THE MACKAY INSTITUTION FOR PROTESTANT DEAF MUTES
AND THE BLIND, NOTRE DAME DE GRACE.

Montreal, 15th January, 1912.

*To the Patrons, Governors and Friends of the Mackay Institution for
Protestant Deaf-Mutes and the Blind:*

GENTLEMEN AND LADIES,

I am directed by the Board to express their regret at not having been able to present the Annual Report for the year ending July last, earlier. This delay has been caused by the additional buildings that have been erected to meet the growing wants of the Institute and the Province. When the work was entered upon, it was expected they would be ready for the middle of September; but the many unavoidable delays that occurred in getting it completed, is the Board's apology for same.

I am happy now to be able to report that everything has been accomplished; and the Institute is in possession of a most comfortable and well-lighted dining-room; a beautiful, airy and well-ventilated dormitory, giving accommodation for about twenty-five more pupils, private rooms for the teachers—a very much needed want—together with baths and lavatories, etc.; and a commodious hall that can be used for classes, meetings and Sunday services; and to this hall—which is chaste and tasteful in its appointments—have been added stained glass windows—not included in the contract, and donated by a kind friend, who also gave the etched glass of the doors leading to it and other ornamental work in the passage. The hall and buildings were opened with an appropriate dedicatory service on Sunday, the 17th December, 1911.

In effecting this addition the most troublesome part was making alterations to the old building, so as to work it well into the new. This has all been happily accomplished, and will enable the Superintendent to make a better classification of the pupils; and it will now be possible to give the two distinct schools—the Deaf and the Blind—separate instruction in separate class rooms. To effect these improvements the Board have been obliged to go an outlay of upwards of \$23,000; and any assistance to reduce this indebtedness that the friends of the Institute may be able to give will be most thankfully received.

In conclusion, I may add that it will always give the Board and the Staff pleasure to receive visits from any one interested in the work.

Yours faithfully,

G. DURNFORD,

Secretary-Treasurer.

Annual Meeting

Among those present were:—Mr. David Morrice, President; Rev. Edw. Bushell; Rev. Jas. Patterson; Messrs. D. W. Ross, Abner Kingman, Hon. Senator Mackay, Mrs. Kingman, Mrs. McGoun, Mr. McGoun, Mr. Durnford, Mrs. H. E. Ashcroft.

The President having taken the chair, requested the Secretary to read the notice convening the meeting.

On motion the reports of the last Annual Meeting were taken as read.

The Secretary then read the reports of the Board of Managers, Examiners, Superintendent and Auditors, also the Cash Statement and Balance Sheet.

The President then moved, seconded by the Hon. Robert Mackay, "That the Reports and Statements as read be adopted." Before putting the motion, he would be pleased to hear any remarks or criticisms.

Satisfaction was expressed at the favourable Reports and Statements presented; and the President gave a short account of the new buildings that had been recently erected, which had taken more time than had been anticipated, but greatly added to the comfort and convenience of the inmates.

He then declared the Reports carried unanimously.

The Rev. Mr. Patterson then moved, seconded by Mrs. McGoun: "That the meeting hereby heartily express its thanks to the President, Vice-Presidents, Directresses and Board for the care and attention given to the Institute and pupils during the past year, and that the following be re-elected for the ensuing year:—

Managers' Report

The Board of Managers of the Mackay Institution for Protestant Deaf-Mutes and the Blind have the pleasure of presenting their forty-first Annual Report for the year ending the 30th June, 1911, to the Patrons, Board of Governors, parents and friends of the Institute.

The Managers are glad to be able to report that the prosperity of the Institute and the usefulness of the work continues steady and progressive, and the health of the inmates has been good and without interruption.

The want of accommodation referred to in last year's Report is being overcome, and the Managers decided during the year to make an addition to the buildings, which will provide both class-rooms and extra sleeping accommodation. It has been somewhat of a difficult matter to get these additions completed between the closing of the School and the re-opening thereof, and to accomplish this the opening of the School had to be somewhat delayed. The new additions will greatly add to the efficiency and comfort of the School.

During the year there has been an average attendance of 76 pupils in residence.

At the beginning of the year 1911, in order to ascertain whether the Management had all the information possible respecting the number of blind children eligible for school education, the Board sent out circulars to all the Protestant clergy of the Province, asking them to be kind enough to report whether they were aware of any blind children in their districts. In the replies received there were none reported that were not already known to the Board. It is perhaps a little to be regretted that all did not respond; but it may be assumed that those who did not had nothing to report.

During the year the Board were gratified by receiving from a lady in Quebec the sum of \$250.00, a special donation for the blind.

The need of additional accommodation for classrooms, halls, and dormitories, etc., has long had the attention of the Board; and after much consideration they decided to build, commencing with the closing of the school; and hope to have the new additions ready for the opening in September next, and a mortgage paid off and some cash accumulated was reserved towards the cost of the same.

The President and Board have to express their regret at the resignation of Mr. J. C. Holden, one of the Vice-Presidents, who finds himself unable to give the attention he would desire. Mr. Holden's kindness, sympathy and interest in the work, while on the Board,

make it a matter of much regret to his colleagues that he should feel unable to continue on the Board and give them the benefit of his aid.

The Financial Statement has been duly audited and the securities verified by Messrs. P. S. Ross & Sons, Chartered Accountants, the Auditors of the Institute.

The Board have to express their thanks to Rev. A. A. Radley, Rev. John Lockhead and the Rev. Jno. Macpherson Almond for conducting the examinations; and their report on same is appended.

In thanking the Medical gentlemen who have so kindly given their services gratuitously, the Board have to express their deep sorrow and regret at the death of the late Dr. Howard M. Church, who for many years was most assiduous in his attention to the health of the inmates of the Institute, sparing neither time nor trouble; while his kindness and bright, cheery presence made his ministrations a pleasure to all those he came in contact with. The Board feel that his removal by death will make a blank that it will be difficult to fill. A Resolution of regret and sympathy was sent to his bereaved widow after the last regular monthly meeting.

The Board's appreciation of their valued Superintendent, Mrs. H. E. Ashcroft, and her efficient and zealous staff of teachers, does not diminish with time; and they feel that to their help the work accomplished by the Institute must be ascribed.

D. MORRICE,
President.

G. DURNFORD,
Secretary-Treasurer.

EXAMINERS' REPORT.

To the Board of Management of the Mackay Institution for the Protestant Deaf-Mutes and the Blind, Notre Dame de Grace, Quebec.

GENTLEMEN:—In the presence of an unusually large number of friends of the Mackay Institution, the Rev. A. A. Radley, the Rev. John Lockhead and the Rev. John Macpherson Almond held the Annual Examination of the children for the year 1911, from three to five o'clock, the afternoon of May the 30th, assisted by Mrs. Ashcroft, the Superintendent, and the teachers.

The examination of the deaf included kindergarten, articulation, lip-reading, defective speech, arithmetic, history, Scripture, geography and drawing.

A very touching item on the first part of the programme for the afternoon was the singing of the hymn "I heard the Voice of Jesus Say," by Miss Booth, one of the teachers, accompanied by five of the deaf girls in sign recitation.

In the department for the blind examples of kindergarten, sewing, knitting, chair-caning, typewriting, recitations, music, spelling, reading, writing, grammar, geography, history and conversation between deaf and blind were given by the pupils. The ready reading, the rapid mathematical calculations, the accurate knowledge of English, Canadian and Scripture history, the splendid penmanship, the ability displayed in rendering difficult musical selections, made one easily forget, apart from the method employed, that the children were deaf and blind.

A recitation from a blind boy, "You and I can do a lot to keep this old world straight," the duet, "The Milkmaid," between a blind girl and boy, and the dialogue between two blind girls, were much appreciated by the audience, whose continued applause throughout the afternoon was ample evidence of the pleasing and satisfactory efforts of the children, who did so much credit to the skill of Mrs. Ashcroft and her capable staff of teachers.

It is interesting to note that the institution has never turned away an applicant for admission of school age, deaf or blind, and there has never been a failure with children of defective speech, of which many examples were given, clearly showing the effectiveness of the work done.

We believe that the teaching given in this institution is of the very highest standard. It is difficult to conceive of any training being more scientific. We heartily congratulate Mrs. Ashcroft, the teachers and pupils. In our own opinion the school is thoroughly equipped for the present number of pupils, and could be very easily extended to include all the afflicted deaf and blind children in the Province, with a department, or home, for the aged blind, and we would deprecate as a needless expenditure of charitable funds the duplication of a similar institution in the Province of Quebec.

I should not like to end my report without referring to the bright and happy faces of the children, abundant evidence of the love and sympathy and care of Mrs. Ashcroft and the teachers, and to the affectionate companionship between the deaf and the blind.

Respectfully submitted on behalf of the examiners,

JOHN MACPHERSON ALMOND.

Superintendent's Report

To the Board of Management, Mackay Institution.

In accordance with regulation, I have the honor to submit the following report of the internal workings of the Mackay Institution for the session, nineteen hundred and ten, nineteen hundred and eleven. During the year there were enrolled seventy-six pupils, thirty-nine boys and thirty-seven girls, of whom fourteen were blind, seven boys and seven girls. The above number includes children whose sight, hearing, or speech is so defective as to debar their admission to public schools. The deaf pupils are instructed in the ordinary English branches, and in cabinet-making, wood-carving, and shoemaking; competent foremen being in charge of each department. The blind, in addition to the English branches, are taught Braille, New York Point, typewriting, music, chair-caning, knitting, and sewing. Miss Catherine Smith, a graduate of the Dominion College of music and an experienced teacher, is in charge of the department of music. Several ladies from the city visit the school weekly to read to the blind, and we take this opportunity of expressing our sincere thanks for their time and attention.

The annual examinations were held in May. At the close of the proceedings Mr. C. W. Lindsay was called upon to speak by the Honorable Robert Mackay, Vice-President, who occupied the chair in the unavoidable absence of Mr. David Morrice, President, and from the *Daily Witness*, of Wednesday, May 31st, we cull the following: "Mr. C. W. Lindsay gave a very interesting address, referring to the fact that there were only three blind Protestant children to every twenty-thousand of the population of the province. He said he did not think that it was necessary to have another school for the blind when the number was so small, and when the Mackay Institution was quite able to look after them all. This view was endorsed by Senator Mackay and the clergymen present, and it was also their opinion that some of the money collected lately for the blind should be given to the Mackay Institution, to help carry out the work that is being done there." Needless to say, all friends of the Institution concur with Mr. Lindsay's sentiments, and it is to be hoped our charitably disposed citizens, who desire to give to a worthy cause, will remember the Mackay Institution, and will aid in freeing it from the embarrassment caused by the outlay on the new buildings.

The good health and daily life of the pupils is ever a matter of deep concern, and our school is to be congratulated on having the services of a devoted staff of teachers. The Supervisors, too, are deserving of mention for their efforts to inculcate a love of neatness and good order. Great care is taken to render institutional life as happy and wholesome as we can make it. Long walks in the country, also to near-by parks, are indulged in, and evening enter-

tainments provided. During the winter Mr. Morrice treated the children to an enjoyable sleigh-drive around the city, and in the spring of the year Mrs. Mackay chartered a car to take them to Lachine and return. Mr. D. W. Ross donated one hundred magic lantern slides; Mrs. Morrice, Miss Mary Kingman, and the Misses Sweeny supplied everything that children love for several tea-parties, and Mr. Kingman, Vice-President, kept the pupils supplied with skates, and Miss Morrice hockey sticks and pucks, for their large skating rink. This all contributes to the spirit of home life which pervades the school. A list of numerous gifts from other kind-hearted friends will be found on another page of this report. Weekly services are conducted by city clergymen and laymen of different denominations. In this connection I must particularly mention the magic lantern views illustrating the subject of discourse by Mr. D. W. Ross, and the interesting monthly service conducted by Mr. Abner Kingman, assisted by Mrs. Kingman, who sweetly sings hymns to the blind, which are translated in signs to the deaf. We are under compliments to the following physicians for their gratuitous services: Drs. H. S. Birkett, Laryngologist; W. G. M. Byers, Oculist; J. M. Jack, Dermatologist; F. G. Finley, C. H. Church; also the late lamented H. M. Church, and Drs. J. C. H. J. S. and F. C. Nichols, Dentists.

The opening of the present session has been a specially happy one; one for which we are devoutly thankful. Indeed, our gratitude is too deep to express in words, for at last the dream of years is realized, and more than realized. We now have a spacious Assembly Hall, where the Protestant deaf of the city may unite with our pupils in receiving religious instruction. The addition to the school building also provides a much more roomy dining-hall and a large well-lighted dormitory. The blind classes will be held in the new hall, thus separating the blind entirely from the deaf, and quite relieving the congestion in the old classrooms. The crying need of former years now no longer exists. We can also boast of new up-to-date lavatories, a new system of drainage, two new "Viking" furnaces, an electric motor for pumping water from an artesian well, seven hundred feet deep, and other sanitary improvements.

To our zealous President is due our deep gratitude for bringing about this happy state of affairs, and we acknowledge with sincere thanks his constant and untiring supervision of the work; also acknowledge our indebtedness to Mr. Morrice for gaining the hearty co-operation of all the other members of the Board in his efforts to make the Mackay Institution step to the front. It is the earnest prayer of all at the Mackay Institution that our highly esteemed President may be spared to his labor of love for many years to come. To the other members of the Board of Management who have assisted me in the discharge of my arduous duties by kindly visits and wise counsel I also tender my warm thanks.

Respectfully submitted, H. E. ASHCROFT.

Extract from Superintendent's Report for 1890-91

We desire, for the information of parents of pupils, as well as for those desirous of knowing what "course of study" is usually taken up by the deaf and to what proficiency we expect them to attain before considered ready to graduate, to call attention to our "course of study," the careful perusal of which will indicate the advancement, year by year, which an intelligent, industrious pupil ought to make.

We would specially direct the attention, to the course of study, of those parents who have withdrawn their children before they have made the progress in their education which the School affords, and which is necessary, and to point out that they are doing a life-long injury to their afflicted children, to whom education is the greatest boon that can be given. Much to be pitied as is the wholly uneducated deaf-mute, shut off from almost all intelligent intercourse with his fellow mortals, yet it is doubtful whether he feels his position as keenly as one whose mind has been opened to the consciousness that there is more knowledge (and higher positions attainable), from which he is debarred, because of the limited instruction received.

The ignorant deaf-mute, even if an object of charity, may be comparatively content, from the absence of knowledge and understanding; while the semi-educated, with his awakened and crudely-developed reasoning powers, has the ambitions, but is minus the ability of the highly educated, and cannot consequently be particularly happy and contented, in contrast with which the well-educated deaf may aspire, attain, and keep himself abreast with the world at large and enjoy the society of his fellow man.

There will be instances where pupils will "not" get through the course in the time specified. Irregularity in attendance, ill health, deficiency of intellect, physical defect or chronic laziness, may all be mentioned as retarding elements, and all of which have to be considered.
