UNEQUALLED REMEDY  
FOR THE CURE OF :: :: ::

**Coughs, Colds, Hoarseness, Sore Throat and  
Bronchitis.**

---

Of all diseases to which the human family is subject, none are so universally neglected as those having a tendency to Consumption. This fatal malady has **numbered its victims by thousands**, many of whom could have been saved by the timely use of some proper remedy. A slight Cold, easily contracted, almost imperceptibly changes into a Cough, which, if not checked at an early stage, may prove too formidable a foe to cope with successfully.

**Hamlin's Cough Balsam** has been before the public many years, and during that time it has gradually but surely, been gaining a reputation second to no other Cough Medicine in existence. We can truthfully state that we have yet to learn of a single instance where this Medicine has failed to give satisfaction. We believe **it has no equal for the cure of a Cough**, no matter what the cause may be. It strikes directly at the seat of the disease, carries off all morbid matter, and prevents it from accumulating on the Lungs. It will give speedy and permanent relief in all diseases of the Pulmonary Organs, such as Bronchitis, Pneumonia, Whooping Cough, Influenza, Difficult Breathing, Tickling or Irritation of the Throat, Tightness across the Chest, Quinsy, or any disease of this nature having a tendency to Consumption. A Cough resulting from a slight Cold can usually be **cured by two or three doses** of this Medicine, and frequently a single dose will accomplish the object. For sudden and severe Colds, accompanied by Tightness Across the Chest, or Difficulty of Breathing, take a teaspoonful of **Hamlin's Cough Balsam** every hour, and if you would greatly facilitate and hasten the cure, bathe the Throat and Chest with **Hamlin's Wizard Oil**. The relief will be instantaneous, and, in a majority of cases, a perfect cure can be effected in a few hours by this treatment. No danger need be apprehended from the use of this Medicine. It is a vegetable preparation, compounded with the greatest care, upon strictly scientific principles. It can be given to children with perfect safety; is healing and soothing in its nature, and effectually controls the dangerous affections to which the Pulmonary Organs are subject.

---

**Delays are Dangerous** Do not neglect a slight Cough or a Cold; it may lead to dire results or Chronic Pulmonary difficulties. Take in time and at once, **Hamlin's Cough Balsam**, keep it handy. Every family should have it in the house as well as an assortment of remedies for common ailments and use at the first indications of sickness and thereby ward off and prevent them, before they become settled, owing to a loss of time in procuring the remedies when they are really needed.

**50c. Bottles, for sale by all Druggists.**

What some of our Canadian Friends have to say  
concerning **HAMLIN'S WIZARD OIL.**

DAVIS & HENDERSON.

Toronto, April, 15th 1899

Hamlin's Wizard Oil Co.

Gentlemen:

We have used your Wizard Oil in our family for the past fifteen years; in fact my wife would not be without it. As we have four children who are continually taking cold and having sore throats in the winter, we find this the very best cure. We have only to apply it at night, and in the morning the soreness has entirely disappeared. I have used it myself on several occasions for sprains and bruises, and find it very efficacious. I may say that our people in the house would not be without it under any circumstances and we keep some on hand all the time. Would cheerfully recommend it to anyone suffering from any of the ailments mentioned in your directions.

W. R. HENDERSON.

DUDLEY & BURNS, PRINTERS,

Toronto, April, 15th 1899

Gentlemen:

I used your Hamlin's Wizard Oil for pains in back and Sciatica, it gave me great relief and now I have not a symptom of the disease. It has a very nice odor when using, not at all like most of these Oils.

Yours Truly,

JAS. DUDLEY.

GRAND TRUNK RAILWAY SYSTEM.

TORONTO, APRIL, 18th '99.

I have much pleasure in certifying to the good qualities of Hamlin's Wizard Oil, having used it on several occasions and have found it all that it was claimed to be.

M. C. DICKSON.

CANADA PERMANENT  
LOAN & SAVINGS COMPANY.

Toronto, April, 14th 1899

W. R. Henderson, Esq.

Dear Sir:

It gives me pleasure to answer you of my appreciation of Wizard Oil, recommended by you to me. When quite lame from muscular rheumatism, arising from a severe injury, it proved in my case a most effective rubbing mixture, always giving relief, and not of a disagreeable odor as most rubbing mixtures are. I can with confidence recommend it.

Yours Very Truly,

R. S. HUDSON.

Picton, Ont.

Hamlin's Wizard Oil Co.

Gentlemen:

I had suffered from Sciatic Rheumatism for 15 years. Visited various mineral springs and tried other remedies to get relief without any beneficial effect. Was treated by physicians in Toronto and Montreal but without relief. Spent hundreds of dollars in trying to get cured. When the Wizard Oil party came to Picton I tried the Wizard Oil. Its effect was marvellous. I had no pain after the second application, and after using it 6 days I was cured.

Yours Truly,

MRS. H. M. BUNBERRY.

STOCKWELL, HENDERSON & Co.

Toronto, April, 15th 1899

Hamlin's Wizard Oil Co.

Gentlemen:

I have on many occasions used your Wizard Oil for Sprains, Bruises and Burns and found it a splendid article and can highly recommend it.

Yours Sincerely,

J. W. STOCKWELL.

## ==ASTHMA==

**YIELDS  
TO  
HAMLIN'S  
WIZARD  
OIL.**

**I**S a peculiarly distressing affection and leads to many debilitating complications; occurring principally at night, it undermines the nervous system of the sufferer, as it deprives one of needed rest. The paroxysms are so violent that the action of the heart becomes impaired, and often the lungs become so weakened that pulmonary troubles ensue.

**TREATMENT**—Take from one to two teaspoonfuls of **Hamlin's Wizard Oil**, according to age, in half a teacupful of milk or water as the paroxysm comes on, and bathe throat and chest with **Wizard Oil** two or three times a day; also use **Hamlin's Cough Balsam**.

## DYSPEPSIA

**CAN  
BE CURED  
BY  
HAMLIN'S  
WIZARD  
OIL.**

**USE  
HAMLIN'S  
BLOOD  
AND LIVER  
PILLS.**

**25c  
Per Bottle.**

**O**R indigestion afflicts nine-tenths of the population of the United States, more especially of the Eastern section. In the mad rush for dollars more forget the duty owed their stomachs, and eat too fast and at untimely and unseasonable hours, thus exerting the digestive organs beyond their capacity, and finally abused nature rebels and the result is dyspepsia.

**TREATMENT**—Eat at regular hours. Do not exercise after eating. *Do not drink anything while eating.* If you must drink do so after the food has been taken. Chew your food thoroughly. One teaspoonful of **Hamlin's Wizard Oil** should be taken internally in a half teacupful of milk or water after each meal, and the bowels kept gently acting by the use of **Hamlin's Blood and Liver Pills**. Remember that **Hamlin's Wizard Oil** has cured dyspepsia when other remedies have failed. Give it a trial and you will be convinced.

## CONGESTIVE CHILL

**OFTEN  
PROVES  
FATAL.**

**BE SURE TO  
HAVE  
WIZARD  
OIL  
HANDY.**

**C**OMMENCES with a chill more or less violent, overpowering sensation of heat, great thirst and cold breath. These symptoms which last several hours, are followed by high fever, delirium, very dry skin, sometimes violent vomiting and purging. The pulse is full and quick, sometimes so rapid that it is impossible to count it. During this stage the patient may be entirely unconscious and in many instances dies from congestion of the brain or lungs.

**TREATMENT** should be immediate and active, as, if the first paroxysm passes away and the second comes, the third will usually follow, and from this there is but slight hope of recovering. **Hamlin's Wizard Oil** acts by neutralizing the malarial poison and must be given every half hour, or oftener in severe cases, in doses of a teaspoonful in one or two tablespoonfuls of warm water. Bathe the feet with pure **Wizard Oil** and apply ice or cold water to the head. Continue this treatment until the skin becomes moist.

**Hamlin's Cough Balsam** An unequalled remedy for Coughs, Colds and all Pulmonary Complaints. Pleasant to take, magical in its effects.

## Interesting Facts.

Emperor William has 350 female servants.

One million dollars is spent in New York every year for perfume.

The Chinese are said to have used clocks 800 years before the Christian Era.

Krupp uses annually, in the manufacture of his guns, 1,000,000 tons of steel.

A pelican's pouch is large enough to contain seven or eight quarts of water.

Great Britain controls 21 out of every 100 square miles of the earth's surface.

The horse-power of Niagara is 3¼ million nominal, equal to 10 million horses effective.

One horse-power will raise 16½ tons per minute a height of 12 inches, working 8 hours a day, this is about 9,000 foot-tons daily, or 12 times a man's work.

A man will die for want of air in five minutes; for want of sleep, in ten days; for want of water, in a week; for want of food, at varying intervals, dependent on various circumstances.

One pair of rabbits can become multiplied in four years into 1,250,000. They were introduced in Australia a few years ago, and now that colony ships 6,000,000 rabbit skins yearly to England.

American life average for professions (Boston): Storekeepers, 41.8 years; teamsters, 43.6 years; laborers, 44.6 years; seamen, 46.1 years; mechanics, 47.3 years; merchants, 48.4 years; lawyers, 52.6 years; farmers, 64.2 years.

Big Trees.—Of ninety-two redwood trees in Calaveras Grove, Cal., ten are over thirty feet in diameter, and eighty-two have a diameter of from fifteen to thirty feet. Their ages are estimated at from 1,000 to 3,500 years. Their height ranges from 150 to 237 feet.

The average of human life is 33 years. One child out of every four dies before the age of 7 years, and only one-half of the world's population reach the age of 17. One out of 10,000 reaches 100 years. The average number of births per day is about 120,000, exceeding the deaths by about 15 per minute. There have been many alleged cases of longevity in all ages, but only a few are authentic.

# Hamlin's Blood and Liver Pills.

—FOR—

Impure Blood, Indigestion, Torpid Liver, Constipation and Headache.

PRICE, 25 CENTS PER BOTTLE.

## CHOLERA MORBUS

-----AND COLIC-----

**REMARKS**—The first generally arises from irritation caused by eating unripe fruit, stale vegetables, etc. The latter much from the same cause, although it may be brought about by cold or gases arising from improper digestion.

**TREATMENT**—The treatment is the same for both. Take a teaspoonful of **Hamlin's Wizard Oil** in half a teacupful of warm milk or water every half-hour until checked.

**NOTE**—In severe cases of colic, bathe stomach and bowels with pure **Wizard Oil**, and apply hot flannel cloths (wring out in hot water), saturated with **Wizard Oil**, over the bowels. Travelers are liable to cholera morbus from change of water. *Always carry a bottle of Wizard Oil with you when traveling.* **Cholera Infantum** is of the same nature and requires the same general treatment in proportion to age.

## BURNS AND SCALDS

**REMARKS**—These are accidents of common occurrence, and call for immediate attention, as the pain is agonizing, and in cases of children often leads to convulsions.

**TREATMENT**—The application of **Wizard Oil**, mixed in equal quantities with sweet or linseed oil, placed over the injured parts by means of clean linen cloths, affords almost instantaneous relief.

**NOTE**—Where the burn is severe, use cotton batting, or raw cotton. Saturate the cloths or cotton thoroughly with the mixture so that all parts will come in contact with the medicine. Change the cloths once a day, if it is necessary to use more than one application.

## BITES and STINGS

-----of Insects and Reptiles-----

**REMARKS**—Death often results from the sting of a poisonous insect or reptile. Even bee stings, and those of mosquitos, have led to blood poisoning. Snake bites are always dangerous.

**TREATMENT**—**Wizard Oil** removes the inflammation resulting from the injury and counteracts the influence of the poison. Apply at once, and it may save your life.

**NOTE**—As the sting of an insect is frequently left in the wound it should be at once extracted, the wound bathed with warm water and then thoroughly rubbed with **Hamlin's Wizard Oil**, placing a linen rag soaked in **Wizard Oil** upon it, and over this cloths dipped in hot water and wrung out as nearly dry as possible, and these applications renewed till all inflammation is subdued; also drink half a teaspoonful of **Wizard Oil** in a teacupful of warm milk or water every two hours, until relieved. If bitten by a snake, at once tie a string tightly around the limb *above* the bite, and then wash the wound with warm water, applying **Hamlin's Wizard Oil** on linen rags as directed for insect bites, using hot water applications in precisely the same way, also taking **Wizard Oil** internally in the dose of two teaspoonfuls every fifteen minutes in a half teacupful of water, and continue this treatment until all signs of inflammation and swelling are gone.

Try Hamlin's Wizard Oil, it costs only 50c and \$1.00 per bottle.

A Remarkable Record.

# A. A. HANSEN,

"THE RAINMAKER"

CHAMPION 1000 MILE  
Bicycle Rider of the  
World, of Minneapolis,  
Minn. and his opinion of

HAMLIN'S :::  
WIZARD OIL.

A. A. HANSEN'S CYCLE HOUSE,  
PHENIX BLD'G.

Minneapolis, Minn., March, 18, 1900

Hamlin's Wizard Oil Co.  
Chicago, Ill.

Gentlemen:-

Allow me to say a few words regarding your Wizard Oil. A number of years ago, I was troubled considerably with Rheumatism and with pains below the shoulder blades and in the back. I tried and tried the various liniments upon the market, but to no use. I found no relief whatever, finally I got a bottle of Hamlin's Wizard Oil and I found that by following your directions, I soon began to improve and after having used about three bottles of your Wizard Oil, I was entirely cured and felt like a new man. Since then I have never been without Wizard Oil in my house, or with me while upon the road. During the season of 1892 I first began heavy road riding and after my long century runs, over heavy sandy and hilly roads, I always found instantaneous relief from soreness, or stiffness of the joints, by using Hamlin's Wizard Oil as directed in your pamphlet. In all of the twenty four hour races and record trials which I have competed in, I have never, in one single instance, suffered from soreness or lameness, when I have used Wizard Oil exclusively.

My trial without using Wizard Oil, as a test for my own personal satisfaction, I found to my sorrow very different. Perhaps the best and most thorough test that I have ever given Wizard Oil, was during my 1000 mile worlds record ride last August, I sat in my saddle 92 hours and 36 minutes and never at any time was I troubled with lameness or soreness from the effects of such a strain over country roads and across railway crossings and hilly country. In the thirty second mile I received a very serious accident, being caused by the triplet pacing me breaking down, and I was thrown up in the air and turning a complete summersault. I landed squarely on my back and struck a rock, just above my left kidney. I was certain that I was done for, as far as that ride was concerned, but to my surprise, when I arrived at my training quarters I was given a good rub down with Wizard Oil and in about an hour, I was given another and kept on riding and completed the 1000 miles, 12 hours inside of record time. After finding such relief from pain, bruises, sprains, etc., from using Wizard Oil I can heartily recommend the use of same to all Bicycle riders and Athletes. For rubbing down purposes it has no equal, these are facts that I have found out by 12 years continuous use of Hamlin's Wizard Oil.

Respectfully Yours,

A. A. HANSEN. "The Rainmaker."

## ULCERS and FEVER SORES.....

Are of a decidedly loathsome and serious character. From the latter sometimes come the former, and aside from the troublesome feature which they possess, the danger of loss of limb or lameness through life calls for urgent measures at an early stage. **Hamlin's Wizard Oil** positively cures ulcers. No matter how many remedies you have tried in vain, the persistent use of this wonderful medicine, which acts as an antiseptic or "cleaner," will cause speedy granulation and a perfect cure.

**TREATMENT**—Where the ulcers are deep and rapidly spreading, they must be filled up with lint, dampened with luke-warm water, then wrung out and soaked in **Hamlin's Wizard Oil**, and this dressing changed at least once a day, using clean linen at each dressing. Where they are chronic and more shallow, two or three thicknesses of linen rag are to be dipped in luke-warm water and wrung out as above, then soaked in **Wizard Oil** and laid in the cavity so as to make it level with the surrounding parts, changed twice daily, and a bandage applied over all. In bone felon, a rag kept wet with pure **Wizard Oil** is to be tied around the thumb or finger, and renewed when dry. Always keep a bottle of **Wizard Oil** in the house.

Axton, Va.

*Gentlemen*—I had an ulcer on my leg and used a bottle of **Wizard Oil** which has cured me. Please send me a bottle of your Pills. I have great confidence in your remedies and shall always continue to use them. Yours truly,

HENRY PETTY.

## TUMORS and Swelled Glands.....

SCARLET Fever, Diphtheria, Mumps, and some other diseases, sometimes leave enlargements in the glands of the neck and jaws; violence also produces such disorders. Women nursing infants are liable to "caked breast" which may lead to something far more serious. Such afflictions should be

Ridgeway, Wis., Feb. 2, '95.

*Gentlemen*—I have used your **Wizard Oil** successfully for many years, but never knew the value of your Blood and Liver Pills until I had occasion to use them for an attack of Torpid Liver, and must say they gave me entire satisfaction.

Yours truly, METHUEW O'NIEL.

treated promptly, for abscesses or other fatal results are apt to follow neglect. **Hamlin's Wizard Oil** will be found efficacious for the treatment of all such troubles.

**TREATMENT**—**Hamlin's Wizard Oil** must be used freely by bathing the swollen parts and rubbing it in with the hand for ten minutes at

a time, four or five times a day. For sore nipples apply **Wizard Oil** with the finger after nursing, then apply a little glycerine or sweet oil to keep them soft.

## NURSING SORE MOUTH

**TREATMENT**—Mix a half teaspoonful of **Wizard Oil** with half a teacupful of luke-warm water, and wash the mouth and gums often, using a soft rag or piece of cotton on a small stick. **Wizard Oil** will be found an efficacious remedy in such cases, and nursing mothers should not be without it.

**READ OUR TESTIMONIALS**—They are from a few of the many who have been relieved from pain and suffering by the use of these Household Remedies—the panacea of the afflicted.

Try **Hamlin's Wizard Oil**, it costs only 50c and \$1.00 per bottle.

CENTS.

A WONDERFUL COMBINATION.  
**BLOOD PURIFIER.**

A PLEASANT CATHARTIC.  
**LIVER REGULATOR.**

THE history of medicine has never recorded such a combination of medical agents as those embodied in **Hamlin's Blood and Liver Pills**. Acting as they do upon the organs of digestion, they effectually remove such affections as Indigestion, Gastralgia, Liver Complaint, Bilious Disorders, Constipation, Sick Headache, etc., and materially aid in relieving Catarrh of the Stomach, Bloating of the Abdomen, and all trouble coming from an impure state of the blood or a deranged condition of the stomach, liver, kidneys and lower bowels. It should be borne in mind that **Hamlin's Blood and Liver Pills** are not simply a cathartic agent, their duty is not only to act upon

the bowels, but to remedy the causes of disease. They purify the blood, and are as thorough and complete in their action as any of the so-called blood and liver remedies, sarsaparillas, etc., and vastly superior to nine-tenths of them and cost one-fourth the price. They should be used regularly, in small doses, until nature being sufficiently strengthened by their use, resumes its sway. They regulate the bowels, assisting nature to expel the accumulated poisonous matter which has brought about the disorders. **Disease breeds from unclean livers.**

**Hamlin's Blood and Liver Pills** cleanse the system, restore activity to the parts affected, and cure, not simply relieve disease. **For Liver Complaint** they are unequalled. The liver is the source of more disease than any other organ in the body, and when healthy keeps contagion at bay. **Disease will not breed when the blood is absolutely pure;** and it is a well-known fact that none of the other organs of the body can perform their functions in a proper manner if the liver is inactive or diseased. It has

Jan. 30, '95.  
*Gentlemen*—I have used Hamlin's Blood and Liver Pills, and think they are superior to any pill I ever used for Torpid Liver, and as a mild and pleasant cathartic I have never found their equal.  
Yours respectfully, JAS. BUNKER.

**Hamlin's Blood and Liver Pills** are a sovereign remedy for Liver Complaint. They contain certain vegetable ingredients which act directly upon the liver, stimulating it to healthy action, promoting a plentiful and healthy secretion of bile, thus purifying the blood and expelling all poisonous matter from the system. They act promptly and pleasantly, without any debilitating effects upon the system, and possess almost magical powers in curing the disease. They contain no calomel or any form of mercury, mineral poison, or any injurious drug. Being entirely vegetable, no harm can come from their proper use.

See what MR. EVAN LEWIS the Champion Wrestler of the World says of Hamlin's Blood and Liver Pills.

Ridgeway, Wis., Jan. 30, '95.

*Gentlemen*—I have tried the Hamlin's Blood and Liver Pills, and can truthfully say I am more than satisfied with them. As a mild laxative after bilious attack I find them fully up to your recommendations. I also purchased two bottles of your Cough Balsam of your agent while here and can recommend it for a bad cold and irritation of throat.

Yours truly, EVAN LEWIS.

USE HAMLIN'S COUGH BALSAM for Cough and Colds.

50

**REMEMBER**—From the liver comes the majority of our ailments, and the symptoms of disorder of this most important organ should be well understood and acted upon at once. The following is a list of the principal symptoms of derangement of the liver, only a few of which are likely to be present at any one time: Pains in the Side,

Back or Breast, or about the Shoulders, a Sense of Fullness or Bloated Feeling about the Stomach, a Feeling of being Tired or Overworked, Low Spirits, Melancholy, Lack of Energy, Loss of Memory, Restlessness and Discontent, Inability to Sleep; at other times Drowsiness and Weariness, Dread of Trouble, Troublesome and oftentimes Frightful Dreams, sometimes a Loathing of Food; at other times a Voracious Appetite, Sour Stomach, Bad Taste in the Mouth, Nausea, Headache, Dizziness, Numbness of the Limbs, Chills, alternating with Hot Flushes, Bowels Generally

Costive, sometimes Diarrhoea, Rush of Blood to the Head, Nervousness, Palpitation and Fluttering of the Heart, a Burning Sensation of the Skin, which assumes a Yellow Complexion, Gloomy Foreboding, and a general uneasiness of both Mind and Body.

For **Dyspepsia, Indigestion** and all disorders of the stomach, use **Hamlin's Wizard Oil** in conjunction with the **Blood and Liver Pills**. They will cleanse the stomach and bowels of all impurities and restore them to healthy action. These Pills are sugar-coated, and enclosed in glass bottles, which preserve them for any length of time.

Drayton, N. D., Jan. 25, '95.

*Gentlemen*—For some time past I have asked my doctor for some medicine to relieve pains in my side and back and below my shoulder blades, and his answer was that he could give me nothing, as I was too old, being over seventy years. Your company came to our town a short time ago, and I bought a bottle of your Blood and Liver Pills. I took three pills that night and got up next morning without any pain. After using them I found them most beneficial and have had no pain since.

Yours truly, R. B. BLAKE.

## CONSTIPATION

Is a prevalent complaint which entails a vast amount of suffering.

**CAUSES**—Torpidity of the liver. When the glands fail to create sufficient bile and turn it into the stomach, the food is not digested and passed off but is decomposed in the stomach and an acrid mass is formed in the lower part of the bowels which presses on the blood-vessels of that part and often sets up the distressing malady known as Piles. The ducts of the stomach take up unhealthy matter which poisons the blood. The impure blood is sent to the lungs to be aerated; this makes the breathing labored and the breath foul; the brain becomes irritated and congested, and want of refreshing sleep makes the sufferer perpetually tired and languid.

**SYMPTOMS**—Acute headache, sleeplessness or bad dreams, disordered vision, coated tongue, foul breath, dry skin, heart-burn and piles.

**TREATMENT**—The action of the bowels must be regulated. In doing this it is essential to bear in mind that their membranes are weak and irritated, that they have not the strength to do what is required of them, and that if drastic purges are given diarrhoea and inflammation are sure to follow. A gentle yet searching and effectual medicine to remove all such accumulations is found in **Hamlin's Vegetable Blood and Liver Pills**, which will, by cleansing the bowels and arousing a flow of bile, ensure pure blood and banish the dancing motes from the eyes and the piercing pains from the head, restoring the nervous system to its normal condition. When no movement has occurred for three or four days an injection of warm water, with a few drops of castor oil, is advisable, especially where piles are present.

**Full and Explicit Directions** for the use of these wonderful little pellets accompany each bottle. Read them carefully, follow them closely. Be sure to get Hamlin's. Take no other. None as good.

**Silver Polish.**—A good recipe for silver polish is one quart of rain water, two ounces ammonia and three ounces of precipitated chalk. Keep well corked. For cleaning raised designs use a small brush.

**To Remove Grease Spots from Books.**—Dust a little magnesia over the grease spots on books, lay upon the spot a piece of clean blotting paper and pass a hot laundry iron a few times over it, when the grease will have disappeared.

**A Brilliant Black Varnish** suitable for iron, stone, wood and concrete is made by stirring ivory black in ordinary shellac varnish. It should be applied to the surface when the article to be coated is quite cold. This is a useful varnish for fireplaces.

**To Destroy Flies** in a room, take half a teaspoonful of black pepper in powder, one teaspoonful of brown sugar, and one tablespoonful of cream, mix them well together, and place them in the room on a plate, where the flies are troublesome and they will soon disappear.

**Lip Salve.**—Here is a delightful lip salve: one ounce of white wax, two ounces of almond oil, and a dram of alkanet; melt together, keeping it in a warm place and stirring it occasionally till well colored, and stir in about five drops of otto of roses. You need not make so much as this at a time.

**For Scurf in the Hair.**—I am in the habit of recommending this: vaseline and lanoline, of each a dram; a dram and a half of purest sulphur; two drams of glycerite of borax, and benzoated lard, three drams; add a little essence of bergamot, and mix well. Apply a little to the roots of the hair every night.

**How to Polish Glassware.**—Tumblers and wineglasses should be washed in hot water and rinsed in cold water, and should be dried with a clean towel as soon as possible and when perfectly dry rubbed with tissue paper. For cruets, decanters, etc., tear up some clean newspapers into pieces about the size of a ten-cent piece, put into the bottles half filled with warm water, and give bottles a rotary motion. When clean, decant, and a little practise throws out the paper. They will be as bright as new. To clean glasses, wineglasses especially, which have become discolored on edges, use cigar ashes, friction, and a damp cloth.

#### **To Take Paint out of Clothing.**

—Equal parts of ammonia and spirits of turpentine will take paint out of clothing, no matter how hard and dry it may be. Saturate the spot two or three times and then wash out in soap-suds.

**Anti-Rust.**—To clean rusty instruments, immerse them overnight in a saturated solution of stannous chloride; rub dry with chamois after rinsing in running water, and they will be of a bright silvery whiteness.

#### **To Clean Gold Picture Frames.**

—Beat the white of an egg; add to it one pint of cold water; moisten your frames with this mixture, using a sponge. Then wipe them with a soft flannel. Take a second cloth, perfectly dry, and give the frames a light rubbing.

**Piano Polish.**—Take equal proportions of turpentine, linseed oil and vinegar. Mix; rub in well with a piece of flannel cloth. Then polish with a piece of chamois skin. This treatment will entirely remove that dingy appearance that age gives to all fine woods.

**To Clean Copper and Brass.**—Very finely powdered bath brick rubbed on with a piece of lemon will remove all stain and tarnish from articles of copper and brass; they should be rubbed over with a clean, dry cloth; then polished with a soft cloth or leather.

**Tin Box Cement.**—To fix labels to tin boxes, either of the following will answer: 1. soften good glue in water, then boil it in strong vinegar, and thicken the liquid while boiling with fine wheat flour, so that a paste results. 2. Starch paste, with which a little Venice turpentine has been incorporated while warm.

**Bug Poison.**—Proof spirit, one pint; camphor, two ounces; oil of turpentine, four ounces; corrosive sublimate, one ounce. Mix. A correspondent says, "I have been for a long time troubled with bugs, and never could get rid of them by any clean and expeditious method, until a friend told me to suspend a small bag of camphor to the bed, just in the center overhead. I did so, and the enemy was most effectually repulsed, and has not made his appearance since—not even for a reconnaissance!" This is a simple method of getting rid of these pests, and is worth a trial to see if it be effectual in other cases.

IS the result of a contusion caused by a blow or kick, or any other injury to the joints and the membrane surrounding them. Continued exposure to severe cold may in some cases bring about the affection.

**SYMPTOMS**—During the first stages the symptoms are very much like rheumatism, but as the disease increases the pain becomes more deep-seated and severe and requires active measures for its relief. Spasmodic twitching, especially at night, a flabbiness of the skin and a wasting of the flesh marks the progress of the disease until finally deformity takes place. The parts are unnaturally hot, and a peculiar glossy, shining appearance of the skin announces, "white swelling." The joints become more and more inflamed and distended with matter which gradually makes its way to the surface and bursts through the skin. The appetite and sleep are disordered and diarrhoea sets in.

The Survival of the Fittest.

**TREATMENT**—Hamlin's Wizard Oil should be applied early in this disease; it acts by allaying the inflammation and relieving the congestion of the blood-vessels that supply the joints, causing a healthy and vigorous circulation of the blood. Bathe the affected parts freely with clear Wizard Oil, rubbing in with the hand for ten or fifteen minutes at a time three or four times a day; bandage the joint with flannel bandages, keeping them wet with Wizard Oil.

## CANDY RECIPES.

### BUTTER SCOTCH.

One cup of molasses, one cup of sugar, one-half cup of butter. Boil until done.

### MAPLE CANDY.

Four cups of maple syrup, boil until it cracks in water, and just before taking from the fire, put in butter the size of an egg. If preferred waxy, do not let it cook so long.

### SUGAR CANDY.

Six cups of white sugar, one cup of vinegar, one cup of water, a tablespoonful of butter put in at the last, with one teaspoonful of soda dissolved in hot water. Boil without stirring one-half hour. Flavor to suit the taste.

### CREAM CANDY.

Four cups of sugar, two cups of water, three-fourths of a cup of vinegar, one cup of cream or rich milk, a piece of butter the size of an egg, two teaspoonfuls of vanilla, a pinch of soda. Let in boil until it cracks in water, then work very white.

### TO CANDY NUTS.

Three cups of sugar, one cup of water; boil until it hardens when dropped in water, then flavor with lemon. It must not boil after the lemon is put in. Put a nut on the end of a fine knitting-needle, take out and turn on the needle until it is cool. If the candy gets cold, set on the stove for a few minutes. Malaga grapes and oranges, quartered, may be candied in the same manner.

### HOME MADE PEANUT CANDY.

Shell and skin a quart of peanuts and roll them until fine. Place a heaping coffee-cup of granulated sugar into a saucepan, set it over a hot fire and stir the contents quickly until it melts. Do this while the peanuts are being heated through, in the oven, and after the pans are buttered and set on the back of the range to be kept hot. When the sugar has melted, pour the hot peanuts into it, remove from the fire and pour the mixture into the hot buttered pans. When cold it can be broken into suitable pieces.

## Wizard Oil a friend in need.

Cleveland, Ohio, Dec. 28, 1899.  
Hamlin's Wizard Oil Co.  
Chicago, Ill.

Gentlemen:-

We cannot keep house without a bottle of Hamlin's Wizard Oil in it.

My wife was taken with pains in her lungs this afternoon, it only needed one application and one dose internally to stop the trouble.

An interesting thing happened to me while traveling from San Francisco, Cal., to St. Louis, Mo. While on the train between Kansas City and St. Louis, the Pullman Conductor came to me and asked me if I had a brother on the train, but I said I did not, he said there was a gentleman in the next car that was very ill with inflammation of the bowels and that they would have to leave him at the next station, he was suffering so, and the jolting of the train seemed to make him worse, I told the conductor I could relieve him and save them the bother, I took a bottle of Hamlin's Wizard Oil, mixed up a dose and gave the patient a good outward application and almost immediately he said he felt better. I then left him and in the morning when we arrived at St. Louis, I left the train with the patient, we walked up town together, he asked me what he owed me and thanked me a thousand times for saving his life.

At home or abroad I always have a bottle of Hamlin's Wizard Oil with me.

Yours Very Respectfully,  
FRED VANDERLIP.

1114 Chicago St.

Omaha, Neb., Jan. 1st 1900

H. W. O. Co.

My mother was troubled with Facial Neuralgia for 13 years, she used six bottles of Hamlin's Wizard Oil and it cured her. We are never without a bottle of it in the house.

J. COLOWAY.

## A Bankers Experience.

THE  
MERCHANTS AND FARMERS BANK

MILLEDGEVILLE, GA., JAN. 4TH 1900

HAMLIN'S WIZARD OIL CO.  
CHICAGO, ILL.

Gentlemen:-

I have been a sufferer from something like asthma for eight or ten years. It was always worse on me during the winter months and I scarcely ever had a night's rest during this season of the year.

When I retired at night I would sleep from one to three hours and would awake gasping for breath, which was relieved only by walking around my room the remainder of the night. When the cold weather commenced this winter I was attacked by one of these spells (as usual) and there was no rest for me.

After spending seventeen restless nights, (sleeping about two hours each night) I bought a bottle of Hamlin's Wizard Oil and commenced to take it.

I am now proud to say that I hav'nt been worried a minute since I took the first dose of your remedy. This is the finest medicine I have ever tried and I shall never be without it. I believe Hamlin's Wizard Oil saved my life and I know it has saved me from a lot of awful suffering. Wishing the Hamlin Wizard Oil Co. much success,

I am, Yours Truly,  
BENJAMIN BASS.

Sante Fe, N. M. Oct. 15th 1899

H. W. O. Co.

I take pleasure in telling you that Hamlin's Wizard Oil cured me quickly of a severe sprained back.

I tried various remedies, but they did me no good, finally I bought a bottle of Hamlin's Wizard Oil and used it only three days and I was well. It is surely a wonderful medicine.

THOS. BLAIR.

## A Testimonial from High Medical Authority.

Boston, Mass., April 18, 1899.

*Hamlin's Wizard Oil Co.*  
Gents:—

In reply to your favor of recent date concerning the use of Wizard Oil in the Suffolk Hospital and Dispensary, 4 Charter St., Boston, Mass. I will say that it gives me great pleasure to inform you that we have used it very thoroughly in all cases where a liniment was indicated and never yet has it failed us in any respect. In our establishment we are constantly receiving every day many patients who are afflicted with Sciatica, Rheumatism, Sprained Joints, Bruises, Pains in different parts of body, Myalgia, Neuralgia, etc. We keep the Oil very handy and do not hesitate for a moment to use it vigorously whenever necessary. The searching properties are marvelous and pain seems to vanish. Patients come here from a long distance and bring their friends and relatives on account of the good they receive and the benefit they derive from the "Wizard Oil" whenever their complaint is of a neuralgic nature. **We have the reputation of curing Rheumatism the quickest of any place in this city. It is "WIZARD OIL"** we use for external use and a mixture of Salicylate of Soda for internal use. The soda will not cure it alone. You certainly have a wonderful remedy in your "Oil" and its efficacy has been very thoroughly tested here. I am very glad our President the Hon. Albert C. Smith spoke about my writing my experience with the "Oil" among our patients here. I shall always stand up for Wizard Oil every time as it will do all and more than you specify in its use. Thanking you for my part, for your kind contribution,

I remain very truly

C. F. P. Burchmore, M. D.  
Suffolk Hospital and Dispensary,  
4 Charter Street.

In your Pocket  
In readiness at all times

-----HAMLIN'S-----  
**COUGH BALSAM**

**CURES**—Coughs, Colds, Hoarseness, Sore Throat, Bronchitis, and all diseases of the throat, chest and lungs.

**ITS PROMPT  
USE  
PREVENTS  
CONSUMPTION**

Consumption and neglect are synonymous. A slight cough, allowed to continue, may result in the dread disease, which has baffled medical skill for years. **It does not pay to run the risk of losing life.** Attend to the little things and the greater evils can be averted. **Hamlin's Cough**

**Balsam will cure your cough.** It is pleasant to take, mild and **absolutely harmless.** Sold by all druggists at **25c, & 50c. per bottle.**

**BRONCHITIS**

Before the windpipe enters the lungs, it divides into two forks, one going to the right and one to the left. These in turn divide and subdivide, like the roots of a plant, and penetrate the lungs in every direction. These are lined with a very delicate membrane and are called the bronchial tubes. When we take cold, they become inflamed, clog and close up, and disease comes on.

**CAUSES**—Commonly cold taken on exposure to inclement weather.

**SYMPTOMS**—Difficult breathing, a roughness of the windpipe, and huskiness, making it necessary to clear the throat; cough, hoarseness, tightness across the chest, feverish flushes, expectoration of mucus, first white, changing to yellowish or greenish color; the blood fails to be properly oxygenated, and the patient becomes pale and anxious.

**TREATMENT**—A teaspoonful of **Hamlin's Cough Balsam** every hour or two. Keep the bowels open, and avert any tendency to fever by hot mustard foot-baths, and drinking hot lemonade or hot tea, etc., to induce gentle perspiration, and keeping at the same time indoors and away from cold and drafts.

Vermont, Ill.

*Gentlemen*—Eighteen months ago your agents were in this town and I purchased a bottle of Wizard Oil. Since then I have used at least thirty bottles and find it one of the best medicines I have ever kept in my house. Out of the above thirty bottles I have given away to my neighbors at least half a dozen in order to convince them of its qualities. I had a disease of the Liver and Spine which dated back at least ten years, and for five years before I got this remedy I seldom got a good night's sleep and came near dying at different times. I employed the best physicians in the country and they gave me up as a hopeless case. Since I used Wizard Oil I regained my health to such an extent that I can attend to my business and sleep good nights. I find it cures everything that it claims to. I have also used it on my horses and cattle and find it one of the best medicines ever kept in the stable. I am never without Wizard Oil.

Yours truly, WM. HALL.

**This is the way they all talk!**

Ashland, Ohio, U. S. A.  
Hamlin's Wizard Oil sells the best, gives the best satisfaction, cures more people of different afflictions for which it is recommended than any other remedy of its kind we ever sold.

Yours truly, F. P. HORNE, Druggist. **AND WHY NOT?**

**Hamlin's Wizard Oil** is unquestionably the *Greatest Pain Remedy on Earth*, and with **Hamlin's Cough Balsam** and **Hamlin's Blood and Liver Pills** constitutes reliable help to health for every household. Beware of imitations.

**"THE BEST LINIMENT."**

Woodland, Utah, Aug. 12, 1898.  
Hamlin's Wizard Oil Co.  
Chicago, Ill.

Gentlemen:—

I want to say to you and the public that Hamlin's Wizard Oil is the best thing in the way of a Liniment, that I ever used for Rheumatism, Neuralgia, Lameness or pain of any kind. For Cramps it cannot be beat. I will not be without it, when our bottle is gone or nearly so, I get another. I cured Rheumatism with it in two applications. Last winter after I had been troubled for two months I knocked Neuralgia out of my head in one rubbing. There is nothing better. Yours very truly,  
J. H. WHITE.

**"WILL NEVER BE WITH-  
OUT IT."**

New Orleans, La., April 3, 1899.  
Hamlin's Wizard Oil Co.  
Chicago, Ill.

Gentlemen:—

I bought a bottle of your Wizard Oil for the Neuralgia and am pleased to say it did me good right away and I will never be without it in the house after what it has done for me. Yours truly,  
MRS. MENNIE DAUNES,  
1892 N. Tonti St.

**MADE HAPPY BY IT'S USE.**

Tranquillity, O., April 12, 1898.  
Hamlin's Wizard Oil Co.  
Chicago, Ill.

Gentlemen:—

Being subject to Cramp Colic from infancy and having tried everything that I could hear of and wishing to get relief, I concluded to try your Wizard Oil and am happy to say that after taking three doses I was entirely cured of Colic. Yours truly,  
WM. H. WRIGHT.

**"THE ONLY REMEDY."**

Atchison, Kan., Oct. 13, 1897.  
Hamlin's Wizard Oil Co.  
Chicago, Ill.

Gentlemen:—

I had an accute attack of Rheumatism, and for sixteen days I could get no relief from any other medicines. I got some Wizard Oil and within two hours I was out of the house and walking around without a cane. Wizard Oil is the only remedy that did me any good.  
Yours respectfully,  
HENRY LOGEMAN.

**"BEYOND HUMAN PRAISE."**

Georgetown, Ind., Feb. 22, 1897.  
Hamlin's Wizard Oil Co.  
Chicago, Ill.

Gentlemen:—

We have been using your medicines in our families for a number of years and it is beyond human praise to express its wonderful cures, especially with children for Coughs, Whooping Cough and Croup. We have done all we could in recommending the medicine as we know its effects and feel this much interested in the human race and the medicine. If you desire to use our recommendation, you may do so. Yours truly,  
DAVIS & MILLER.

**"BEST HE EVER USED."**

Baldy, N. M., Jan. 25, 1897.  
Hamlin's Wizard Oil Co.  
Chicago, Ill.

Gentlemen:—

I am using Hamlin's Wizard Oil for toothache and find it a great relief. Have been troubled with Tooth Ache for a good many years and have used all kinds of remedies, but Hamlin's Wizard Oil is the best I ever used. Have also used the Oil for Sore Throat with great success. Yours truly,  
F. M. SHERMAN.

## FEVER and AGUE

IS THE  
PLAGUE  
OF  
THE SOUTH

WIZARD  
OIL  
THE  
PANACEA.

OR chills and fever is a malarial disease, caused by taking into the system the poisonous gases arising from decaying or decayed vegetable matter. It is most common in low, swampy regions or in sections where railroads have recently been cut through, or new earth thrown up. It is usually intermittent or periodical, occurring so many days apart or at irregular periods, when it is termed remittent fever.

**SYMPTOMS**—The course of the disease is marked by three stages—the chill, the fever, and the sweating stage. During the first the skin shrinks, the patient shakes severely, the pulse is small and feeble. The duration of this stage is from three to eight hours. Then comes the fever, which is intense, followed by the sweating, when the perspiration is profuse. Heat, headache and thirst disappear and sleep ensues.

**TREATMENT**—Give a teaspoonful of **Hamlin's Wizard Oil** in half a teacupful of warm pennyroyal, sage or catnip tea every half hour, continuing this until the chill is broken, and in the intervals between the paroxysms—that is, on the well days—give the same dose of **Wizard Oil** three times a day. While the chill is on, bathe the body with pure **Wizard Oil** and apply cloths wrung out in hot water, frequently renewing these applications in order to promote the circulation of the blood and induce perspiration. The liver is usually sluggish in these cases and **Hamlin's Blood and Liver Pills** should be given so as to gently move the bowels and gradually increase the flow of bile.

## ===PILES===

OR  
HEMOR-  
RHOIDS  
CAUSE  
MUCH PAIN.

WIZARD  
OIL  
STOPS PAIN

ARE caused from habitual constipation, neglecting regular stool, sitting on wet seats or cold stone, and lack of exercise. They frequently develop tumors, fistulas and rupture of the bowels.

**SYMPTOMS**—Bearing down sensation about the fundament, intense itching and burning, straining at stool and painful evacuation, which lead to a dread of going to stool. Protrusions of smaller blood vessels, often discharges of blood and mucus, inability to sit up long or walk more than a short distance.

**TREATMENT**—The extremity of the intestine should be kept wetted with equal parts of **Wizard Oil** and olive oil. The bowels must be kept open, because piles often exist at a considerable distance from the vent. **Hamlin's Blood and Liver Pills** will cause the movements of the bowels to be regular, painless and natural, and the irritation to cease. Inflammation no longer existing in the overcharged blood vessels their swelling will go down. The food taken should be such as will not bind the bowels.

Be Sure  
to Get  
the  
Genuine.

**Hamlin's Wizard Oil,**

# THE UNIVERSAL REMEDY

IT may be truthfully said that Hamlin's Wizard Oil is the universal remedy. From the fact that it is universally known and that its field of usefulness as a curative agent is universal. It is successfully used in such a wide range of painful ailments, both internally and externally.

It is not limited in its benefits to the human family, but extends them to domestic animals as well. No single medicine on the markets of the world today can equal it.

It is so valuable and so cheap, so pleasant to use, so easy to procure, that it would be an act of folly to be without it.

## Sore Throat.

Furlock, Cal., Jan. 29 1900

It gives me great pleasure to recommend Hamlin's Wizard Oil to any one affected with sore throat. Although I had to send to San Francisco for some, I did so, rather than be without it.

A. SWALLEY.

## Best Remedy.

Rob Roy, Ark., Feb. 12 1900

I have used Wizard Oil for years. I find it the best medicine in the world.

J. T. HAMPTON.

## Rheumatism.

Grand Island, Cal., Dec. 24 '99

I have been taking Hamlin's Wizard Oil for some time internally and externally for rheumatism and "bonesache" and find the oil the best article that I have ever used.

JOHN H. WILLIAMSON.

## Most Remarkable Medicine

Cholame, Cal., May 11 1900

I am pleased to write and tell you that I have used your Wizard Oil for years and find it to be a great cure for all kinds of sprains, sores and wounds, the most remarkable of any medicine that I know of.

IRAN D. V. SHORT.

## Coughs.

Deronda, Wis., Dec. 27 '99

I have been buying Hamlin's Wizard Oil for the last 20 years and have never found any medicine equal to it for a cough. I buy it every winter and always recommend it to my friends.

MARY J. KINNEY.

## Never without it.

Telluride, Col., Oct. 27 1899

I will say for Hamlin's Wizard Oil that I have never been without it many days at a time since it was put upon the market and have cured many cases by having it with me. I am an old traveling man. I could write you of many cures I have made out of my little traveling bag.

CAPT. MILES STANDISH.

## Sprained Back.

Santa Fe, N. M. Oct. 15 1899

I take pleasure in telling you that Hamlin's Wizard Oil cured me quickly of a severe sprained back. I tried various remedies, but they did me no good, finally I bought a bottle of Hamlin's Wizard Oil and used it only three days and I was well. It is surely a wonderful medicine.

THOS. BLAIR.
