

NA 32
~~W. W. Osler 7~~

FROM
THE LIBRARY
OF
SIR WILLIAM OSLER, BART.
OXFORD

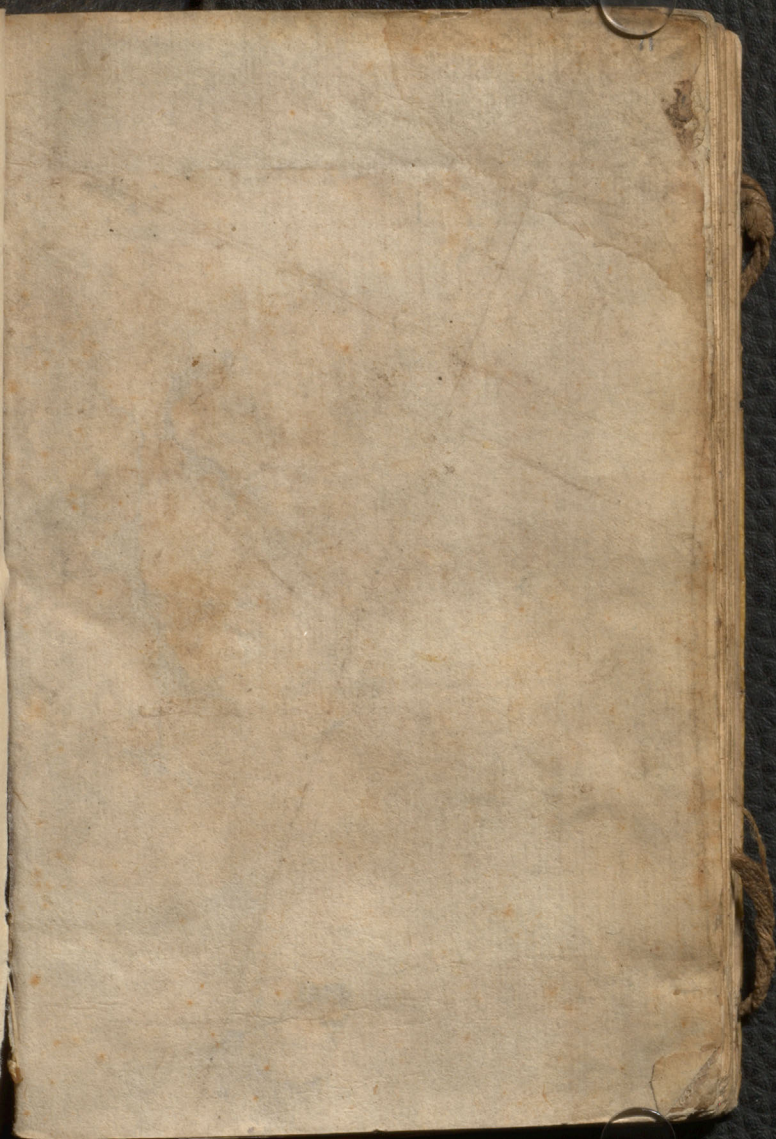

7592

7592. In English, on paper : written by several hands in the 17th cent. : $5\frac{3}{4} \times 3\frac{3}{4}$ in., ix + 132 leaves : in contemporary vellum binding, stained.

Collection, made from about 1621 onwards, of medical recipes, with a rough index on foll. 122^v-128^v. The book was originally used as a receipt book for sums of money paid by John Lindsell, of Babrom, Cambridgeshire, servant of Tobias Pallavicini, and contains (foll. v-viii) 4 receipts, from 14 Apr. to 29 Oct., 1616. Several leaves are blank.

Given to me by J. Y. W. MacAlister, March 1916. W. O.

Flos vngulorum

Take Rosin posin of rare galls a pound
 virginis wax fransum barre of rare a qter
 of a pounde and of mastick an ounce half
 tallow a qter of a pounde of camphire
 ij. Dramo multe that is to be melted and
 poude that rosin is to be poude and
 boyle it well together on the fire and
 straine it through a cleane linnen clothe
 into pottles of rosin wine and all the oyle
 that is together then lett it coole a litle then
 put thereto a qter of a pounde of turp
 entine and stir all together untill it be
 coude and keep it for your own use for
 the best ointment that may be made

This ointment is valied flos vngulorum
 myn for it is good for all manner of
 distaffs that are here written following
 for. oulde wounds and nerves for among all
 oyle it is moste cleansing pounding and it
 gendretz good flesse and it healeth more in
 flauy sayes then any oyle doth in a moste
 it suffreth not corruption in a wounde nor in
 no manner of Impostum in the head or
 in the bedie or for the head ache or in the
 chest or for the nerves that be in the
 or taste or sprunge or draweth oute any
 thorn or hurtne bone that is in a wounde
 it is good for the big stings or pricking of
 any venimous beaste and it healeth all manner
 of botches and it is good for a fester or ranier
 or no limptangre and it draweth forth all
 manner of aches of the limbe the sprain or
 raynd it is good for the boy lunge in the
 members

And it healeth tye flux and Emigrants
and healeth fays it is good to make a gume
regate tye out mento is called tye flower
of omentate Fris

To make tye plaster called parryste plaster
take a pounce of tye finest dropps of oli
banum or more soe as it maye be a pouncegen
it is beatus and a pounce of good resin rosin
beatus and heareed; one pounce of stone pite
halfe a pounce of Geop tallow tried fine
four ounces of Cummyngs seeds too ounces
of Labranum one ounce of resins and make
halfe an ounce of englishe paffons and be
wade tye playse of Geop beatege

The manner of making tye playse
take a fayre bras pame & sett it on a tread
on tye fire wite Charke vale or oter wite soe as
it maye not flame & putt in fyre your resins and lett
it moulte fayne and easilie tounge it not untill it be
moulte and when it is and take heed it sette not
and then when it is you will to see whether
it be moulte and when it is moulte wite a p
it moulte before you putt in your ollibanum and resin
resins and ollibanum are resin moultes then putt
in your Geop tallow or fato break your pite in
small peeces and putt in now and then a pounce untill it be
moulte & then putt in your Geop pite untill it be
peeces and when your pite is moulte putt in your
Labdanum break it in small peeces or if you will
you maye beate your Geop pite and Labdanum
wite a hott pite and soe putt them all in together
then sett tye pame on tye fire and take your Com
mune side resins and make and paffons and mixe
them altogether then sett tye pame on tye fire and
wite a pounce pite put in your resin and resin
then on tye oter part and take heed it run
not out into tye flow for it will rise up and gelid
and sette from tye fire when tye pite be

take a firt and fine it togethr and after take a
brause ladle or a greate spoone and powder of lye
payde fup on your skind fringed out vppon a to
ble and take it a broad wth a warme trewoll
if you like to haue it in a fowle you may powder
it in a cleane table firste amounte it wth sallot
oyle or Gypse into and wger it beghin to be coole
spoone as you run handle it before it be harde gather
vpp the fowle and wrole it and wger your self
vpp it beate lye off in a dize vppon a Eg of indiff
of Caule and sprede it vppon leatyr as a fowls eye

This is an excellent plaster for all yowles and a
tyde and speciallie tye are pceding off amio tyde
raust and tyde is tye biter vppon tye of vppon
pouder tye paine be it tye in heade bodie legges or
anywhere make you a papper of linnen or flammil sent
and rutt too scale of your fowle for ad tye plaster
tyde may be to tye scale of your heade and tye
on to tye scale of your fowle for ad tye plaster
may be to tye scale of your fowle and tye
tye scale of your fowle and tye
tye scale of your fowle and tye
tye scale of your fowle and tye
and laye tye on a fime and so you may tye
tym for tye span of tye or tye
you fowle grate grate in tye night time tye
tym of some tyme wger you goe to bedd and put
tym on agamy at morning or if you may
agamy tye a day or too and put tye on
part of your bodie wger tye
ollow it from playe to playe ad tye
and if you run be route to tye
make a scale vnder your
end and tye longt life fuis

+ A powder for the mother of ^{third} woman
 especially when it riseth upward
 sake of the nettles that be ready red
 flaked & jagged leaved of the fellest
 nettles & drye them & eat the roo
 ds in the space of a foot up all
 or drink it in beere or ~~with~~ ^{with} all
 & it will carry the mother down
 but I knowe not whether it will
 help when it drable downeward
 ore no p good for one y^e is bound
 in body but not yene th^e in any
 part but to be good for
 the graine collicke good for the
 matter ^{spring} ~~spring~~ ^{probally} ~~probally~~ ^{up} ~~up~~
 etes it in something it is not windy ^{up} ~~up~~

Another for the same

Take good quantitie of ~~the~~ ^{the} pale of
 a good spanfull to it half a handfull of
 rube ad much more time half a handfull
 mother wort as much mugwort a branch
 or two of wilde margerant many good herbs
 half a handfull boyls all to pint of
 strong beere till it be half consumed
 & let her drinke it warm at brise &

Another for the same

Take part of verbe & eat thereof every
 day fasting three leaved p it will draw
 out disord^r that begin to powder
 & it amongst the roo ^{drinke}
 it ~~is~~ ^{is} ~~not~~ ^{not} ~~good~~ ^{good} ~~for~~ ^{for} ~~eyes~~ ^{eyes}
 whet it under a boyle drinke in ~~with~~ ^{with} all
 good for horses eyes besides another

for the mother of woman

+ for the after throate of a woman
Take good all oyle ber & put them in a pott
ter pot & put in it a quantity of sugar
& minims of good brande of rosmarie & let
it boyle well in a pot of watter till it
be like ~~the~~ ^{the} ~~oyle~~ ^{oyle} ~~ber~~ ^{ber} & so drinke it

+ To stop the flowers of a woman
Take horse dunge of fine it in a fringed pott
& all to printed it to vinegar & put it
into a linnen cloth & so lay it to her belly

+ To make a plaster for a womans
breast & it brought a seed
to molshe & bringe downe milke
Take oyle of linseed & bnrroughly wape
of eche like quantity & rather more of
the oyle than of the waxe & melt them to
gether then take a linnen cloth of the bredth &
length that will serve the breaste & dip them
in & as often as the plaster wape they dry
awaynt it over a greyn to the said oyle
& shalve it in to the heat of the fire
for a sore breaste

+ Take ^{Smalage} ~~smallage~~ & valerian of eche one
handfull stamp them & boyle them
in maye butter thore strayne them
& make your tinte of pith of clove
& then make legg of plaster & so
dress your patient

Take of turn
& morfall &
toell a lori.
of eche flower
& face & hand

Take the rohit of an egge &
whit flower & rroma & ore
& mingle in together & awaynt

+ for a pain & a vertigo in the fourth
Take the toppe of herbe, thruste them
to the stalk & leaues thereof in the beginning
of maye & June a good quantitie of
them very small, then take a good quan-
tity of fresh darvy, fill may butter &
mingle them together & likewise stamp them
together in a plecter, & set them in the
shinnige sunne euerie day for the space
of two or thre monthes in the same
plecter as his vessel bringe cleane, but
if you do it in molten you maye
strain it throught a cleane linnen
cloth & if you strain out it by
medycine, then set by space one or daye
in the sun after take of the same
medycine a quantitie of a pinte & ad-
dresse in the eye of the patient
beinge upward by the space of one quarter
of an our after but for the most part
makinge by the medycine gather by youe
a few sayd w^{ch} leaues of the longer
of your finger eat if it be but once
everye daye if it be good medycine & if
medycine must never be made but only
in maye & maye be straine June/
July or in August

for the crompte
Take a quart of a butted w^{ch} is in
your purse or pocket & it will re-
moue it probably

To bringe downe the flowers
Take of the rantes. red
stalked asmart or ruboroy
that groweth in foylds or
upon dong hills with knots
knoted red great foynts it
is foynted about July
or there & bsd it other
in powder or otherwys
after thowes

If a woman be brought a beed
of a mayd child lett her take of
another womans brost milke
drinke but it must ^{be} the milke
of a boye & so contrary wayes

To helpe a woman to the fflomere take Croon
for that Croon is upon a toped sturfo

 skinis and two other
 skinis }

for a pine & roots.

Take y^e roots & y^e ju^e ther of a
Catt^e y^e ground (the y^e) English honey &
two wormes in a ring about the root
Stamp them with y^e ju^e & strain it
24

A matter for the eyes Take eye light

guten sitnes powder so the same sixe
grone

Take a quarter of the amount of sloped
emase & one notmegg powder ab musth
ab will by pore a shillinge 2 pon
full of kildaste of stoll & if the
fill be wof take a whit paper & write
it full of gold & scere it but firste
beat it in a mortar & then scere it
then drye & beat your spire then take
pogre a quarter of ab musth ab will desolved
it drye then will & mingle them well together
& take it an oler befor ye eat or drink in a morn
nige & at night after ye have sepid take ab
musth ab will by pore a shillinge if they have
it by the grone etc. but ab musth ab will by
pore soye after ye have taken it kinde to in
depar your selfe to wone pp & wone & sterne
pp & comon some hill let them abstain from
eatinge of fish milke egge & cheese all kinde of
orhyard frute & salt malte wale breth small
& wheat but eat good warme breade & wra
lent of the sunne & wra of whit bread if
the stye be far spent put in some purpore
horne & to make it rothe for them & will
we to the docto put in a goble durath &
soode of powell take it upon the palm of
your hand & hit it soe if the stye be far
spent of the hornet & purge if not used but
the hornet this powder will bringe downe a
woman surse dangerous for a woman if
it is used therfor take care for it & to beant
put in your powder
in your powder
for the best
dangerous
also

+ A medecyne for alinges & hardnes
 of herte to dissolve them
 Take of herbe mathys ^{na} & nulleromys
 leaved, thump them wth frische gosse & mixe
 implaster it, it softens it, castes & dissolve
 the them if they be not so & they must
 breake & it breake, then ^{to} much cast

+ A dymyng plaster to stop an humer
 Take sanguis draconis one ounce
 terra ^{infusata} ~~infusata~~ one ounce, Bolus Armen
 ins 4 oz grune fragant halfe an ounce
 & lay the sayd grune in steep in whitt of
 cyes wth it be soft then take all
 other thinges, & beat them to powder
 in a mortar, then mixe them together
 wth 2 sayd grune & wth a spoonfull of red
 myggs, so thynke as it will strike a plaster
 & laye the plaster above by some wound
 a boubt the loye & it will defend the
 humer from the sove

+ For the Mygrime
 Take of Sanguis ~~of~~ Dragons fowls
 pinnowts, the whitt of an eye with
 beater, there bread it upon a peere
 of thep lthgo & lay it upon the
 fore pt of y^e head from one pt to
 one ounce to the other for the heat
 Take herb agrave & lay ^{it} betwene
 two tyles & till it be moyste then lay
 it wth the paine it

a softe fyne & be ever straininge of
it till you thinke the straininge of the
herbe be out the prof. herbe you shall
knowe to take a littell & put it into a
instrument of ransome & roringe it out till
it be ~~dry~~ & if ther some moltinge out
but ayntment there it is moche &
if ther remaine any browne water
at the latter end of the straininge then
you muste seche it till it be consumed
& this is the prof. of all ayntment
you shall make / for a third it is

brake bellied or the
Freak somfyllye & polaxodye / (ould be
take of ~~the~~ durt but take not of the out
syde of ~~the~~ roote & drye them in an
oven till ~~the~~ more may beate them to
powder, & drinke it & eat of it in y^e
spoonent or else howe you may styke
or oblige your pelaxodye & your
somfyllye & knot graspe & hoggs
berry & water & give them to
drinke, boyle them in stronge beere
then make s^ure ayntment & put
s^ure collarmanacke I doubt to
ground chy lound will bind ~~to~~
in the bodye to muche for
it was sayd to they near good
see next side our receipt

Take purging grass & sauge 18
& other herbs that are good such thinges
as are good to purge the stomache follo
wly burnt all in private paper ⁱⁿ
& I thinke stone powder to make a
powder for a danker

A moderate & much used for
one that ^{was} broken in ij good
tey take in apall knots of
of red worms as they lay
yondering upon the ground
& take of knots of them & doo
boyle them & take of you
& eat it, after goodly maner
doe doth good in all such matters

To make and allm esset to take
out the aque lake nerve mylke
and then take it of the fire &
let it boill a littell of the dured
be not touchy then put in
very allin & it will dured then
take some of the dured & lay on
the place greysed as what as
you can endure it all myght
you may seth some white wood
& smison in your mill

A good salve for any wound.
Take viij ounce of stronge woods
& halfe a pound of allum &
a handfull of Rismarye, striped
& boyle together, till it come
to a quart, then straine
it & by it drop it thro
a daye laye on the thickest
in the bottom upon the dead
& corrupted flesh & the thickest
for the clasp

good wife becom laid Eye becom blind
she went through a grove & one
went before her & at the way
stung as they thought it a swift
hanging on the bush & strange
did take a great Doall of plantain
& lot in Spring water that
did allways cure what else
she did not know & bathed it
her skin was of her face where
it was stung the breadth of her
hand that did heal it

he said if twenty people were
wounde by the dragon he would
take by dragons launce & take
all did pound them till all were
healed

Chon another plantain ^{or mallard} is a vitory
of the wall did her sister that
her body was split over that
he it a square root did grow it
by & did heal it

~ For to make apoultis ~
Take of the herbe, Gotherdron
Tunhoft, mallowes, & Rigoz &
fmalayo, Rue, Charly, wormwood
& humbloke. Boyle all thes in a
aquantyti of milke thiled with
Ayr of wheate thid thou putt in
tyccott of fresh hogget suet into
The same Lay it on very hot
Sunt Cuzt

C

How to make the haffolton or Ganyoxill

Take boare greese & a quart
 of aynter, of white wine
 & as much strong boore or oak bread
 & one handfull of smalage, & as
 much Rue & when it is boyled
 in a redde Egge, put in
 Boares greese after & rest it
 boyled & it will Rolye the

To make quize salve

Take vovaine, Jarmander, ladders
between, perriall, Vanacumill, yestabagant
Boyle them in shorte buter till it be
white, yere you may make it like a nut
ball it beinge & movinge by the finger

It entoyne for any stinginge what
soever, puld a foxflawe
dragend in a garden & baye salt
stred & stange them & bind them
thurs to the place & for the
foxflawe take the libere of it &
stred it & stange it & rub upon
yo place beinge stonge & bind on
some upon the place so longe as
the dragons growe the pernamub
thinge may stinge but no longer
for a paper the hanger is a

and for one that
is bewitched remedy

take yd ztyde watter and
baslye moull and make a
puado & burne it in the
fire or on the hotte hats
dosar 3 tims

To go where
fume yd cominge in nyght
side of your garment & wear
Eggs or soft dunge a
bend your, or in y
garment

For a d... a speciall medicine
of well approved oyle of molly or dove

Take Avoyge some yea & waite it wth
the same, then sprinckle of the wth
of the wyne of woodbine, if this will
not do good take this followinge
take & scally the leet of wine & vintage
& litarge then let it stand all night
& in the morninge put to it oyle of
nutte, & set it over the fyre & then
anoynte the greife

For a felon

Take a frayle & pull it out of
the steel, & then take barre & stampe
them together & bind them to the felon

Another

Take marrowed garlike & baye salt
& beat them all in a mortar, then take
a littell barre & baye salt, all together
& lay it aboves to the sore as you
maye sustaine for a thourie

Take boyed gull & laye to y^e place
with a greaf drayse

To make a salve for y^e ague
Take a pennyworth of bot Golde
a pennyworth of yellowe waxe a penny
worth of rosin & sell them in butter
boyle greaf rosin they be beaten
together & mingled
Golde
Golde

To Rayes flogym

Raye watter ~~watter~~ or
Common watter wite Sugar
good to rayes flogym or should

Or ayvability Sugar & the
houwe of Angellina mingled

especially

The order of Colic
Remedy in Colic. 1644

To make a pithyptic to stop
to drive a way the paine
from the hart it did to the
a woman which lay 3 weeks
to out further & did live
& do well after it
Lay of Bible under the Road
Take best milk of a cow for a
woman & for contrary wife & mult
meat boaten & red wine & onger heat
it upon no walls but over some
hot steam & annoynt her temple
to a fother cake red rose rub red
wine whit rose water & nutmege
grated upon it & lay it to her
stomack it driveth a way the
paine & maketh the pty of sweat
& doe them many good proved

for the overflowing of the gall
it will be green & yellow & bitter
make tosted & dip in vinegar & straw
one finger & eat springe & poyringe
or charge
benet
mouth when the
is good to wash the
gums
ore & Rose

To make Symplice of roset
Take red rose leaved, & 2
put them into a strong glass, powder
take heed that powder of what
swimming water, that ^{or some} ~~is~~ against
the East or South, for they are called
the wholesomest water, let them
lye a day in the same water
8. or 12. hours in a glass or earthen
bottle & let the mouth thereof be
well stoped then straine byghtly
all the sayd leaved & through them
a new & then let the infusion be
made there out any leaved or
dross that remaininge then make
warm the infusion a glass for
Armed & put in fresh red leaved
& stop the mouth of the glass & let
it about a fote distance from the
fire out any walls or quills
let it lye not into a round place
for rottinge & there let it stand 8
or 12 hours then strain it a glass
& put in more fresh red leaved
& through through a new the dross
& when it hath stood 8 or 12. our
strain it lightly a glass & put
in more fresh red leaved & standing in
low what place 8 or 12. hours
then take of all cleane the leaved
or glass cleane without colour from
the infusion & then put into the
lyer or infusion of the best

+ Judge not much at you shall think

e yron hardenye & boyle together
e the annoynt either sold in gre or bun
+ limed oyle taketh out the fire
Take quills gese halfe a doz & the
whites of 4 newe layd egges beate
the whites well till they froth then
take of the froth there mett your
gese ore a quill fire or on the
embers when it is melted take
it from the fire & put your
whites of egges into it & stir them
well together untill the gese be
gins to boyle & to lobe whit then
take the whites of 2 newe layd egges more
& beate them well & stow them all
together till they be well mixed
& dresse the plasse twice or thise
a day as neede requireth it fitt
probath x Another for the same

e to take the fire out of burninge
or sudding take vargib & gese
& lay it to & it will take out
the heat if it be not to be had

+ had take dayse rootes 44
call of the white of 2 egges new
layd & beat them very well then strain
the juise of the rook & budi into the
egges then take fine linnen rages & wett
them in the same & lay them on
the greif so far as it goeth
+ To heall the same ^{or scoldings} bvering

Take of dayse rootes on hanfull /
of horse like ad marsh / of the inward
stall of younge elder ad marsh / of
planter leaues ad marsh / take then
fresh greif or butter / neither washed
nor salted / whether you will make
therof a plaster but to make
it heall more fayre take right
sallet oyle & it of the best / then
annoynt the wound thereto w
fayre linnen cloth befor you lay
on the plaster the patient must
eat no butter egges fress beefe
in the tyme of the healling

Another for the Jame

Take in spoufulls of sallet oyle
if spoufulls of running water beat
them together till they be thicke

+ think & whit y^e then take the yolk
 of an egg & beat it together wth the y^e & then
 take a little of the lay it upon the burning
 or scalding & lay a fair or linen cloth w^{ch}
 upon it & dresse it wth burning & m^oment
 & it will heall it

Take in month of another dadd
 may the roote buds & flowers of ^{mother} ^{sumph} ^{or} ^{san} ^{to}
 out charnally of the inner bark of ^{the} ^{tree}
 as much for the buds of ^{the} ^{tree}
 burne ^{the} ^{herb} one quarter of a pound
 putt ^{the} ^{herb} in a mortar then put
 thirtie out of eight ^{the} ^{herb} may
 butter, mingle them together wth ^{the} ^{herb}
 them on the fire & let them boyle to
 the ^{the} ^{herb} be out of the
 & rained ^{the} ^{herb} through
 ment steare in a pot & w^{ch} the oyl
 will use the same way upon the
 the film of the eye & to keepe the
 & that will take away the fire
 & shall be for a great need
 time of the eye a very sovereign
 medicine called mother

take all this
 to save it in
 w^{ch} on a little
 for burning
 butter w^{ch} ^{the} ^{herb}
 w^{ch} ^{the} ^{herb} ^{sumph}
 w^{ch} ^{the} ^{herb} ^{sumph}
 w^{ch} ^{the} ^{herb} ^{sumph}

* A sufficient plaster for all manner ⁴⁵
wounds or aches, besides my lady
handes plasters

Take Rosmary / thyme / lavender / dill /
brockm / narrow leaved / small yf / perwinc
Juncum / orpine / plantain / nightshade /
verb to berd rulled hoggs / staker wort
magum serpentim rulled adders tonge /
poullapodye of the oak / hony suckle /
Vasyed rompney of etch. one handfull
and stamp them small & put thro
two one quartie ore more of beeryes
lett thro in greeneb stard to draw &
mynge then strayne them together &
take the fust throck / & ij lb of new wax
one lb of solyform / one pint of oyle
olibe one / lb of stone pitche last one
lb of may butter to out salt oard
seth all these together till it be molten /
then it must be well stord for runnynge
over till it be molten thicke then take
one gallon of fayre water & put into
a fayre panne or bassin there take a peny
thynne damped cloth for to strayne it
& ij persons to hould to rubbe & one
other in a laddell to put in the salve
all stord together for straying it all
to the water & set it rull then take
micy butter ore oyle olibe & thuse your
hande & set make it in rulle &
keep it in a boxe /

part
one
lb
&
part
in
green
leaves

+ A plaster for all manner of sores
new hurt or old

Take one lb of rosin one lb of pumroyght
wax one lb of ^{black} pitch of a wether
tryed in ounces of ^{olive} oil then melt the
pitch & wax wth the rosin beaten
into powder till it beime the salt then
take it of the fire & stir it wth a little
oilon out in the sepe & store it till it
be cold & make it in vauls

Spade
Paper or fine cloth

for the draggingge of the
ringinge of one adder
or of other wormes

+ Take the best mayll & breake them
shells & pull them out whole & lay
them in a cleane dish & drie them
wth a rind. ^{Do} wth the oyle of them
may rune from them then take y^e
same oyle wth a fether & annoynt y^e
place beinge stonge & especially about
the ringinge for the risinge to the
hart & styt one of the mayll &
pricke it & lay it wth the place beinge
stonge therfor let the place beinge
stonge lye longer then the hart
these maylls kepeth in some time
in garden & in winter time in
ould houses

Integrate

46

+ A salve that will draw out
ether greese / mayle / stub or thens
out of a mans bodye

Take birdlime & laye upon the
sore / & it will drawe out skene
& then youe must heall it wth
heallinge salve

+ wound water

Take Dolumbinds sage & woodbine
of eche one handfull sett them in a
pottell of running water to the halfe
then strayne them & put thereto
hony 1 pinte / allwth halfe a quarter
of a lb & greene one ounce of eche
them till they be well mixed together
& kept it / & if the wound be old
& full of corruption lay on all
the thynest of it be newe of the
thynest & do lay on a plaster
of grana crye itt salveter

+ To stanch bleedinge at the nose

take a linnen cloth & wet it in
vineger if not in fould duble &
if it be a man lay it to his nose
& if it be a woman to her brest

the battell of
make wth d^{ra}
out any
thens

47
+ The Receipt to strow a Barber
for a roate body + is in a
Consuetudine to drin them wth all

Take an ouce of rocke y^e is of a Redd Limite
asunder so + the same be not broken
+ shute it dry + then put of the
legges & byll + then split the rocke
+ take out the barrells + bruse it
but take not out the stons then take
berge / buyalls / suetery / langnebe /
pillet leades / hartt tomge moysters
haire + lyber root of every of these
a like mounth + of finell seede lamyse
+ doveander seed a like quantity of
each a drame or more then a drame
of spewll + 4 or 5 lb of fine gold
put all these together in the rocke
in an earthen pot + as much blow of
wind + running water as will rise
upon it then stop the pot wth wax
+ hange it in a bruse set to melt
+ let it boyle vij or viij houres +
then let it runne through a
strainer from the barrells + give the
patient to drinke halfe a spoonfull
of it every tyme + they take either
broth or almon milke

Softne a sore scroge to make
your tith

To make conserve of quins
Take your quins being clean &
pare them & quarter them &
& cut out the roots clean &
to vij of your quins pared
in 2 gallons of fayer matter & vij
of sugar sett the matter to the fire
one the fire till it be molten, then
take the whites of vij new layd
eggs & beat them for steyring
& put them into the matter not
being wholler than blood there
to a pottle fire let it set & on
one side of the pottle to stand
wholler then then the other
the steam of it may be gathered
to the other then some it clean
& put in your ymber so let
them set to convenient stirring
till the leave be ab hys colored w
french claret wine then take it
off & when you may endure it for
heat straine them through a thyn
sained cloth then sett al this strai
ned till it be of a convenient
thicknes as by the proof of a

a littell when it is cold if it will ^{48.}
when it will put to rest pleabinge
to the boyse & not a farre
pebble above for it

to make some of ^{the scoring} flour for
refining on ~~may~~ may if you will put
in some ~~grain~~ ^{grain} to ~~the~~ ^{the} ~~flour~~
take for many ~~flour~~ ^{flour} as will be ~~to~~
to a pint when they be boyled & strai-
ned boyled them in a littell may ~~for~~
as you can for taking away the
frontly of it & to a pint take a quart
of pint of the best english hony for some
pound sugar & one ounce of ~~sint more~~
& ad much wheat flower & bake in the
oven in some earthen pan or boyled
or potten in a bath dry as will
be sold the sayd flour in juce
to the hony & synemore & seth
a quantity of the inner beards
of oke in the same one ounce of
allin put in some ground flayt
stabs put in your ~~flayt~~ ^{flayt} & pound
& beards of oke & allin together
& lett them boyled well to the
flour & then strain them & strain
put to rest & lay a together till

powder of red brent
to

till the same will shut to a knife
then put it in a box & soe up as need
requireth or if you will keep it in
Rouls put it in cleane whit paper
& keep it in a box by the fire or
else it will be mould but if you
keep it in a box you need not make
it soe stife put in a littell shalke boyled

For one of watter with the bedes

Take some donge as a heat it ab half
ab the stye may suffer it made hott
in some oute bittell or fryinge panne
& laye it to the or his belly &
binde it one to some stiche then
roste an egge very hard & eat
the wygge dore or no butter but
best dore & beate the shrike in
a mortar & dissolve it to water &
either eat it to some pomeate or
in some drinke of pafete alle or dore
it is beste to eat

another for the stoninge to stop

Take pafete alle & boyle some ground
of the heart & allin if you will
& may put in some linge else

An excellent meadow to let
newe the herringe of a
body if it death & have

49
+ take of thees silver cells &
& binde them on a spite & wote
them & but baste them to no
thinge & take the dripping
of them & put 2 or 3 drops
into the eyes eare & stop
e eare to some other hayre
beed it till they finde ease
thee kinde of cells have myne
or by spots of a yeld one whit
& the other red & thee body
loke whit

To take heryrd from y
hart it will make one
hartwert & the hart will
ake & burne & throb. It
take hard of herynges & rest
them & eat but especially
of gretfish of another for the sperme
of a fozed liver & drye to powder
& drinke in roset till & still polapode &
that gras & drye & powder

A salbe to heall any sore

one pennyworth of diabolom it is blak
as much green treat bet waye sharp
putt of with a boyll them together
to printe out it

To make black powder
burne an oul that you take the powder
to lay on a brownie paper if it
be a small wound lay on a brownie
if it be more sore lay on a plaster of sulpher
with the wound to sayen watter green
To make glistard for them
bound in their beddes to make
them goe to sleepe

Take english hony & bay salte
& make them in bigges of small beards
& put up to ad the ptie is in bigges

To heall any wound new or old
Take paddy grass & cross grass & grinde
them together & anoynt the wound

To heall any wound
Take whit if though it be an catmell
roune & of the finest wheat flower &
boyle it & it will be like a salbe &
take it & strike it upon a piece of fine
linnen & lay it upon the place it may be
wind a linc will doo it

To the manner how to make puzze
wether for all diseases called the walter
of the list. Take livers in powder one
ounce gingers in powder ij oz. yamingan
of spain in powder j oz. nutmegs in
powder j oz. spiritnard one ounce
Cancell j oz. canla rompana 3 q
~~aniseed~~ fennel in powder 3 q
blossom of rosemary ij oz. Jop
ij oz. double violet blossoms ij oz
berdemij ij oz. pearls halfe an
ounce but this ^{most} puzze you put
in the better the walter will be
saunt John wort ij oz. blossoms of bittynid
ij oz. the blossoms of marigold ij. plantan
leaves to the seed ij. then wash all the
herbe cleane & drye them in a cloth & put
them to all the best of the said things
into 2 gallons of ravel wine & robert it
close all night & somewhat more then one
night more & geth it in the same frost & be
necessarie if it doth sticke out as it doth sticke
set your limbecke upon it & steepe it up
faste to sixe parts three or whet walter
& be sure to steepe it for y^e thes come out
neerly truly

how to make almond milk
blanch a pound of almonds & stampe
them & put thereto a quart of virgin
water & then put in a litle mass
of roche & so let it lye in it of

+ To make hipocras for a consumption
Take malinthe / wormwood water &
water of mint of each one quite
one leste as you will make then take of
rintmore one ounce of ginger steane powder
& put all y^e liqors & powder into a glass big
yt^e then will serve y^e liqors & powder
put thereto fine powder of sugar after y^e
apptye of y^e drinker as you will make
hipocras as well as first as also in
whatnot take y^e well together & take
your glass close & let it stand till it
be done you give by patient & sponge
full of it like warm first in the
morning & likewise at night & last
to bed & when you have a shaker of
it take by glass & so use it as you
+ for the sperme
Take y^e galled dunge in bar or rosette alle
& take the sterke & drinke for a stich
your blood dryest to powder & taken
in drinke or posset all or spon meat it
will remede a stiche it may be good
for a poment

Take doroths foote herbes & drye & put
 take in a tobacco pipe is good against a
 consumption so they are good in posset with
 Take Froge it is comfortable for a
 well & boye ^{to roote} ^{the} ^{body}
 & put in meate & not meate & symon
 & other ^{is} ⁱⁿ ^{meate} ^{will} ^{bind} ^{them} ^{if}
 they be ^{be} ^{loose} ⁱⁿ ^{the} ^{body} & flowen is good if ^{long}
 it is good for faintnes to sallet on le & other
 Take roots the hyper a drink

Take swell harte borage & wild
 borage the herbes of polate
 the roots of stry a quantity a lyke
 them in posset with strawne it
 put in sugar & drink it morning &
 evening it drink to aswage swellinge

Take the roots forrell root the bark of
 the tree as much of the ysh & forrell
 ab of the elder fram & strawne it for
 a good spousfull of that matter put in
 a good spousfull of good vinegar & sceth it
 together to sugar & soe drink it
 it

Take a flower de luse water of the body
 & take the juce of it & heat it in an egg
 shell & give the party on to drinke one
 spoonfull

Take a blacke myrtle rub the throt
 of the myrtle till it be done

+ Another for waste
Take coate & brend it ^{to dogged pisse}
then lay it upon the waste & it
will drye them up One for the falling
sycknes

+ Take roche flour & brend it
~~with dogged pisse~~ ^{with dogged pisse} then lay it upon
the waste ~~with dogged pisse~~ ^{with dogged pisse} in
the evn a morninge a boat any other
make therof a cake bake it give the quantity
of it to eat & by gods grace he shall be healed

To kylle a thorn a plaster
of turpentine

I cannot tell whether it
is a pomegranate of momegranate
+ mingle water qult in an
oyster botle & let stand
24 ours was for the
sore or for the other

for soothed warts take d. Roubishe
root & split it & Rubbe it warts
& it cure you all warts of Laurence

How A pearle or good p^{er}son y^e 52
Sight of y^e eye

Take of Bai salt. Crooked foote & Dumb
lockt, day by rootes, Groundswoy &
stamped & laid to y^e contrary point
of lett^r by 24 houers & then lay on
new & for you shall get it well //
Another Take Aye Season & Dumb lockt
& lay to y^e contrary point of y^e contra
Temple, &c

Salt.

For to stay the Runne in y^e Eyes Take
 i handf. o may wood mary Coulter
 Leaves i handf. o wild forell ^{i handf.} ^{of} ^{the} ^{same}
 ym o Strayn ym o Let him drinke
 for yon fully thereof ^{the} ^{more} ^{strong}
 in a point of white wine / e y^e
 same to apply to y^e contrary part
 with a little salt //

prou. shewng

A powder for y^e white spott in the
 Eye Take y^e white of a L. yem o
 Soynge being dryed o scrubbed to
 powder o blow it in e it will cure
 this thiblasten powder in like maner
 for shrikes take plurisy wort grow
 in Barren fields, boyled in possett ale
 40 lbs
 if for y^e wind collecte the still y^e st
 of this wort o it cure y^e same
 white Coxons ab. big o a case fill
 y^e eyes freely with y^e same wat.
 o boyle it on a soft fire o draw

x To take a good handfull of sage than put
crossed wth a quart of ale or strong beer
as much of roch alum as a small wall
put & put them into a pot together then
set it on the fire & fume it there till
it fill the thym of the liore be
roasted & then put it into a pot & kepe
it close in ye will use it take part
of the liore wth the facte being that
it will be wth a liore stone & roache
they are the same as of liore do
you se I have for a felder quarter
x To take perny & wth lowball from the thym
perny & pernwort & wth lowball & wth lowball
perny in powder & wth lowball & wth lowball
together & lay them upon a sheet
either the bread of a wth lowball & wth lowball
them to a wth lowball & wth lowball
put something & bind them on wth a liore stone
& let them be a fortnight wth a liore stone
it ready to come take a pernwort of ake
pity & the just of pernwort frankens
burne it & hold your mouth over it
& the smoke may ascend into your mouth
mouth then go to your naked bed & sweat
Anchored

For the yellowe Jaund^{is} Do
Take safeword or seth^{is} or bere
Evening or morning Lay it in milke drink it
or dride out any disord^{er} either small pox
or paynt at the stomack

it is sayd that gadwift yachts in y^e
hundred rub rived of the backe
Jaund^{is} by settinge of piperege bowke
in stronge alle & set out in sugar &
did drinke it

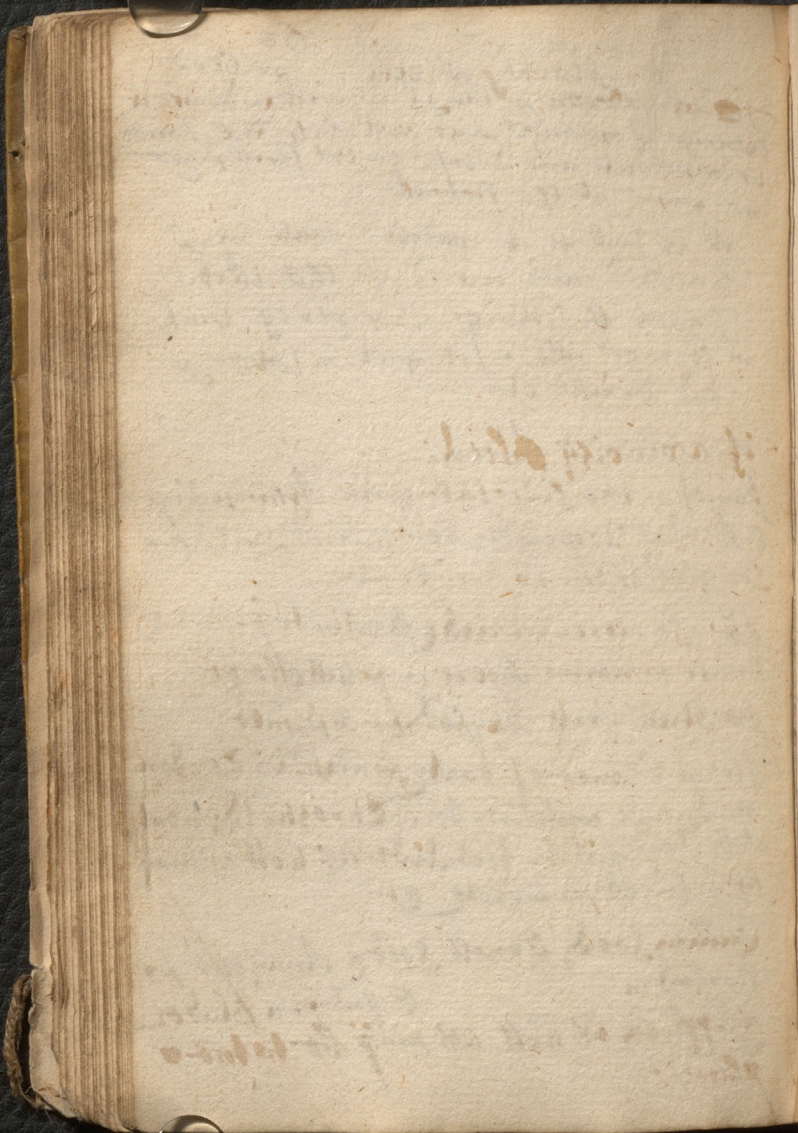

if a phurisy bleed:

Paines in the side take green oylinge Key:
Beat y^e to powder benige first dride &
set give thome to drinke it

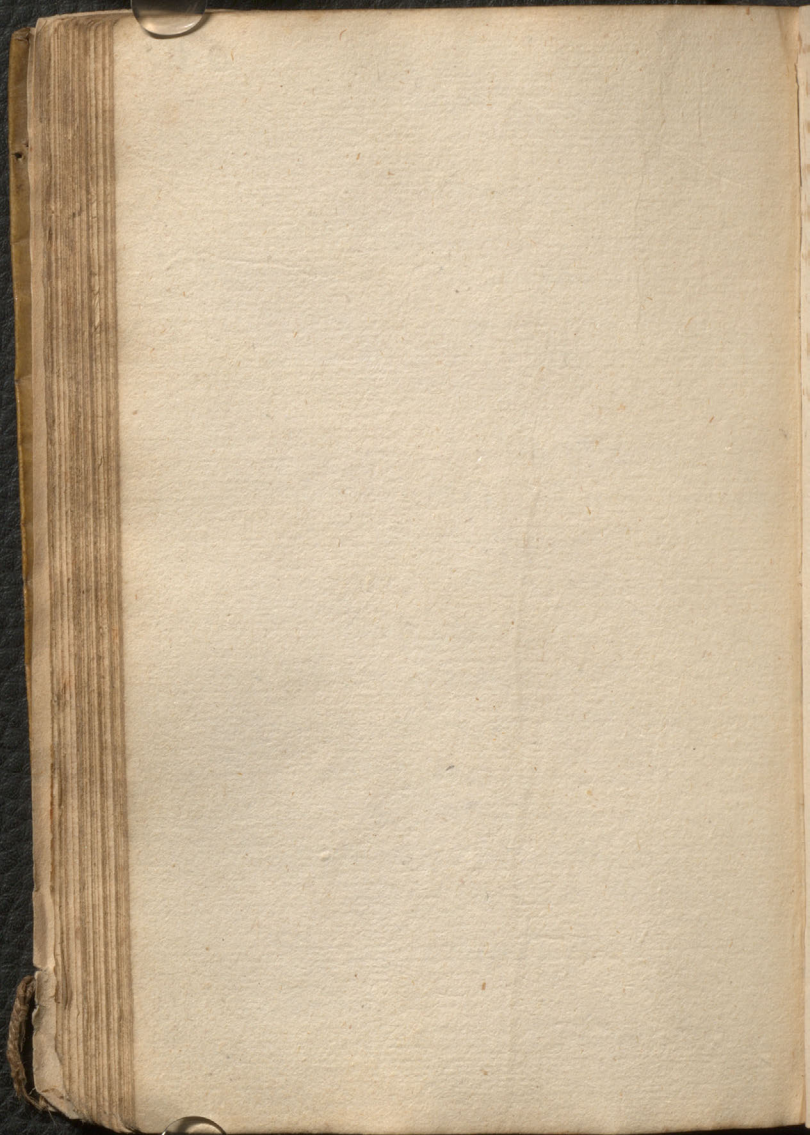

Or old Arsons drinke beaten to powder &
drinke in warme beere or possett Ale or
Or stink Graze boyled & drinke:

Or A blowe of hart, which is Trodon
or Lyngie with in the Throshold; heat
it & apply it to the side as hott as may
be indured in a clote. &

Cumin good, Honell good & Almy good for
Boyled in
& applied as hott as may be to the
place/ & put in a bladder

61

To make the Old Sore Legge Take halfe pound
of Barrore Hoag. In the Cray and
Two handfulls of Cutt Sore lett Cray
Come handfull of Redd Joste Root. Sige
y^e Root & shir ym & Boyle all together
with ten shoyne of water they will be
Oyntment, & set awaynt & use as youe
Shals in the same, & Lay over it
with Sore probab^{ly} to some Springlet
Shop all the things together first.

for the stch x

Take a quart of the best white wine
ponygar then take of Myronzant
Roots cleane washed boyle of roots x
all to potes ⁱⁿ ^{ponygar} then annointe of dry
it in by the fire of

Another take a handfull of wormwoods
a good quantity of fonygar, a good quantity
of Myron, boyle these in butter of fony
annointe of, thow with of: then the xx
herbs small of whom it is boyled ye strain
out of the herbes of:

Another take a quantity of Limon x
on flatted being well burnt then xx
Laid it in milke of Romors of then x
annointe with the said milke of x:

For the stch in children which some of the Red
Some, of which continue some yeare
first drive it out well with Straygon
water, Trickett of Saffron of milke
of: then take a i of Carr: a handfull of Myron
and i of mercury stin Beaten of Boileyn
in by the stch of for annointe each night:

To heale any old Sores & Ulcers y^e is fedd
with a hungry Salt. *Richard Gibbs*

Take y^e Whites of fouer new laid egges &
Beat them one hour in a Boile wth a Stem of
y^e froth that will arise, then take a quarter of
A pound of hoggs Suet. Crispd, & melt it
ov y^e fire, then putt y^e Crispd Suet to the
whites of egges & workely in both to gether
one hour more, and it will be like oyle, then
aplie this being Spread, then wth a Clothe w^{ch} is
fine Linnen & it will stay y^e humor & draw
out heale y^e Sore, but y^e y^e must forspare
Laying salt Butter fish Salt / flesh & swim blin
holt Sores, *Richard Gibbs.*

It will also cure any Swell or Graine y^e is
fedd

Wound Collicke. Take skinned y^e Stones ther of 3 day
Thon in y^e oven after Bread is drawen out
Take 300 Shoo or flower Lymos, after y^e is
Bread is drawen, untill y^e stones will Beat unto
a fyne powder, then take of y^e same weight
in Broth or any other y^e is y^e need & it will heale
The same *Richard Gibbs.*

* An onedragone for y^e aith, & y^e
e to make tith faste y^e the left, & to
top the superfluous bleeding of the
gumbe & to make the breath sweet
Take the kynde of rapes rotte, the
rootes of brambels w^{ch} beare blackeberry
the floweres of pomgranatt called bal
balkanica & of, evey^e of them the weight
of two duketts, pilytary of spain. 2
one dukett, seed of whit herbans
& kynde of manorage of itch on
duktell a halfe, Sprunge of the garden
on hean of all each allm 2 duketts
boyle all thes in white wine or claret
wine w^{ch} it verye rough in taste,
strain it throughe a cloth, let the patient
after tyme receyve his meate, & will receyve
y^e y^e shall take this medecyne for
this cause to first to purge the dabs
of this vaine some w^{ch} this medecyne
followinge gargurise if it be
not distastfull. God maye doe more harme
then good. bringe downe much matter
undigested, but take in order w^{ch} matter
& hony & pepper, or w^{ch} figges
boyled in white wine & taken w^{ch}
what in a gargurise is right remedy.

X A medicine for payne in the
head cominge by blood

Take ramunculus, lettuce, bylony,
of each a quantitye, steepe them in rose
of water & pomegranate, then take a quart
of rosace & lay the herbs upon it
there take a nutmegge & a few cloves
& beat them to powder & pour it
upon the herbs, & then force it
in a linen cloth, & beare warm apply
it to the head & see revive it often
times & if the payne to come downe
into the eare there take womanes milke
milk & put thereto a droppe of oyle
of rose & of it into the eare &
dipe a litle wolle also in the
milk & oyle, & steepe it in the
eare, & if the payne come downe
into the necke there anoynt the
necke wth oyle of rose

A medicine
For the eum take halfe an ounce of
the powder of sage, as much of the
powder of sweet margerida & the like
quantitye of heperidus flowers, as
much of nutmegge, as much of cloves,
as much of maceonare myngell them
well together, & then take halfe a handfull
of bay salte & quench it in a quart
myngell it wth oyle of pomegranate & quench
it in a litle beere & like a matter / B
dye it by the fyre & laye laye it next
your head you may put in some
conyng / 100

+ A medicine to break a f
fellon or ribbed sore

Take the leaved grass of a barrow
hoggs, & take of the same, then break
it in a stone mortar very fyne &
when it is beat brought it with white
then put it into a foyler scone, so to
no ewell ore pot, rotte it close & close
it until the beginning of may then
gather scabious & stamp it & steepe it
in a quantity of the sayd grass, rotte
it in a pot of the fyne of scabious & so
in water like moche more or less & so
rotte work it altogether on your hand
till the grass hath counte for all
Just then rotte it & let it stand three
days then take a must face of scabious &
as you did at the beginning & before
you put in your new face with your
hande press out the brown water
& strengthen in the grass, then work it
with the face as you did at the first
so in like manner every three days
drawinge maye & I will work it open
with a must face, then take of it
& lay it thynke upon a linnen cloth
& so lay it in a boxe or pane the
pane & when it is broken & soell it
it with anothe drawinge plaster

A matter for sore leggs
+ Take a gallon of foyler running
water of herbarie and handfull pillet
herbes of handfull primrose & leaved
on handfull strawberry leaved on
handfull steepe & stamp them & put

Scabious

and put them into the water
let it seeth till it come to three quarters
then take one penny worth
of rock allum & burne it & take
two penny worth of whit copper
& burne it & 4 or 5 scrubs of
bay salt & straine them out all
together

for a rowe that hath eat a taint
of a pooder & dyed to burst

Take a yellow frosh or ab
youe do call it a threpe that
hath about in fowle or in her
best time in poudre or just
like & put it a ligo into her
rowes mouth and let it into
her belly & put a littell
warre mylke after it / or /
She may swell wth a grasse ^{pigeon her}
about

A Receipt for a Vomitt

67

Take Lincked & amsted & Benz & Probom a
good vomitt in the space of an apoll or in
poset aall some say it muste stand all
night & take it next morning

Another vomit

Take tobacco all night in drink & then
seth some mylk and make a popt
and drink it a dought whether
bearefoot or true will make or vomit

Another vomit
Take of handfull of Groundsell talow gins on
in a pint of halfe of the ory pott also of let
drink it off.

Another receipt Take of Garden Pursue 9. or 7 or 5.
or 11 leaves if for a vomit give them of, downward
if for a vomit upward then six them northward
7^m to fyve downward, & soe take it as in other sort of
rehearsal probat of Dr: Gibb

17th Nov 1811

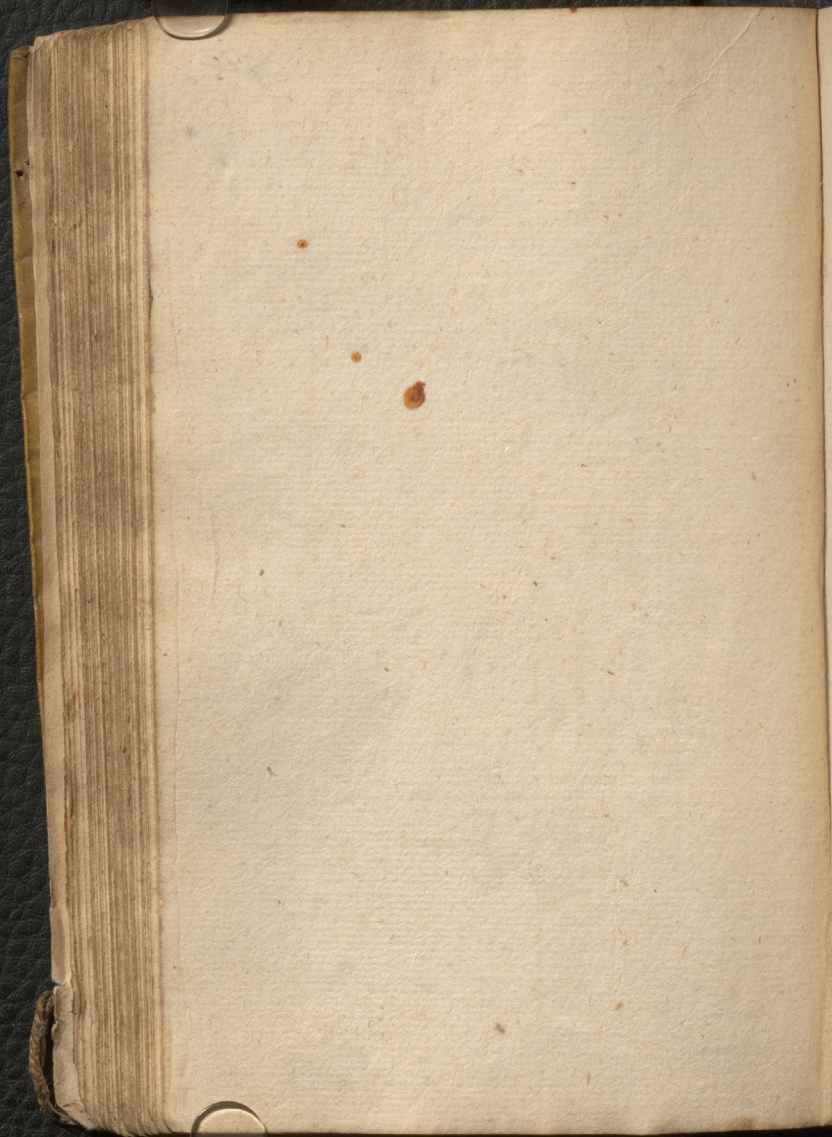

My dear Mother
I received your kind letter
of the 10th and was glad
to hear from you and
to hear that you were
well. I am well at present
and hope these few lines
will find you all the same.
I have not much news to
write at present. I am
still in the same place
and doing the same work.
I have not much news to
write at present. I am
still in the same place
and doing the same work.
I have not much news to
write at present. I am
still in the same place
and doing the same work.

Yours affectionately
John Smith

Salt Linnic in y^e hands & between
the fingers / Take some vinegar
of the best & salt & boyle ym
together. & Anoint often & it
will Kill y^e same / You: shall

A plaister to strengthen the back
if bruised or hurt to take out
the blacknes swelling or pain
Take the whites of 2 eggs a little
wheat flower bole armoniac
as much as will lye on a half
crown a spoonfull of vinegar
temper them together. Bind them
on straight and let it lye on
a fortnight it will cure
proved by Sam English

For a spraint or wrinck in Joynts
Take Butter & Salt & Boyle: (87)
to gether & braise it in a glass
bottell 2 or 3 tymes & apply it ^{you} with
straight & it will doe well for the
of God.

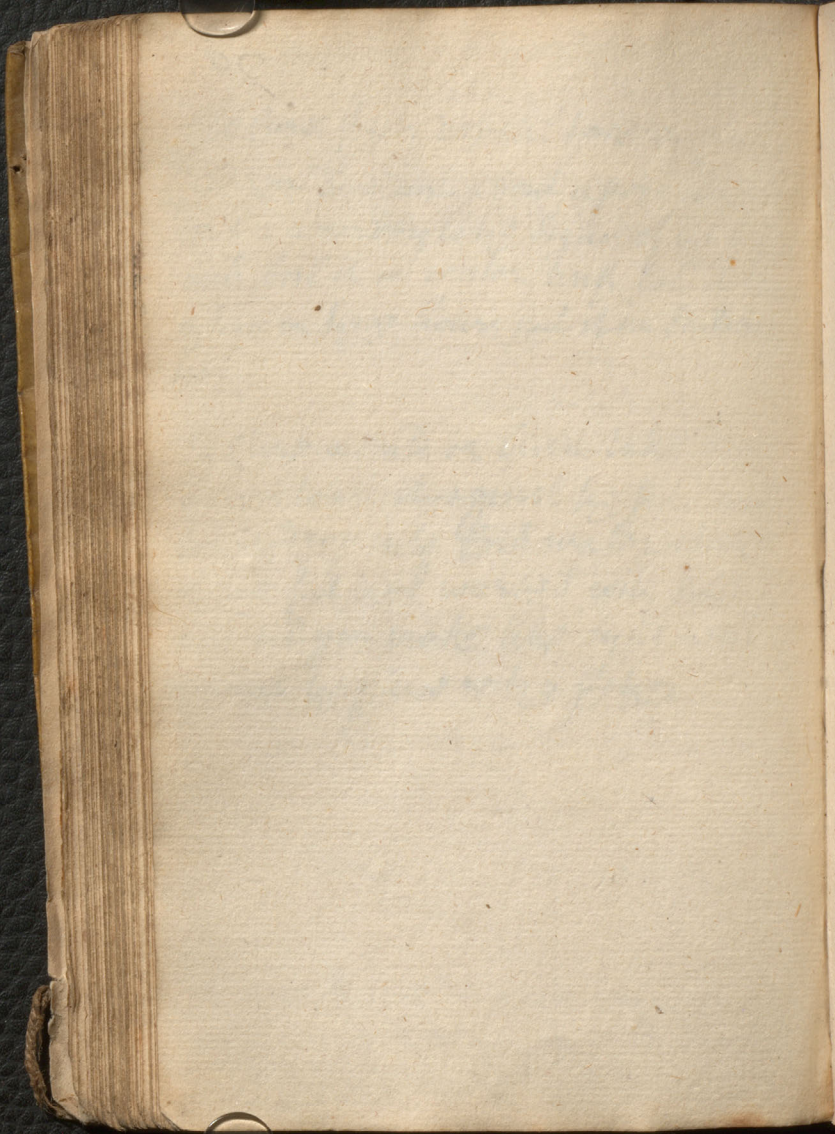

An other for a spraint or wrinck in
the foot. Dip your foot well in a pail
of hot water & when you get to co
hold & bind it ^{you} straight & it will
doe well.
Or else take 2 white of an Egge
& wheat flour & Bolalmanat &
make it pasterwaire, wrought to-
gether & spread on & yndre double
& applyed ^{you} pretty straight.

For 2 Colicke upon all your fingers &
Draw the murre down between your
toes & small to yo fingers 1 & 7. 4

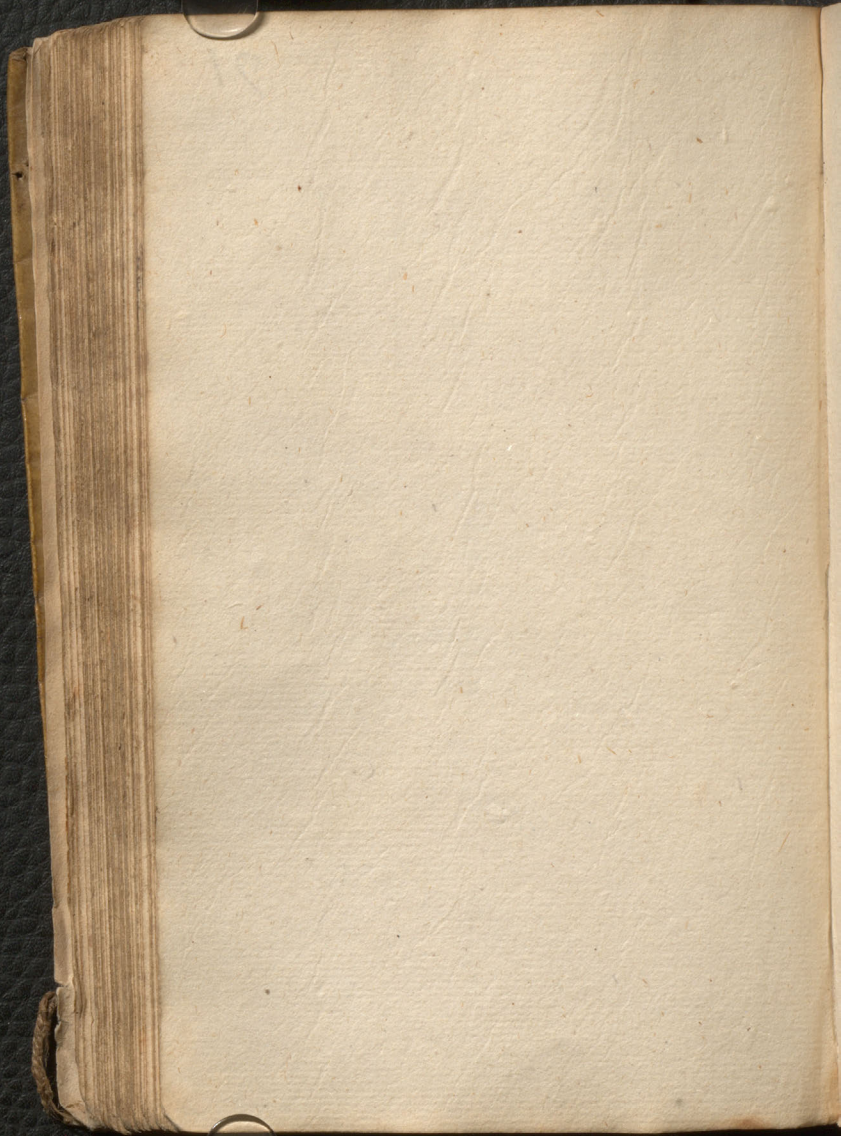

To Cure fluxy vessets: take a quantity
of Oakin Sawdust about a peck more
or les according to the bigness of the vesset
and boil it in water and let it stand
a two or three hours put it in Standing
hot

To Cure a scald or burn take dry
Garon toast it against the fire and
let it drop into Cold water a take
of the fat and work it with Sallid
oile til you make like ointment
anoint the place with a foker

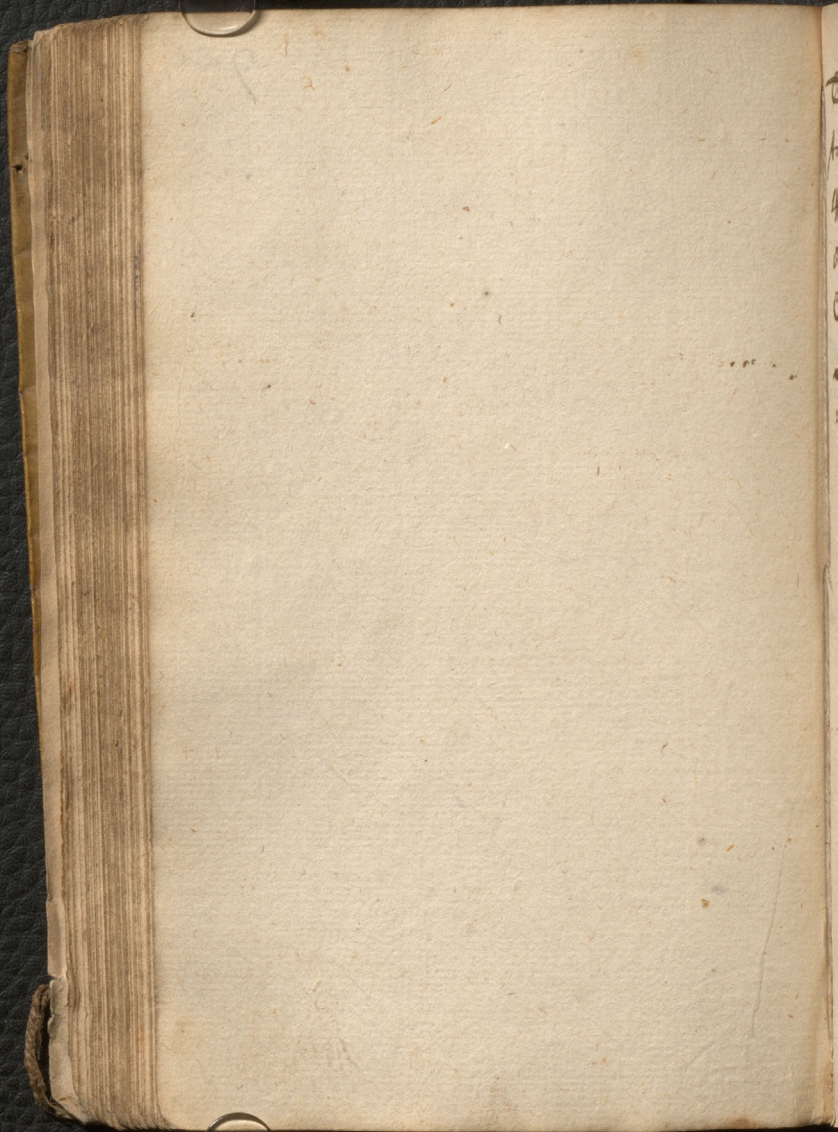

20

91

92

To cure of Lumbetism: ∞ 73
Take some oyle of Turpentine & Drop
40 or 50 Drops thereof into a pint
of Strong Beer, every morning
It will cure of that & Drink of
Same puttill you be well cured & A
noynt of same Joynt therewith

A flythe poultis
take mallons & without
beane & drages of Princes
beere or ale or empyng
so buyll them & lay to the
place

A Rest turnop or be orab. with
Drum

+ for the a que or alth

To take barons bogged with a stone ^{done} ^{round}
boyle them together lay it on a robot
as ye gly may suffer it

for the scaticat scaticat

If ye se a starr fall take it & keep
it & anoynt to all it is like
a fallye robot

+ A Medicyne for the dysgraue

To take the best flynt stone you can
get & bruse it in the fyre so robot
as it is redde & against the party
ent shall get to the stoll that it be
put into a stoll & cast upon
the flynt a good quant of salm^{is}
& so the stoll be bruse stoll
for the walking in the rode

To take good red omiger & red rose
leaves & romyn & bruse the romyn
& put them all together & with them
fill it be plaster thys, then lay it
on a stoll as warm as you thynke
the stoll may suffer it, so lay it &
ye it two or thre tymes & it
shall help hym

To take hly wate | a poultice or rem
& waite them & stly | medy to break
meall & milke & recepe | a poultice
a poultice & lay to the place put
in pow. sinon to keep out of a que
a part of warming bag is good also for it

For a thistow of a thistow
it will brod a bout the neck or
throat or arms or breast the
or legs or all over

To take of the reddest nettell
tepe & stampe them & then put
in few englysh Lenny &
so annoynt at all it will brod
in the flesch at bigg as an egge

a good Drinke for an ague
take a quart or pint of
of a good wyne & seth a good
quantity of smyth & pinder
in it & strain it & drop
in it some salt oyle in it
& drinke it probatum est

Soth of
Agues Starve all agues w^t you can
after 7: 3: fitt. drinke on the 5 spoonfull
of faire aqua. 7: 4: fitt. 7 spoonfull 7: 5: fitt
9 spoonfull 7: 6: fitt 11: or it will help
But before it com to the third fitt give in
yo^r hande drinke 3 cupps of yo^r ewingua
or it heur cured &.

Portian.
Aguo of port minant. 1 75
Take a quart of old Stronge and
Stale (ale or Beere) then take a
a good handfull of the inward
Bard of Elder, & Stamp it & lay
it all night in the Beere & halfe
& honor before yo^r Ague come
Drinke of this Liquor & it will cure
make yo^r vomit & purge & be. post.
next sick.

Agues all Sorts.

Take ij ounces of Frankincense
one ounce of the Oyle olive
Two ounces of Gummi Benz and
make an Linplaster that may
stick, on an ^{like} small ^{for} piece of Leather
about eight Inches Longe &
five Inches broad, & apply
it to the pit of the Stomack
& lett it stay on as long as
it will, & lett it renew it once
more. if occasion be, it cureth all
Sorts of Agues, Quotidian, Tertian
or Quartan, & one application, &
but ^{if} it faile, it
kath Cureth.

Prime of the mount Downe /
Take english honeye, Allen & boyles 6
in Springe water will take Downe the Swoll-
-inge of the ayme or put it wth english
-honeye & beat paper on y^e top of your finger
another if that putt wth will not hold you must
make a plaster of Bayneap pece & binding
and singe of Judah & Chrysope & from eye to hart
& Skane a place in the Toppe of the Crowne
of y^e head & draw it up & putt a plaster &
make wth y^e
Dance wth y^e Almonds, of y^e cards wth y^e
your chumbe. Singe hott, Barty & Chole.
y^e head backward;

To Remove a Waine in the Side / as
Itches & haies the Juice of Storckhorst
Junge, Strained out & taken in bath
or with Ale or other Drinke will
Remove the same if with Saffron /
lett: Blood if convenient, & it will helpe

Side pained & Glisters is good amongst
Carduace' Stalks, boyled in popple
Ale then put in Cowe Sugar
& Saltd Oyle, or administer
purged her very good to draw
away the windes, pained

Side pained Alumpane & ffige
powder, take as much as will
lie on a Skillinge in a little strong
beere warme & drinke it in order
& often or it will safe & remove
the paine /

X The ayntment made of Swallow
for albech swellings & stiffness of Synovial
Take ^{unset} tin, luscious robbin, the stringed
of or a bountie ^{spoty} transbry, w^h is of etc,
on handfull, choppe the small & put them
into a mortar & then take powder or first
young swallow almost flygge & not fly
inge beinge quite, put them into the mor-
tar w^h the herbe & stamp them altogether
till you can fill 200 fetters, then put
butter & beat altogether till it may
be well mixed, then take it out & put
it into a fayer pessel & let it stand
20 myn^{ts} hours then sett it to a soft
fyre & strayne it through a thyn
camb^{er} cloth & put it into a close pote
& when youe will use it make it
blod warme & laye it upon the sore
place & a double linnen cloth warme
upon it for waite to heyl them
Take the page of an oke as it burneth
& it will heyl them laye it for waite &
laye it close way for them

+ A soveraigne balme for all
maner of lamenes
Take the head of a blacke sheep
wool & all & take out the braine
& the bawne & wippe the head skinn
then put it into a pott or panne &
two yellowes of sayer matter, & put
thereto a pte of daboynge othervayne
redde as masto, sloun pikke & mast
washed, & there sett them together till
the bones will fall from the fleshe, & remove
it then in the fleshe, & take away
the bones, & put the fleshe into all
the herbs & fleshe into an earthen
pott or panne & cover it close & whize
it wth the patient take of the fleshe
& herbs & brothe as much as
you shall thinke fittinge & newe made
bath the lamme & last of the day
patient & as hot as ye may &
prefer it bath grow to all obstructions
& morninge & lay thereto a warme
clothe & keep it very warme &
alwaye & make more as you shall
need & use it as you till you shall
find ease,

if you now bawte them & you
lay something warme to the foot

+ To make oyle of exlor 98

Take one pound of the flowers of
Consteps gathered in the end of apriill
& put them in a gallon of oyle olive
& steep them till June & then in the
month of June gather thes herbs follo
winge Callamint, herb John, Sage,
Ambrose, egremory, Sotherwood, rosmarow
pennyall, lavender, pertyory, rosmary,
runcarnell, heryse, pettitory, & of spaine
leaved of sowell, flowers of thyllyb, of etch
of thes herbs a good handfull, & grind
them in a mortar as small as wort
this done take the flowers of consteps,
as for sayde & mingle them out of the
oyle as for sayde wth a plaine hand
put them in a mortar wth the oyle
herb & grind them altogether this
done put them in a cleane vessel & put
ab^{ove} much whit wine as will steepe
them in & let them be therein amygge
& one day, & then take the same herbs
& wine & put the same oyle thereto & let
them boyle over a soft fyre, till the
wine & water of the sayde herbs be
boyled away ^{you shal} it is boyled in oyle
take a pintfull of the same liquor
from the bottom of the same & lets it
thor^{oughly} w^{ash} w^{ith} wine of the liquor
in the same but only the oyle
a round atch the oyle

then it is boiled in water
take it from the fire & strain it into
a strong linen bagg & wringge the same
out of the bagg into a finer vessel
betwixt two ^{strawes} plates & put it
into a strong glass or vessel of crystal
for none other thing will hold it
but just like this cyment will
endure the water
this oil is good for
of the head & some of the disease
for a ~~part~~ of the eye
at the

Take a handfull of romanyll
a pennyworth of powder of romany
them together & put the same into a bagg
of linnen cloth & quill the bagg then
take a good quantity of good stall all
as a steth your bagg therein & laye
it warme to your eye & use it as
you see neede or

+ How to make black salve

Take a pint of layne oil &
a quarter of a pound of whit
lead a quarter of a pound of yellow
wax boyle them together whill they
be black &

To destroye worms

in the belly Take lavender bot
tollen & stamp it & drinke the juce
of it in stall all or beere & it
will kill the worms they of have
worms will be aginst

^{plagi}
+ A medicine for the pestilence
Take a Spoonfull of fynt tartar, a Spoonfull
of ruinge water, & seth them all to
gether, & give to the patient to drinke
bled warm, & let him be kept wake
inge & in honor after & no drough
god willing he shall recover & doe
right well this hath bene proved
of many It nother for the plague

Take salt oyle 2 or 3 Spoonfulls
or as much as you thinke fittinge
of hotte of thorn ad much worme
woodwater ad salt oyle & 2 dram
drames of pimperne horne & some
treacle & mynge them together &
write the same

~~in y^e plag~~
~~in y^e worme~~
now & worme
about your morninge next your
have a quarter of a pint of
sake & a pint worte of salt oyle
very robustow a gainst any smell
+ To stoppe the large leys

Take the bottom of a leafe & toste
it softly a gainst y^e fire & when it is
somewhat browne stithe it wth some fressh
butter & so set packe in his body & till
be somewhat drye then by trayse strike
on blacke soxe & so toste it in

in likewise untill the bread hath
reftroyed it in drye then lay it to
your rebuyll ab warm ab you
may prefer it
+ Another for the same

Take a loafe of white bread
the breade of 2 fingeres square & dip
it in malmsye warme it & put
it into a cloth & soe lay it ab warme
ab ye may suffor it to his fundament
for the purpall purpall silke
& purpall gillyflower

for the Ray or Loosness, Take a Quantity
of Clove & a good peere of beate
Sugar & put them into a Quart
of Stronge Beer & boile in
to a pint & drinke therof
for make more it will help it
not, Doct^r!

Burning fluxe, guttles, bark, fluxe
Dung, soap, Symples of the list
Barron

100

Burning first to take out the fire
Gallol, oyle of Snow water or Springe
water beaten together & probably

To prevente sores from^e Sinsle
pox, take two handfuls of the first
yt made, & put it into a Bottoll
of two Quarts of fyne steeplest Beere
& lett it stand a day or two and
shake it often to gett her & every
morninge drink half a gill
put in a small Beere as you take
out & get in order & you shall
never have it inwardly
Take ellay weed bonyed & laid in beere
all night & drinke of beere next morn
& sweat upon it, either at work or
play

In a Spoon & good

For a Collicke Distemp^r & violent paine
in the Bottom of the Body; Take a Thigh
of maled Alewife take a Spoonfull
of those seeds & berries called Juniper
Caraway seeds & berries called Colap^{er}
Caraway Berries & Boyle wth some
shallows in milke when it is well
Boyle put in a Spoonfull or more of
Saled Boyle & soe administer

Then for a Drink Boyle a Quantity
of those severall seeds called Caraway
& Juniper ^{in a pint of Stewage beer}
Boyle a little keepe in the Steam & when it
is well boyle then drinke a good draught
morn^g & evening first in the morning & last
at night & soe make new drink every day
& if you take Tobacco you may take
some of those seeds & berries boyle
wth your Tobacco;

to make a poultice to take out an Ogue
take a hand full of mallows shred them
and a little oatmeal, boile them in milk
and apply them to the place

1791

[Faint, illegible handwriting, likely bleed-through from the reverse side of the page]

* A medecyne for y^e roth in sheepe
to helpe them for a yere
or any other tyme

To take baye salt, red romige & soft
Sorb, putt them in a red fawre mynell
them together, give the sheepe this to drinke
& it will save them of any other tyme

* for the staves of salt
To take horse soft baye salt, red romige,
& garlick, bruse them & mynell them
together & put it into the eare of y^e
sheepe & the eare fast & let it be
mayne thar 24 dayes howe
it will helpe them at it is reported

for the staves of hoggs or sheepe

To take staves warte longe warte pord
apocye dead garlick, bruse them together
& putt them into mynell & so give them
to drinke hoggs or sheepe to kep your hogs
from the mearles to put in your
large pord, into y^e wate, the wate or milk
bruse the mearles so will bruse to have
it in your wate & to destroye the
ye brustes in mynell or sure lyke
for the staves of sheep

To take bram blynd & teyl &
strange lye & boyle it an oore
or two put in tar & bay salt &
when it is boyled & it in some
blacke pord as it will not drinke to
roub to be wate but when y^e oore
is boyled in sure lyke

part

for y^e scab of the face
take turndine lye & boyle wth
wth a brone blossomb & bay
salt & soe dresse wth it

another take pitch & grease &
laye on wth a 2^d of lather
it will not hurt y^e mouth
soe likewise at sharr time if
youe chape y^e skin lay on
soe a yest another

Take quicksilver & grind it wth
fresh grease or primrose oil till it
is well lyeled then grind wth bay
& worke wth a powder of brimston
seawite some saye for the
scab take mercury water

(The following text is written upside down and is largely illegible due to bleed-through from the reverse side of the page.)

for a boote that hath the
~~mouth~~ blaynd they will
 foam at the mouth & draw
 or pull or surge thro and
 the roots of the tongue will be
 full of blisters it will breed
 in 24 hours & kill them
 presently the Diver take
 a sharp knife & strike all
 the roots of the tongue & roots
 of the mouth & make it to
 bleed then take bay salt
 & rub your mouth & strike
 out all the phlegm & droppell
 that doth there arise then
 take a red herring & shred
 it small & put it ⁱⁿ down
 your belly then take a
 new layd egg that was
 layd that day put it after
 the herring shells & all then
 take new salt & rub your
 mouth & if there be any
 wound of life the will fall

Take of the thistle of a horse it
+ will breed about the withers
& about the shoulders a lybe
round ^{round} ^{as big as an}
the thistle ^{egg}
Take of the roche nettell fow
& enlighte hom stamp the nettell
& then put in the hom & annoynt
for the gargot or swellings of
a horse face or throat or eyes
gargot .. throat

Take from blosomb poppet
buds bittory in the rod ferell,
in the stub, gather them in may
monthly & let them be ix days or
in good sun that it in may but
when they be stamped & then
boyle hom & strain it
gargot

Take poneye & clay & laye &
bind it on wth a rlety
for the fash of a horse the bloody
face it worste

Take fenne hofe some stone prop
aquapytory stamp them & strain
them & put into a libe out &
bind them up & wth hinc hard
halfe an our then set hinc up
wth hinc it be of the day & wth an
it begin to p^{re}dece wth hinc
wth sharp p^{re}dece or p^{re}dece

For the thymelore of fistulas 211

cast of horse & powder one
pound of goss & it will kill it
also work robit salt & soap
it killith a sore upon a horse's
hind a fleshy powder a horse's

a hog that hath in the
hath a littell round robit thing
nothing must be cut out as
a horn of hath of size but it
is bigger & it is a bout an inch
& halfe from y^e groin on y^e side
chase & they must be let
bled ear & taylor but if you will
keep them from it use handstonge in swill
if a horse hath the stander he will shake
like one that hath the palsy but if
he doth but well it is a bladder of
matter of hys in his head & if
ye shall feel upon y^e top of his
head by y^e / stroke so may you take
it out & put a clove of garlicke
into it & plaster it. Comes often by pulling
a shoop y^e Hooves.

sheep

For the yellowish & tawny of
 the herb that is said will
 make him that is made by
 force of the sun & he will be
 to draw him self or break
 his own neck
 Take a red Dork root
 & slice it into 4 parts & lay it
 in his forehead & not your
 eyes round his forehead
 & let out the corruption
 from him the Dork root
 is in the light & the stamp
 of the sun & the moon
 = yarrow & yew & stanswort
 & is the best thing fitting
 for the eyes & the ears
 & the eyes

To take away of a herb
 Take sandalwood & lay it to
 it in powder it will dye the
 white thunder bolt good for
 vertice & will shall a
 horse back if it galled
 for a horse or that it like to
 go out take the milk of a pot
 & butter & mixe it with
 the oil & the butter & the oil

a yellow barbe

for a fyste take tunc hope 112

 (ult)

You must say it three times over
 The name of God 3 times with yo fore
 finger

take
 ink

For the yellowish & hayward of
the herb that is said will
make him that is made by
force of the sun & he will be
to overcome him self or break
his own neck

Take a red Dork root
& slice it up & put it in
in his forehead & not your
by the sound his forehead
& let out the corruption
which lay in the Dork root
which in the slice is seen stamp
with the Dork root
= yarrow & yarrow & standwort
& as the other things fitting
to be put upon the sores
to cure them

as yellowish

to make a salve of a herb
Take sandalwood & lay it to
it in powder it will give it
whit thunder bolt good for
which bruised will swell a
sore back if it galled print
for a sore eye that it like to
go out take the neck of a pot
& butter & mingle it with
the oil of gold to the slaw good

for a fūſe take ſūm Hoſe 112
 Anrop garlike ꝑavitie rub ſtamp
 them & ſtrain tye & put into
 the oare then put in the ſtewen
 ſwimming, then put in wool then
 bind them by 24 ourd when
 they are dry rub wool upon
 oare youd the Hoſe by a
 winge binded for one Hoſe take
 3 good of garlike if it be
 more ſtaind take five, and
 ſo for a good tye tye in
 take tye & lay in ſeas till it ſink
 for a pū & rob in tye or
 take ſomlike ſtamp it & ſtrain
 it & lay to tye
 contrary wort ^{modion} pūgin

for ſavour of pūgin
 take runing ab tye
 run a reſe w all &
 garlike ſtamp the
 garlike & put tye
 together put it in

A note to burne for y^e Colicke, y^e words are

X
Marske, Loore, Coor, Hoer, Coorke, Marske,
Loor, Coor, Hoer, Coorke, & a r r r r r r r r r r

You must saye all this Godd fast by Bolovs
w^{ch} longe w^{ch} it is abiding. p. de Marske & c
You must draw y^e Christian name first, & sainte.

Another for the same Colicke of an Child
Litt, y^e glow of a plumbe tree) though not in
Culler, for y^e Culler is when it is drye Litt. d.
Oray, & a, when you find it you must keepe
it in a roome (supp. viij) then take a little Litt
Cherof w^{ch} bigge as a little pinto head, w^{ch} you
to bed, in a lanne ragge, & put it in y^e hollow of y^e
Cote, if y^e Colicke be not, & followe then apply it
to y^e same Cote, when y^e payne first be gone, it
L'elphote probatum for diuers yeres.

In Litt manner doe a little pillg^m Salve
& in a flint bagg applyed. B. J.

To staunch Blood of amount

Dark y^e blood & say it to stanch wounds

115
Lay it on the wound of y^e Godwits of
Flores: or y^e Moss of an Olive: or both together
Lunge

How

Bore-head, Lavender, Sage, Camomile, Mother
flew, boyle y^e together & make oyl out of it

To Stanch Blood &c.

There were three manners of stanching a wound in
of Gauls, besides Christ's Blood, the one was a
Hot Blood, y^e other was Cold Blood, the third
was Stanch Blood,

in the Name of God stancheth Blood of such a wound

Jesus was of Bethlem borne & baptized in the
bath of y^e Holy Spirit, all things that are
done by Gods words in the name of God stancheth
Blood of such a wound x. To Stanch Blood

Take a Raven, Tead of flea trim & dry
it, & say it to any bleeding
wound, or else at y^e nose or it stop it

Deafnes 1.

first third under tongue

flow
Quenfish Take spoons full 120
of Sworne soaps. and Spoon full of
Finelift & Downy mixed together
& then sett them over a soft co
fire & moulte them together
then take a Quarter of a handfull
of Rue & as much fother sic then
stamp them together & mix you
then take as much beaten popow
as will lay upon six a out then
stirre all upon a Sworne wax & as
Sweet as two fingers & Lay twice
ye throat & wot bat & Jo. Lammont
from care to care.

for Drassings Take ty point of milke
Boyle a quantity mustard good in it
& when it is well boyled put it into a
Dish if may be fitted with a Luntl Jor
if y^e steam come out only at y^e eune & no
where else y^e Lay the parts on y^e point
of the eune Jor if the steam goe in
to the head use this
Keepe you warme y^e it helps.

State ready /
Take halfe a pecke of new un-
blitche Lymē putt it in to a
Gallon of Spring water (first
take the hoofs off) then wash
the head wth y^e cleare water of a
pome from the Lymē & pull out y^e
putrified haire of y^e hooft and
Keep it wth washing twice a day
untill it be whole

Then to heale y^e haire of same
make Ointment wth Sage wormwood
& fresh Butter.

Stalk Heads: 1

Take Right Stork pitch (11)
 a little Turpentine & oyle of rose
 & melt y^e gently over
 the fire (the haire being first out
 off close & the loock taken off, if
 made some plaster strickt upon
 leather that will compleat you
 the head, then lett the y^e plaster
 lay on nyght daye then pull them
 off & pull out all y^e Cotton haire
 of y^e roots & lay on fresh plaster
 & lett them lay on a week & for
 plaster it againe untill you finde
 it perfectly cured, and y^e infected
 haire must ~~be~~ be pulled out of
 roots) Good Spring water, wash it every
 morninge with pure Sane zeale for y^e space
 of 4 quarters of a year & more.

Some doe wash y^e head wth Cow
 piss when the plasters are taken
 off to bringe y^e haire againe. x x

How Conpulcion fitts: /

one pipe of good Tobacco in
y^e morning fasting: & one pipe
affolot Linex & one salt at
night did cure on²⁰ warron

Waxen fitts the Spirit of Amber: &

Black Cherry water good:

Drinke Springe water & / &

a little wine vinegar just
before y^e fitts on a good daig

Choking fitts:

Bindowen old drye Rhs skin
about y^e balfe of y^e egg: &
wear it

Lowd: fitts hard to be cured: :

Halvinge missell dried &
made into powder & Drinke /

Surry in y^e month of / 118
Take y^e herbs Stabions & Stamp
it & take y^e Juice thereof & drink
every morning it will cure
But if it be muste in the month
you must bleed the Gums & rub
them with pinegar & Allam and
a little English Honey /
The surry of Amber: is good

if it be in the Bones it will cure
The paine the blood will be
corrupt & fainted & must be
cured by bleeding & I am sure
for it will eat up the Gums &
Lams y^e Bones broad out.
in Spotts & boyles of drink
Rozo Ladisth Root in Liquor

[Faint, illegible handwriting, likely bleed-through from the reverse side of the page. The text is mirrored and difficult to decipher.]
