

June 1941

To the Workers of Canada:

What is it not worth to be free men,  
and free women, in a free land!

The War of today is mechanized war.  
It is also a war of endurance. For these  
reasons those who are at work in factory,  
foundry or forge, in shop or office, or on the  
farm have an opportunity of rendering at this  
time a two-fold service to their country and  
to the cause of human freedom.

Now - immediately - our fighting men  
need more tanks and guns, more ships and planes,  
more food and equipment. It is truer than ever  
that "There is not a week, nor a day, nor an  
hour to be lost!"

Canada's war effort calls also for  
huge sums of money.

The Minister of Finance is appealing  
to all who can possibly do so to buy the Bonds  
of Canada's 1941 Victory Loan.

By investing as largely as you can in  
Victory Bonds, you, as workers, in addition to  
the contribution of your work, will be still  
further helping Canada's war effort, and the  
destruction of the evil forces that today seek  
to enslave mankind.

Prime Minister.
