ANNUAL MEETING.

The Twenty-seventh Annual Meeting of the Mackay Institute for Protestant Deaf Mutes and the Blind was held at the Institute, Notre Dame de Grace, on Thursday, the 18th November, at 2.30 p.m.

The large hall was filled with the friends of the Institute and parents of the pupils. Among those present were :— Messrs. F. Wolferstan Thomas, Chas. Alexander, George Hague, A. F. Gault, D. The Meeting having been called to order, the President, Mr. F. Wolferstan Thomas, requested the Rev. Mr. Kittson to open it with prayer, after which the Secretary read the notice convening the meeting.

Letters of regret that they were unable to attend the meeting were read from the Hon. F. G. Marchand, Premier of the Province of Quebec, Mr. Robert Mackay, and the Rev. W. I. Shaw, D.D., LL.D., of the Wesleyan Theological College, and the Secretary also stated that the Dean of Montreal and Mr. J. B. Learmont had requested him to say that they fully intended to be present, but were unavoidably detained.

On motion of the Rev. Henry Kittson, it was resolved :

That the minutes of the last meeting having been printed and distributed, be taken as read.—Carried.

The Secretary then read the Financial Statement, the Auditors' and the Board Manager's Reports.

The Rev. Henry Kittson read the report of the annual examinations of the pupils, and the President the report of the Superintendent.

The President moved, seconded by Mr. Chas. Alexander :

That the reports and statements as read be adopted and printed for distribution, and before putting the motion would be glad to hear any remarks from any of the gentlemen or ladies present.

The Rev. Mr. Kittson and Mr. George Hague briefly ad-

dressed the meeting, pointing out the good work done by the Institute, which was largely due to the zeal and attention given to it by the President, Mr. Wolferstan Thomas, aided by the ladies and gentlemen of the Board of Managers.

The motion was then carried unanimously.

Mr. A. F. Gault moved, seconded by Mrs. P. S. Stevenson :

That the thanks of the meeting be given to the President, Vice-Presidents, and Board of Managers for the care and attention devoted to the cause of the Institute, and that the following be elected for the ensuing year :—

The regular business of the meeting having been concluded, the following programme by the pupils was proceeded with. Mrs. J. J. Ashcroft, the Superintendent, explained to the audience that the first step towards teaching the deaf was by showing articles or actions and writing the name or action on the blackboard, such as a "cup," and they connect the word with the article named or the action of a person or animal running, in like manner with the word "run" or running. Next adjectives are brought into use, as "a large book," "a small book," "a fast run," etc.

After the programme was concluded, Mr. F. Wolferstan Thomas addressed the children, and impressed upon them the desire of all connected with the Institute that they should not only receive a good education, enabling them to take their part in the various duties of life, earn their own living, and become good men and women. For the information of the audience, the following roll will show how those who have already gone through the school have played their part, and would compare very creditably with other schools.

1 Artist, 1 Engraver, 1 Drug Clerk, 7 Printers, 1 Cook, 2 House-keepers, 8 Farmers, 4 Farm-laborers, 5 Carpenters, 1 Mail Clerk, 1 Caretaker, 3 Machinists, 13 Assisting at Home, 1 Teacher, 1 Leather Cutter, 1 Upholsterer, 1 Tailor, 1 Chair-caner, 1 Furrier, 1 Photographer, 1 Harness-maker, 1 Miner, 1 Waiter, 1 Barber, 1 Doctor's Boy, 1 Working in a Cotton Factory.

He concluded with a feeling reference to the sad loss recently sustained by Mr. and Mrs. Robert Mackay in the death of their daughter, who had just arrived at the age to be more of a companion to her mother. Mrs. Mackay has always been one of the most regular attendants of the meetings, both monthly and annual, and takes the greatest interest in both the pupils and Institute. Her absence and the cause is deeply regretted.

The meeting then adjourned.

The visitors were then shown over the building, and partook of refreshments provided by the Superintendent, staff and pupils.

MANAGERS' REPORT.

The Board of Managers of the Mackay Institute for Protestant Deaf Mutes and the Blind, have the pleasure of presenting the Twenty-seventh Annual Report for the year ending 31st July, 1897.

The Board regrets that the course of studies were very much broken during the past scholastic year by an outbreak of measles among the pupils, and on the staff devolved the care of attending to their wants, a duty that was faithfully performed. The epidemic among the number of children liable to it, made a very great break in the course of the studies, nevertheless, the examiners' report appended shows that most satisfactory progress has been made.

The Managers are pleased to be able to report that the improvements made to the premises during the previous year rendered it unnecessary to lay out any money on the buildings this season.

The Report of the Superintendent is submitted herewith.

The Board have to tender their sincere thanks to Honorary Medical staff for their gratuitous services, and especially to Dr. James V. Anglin, for his most assiduous and constant attention during the past winter, and to the Revs. Messrs. Kittson, Mowatt and Bushell for conducting the annual school examinations.

The financial statement, the auditors' report and verification of securities are also presented.

Respectfully submitted,

F. WOLFERSTAN THOMAS,
President.

G. DURNFORD,
Secretary-Treasurer.

SUPERINTENDENT'S ANNUAL REPORT.

The Session of 1896-97 opened auspiciously, there being sixty-one pupils present, of whom thirty-seven were boys and twenty-four girls, and all enjoyed uninterrupted health until after their return from the Christmas holidays, when we were visited with three contagious diseases, viz., diphtheria, tonsillitis and measles. Through the prompt attention of our skilled Physicians, Drs. H. S. Birkett and J. V. Anglin, the diphtheria was confined to two cases, a pupil and a teacher, both of whom were promptly removed to the Civic Hospital for treatment. Dr. Anglin promptly inoculated thirty-eight children under fifteen years of age. Fifteen were attacked with tonsillitis and thirty-five with measles. The above diseases were brought to the Institution from the children's homes, and we would, without doubt, have been free from such illnesses had there been no Christmas holidays. The parents were duly notified at the time of the outbreak, but none deemed it necessary to remove their children. One boy, George Laycock, was attacked with pneumonia simultaneously with measles, and notwithstanding the unremitting attentions of Drs. Anglin and Findlay, he fell into consumption and a few months later died at the Montreal General Hospital, where his funeral service was conducted. He was interred in a lot purchased by the Board of Management in the Mount Royal Cemetery. With the approval of the Board, I have this term notified the parents that no Christmas holidays can be given, and look to the Board for support in this important movement. Notwithstanding the interruption thus occasioned by sickness, good work was accomplished in the class-rooms, as the report of the Examiners appended testifies.

The Articulation Department, which is in charge of Miss King, assisted by Miss Daly, consists of thirty-seven pupils. Including those whose speech is defective, there are fourteen who are instructed orally, that is, exactly in the same manner as children attending common schools, and are taught the same subjects, while the remaining number of children—either congenitally deaf or made so through illness—have special instruction in speech and speech-reading. The Drawing Class during the past year was taught by Miss Jessie McFarlane.

The Blind Class is in charge of Miss Ida McLeod, and is composed of five pupils, who are taught the following subjects: reading, spelling, writing (Braille and tablet), geography, arithmetic, and history and instrumental and vocal music. Instruc-

tion in the latter is given by Prof. Septimus Fraser, assisted by Miss Katherine Williams. In this department very gratifying progress has been made.

At the close of the session in June, 1897, Miss McFarlane and Miss Johnson retired from the work of teaching the deaf, and were succeeded by Miss Geraldine Daly, who has undergone a special course of training in articulation teaching, and Miss Elizabeth Duncan, of Montreal. Miss Bolger, our efficient and esteemed housekeeper also tendered her resignation, on account of bereavement in her family, and was succeeded by Miss Shewell, of Ottawa. The staff is, this term, composed of all hearing and speaking instructors, which enables us to admit a larger number to the Articulation Classes.

The Trades' Departments are in charge of competent instructors, and we confidently look to them to turn out good carpenters, painters, shoemakers, and printers. Chair-caning is taught to both the blind and the deaf. The numerous improvements and additions made during the summer of 1897, including the new "Daisy" furnaces, added materially to the comfort of the building and rendered any further repairs for the present year unnecessary.

We have again to express our sincere thanks to Drs. F. A. L. Lockhart, J. V. Anglin, F. G. Findlay, F. Buller (oculist), H. S. Birkett (aurist), J. M. Jack (dermatologist), J. C. and H. J. S. Nichol (dentists), for their gratuitous services, and we are under obligations to Rev. E. Bushell for bi-weekly visits and to Prof. J. Campbell for conducting Sunday services. Our thanks are also due to Mr. Hubert Baker for vocal instruction in the blind department, and to Messrs. D. McNichol and W. E. Davis, General Passenger Agents of the Canadian Pacific and Grand Trunk Railways for reduced rates of travelling and other favors, and to the Misses Raynes, McNaughton, Ward, Reekie and Mrs. Root, of Westmount, for their weekly readings to the blind.

Before concluding, I desire to record my deep gratitude to the President and other members of the Board of Directors for their valuable advice and assistance, which, I trust, have enabled me to fill to their satisfaction the responsible position with which they have honored me.

Respectfully submitted,

H. E. ASHCROFT,
Superintendent.

EXAMINATION REPORT.

The Annual Examination of this Institute was held on the 11th of this month. The examiners were the Rev. Mr. Mowatt, of Erskine Church, Rev. Mr. Bushell, of Westmount, and the Rev. Henry Kittson, of the Church of the Advent. The day was beautiful, the grounds around this most favorably-placed institution were putting on their spring attire, and the whole happy household seemed to feel the joyousness of returning summer, added to by the bright prospects of coming holidays.

The examiners expressed themselves well pleased with the result of their inquiries. They were particularly struck with the good handwriting and correct spelling of the pupils, attainments which scholars of other schools often fail to reach.

The pupils gave evidence of being familiar with the geography of the world, the history of their own country, as well as the sacred scriptures and the elementary problems of arithmetic. The answers to questions put by the examiners were given promptly and with intelligence showing that their work is not altogether mechanical, but that there is a considerable amount of mental training as well. This is evident from the marked improvement in the appearance of some of the pupils after a few months of the teachers' influence and training.

Few people are aware that there is here a department for the blind. The pupils of this class are at present few in number, but these receive the most careful attention. Their reading in raised lettered books was done with considerable ease and fluency ; difficult sums in arithmetic were correctly worked on a device which is as ingenious as it is simple. Music also receives attention in this department, one of the pupils being able to read music copied by himself with a machine devised for that purpose.

The mechanical departments were visited, where printing, carpentry, shoe-making and chair-caning are taught to those who have a taste in that way. Three of the former pupils are now working in the Government printing offices at Ottawa.

The oral work of the Institute must not be forgotten. Mrs. Ashcroft, by dint of perseverance and a patience that is beyond all praise, is able to show the best results not only among children of defective hearing and speaking, but even among those who have been always and wholly deaf. After a most

careful examination of the building, the inmates and their progress, the examiners can conscientiously place the seal of their approval upon the work of an institution that deserves the hearty co-operation of the people not only in this city, but in the Dominion.

The examination closed with short but encouraging addresses from the Rev. Mr. Mowatt and Rev. Mr. Kittson, the benediction with closing prayer by Rev. Mr. Bushell.

A refreshing lunch and a most pleasant interview with the teachers and directors of the Institute ended a visit that was delightful to all present.

Extract from Superintendent's Report for 1890-91.

We desire, for the information of parents of pupils, as well as for those desirous of knowing what "course of studies" is usually taken by the deaf and to what proficiency we expect them to attain before considered ready to graduate, to call their attention to our "course of study," the careful perusal of which will indicate the advancement, year by year, which an intelligent, industrious pupil ought to make.

We would specially direct the attention of the course of study, of those parents, who have withdrawn or intend to withdraw their children before they have made the progress in their education which the School affords, and which is necessary, and to point out that they are doing a life-long injury to their afflicted children, to whom education is the greatest boon that can be given. Much to be pitied as is the wholly uneducated deaf mute, shut off from almost all intelligent intercourse with his fellow mortals, yet it is doubtful whether he feels his position as keenly as one whose mind has been opened to the consciousness that there is more knowledge (and higher positions attainable), from which he is debarred, because of the limited instruction received.

The ignorant deaf mute, even if an object of charity, may be comparatively content, from the absence of knowledge and understanding ; while the semi-educated, with his awakened and crudely developed reasoning powers, has the ambitions, but is minus the ability of the highly educated, and cannot consequently be particularly happy and contented, in contrast with which the "well educated deaf mute may" aspire, attain, and keep himself abreast with the world at large, and enjoy the society of his fellowmen.

There will be instances where pupils will "not" get through the course in the time specified. Irregularity in attendance, ill-health, deficiency of intellect, physical defect or chronic laziness, may all be mentioned as retarding elements, and all of which have to be considered.
