ANNUAL MEETING

The Annual Meeting of the Mackay Institution for Protestant Deaf Mutes and the Blind was held in the Board Room of Messrs. The D. Morrice Company, Limited, on Thursday, 6th November, 1913, at 12 o'clock, noon.

There were present:—Messrs. D. Morrice, in the chair; Hon. Robert Mackay, G. B. Fraser, Rev. Mr. Bushell; Mrs. Root, Mrs. C. W. Lindsay, Mrs. Moyse, Mrs. Carsley, Miss Roddick, Miss Sweeny, Miss Catherine H. Smith, Miss McLeod, Miss Anderson, Mrs. Ashcroft; Mr. E. Ross-Ross, and others.

The President, having taken the chair, called upon the Assistant Secretary to read the notice calling the meeting, which was done.

On motion, the minutes of the last Annual Meeting were taken as read.

The President then called upon the Secretary to read the Reports of the Managers, Auditors, Superintendent and Examiners, all of which will be found attracted to this report.

The President regretted the absence of Messrs. Kingman, McGoun and Durnford. Mrs. Frank Scott and the Rev. Dr. Scrimger wrote expressing their regrets at being unavoidably absent.

In moving the reception and adoption of the Reports—which Motion was seconded by Mrs. Root—Mr. Morrice said that judging by the report of the Examiners, to whom the Institute was much indebted, the class work was being very well carried on. In connection with the finances, the President stated that although we closed the year with a \$5,000 overdraft and a Bill Payable of \$6,200, owing to the large expenditure in the extension and alterations lately made to the buildings, etc., we had received notification that we would receive a legacy of \$10,000 from the Estate of the late Miss Mary Dow, and also \$5,000 from the Estate of the late Mr. Hugh Watson, which when paid, would completely wipe off our liabilities, with a couple of thousand to spare. He also stated that Sir Lomer Gouin, who had recently visited the Institute, had expressed great pleasure and surprise at the work carried on there.

Mr. Mackay moved a vote of thanks to Mr. Morrice for the interest he had taken in the Institute during the year; which was seconded by Mr. Bushell, and unanimously carried.

Mr. Mackay also moved a vote of thanks to the Office Bearers and Staff for their work of the past year, which Mr. Bushell seconded. Carried.

Mr. Fraser moved, and Mrs. Root seconded, that the Officers for the present year be as follows:—

Manager's Report

*To the Patrons, Governors and Friends of The Mackay Institution
for Protestant Deaf Mutes and the Blind.*

GENTLEMEN AND LADIES.—The Board of Managers of the Mackay Institute for Protestant Deaf Mutes and the Blind have the honour of presenting the Forty-third Annual Report, being for the year ending the 30th June, 1913.

The Managers have pleasure in reporting continued prosperity and improvement in the work of the Institute. During the year the health of the residents has been very good, and the work of the pupils progressed favourably.

The average number of pupils in attendance was 67.

While no legacies were received during the school term of the year ending the 30th June, 1913, the Board have received notification that in consequence of the lamented death of Miss Dow we will during the course of the present school year receive from her estate a bequest of \$10,000.

The improvements of the buildings referred to in last report have very much added to the facilities for carrying on the work and the comforts of the inmates.

The books and financial statements have been audited, and the securities verified by Messrs. P. S. Ross & Sons, Chartered Accountants, Auditors of the Institute.

The report of the Superintendent and that of the Board of Examiners are presented forthwith; and the best thanks of the Managers are tendered to the latter—the Reverend Bruce Taylor, D.D., and Reverend Herbert Symonds, D.D.

The sincere and appreciative thanks of the Board of Managers are given to the Honorary Medical Staff for their continued kind services, and to them the Managers are under deep obligation.

The Board again record their appreciation of the zeal of their highly esteemed Superintendent, Mrs. H. E. Ashcroft, and her able staff of teachers; and to their efforts and care the progress of the pupils and school, the Board feel, are due.

Respectfully submitted,

D. MORRICE,

President.

G. DURNFORD,

Secretary-Treasurer.

Report of the Examiners.

The brilliance of the weather on the afternoon of the 29th of May made the visitors to the Mackay Institute realize as never before the blessing of sight. The beautiful hall was flooded with light. If the visitors, during the two hours of examination, were saddened with the thought that so many of their fellows should be deprived of so much, they were at the same time filled with wonder at what had been accomplished by skill and patience and infinite tenderness on the part of the teachers. Some children, unable to speak a word on entering the Institute, had learned to use their voices as though they heard every syllable they uttered. The blind carried out with ease tasks generally thought of as requiring keen eyesight. To those who, like the writer of this report, had never seen the work of such an institution, the afternoon formed an unforgettable experience.

In the exercises given by the deaf the methods pursued right through the course were illustrated. From the enunciation of separate syllables the teacher made the children pass to words and sentences. The pupils wrote on the blackboard what they understood the teacher to say. The results were wonderful, while the mistakes made, far from detracting from the value of the exhibition, proved to the examiners that the demonstration was perfectly genuine, and not a performance prepared in every word and carefully rehearsed for the occasion. The recitations, oral and in signs, were excellent, those in signs being remarkable for the simplicity and beauty of the gestures. Jack Young's speech of welcome was well put together and well given, not without a sense of humour. In this part of the programme the exercises showing the first steps in reaching the intellect of the deaf, struck the examiners as being of quite peculiar interest.

The blind class showed by their answers that they were being well grounded in the knowledge of the Bible. In the Geography examination they were asked to show on raised maps the position of the Great Lakes, the main cities of Canada, the more prominent features of the coast lines, and the course of the great rivers. The answers were given not only with accuracy but also with wonderful rapidity. Two of the pupils took down on typewriters a letter dictated at considerable speed, and all could readily understand how the pupils, on leaving the Institution, were able to secure good situations in commercial life. Joseph Hadjelhi, aged seventeen, showed genuine musical talent in his piano playing. A few days later he passed the Advanced Senior examination in the Dominion College of Music, while Wilson DesBrisay passed the Intermediate, and little Danny Munn, aged nine, the Junior. It is cheer-

ing to hear that blindness in Canada is diminishing, owing to the more intelligent treatment children receive at birth.

The examiners were impressed with the obvious happiness of the children and felt how important it was that the education begun should not be interfered with or curtailed. It takes an effort of thought to realize how great must be the ignorance of the untaught deaf-mute, able neither to communicate his own impressions nor to hear what others say. If his education be begun and then prematurely ended he must always carry with him the sense that possibilities of a far wider life were put within his reach and then withdrawn after interest had been awakened. So far as intelligence goes, the lack of sight is not so great a deprivation as that of speech and hearing, and the training of the blind must involve much less strain upon the teacher.

It is not possible to say too much as to the value of the work being done by this noble institution. The examiners felt how much the superintendence of Mrs. Ashcroft must have meant through so many years. She and her staff are greatly to be congratulated on the appearance made by the pupils. The relation between teachers and taught was clearly one of complete cordiality.

Submitted on behalf of the Examiners,

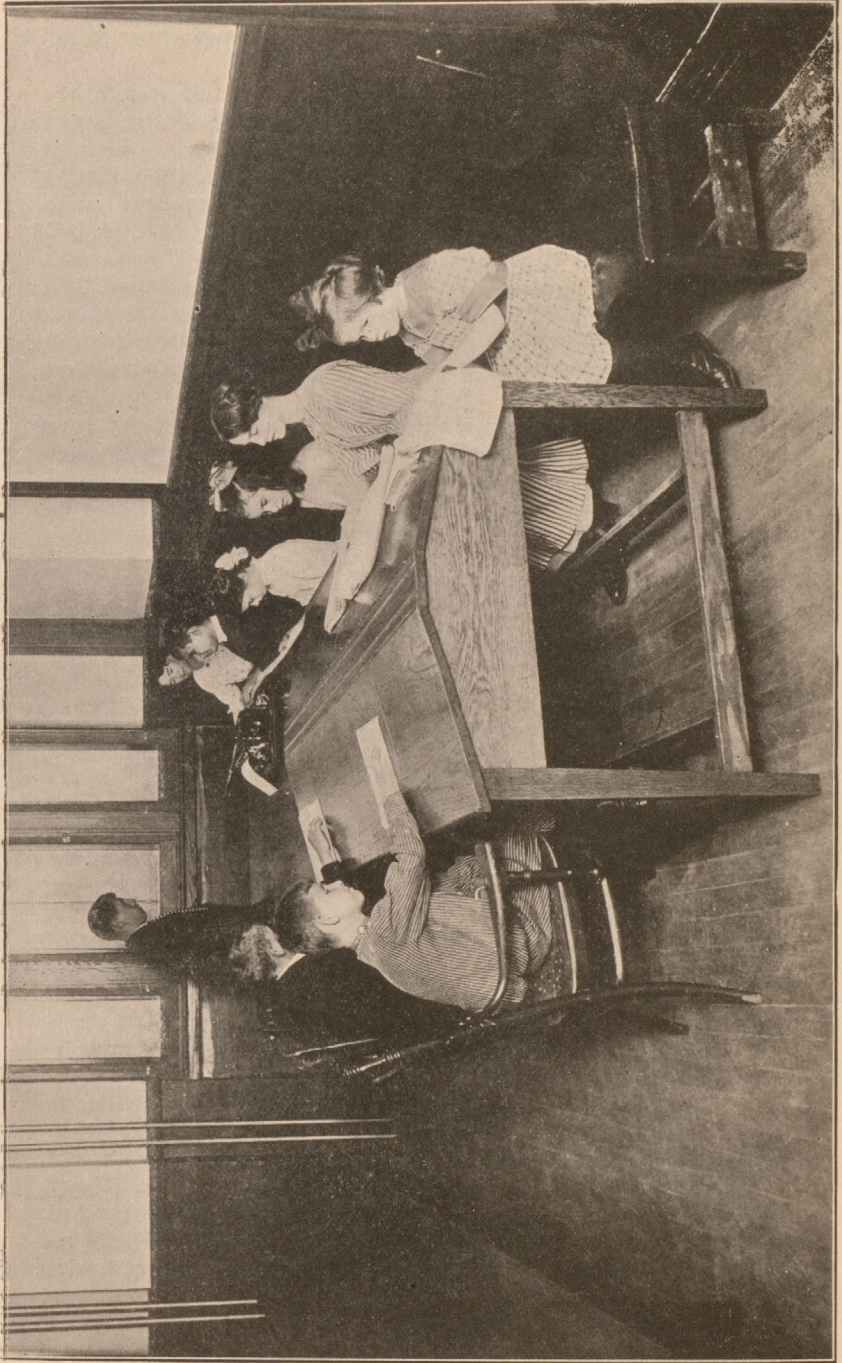

R. BRUCE TAYLOR.

Superintendent's Report.

To the Board of Management Mackay Institution:

Our forty-third session opened under a cloud, which cast a gloom over all connected with the Institution. Our valued Directress, the late Mrs. Robert Mackay, who was seriously ill, passed away 'ere September closed, but the memory of her many kindnesses remain. Mrs. Mackay was an active worker and a regular visitor, well versed in the internal workings of the Institution. Later, Mrs. Wolferstan Thomas, who had been closely connected with the school almost since its inception, on account of advancing years, deemed it advisable to retire from the management. Mrs. Thomas was an indefatigable worker and helped in many ways.

My report for the last scholastic year is, in the main, similar to previous annual reports. Seventy pupils were enrolled, sixty-seven in attendance. The blind class consisted of eleven pupils, two of whom were honourably discharged at the close of the term. Henry Tucker, on account of delicate health, and Joseph Hadjelhi, who had completed his course at the Mackay Institute. Joseph Hadjelhi received the advanced senior diploma at the Dominion College of Music;

was an expert typist and had had the advantage of one year's training in piano-tuning at the large establishment of Messrs. C. W. Lindsay & Co., of this city. He has been entered at the Overbrook Institute to finish his course in this art, as his family reside in Philadelphia. Master Wilson DesBrisay, blind, of British Columbia, aged thirteen, successfully passed his intermediate examination at the Dominion College of Music; Danny Munn, of this city, aged nine, received a certificate for passing his junior examination; all of which reflect great credit on their patient teacher, Miss Catherine Smith. I have endeavoured to reach every blind and deaf child in our Province, but find the number of blind constantly on the decrease, owing undoubtedly to expert oculists, to the efforts of the "Society for the Prevention of Blindness," and to the care given to infants by the Victorian Order of Nurses. I would have it understood that the blind class is distinctly separate from the deaf. The usual methods of advertising our school have been used, but no effort put forth to entice a pupil from another school. The subjects taught are the ordinary English branches, music, typewriting, raffia-work, knitting, plain sewing, chair-caning, and piano-tuning.

We still adhere to the combined system in the deaf classes, although particular attention is paid to the teaching of speech and speech reading. The Montessori System is used in the kindergarten class, taught by Miss Jane Anderson, late of Philadelphia. The results of the efforts of our staff have been most satisfactory to the parents. In addition to the education, which is the same as is given in the public schools, free hand drawing is successfully taught by Miss G. D. Daly. Dressmaking and Domestic Economy by Miss May Cunningham. In the Industrial Department the boys acquire a good knowledge of the following trades, carpentry, wood carving, cabinet-making, shoe-making, and chair-caning.

At the close of the year the annual examinations took place in our commodious hall, before an enthusiastic audience. A sumptuous tea-party was given to the pupils that evening by Mrs. Alan Law, in acknowledgment of the little work-screen presented to her on the occasion of her marriage to Mr. Alan Law.

The staff of teachers remains the same, but in the administrative department some changes occurred.

Our deaf graduates all occupy responsible positions and are self-supporting, respected, intelligent citizens. Our new hall attracts those residing in the city to the Sunday afternoon services, which are conducted by clergymen of different denominations, and by Mr. Abner Kingman. Mrs. Kingman greatly enhances these services for the blind by sweetly singing the hymns.

The health of the members of the household was uniformly good except for the epidemic of whooping-cough brought by a child. The

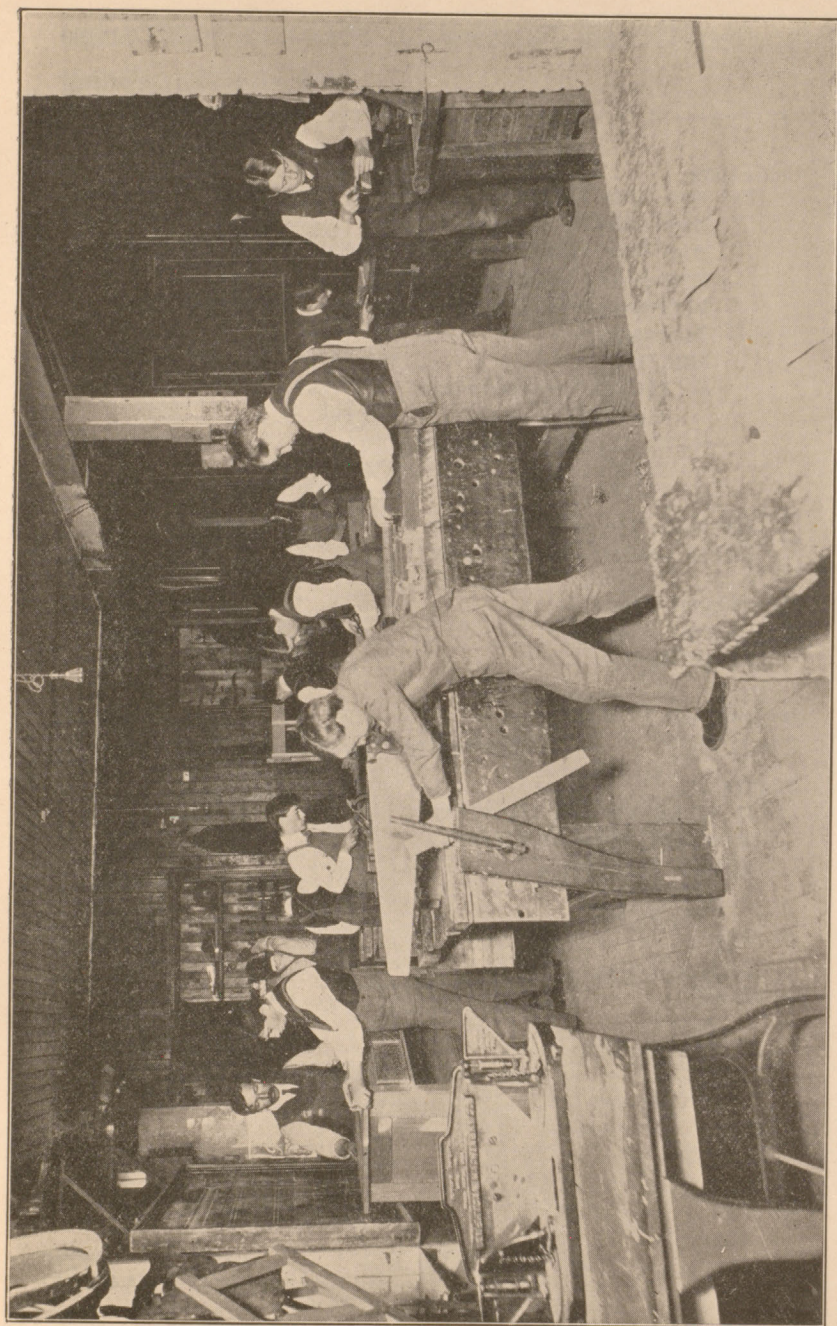

sickness was contracted by fourteen little ones. One boy suffered simultaneously from whooping-cough and pneumonia, but was constantly visited by Dr. Charles K. P. Henry. We are also indebted to Drs. H. S. Birkett, Surgeon; F. G. Finley, J. M. Jack, W. G. M. Byers, Oculist; and H. J. S. and F. C. Nicol, Dentists; all of whom give their valuable services gratuitously.

Our thanks are due and are tendered to Mrs. C. I. Root, Mrs. George McDougal, Miss Polly Raynes, and Miss Hanson for regular readings to the blind, and to the Eastern Canadian Passenger Association for reduced travelling rates.

Assuring our kind President, Directresses, and Board of Management of my high appreciation of their cordial support and kind cooperation, and for the confidence reposed in me, and acknowledging my indebtedness to Mr. D. M. McGoun for official visits during the absence of the President, this report is respectfully submitted.

HARRIET E. ASHCROFT.

Superintendent.

Extract from Superintendent's Report for 1890-91

We desire, for the information of parents of pupils, as well as for those desirous of knowing what "course of study" is usually taken up by the deaf and to what proficiency we expect them to attain before considered ready to graduate, to call attention to our "course of study," the careful perusal of which will indicate the advancement, year by year, which an intelligent, industrious pupil ought to make.

We would specially direct the attention, to the course of study, of those parents who have withdrawn their children before they have made the progress in their education which the School affords, and which is necessary, and to point out that they are doing a life-long injury to their afflicted children, to whom education is the greatest boon that can be given. Much to be pitied as is the wholly uneducated deaf-mute, shut off from almost all intelligent intercourse with his fellow mortals, yet it is doubtful whether he feels his position as keenly as one whose mind has been opened to the consciousness that there is more knowledge (and higher positions attainable), from which he is debarred, because of the limited instruction received.

The ignorant deaf-mute, even if an object of charity, may be comparatively content, from the absence of knowledge and understanding; while the semi-educated, with his awakened and crudely-developed reasoning powers, has the ambitions, but is minus the ability of the highly educated, and cannot consequently be particularly happy and contented, in contrast with which the well-educated deaf may aspire, attain, and keep himself abreast with the world at large and enjoy the society of his fellow man.

There will be instances where pupils will "not" get through the course in the time specified. Irregularity in attendance, ill health, deficiency of intellect, physical defect or chronic laziness, may all be mentioned as retarding elements, and all of which have to be considered.
