A PLAIN STATEMENT.

N. H. DOWNS' VEGETABLE BALSAMIC ELIXIR is the *cheapest* because it is the *best* Cough Remedy on the market. The 50 cent and \$1.00 sizes are the most economical for the consumer to buy, as they hold considerably more in proportion to price than the small size. There is no cough remedy, of any reputation sold, where the purchaser gets so many doses for the money as in a dollar bottle of Downs' Elixir, and every one who has ever used it will testify that nowhere can so much *value* be had for the money. The value of a medicine is in its curative properties and not in its quantity. Downs' Elixir always cures, therefore is very valuable. The same is true of *BAXTER'S BITTERS* and *ARNICA AND OIL LINIMENT*. They, with *DOWNS' ELIXIR*, are sold at popular prices, but we make no pretensions to large quantity for a small price. Our object being to give *value* for money rather than *quantity*. These medicines are compounded from the best material with the greatest care, and are valuable, because they *cure* the diseases for which they are recommended. *N. H. DOWNS' VEGETABLE BALSAMIC ELIXIR* has been fifty-nine years in constant use and continually gaining in favor, so that at the present the sale far exceeds that of any other cough remedy sold. *Dr. BAXTER'S MANDRAKE BITTERS* and *ARNICA AND OIL LINIMENT* are equally efficacious for the cure of diseases for which they are recommended. These three remedies should always be kept in the house ready for use. They will save many doctors' bills, and prevent much sickness.

Your *Arnica and Oil Liniment* is working wonderful cures in this neighborhood, as an external remedy for man and beast there is none better.

It is in every way a perfect liniment, and I recommend it to all, who have met with accident, for sprains, strains, bruises, cuts, rheumatism, and the long list of hurts man and beast are subject to.

H. A. BROPHY.

EDWARDSBURG, Mich., Nov. 21, '81.

Your medicines have given good satisfaction, so far as heard from customers who have used them, es-

pecially the *Arnica and Oil Liniment*. Please send me two dozen at once.

Yours respectfully,
J. W. BEAN.

EXETER, Pa., Nov. 16, 1881.

Last spring I bought a bottle of *Arnica and Oil Liniment* of E. W. Campbell, Specialty Druggist, West Pittston, Pa., to use on my horse, which had run a large splinter in his foot, just above the hoof. I extracted part of the same, but could not get it all out. I bound up the wound and called on Mr. E. W. Campbell and asked him what I had best use on it. He gave me a bottle of *Arnica and Oil Liniment*, and told me to keep the bandage well moistened with the same. I did so, and in a few days half of the splinter came out, and it soon healed up. Shortly after I hurt my leg on a harrow-point and was very sore and inflamed. I used the same on my leg, and it soon took out the inflammation and swelling. I think it is a fine thing for bruises, swellings, etc.

N. H. DOWNS' VEGETABLE BALSAMIC ELIXIR

FOR THE CURE OF

Consumption, Coughs, Colds, Catarrh, Croup, Asthma, Pleurisy, Hoarseness, Influenza, Spitting Blood, Bronchitis, and all diseases of the *Throat, Chest, and Lungs.* In all cases where this Elixir is used its efficacy is at once manifested, convincing the most incredulous that

CONSUMPTION

is not incurable, if properly attended to. At its commencement it is but a slight irritation of the membrane which covers the Lungs; then an inflammation, when the cough is rather dry, local fever, and the pulse more frequent, the cheeks flushed and chills more common. This Elixir, in curing the above complaints, operates so as to remove all *morbid irritations* and *inflammation* from the lungs to the surface, and finally expel them from the system. It facilitates expectoration.

It Heals the Ulcerated Surfaces

and relieves the cough and makes the breathing easy. It supports the strength and at the same time reduces the fever. It is free from strong opiate and astringent articles, which are of so drying a nature as to be in great danger of destroying the patient; whereas this medicine never dries or stops the cough, but, by removing the *CAUSE*, consequently, when the cough is cured the patient is well.

Price 25 cents, 50 cents, and \$1.00 per bottle.

CONCLUSIVE EVIDENCE.

One conclusive proof of the value of *N. H. Downs' Vegetable Balsamic Elixir* is the fact of its long and increasing sale. It was first brought to notice Fifty-six years ago, and has been constantly increasing in popularity since. The proprietors have, in their possession, certificates of cures of well-known public men as far back as 1831, and others in nearly every year since. No other medicine has been on the market so long. The simple reason of this long-continued demand is that it *cures*. Those who use it once are sure to buy it again when needing a cough medicine. The fact is, there is not and never has been anything to compare with it for the cure of *Coughs and Colds, Catarrh, Asthma, Pleurisy, Hoarseness, Influenza, Spitting Blood, Bronchitis*, and all diseases of the *Throat, Chest and Lungs*. Even that dread scourge of our northern climate, *Consumption*, can be cured when taken in season. This may read to some like a strong statement, but we have abundant proof that this has been done in numerous instances; in fact, in almost every case where the use of *Downs' Elixir* has been persisted in, and directions have been faithfully followed, a permanent cure has been effected. Read below the testimony of reliable witnesses.

BLUE MT. LAKE, N. Y., March 5, 1885.

Messrs. Henry, Johnson & Lord :

DEAR SIRs—I wish to add my testimony to the virtue of *Downs' Elixir*. Eleven years ago my wife was supposed to be in the last stages of consumption. After all other remedies had failed she was persuaded to try *Downs' Elixir*. She immediately began to improve, and, with the free use of eleven thirty-five cent bottles, was restored to perfect health. We have continued to use it in the family ever since with like results, and consider it the best medicine in the world for all throat and lung difficulties. We feel that we owe you a debt of gratitude for the benefit we have received from it.

Respectfully,

WM. ALDOVS.

NORTH STERLING, Conn., Jan. 19, 1885.

Messrs. Henry, Johnson & Lord :

DEAR SIRs—Let me add another mite in conscientious praise of *Downs' Elixir*. My only brother died with consumption in 1876. I was myself subject to a lung trouble, and friends thought I should soon follow my brother. I was so far gone with consumption that there seemed no hope for me, until, a few months since, I began taking your *Downs' Elixir* and am cured. I take pleasure in testifying to the merits of your wonderful remedy.

Very truly yours,

GEO. C. SPOONER.

MEMORANDA.

NEARLY 100 YEARS AGO

Dr. Isaac Thompson introduced into Canada and the
United States of America

HIS CELEBRATED EYE WATER

This justly celebrated remedy was invented by Dr. ISAAC THOMPSON, of New London, Conn., U. S. A., about the year 1795. While engaged in the study of medicine he was attacked with a violent ophthalmia or inflammation of the eyes. After being unsuccessfully treated by a great number of skilled physicians to whom he applied for relief, he was entirely cured by the use of this Eye Water, and which is confidently recommended as an almost certain cure for inflammation and for other complaints of the eye.

READ THE CERTIFICATE OF A PHYSICIAN.

From Dr. Vine Utley:

LYME, Conn., Oct. 24, 1805.

This may certify that I have practiced medicine, as a physician, for forty years. During this long period of my practice, I have made use of various kinds of Eye-Water, both in acute and chronic inflammation of the eyes, and I believe, with as good success as physicians in general. After all, I find no Eye-Water equal to that prepared by Doct. Isaac Thompson, of New London, Conn. I would advise those making use of it to be particular to follow the directions of the Doctor in applying it to the eyes.

VINE UTLEY.

ALSO,

From Mr. Frederick Connor:

SNOW HILL, July 23, 1806.

I do hereby certify, that having been troubled with very sore eyes, I was perfectly cured in a few days, after making use of Dr. Thompson's celebrated Eye-Water, and do recommend it to those who are afflicted with that disease.

STATEMENT OF FACTS.

Arnica and Oil Liniment is very penetrating, and therefore, is very efficacious in removing pains that arise from deep-seated causes, such as sciatica, rheumatism, bones-ache, back-ache, etc. Used on horses and cattle it cannot be excelled, for the cure of galls, calks, sprains, scratches, wounds, lameness and all hurts. *It does not take off the hair* as do almost all other Oil Liniments when used upon animals. For quarter crack, sand crack, injury of a joint, strain of a tendon, *Arnica and Oil Liniment* is the best medicine that can be used. It will keep the part cool, prevent inflammation and rapidly promote the healing.

BURLINGTON, Vt., Jan. 17, 1885.
Messrs. Henry, Johnson & Lord:

It affords me great pleasure to testify to the value of your *Arnica and Oil Liniment*, which I used with the most satisfactory results. Not long since, as the result of a cold and excessive use of the organs of the throat, I suffered greatly from inflammation and induration of the tonsils. After trying several remedies I bethought me of your liniment, and by a single application over night the trouble was entirely removed and I was able to go on with my work. Your other preparations I have also used with the most gratifying results.

Sincerely yours,
REV. M. D. JUMP.

NEW YORK, Oct. 22, 1881.

A few months ago I was troubled with severe pains in the back. My wife remembered she had a bottle of your *Arnica and Oil Liniment* in the house, which I tried with such success that the next day I was well again. Since then I consider it as one of my best friends, applying it constantly in cases of pains and

aches with *always* the same gratifying results.

One thing leads to another and so I came to find that *Downs' Elixir* is a capital remedy for coughs and colds, I have, without doubt, often saved doctors' bills by giving it to my children when needed.

Very respectfully,
F. E. MARSLAND,
Agent for Wells & Hope Co., Mfrs.

SANDGATE, Vt.

I have had occasion to use your *Arnica and Oil Liniment* on a span of horses that ran away and got terribly bruised about the feet and limbs; one of them so badly that it took me one hour and a half to drive her one mile.

Seemingly, the team was almost worthless, but by a faithful use of your wonderful *Arnica and Oil Liniment* they are perfectly sound, and as good as ever.

I consider it the best *Liniment* in the market for external use on man or beast. I have sold it several years with excellent results and cheerfully recommend it to my friends.

PURE BLOOD.

It is of the first importance that the blood should be kept pure and healthy. Impure blood, as we have previously shown, is first caused by inaction of the stomach and bowels, and a return into the blood of those impurities which should be passed off and out of the system. This poison, going into the blood, develops itself in various ways, always, as would naturally follow, in the weakest place, in boils, carbuncles, skin diseases, rash, etc., etc.

Dr. Baxter's Mandrake Bitters expel all these poisons from the blood, and, stimulating the internal organs into healthy action, are a powerful purifier.

WEST BAY CITY, Mich., June 8, 1887.

GENTLEMEN—I have sold Dr. Henry Baxter's Mandrake Bitters for years, and can say there has never been a complaint in regard to their worth, but all speak in their favor. The sales prove their worth, as I sell two bottles of these to one of all other kinds that I handle.

doses, and it has done me more good than all the doctor's stuff I have taken in the last four months. I had a sister-in-law come from a distance who bought a bottle for her own use while visiting. SUCCESSFUL TREATMENT OF PNEUMONIA.

The rapidly increasing prevalence of that dangerous disease, Pneumonia, is truly alarming. Until quite recently this virulent disease was considered, in the great majority of cases, as incurable, but, partly by accident, it has been discovered that *Arnica and Oil Liniment*, when used in season and properly applied is a sovereign remedy, and some quite wonderful cures have been effected by its timely use. In proof of the foregoing read carefully the following statement by a gentleman who is a prominent lawyer in Vermont:

WATERBURY, Vt., May 1st, 1886.

GENTLEMEN—In the winter of 1884-5 my wife had a very severe attack of Pneumonia. We used mustard poultices and other remedies, but they all failed to "soften" the lungs—that is to start the phlegm. We then bethought ourselves of *Arnica and Oil Liniment*, and saturated a piece of flannel, large enough to cover the lungs, with it, and applied between the shoulders, and kept the flannel hot with plates heated in the oven. We kept the flannel well saturated with the Liniment, when very soon she began to raise freely, and was much relieved. We kept the flannel saturated with the Liniment on both back and chest for about two days, when her cough was so completely loosened as to require no further treatment.

Last winter she had a similar attack which we broke up with your Liniment in the same way. We need not tell you that *Arnica and Oil Liniment* has a good reputation in our household.

Respectfully, GEORGE W. KENNEDY.

There is no doubt in the minds of the proprietors of *Arnica and Oil Liniment* but that ninety-nine out of every hundred now fatal cases of Pneumonia might have been cured by treatment similar to that described in Mr. Kennedy's letter. Why not then guard against such possible catastrophe by having always on hand a bottle of the Liniment, ready for immediate use.

WILL CURE RHEUMATISM.

Read this Postscript to a Business Letter.

P. S.—*Arnica and Oil Liniment* is the best Liniment I ever used for all kinds of lameness, cuts, &c. In fact I cannot get along without it. It cured me of Rheumatism when all other remedies failed.

Yours respectfully, J. J. WAGNER, Clifton, Pa.

RYE, N. H., Aug. 18th, 1885.

GENTLEMEN—I have sold *Arnica and Oil Liniment* for the last seven years, and find it one of the best liniments I ever had, either for man or beast. I would not be without it.

Respectfully, E. C. JENNESS.

CENTRE STRAFFORD, N. H., Feb. 16th, 1886.

GENTLEMEN—I have a horse that is very lame, and I have faith that your *Arnica and Oil Liniment* will help her. If you will send me one dozen bottles of it, will send the money for it at once. I have used the Liniment before and know of its goodness.

Yours, G. SHAW.

NORTH AMHERST, Mass., Feb. 18th, 1886.

Messrs. Henry, Johnson & Lord:

DEAR SIRS—I write in regard to your *Arnica and Oil Liniment*, which was formerly sold here by Mr. Gray, but cannot now be obtained in this village. I have used it with best results and need more very much. Where can I get it? Very Respectfully, WM. N. EASTMAN.

— MEMORANDA. —

A common cold should not be neglected. Downs' Elixir will cure it.

IMPORTANT TO CLERGYMEN.

Clergymen, and all public speakers, are subject to sudden Colds which result in Hoarseness, Throat and Lung troubles and frequently Consumption. *Downs' Elixir* has relieved thousands thus affected and enabled them to speak with ease to themselves and pleasure to their hearers. A small bottle of the Elixir carried in the pocket and a few drops taken just before beginning to speak will render the voice clear and musical. Singers with a tendency to Hoarseness will find the *Elixir* of great benefit in giving strength to the vocal organs and clearness and volume to the voice.

The Rev. A. P. FREESE, of the Presbyterian Church, Cairo, N. Y., says of *Downs' Elixir*: "It is the best medicine I know for the relief and cure of Hoarseness, Coughs, Colds, &c. It has given great relief to myself and also to my son's family of children."

From Col. M. K. Paine, one of Vermont's oldest Apothecaries, and Proprietor of Celery Compound:

WINDSOR, Vt., Feb. 22, 1886.

GENTLEMEN—I have sold N. H. Downs' Elixir for *thirty-seven* years and regard it as among the very best remedies sold. It is quite remarkable that while other medicines sell for a time and then become obsolete, *Downs' Elixir* holds its own, and the sale increases from year to year; it never stood higher in the estimation of this community than now, and the reason for it is plain—*Downs' Elixir* cures.

Respectfully,

M. K. PAINE.

MELVIN, Mich., June 12, 1887.

GENTLEMEN—I have used N. H. Downs' Elixir in my family for many years, and think it far ahead of any other remedy for coughs and colds, and in fact for all lung troubles. I always keep it in the house to use in case of a sudden attack of croup, to which my children are subject.

Respectfully yours,

O. B. JACOBS.

IMLAY CITY, Mich., Jan. 18, 1887.

GENTLEMEN—I am selling a large amount of your N. H. Downs' Elixir, and in all cases it proves satisfactory. I could give you the names of several persons in this town who have been cured of severe throat and lung troubles by its use. *Downs' Elixir* is surely one of the *best* cough remedies in use.

A. F. MARTIN, Druggist,

PETROLIA, Ont., June 25, 1887.

GENTLEMEN—I have sold *Downs' Elixir* in this and other towns for thirty-two years, and can truly say that in each and all cases it has given the best of satisfaction.

HEALTH A DUTY.

DISEASE A CRIME.

The pursuit of health is at present commanding the attention of the public as never before. Even the mad scramble after wealth is gradually giving away to the more earnest seeking after health.

This is as it should be, for to be well, as far as possible, is a duty everyone owes to himself, his family and the community in which he lives. Ill-health is an enemy to happiness and a bar to usefulness. When, by attention to the laws of health and the use of proper remedies, it is possible to be well, it is manifestly wrong to be sick. To promote health and to furnish valuable information for reference is the object of this book. The remedies mentioned herein have been long before the public, many times tried and never found wanting.

We do not claim that any one of our remedies is an infallible specific for every disease; but we do claim, without fear of contradiction, that the remedy which has been known for over fifty-six years as *N. H. Downs' Vegetable Balsamic Elixir*, is without a parallel in the history of medicine, for the cure of Colds, Croup, Asthma, Consumption, and all Throat, Chest and Lung Diseases. Consumption, even in its last stages, has been cured by the persistent use of this remedy.

Our other preparations have all become standard remedies where they are known, and are rapidly gaining in favor with the public, as the largely increased sales of the last few years fully demonstrate.

To those who have used our remedies no appeal is necessary. To those who have not used them, but are suffering with some of the diseases these medicines are designed to cure, we appeal, confident that if you will give them a fair trial, you will find in their use immediate relief and a permanent cure.

Trusting that the information contained in this book will be a blessing to many sufferers, and conscious that there is no exaggeration in any of its statements, we send it forth with the full assurance that it will receive at the hands of an intelligent people the full measure of its deserts.

Arnica and Oil Liniment will prevent burns blistering.

HENRY & JOHNSON'S Compound Arnica and Oil Liniment.

FOR MAN AND BEAST.

The healing and curative properties of this Liniment will at once be recognized and approved by every Physician and Surgeon, as affording the *quickest and surest* means of curing Wounds, Sprains, Strains, Sores, Cuts, Bruises, Burns and Ulcers of every kind, including Skin Diseases generally; and, while its application is harmless and never painful, its effects are most wonderful—so much so that frequently a single application is enough to complete a perfect cure. It cleanses thoroughly, and removes all the impurities and suppuration in obstinate sores, and the healing process begins as soon as the parts to which it is applied are cleansed from impure and offensive matter. For *Sprains and strained Ligaments* it has no equal. *Rub it faithfully with the palm of your hand.* Is your valuable horse strained in the back, or sinews, wrung in the withers, or suffering from galls of saddle or harness, legs swelled, or any of the troubles for which you want a reliable embrocation? Try this Liniment

It is warming and *penetrating*, and only requires to be well rubbed in two or three times a day to produce the desired effect.

As a *Family Liniment* it meets the wants of every household; none, indeed, should be without a bottle of it ready for use at all times, and a single trial is all that is necessary to prove the astonishing curative and healing properties of this truly invaluable remedy.

We furnish you a large bottle for Fifty Cents, and believe that if you use one bottle it will be classed among the "valuables" of your household. We have long seen the need of just such a "Family Medicine."

Lay in a Winter Stock of Downs' Elixir.

A WORD TO THE WISE.

We have already in this book given quite definite directions for treating a *violent Cough, Cold or Pneumonia*, but there are so many cases when persons die even in a few hours after being taken ill, and in country places before a physician can possibly be called, who might have been saved by the timely use of our medicines; it is because of these facts that we add this page, and earnestly recommend every family to keep constantly on hand these three remedies. In case of violent cold, attended with high fever, cough or symptoms of pneumonia, or congestion, no time should be lost, as delay may, and very often is attended with fatal results. Wring out a flannel cloth dry in hot water, then saturate it with the *Arnica and Oil Liniment* and apply it to the throat and chest until relieved, and take *N. H. Downs' Vegetable Balsamic Elixir* in quite large and frequent doses, say once in each half hour, until perspiration starts freely. Keep well covered up in bed, with the room warm, yet well ventilated. This will effect a cure in from eight to twelve hours.

Care should be taken not to take cold again on first going out. If the bowels are constipated during or after this treatment, *Baxter's Mandrake Bitters* should be taken instead of pills, as the Bitters are a laxative without the debilitating effects which attend taking pills. The Bitters are tonic as well as cathartic, and, therefore, build up, instead of tearing down.

BURLINGTON, Vt., Jan. 26, 1882.

I take great pleasure in recommending N. H. Downs' Elixir to my friends, in all cases of coughs, colds, croup, whooping cough and all lung difficulties. I consider it very valuable—in fact, the best cough remedy I ever used, especially for children.

MRS. C. E. MOORE,
Professional Nurse,
10 St. Paul Street.

WATERBURY, Vt., Nov. 7, 1882.

I cheerfully put in my testimony in favor of N. H. Downs' Vegetable Balsamic Elixir. I have used it in my family for more than thirty years, and have used it myself successfully all that time, and consider it the *very best* medicine in use for the cure of all pulmonary troubles, from a common cold to the much-

dreaded destroyer, consumption. My family have always been more or less *consumptive*. Downs' Elixir has never failed us in the darkest hour. I keep it in the house all the time, ready for immediate use. It saves much sickness and large physicians' bills.

BETSEY H. CARTER.

If you are troubled with a "hacking cough" Downs' Elixir will give you relief at once. Warranted as recommended or money refunded.

WATERBURY, Vt., Nov. 7, 1882.

I have used N. H. Downs' Vegetable Balsamic Elixir for many years, and would not like to be without it in my family. It has done wonders for us.

MRS. C. A. SHERMAN.

SICK HEADACHE

Is a disease of which everybody has one of his own, and no two are alike. It is generally caused by a foul stomach, and a few days' treatment with *Baxter's Mandrake Bitters* will regulate the action of the stomach and remove the cause, and two or three doses a week will keep the stomach in order and prevent its return.

JAUNDICE

Is quite a common disease, but not half so "popular" as some others. You will seldom get a person to admit he has Jaundice, even when the evidences are plain to the uninitiated.

The principal cause which produces Jaundice is the re-absorption into the blood of the bile thrown off from the liver, and if not attended to at once, will result in the most disastrous consequences, often terminating fatally.

Baxter's Mandrake Bitters are especially adapted to cases of this kind. Jaundice develops itself gradually, and, therefore, is not so quickly cured as diseases that show themselves at their commencement. Jaundice may have been lurking in the system a long time before discovered, but a persistent use of the *Bitters* will surely effect a cure, and when a cure is accomplished it is permanent.

CAIRO, NOV. 2, 1881.

Charles Hoffman of this place says: "I have used for a year or more *Baxter's Mandrake Bitters* and find they have been very beneficial to me, in fact they have cured me of Dyspepsia in its worst form." Isaac Hoffman and Frank Reznie have also been cured of sick headache and Dyspepsia by their use. Westel Salsbury says they have been used by himself and family to great advantage; have cured his daughter of Sick Headache. The *Bitters* seem to be just the medicine for the diseases for which they are recommended.

E. C. STEVENS.

GREAT VALLEY, N. Y., NOV. 1, 1881.

Having sold your medicines for the past two and a half years can cheerfully recommend all of them, especially *Baxter's Mandrake Bitters*, as I have sold several gross of them, and in every instance where I have recommended any one to try a bottle they have come back after more. I have used all your medicines in my own family and find them all excellent family remedies.

Yours truly,

J. E. CHASE, Druggist.

There is one lawyer for every 700 people in the United States.

COSTIVENESS.

Probably two-thirds of the human family are subject to costiveness. It is not confined to age or station in life; old and young, rich and poor, are subject to its baleful influences.

Costiveness is all the more dangerous because its effects are at first so mild as not to be at once realized. Especially is this the case with children, who do not understand the danger of not having a passage from the bowels in two or three days. Costiveness breeds more disease than any other cause.

The old physician spoke wisely when he told the graduate to "trust in Providence and keep the bowels open." Another danger is in the treatment. Violent cathartics tear down the system, and when their effect is gone, the patient finds himself more costive than before.

Dr. Baxter's Mandrake Bitters regulate the Bowels, and so, after taking them in medium doses after meals for two or three weeks, the patient finds himself *cured* and needs no more medicine.

SANDGATE, Vermont.

I also sell *Dr. Baxter's Mandrake Bitters*, with grand results in every case—all speak highly of them—my sales are large and constantly increasing. They seem to hit most cases of constipation and biliousness in a perfectly satisfactory manner.

GENTLEMEN—This informs you that we have sold all those *Baxter's Mandrakē Bitters* you sent us; we sold the last three bottles to-day. Two of our customers disputed about

which should have the last bottle, and we decided the matter by promising to send for more at once. The *Bitters* give universal satisfaction to all who have tried them. We want you to send us twelve dozen forthwith.

J. WERTS & SON.

HARTFORD, Mich., April 3, 1885.

Messrs. Henry, Johnson & Lord:

DEAR SIRS—One year ago your agent induced me to try a bottle of your *Dr. Henry Baxter's Mandrake Bitters* for constipation and loss of appetite. It is with the greatest pleasure that I recommend them to my friends, for one bottle has cured me and I have the pleasure of saying that I never used a medicine that did me so much good. It has proved to be the best twenty-five cents that I ever invested. I would not be without the *Bitters* if they cost ten dollars per bottle, as they excel all others. Yours truly,

J. R. COOK,

Don't Bark. Take Downs' Elixir and cure that cough.

SOLID FACTS.

It is a "solid fact" that N. H. Downs' Elixir has, within the last fifty years, wrought more remarkable cures of Coughs, Colds, and even Consumption, than any other cough remedy ever made; and we might with propriety almost say than all others. In proof of this the following are a few of the many witnesses:—

POLK, VENANGO Co., Pa., March 9, '88.

My mother had been troubled with a bad cough for over five years, sometimes so bad, that we feared she would strangle; I by chance saw N. H. Downs' Elixir advertised in your Almanac and advised her to try it, but having already tried many remedies as well as physicians without relief thought it of no use to do anything further. I, however, got the Downs' Elixir for her and before she had taken one half of a fifty cent bottle was entirely cured of her cough. She is 76 years old and now in good health.

I have great faith in your medicines. I have also used your Arnica and Oil Liniment in our family with the most satisfactory results.

MRS. ISAAC MALONEY.

LIGONIER, Ind., April 23, 1888.

GENTLEMEN:—We have been selling your N. H. Downs' Elixir for about nine years and have not had a word of complaint in all that time. It is one of the few proprietary medicines that we feel safe in recommending.

Respectfully yours,
S. T. ELDRRED & CO.

GENEVA, N. Y., Aug. 27, 1887.

GENTLEMEN—Over forty years ago I bought N. H. Downs' Elixir for my wife which she used with the most satisfactory results.

During the past twenty years I have sold it in my drug store and have never known it to fail to give entire satisfaction.

Yours truly,
E. M. MAYNARD.

In the face of such testimony as the above why should anyone take the risk of experimenting with comparatively untried remedies, the large majority of which will prove worthless. It is due the intelligence of the American people to say, that the *great majority do prefer* to use a long tried remedy rather than a new one, and the immense and increasing sale of N. H. Downs' Elixir is conclusive proof of this statement. This reluctance of people to try new remedies, renders the introduction of a new medicine extremely expensive and hence fills the newspapers and periodicals with advertisements. When Downs' Elixir was first introduced, such a thing as the newspaper advertising a medicine was comparatively unknown and it had to work its way to public confidence wholly on its merits. Neighbor told neighbor of its remarkable virtues, and so the good tidings spread until no place was so remote that the fame of N. H. Downs' Elixir had not reached it. This process was necessarily slow but it was sure, for when the Elixir had once gained a foot-hold, the sale continued with a steady increase as people became better acquainted with its wonderful healing properties; until to-day, with a less expenditure for advertising in the whole sixty years of its existence than some cough remedies have had in a tenth part of that time, it easily stands at the front in popular estimation, and extent of sales.

CANADIAN TESTIMONY.

Our preparations have had a large sale in the Dominion of Canada, and for a long number of years, but there has been very little advertising done for them. We have not taken pains to preserve the many flattering letters received from dealers and those who have been benefited by their use. It is safe to say that no cough remedy has the confidence of the people like N. H. Downs' Elixir, and no blood and liver remedy is so popular as Dr. Henry Baxter's Mandrake Bitters. We have recently largely increased our facilities for manufacturing in Montreal, and shall endeavor to supply promptly the rapidly growing demand for these medicines in Canada.

READ THE FOLLOWING TESTIMONIALS:

MONTREAL, P. Q., 27th Dec., 1877.

PETERBOROUGH, Ont., 18th July, '77.

This is to certify that I have used *Downs' Elixir* for about twenty years and have recommended it in over one hundred cases and never knew it to fail. It is without doubt the most reliable medicine for coughs, colds, croup and whooping cough.

GENTLEMEN:—After using all the horse liniments in the market on "Grey Eagle" for a broken down ankle for years without any beneficial results, I was induced to try *Arnica and Oil Liniment* and in two months' time I considered his ankle as strong as it ever was. I have also tested its merits in other similar cases and always found it up to the standard. I am happy in recommending it to all horse owners, for I know it is an article of true merit, and has only to be used to be appreciated.

T. QUINN.

LACHUTE, ARGENTEUIL Co., P. Q.,
April 12th, 1877. }

Having used *Downs' Elixir* for the past fifteen years I am thoroughly satisfied that it is the best medicine in the market for the cure of coughs or colds. I have recommended it to many, all of whom immediately ad-

mit it to be just what is required to cure a cough. For young children it is invaluable, saving them from many sleepless nights and soothing to sweet repose, with no injurious effect. They rise invigorated, expectorate easily, and the cough has ceased, time not being allowed it to secure a hold upon the patient.

A great deal of it is sold in this locality; its sale is rapidly increasing. I kindly say to all who are troubled with a cough, try a bottle of *Downs' Elixir* and judge for yourself as to its merits. It never fails to afford instant relief to me and mine. I feel highly honored in giving testimony to so useful and efficacious a cough remedy. Yours truly,

RICHARD DODDERIDGE,

DEAR SIRS: Permit me to say that your *Arnica and Oil Liniment* is the best by far that has ever been used in our stable, and that we would not be without it for any consideration, if it was at all possible to get it, after our experience of the last *four months*.

COVINCING TESTIMONY.

I met with a severe accident October 5, 1881, and dislocated my shoulder. The doctors I sent for were not able to set and keep it in its proper place, and after suffering with it in this condition 121 days I went to Boston, and at the city hospital Dr. Thorndike broke the shoulder from its new adhesion in the hollow of the arm, and set it in its proper place and there kept it. But the cords had so contracted that the arm could only be straightened at a right angle. The cords seemed as so many iron wires, holding the arm as so many braces. I had all the old remedies applied, such as wormwood and vinegar, brandy and arnica, but all to no special effect. We had a little of your Arnica and Oil Liniment. This seemed the best of anything to relax the cords. I found but one drug store where it was kept, and I had obtained the little they had and I asked them why they did not keep it. They said, "We did not know it was worth much," and were glad to hear my testimony. Since I told them they have sent to Boston for it and have sold lots of it. But I could not wait, as some doubts were expressed about my arm, except I should be etherized and have the cords broken from the muscles.

But knowing a little of the virtue of your liniment I sent to you for six bottles, and before the second one was used the cords were relaxed and my arm straightened without any pain, and now my arm is as limber as ever.

Allow me to say we use your Arnica and Oil Liniment as a common remedy, for cuts, bruises, burns, stitch or crick in the back, and, finally, as a remedy in case of all outward trouble and can say we feel no need of keeping anything to supply its place, neither do we think there is anything that can do it. My doctor approves of it most heartily. Yours truly,

REV. D. GOODHUE, Pembroke, N. H.

GENTLEMEN—I have used your Arnica and Oil Liniment for a lame back, and experienced immediate relief. My little girl fell down stairs and received a severe bruise, but with a few applications of Arnica and Oil Liniment she came out all right in a few days.

My wife had a very bad toothache a few days since and a few drops of the Liniment on a little cotton cured the ache in about one minute. As a family medicine nothing is equal to Arnica and Oil Liniment, as many of our neighbors who have used it will testify. Respectfully yours

WM. MUZZY.

GENTLEMEN—I herewith hand you an order for more Arnica and Oil

Liniment. It is the only liniment I can sell here now. I have had neuralgia in the face every spring for the last ten years and have tried everything I could hear of, but without relief. Last spring it began as usual and I used your Arnica and Oil Liniment on my face and am happy to say that two applications completely cured me. I did not lose one night's rest, and have had no attack since. The Liniment is invaluable to me and no amount of money at my command would induce me to be without it in the house.

SOLOMON

Said, "Of making many books there is no end," and the same might be said of

LINIMENTS,

and like books there are a great number that are worthless. A few are like "apples of gold in pictures of silver."

Arnica and Oil Liniment

is one of this kind. During an experience of forty years in the medicine trade we have not seen its equal. When applied to Burns, Bruises, Strains, Cuts, Sprains, Pains, Swelled Throat, etc., its effects are instantaneous, and without parallel in the list of remedies for these purposes. We are aware that this is a very strong statement, but you will confirm it after having given the **Arnica and Oil Liniment** one trial. It is for sale by all dealers in medicines. Price 25c. and 50c. per bottle.
